Application has been made to the Commission de Surveillance du Secteur Financier (the "CSSF") in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 relating to prospectuses for securities, for the approval of this Prospectus as a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC (the "Prospectus Directive"). Application has also been made for the Bonds issued under the Programme for the period of 12 months from the date of this Prospectus to be admitted to the official list and traded on the "Bourse de Luxembourg" of the Luxembourg Stock Exchange (the "Luxembourg Stock Exchange Regulated Market"). References in this Prospectus to the Bonds being "listed" (and all related references) shall mean that such Bonds have been admitted to the official list and admitted to trading on the Luxembourg Stock Exchange Regulated Market. The Luxembourg Stock Exchange Regulated Market is a regulated market for the purposes of the Investment Services directive (Directive 93/22/EC).

Details of the aggregate principal amount, interest (if any) payable, the issue price and any other conditions not contained herein, which are applicable to each Sub-Class of each Class of each Series (all as defined below) will be set forth in the final terms (each "Final Terms") which will be delivered to the Luxembourg Stock Exchange on or before the relevant date of issue and will be available from Extel Information Centre operated by FT Information Limited at 15 Clere Street, London EC2A 4LJ.

Bonds to be issued under the Programme will be issued in series (each a "Series") and may be issued in one or more of five classes. The Guaranteed Asset-Backed Bonds have been designated as "Class A Bonds". The Asset-Backed Bonds will be designated as one of "Class B Bonds", "Class R Bonds", "Class C Bonds" or "Class D Bonds" (each a "Class"). Each Class may be further divided into sub-classes (each a "Sub-Class") with each Sub-Class pertaining to, inter alia, the currency, interest rate and maturity date of the relevant Sub-Class. Each Sub-Class may be fixed rate, floating rate or index-linked Bonds and may be denominated in sterling, euro, U.S. dollars or other currency, as specified in the relevant Final Terms.

Details of the Bonds issued on 10 May 2001 (the "Initial Issue Date"), 16 April 2003 (the "Second Issue Date") and 28 November 2006 (the "Third Issue Date") and which have not been redeemed and so remain in issue, together with the details of the Bonds expected to be issued on or about 7 December 2006 (the "Fourth Issue Date"), are set out in the table on page 198 herein.

Each Sub-Class of the Class A Bonds, Class B Bonds, Class C Bonds and Class R Bonds to be issued is expected on issue to have the three credit ratings listed below from the respective credit rating agencies below. None of the Class D Bonds will be assigned a credit rating by such credit rating agencies.

Class	Standard & Poor's	Moody's	Fitch
Class A Bonds	AAA	Aaa	AAA
Class B Bonds	A-	A3	A
Class R Bonds	A-	A3	A
Class C Bonds	BBB	Baa2	BBB+

The Class A Bonds issued on the Initial Issue Date are unconditionally and irrevocably guaranteed as to scheduled payments of interest and principal (other than any accelerated or additional amounts and Subordinated Coupon Amounts, as defined below) pursuant to financial guarantee insurance policies (and the endorsements thereto) issued by MBIA Assurance S.A. (the "Initial Financial Guarantor"). Further Class A Bonds that are expected to be issued on the Third Issue Date will be unconditionally and irrevocably guaranteed as to scheduled payments of interest and principal (other than any accelerated or additional amounts and Subordinated Coupon Amounts) pursuant to financial guarantee insurance policies (and the endorsements thereto) issued by MBIA UK Insurance Limited ("MBIA UK"). As of the date of this Prospectus, any Class A Bonds currently in issue have a rating of, and any further Class A Bonds to be issued pursuant to this Programme are expected to have a rating of, AAA by Standard & Poor's, a division of the McGraw-Hill Companies, Inc ("Standard & Poor's"), Aaa by Moody's Investors Service Limited ("Moody's") and AAA by Fitch Ratings Limited ("Fitch") and together with Standard & Poor's and Moody's, the "Rating Agencies"). Any credit rating in respect of Class A Bonds is based solely upon the financial strength of MBIA UK, the Initial Financial Guarantor or any other applicable Financial Guarantor, as the case may be. None of the Class B Bonds, Class R Bonds, Class C Bonds or Class D Bonds will benefit from a guarantee of any Financial Guarantor or any other financial institution. Any ratings ascribed to the Bonds reflect only the views of the Rating Agencies.

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by any one or all of the Rating Agencies. A suspension, reduction or withdrawal of the rating assigned to any of the Bonds may adversely affect the market price of such Bonds.

Please see Chapter 1: "Risk Factors" to read about certain factors you should consider before buying any Bonds.

## **CHAPTER 1 RISK FACTORS**

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Bonds issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

*Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Bonds issued under the Programme are also described below. The occurrence of certain events below could lead to, amongst other things:*

- (i) a DCC Event of Default under an Intercompany Loan Agreement (as defined below);*
- (ii) an Issuer Event of Default under the Bonds or acceleration of the Bonds (as defined below);*
- (iii) non-payment in respect of the Class B Bonds, Class R Bonds, Class C Bonds or Class D Bonds;*
- (iv) non-payment in respect of the Class A Bonds if, additionally, the relevant Financial Guarantor were to default on its obligations under any Financial Guarantee; and*
- (v) non-payment in respect of unguaranteed amounts under the Class A Bonds.*

*The Issuer believes that the factors described below represent the principal risks inherent in investing in Bonds issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Bonds may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Bonds are exhaustive and prospective Bondholders should read the detailed information set out elsewhere in this document prior to making any investment decision. Further, any prospective Bondholder should take their own legal, financial, accounting, tax and other relevant advice as to the structure and viability of their investment.*

*While the various structural elements described in this document are intended to lessen some of these risks for holders of the Bonds, there can be no assurance that these measures will ensure that the holders of the Bonds of any Sub-Class receive payment of interest or repayment of principal from the Issuer in respect of such Bonds, or from a Financial Guarantor in respect of the Class A Bonds, on a timely basis or at all.*

### **Factors that may affect the Issuer's ability to fulfil its obligations under Bonds issued under the Programme**

#### **Regulatory and Competition Considerations**

The water industry is subject to extensive legal and regulatory controls, and DCC must comply with all applicable laws, regulations and regulatory standards. The application of these laws, regulations and regulatory standards and the policies of the Water Services Regulation Authority (the "WSRA", the successor to the Director General of Water Services ("DGWS")) could have a material adverse effect on the operations and financial condition of DCC.

The WSRA has a duty to exercise its powers in accordance with the provisions of the UK Water Industry Act 1991 (the "WIA"). This includes a duty to ensure that an efficient company is able to finance the proper carrying out of its functions. Also, certain changes in circumstances can trigger adjustments to price limits between periodic reviews under the Interim Determination provisions of the Instrument of Appointment, as with any Undertaker (as defined below), no assurance can be given that the laws, regulations, regulatory standards or policies will not change in a manner that could adversely affect the operations of DCC.

In this context, in particular, potential investors should be aware of the following:

#### **DCC's Instrument of Appointment**

Under the WIA, the conditions of DCC's appointment (the "**Appointment**") as an Undertaker (as defined below) may be modified by the WSRA with the consent of DCC. If the WSRA and DCC cannot agree to the modifications, the conditions may be modified by the WSRA without the consent of DCC following a reference on the proposed modifications to the Competition Commission ("**CC**"). In addition, the Welsh Assembly Government (the "**Assembly**") has a power to veto certain proposed modifications agreed by the WSRA and DCC and other proposed modifications which have been agreed by the WSRA and DCC may be referred by it for consideration by the CC. The area of appointment of DCC can also be varied in accordance with a so-called "inset" appointment (see Chapter 5 "*Water Regulation*" under "*Variation and Termination of an Appointment*").

#### **Termination of the Appointment**

Under Condition O of the Appointment, DCC's Appointment may be terminated following the giving of notice by the Assembly of at least 25 years.

DCC's Appointment may also be transferred from DCC at any time following the making of a special administration order.

#### **Competition Act 1998**

The UK Competition Act 1998 (the "**Competition Act**") contains prohibitions relating to anti-competitive agreements and conduct and powers of investigation and enforcement (see Chapter 5 "*Water Regulation*" under "*Competition in the Water Industry*"). These powers include powers for the WSRA to enforce directions bringing an infringement to an end and to impose fines of 10 per cent. of turnover for up to three years for infringement.

#### **Water Supply Licensing**

On 1 December 2005 new provisions came into effect intended to create a new framework for competition in water supply, under which new water supply licences can be obtained by entrants wishing to use Undertakers' networks to transport water to customers (common carriage) or wishing to purchase wholesale water from Undertakers to "retail" to customers. DCC may lose customers to new market entrants, and suffer reductions in revenue as a result.

However, the new market is to be limited to customers using in excess of 50 megalitres of water per annum. DCC estimates that it has some 120 of these customers, which account for approximately 7 per cent. of its total turnover.

In addition, the proposals include a requirement on Undertakers to charge entrants for common carriage and wholesale services in a specific way, as set out in statutory guidance by the WSRA.

#### **Financial Penalties**

The WIA provides the WSRA, the Secretary of State for the Environment, Food and Rural Affairs (the "**Secretary of State**") and the Assembly with the power to impose financial penalties on an Undertaker for contraventions of its Conditions of Appointment (as defined below) and statutory or other requirements, including performance standards. Penalties may be as high as 10 per cent. of an Undertaker's turnover, but they must be reasonable in all circumstances. Each of the above enforcement authorities is required to publish a statement of policy on the imposition of penalties, and to have regard to that statement when implementing the new provisions.

## **DCC Revenue and Cost Considerations**

The revenues generated by DCC from its water and sewerage business may not be sufficient to enable it to make full and timely payment of amounts due under, *inter alia*, the Intercompany Loan Agreements. In addition to the regulatory and competition risks described above which could adversely affect the revenues of DCC, other potential events which could result in DCC having insufficient revenues to meet its financing obligations include:

### **Price Review**

Periodic reviews of price limits are carried out at five-yearly intervals by the WSRA. There is no assurance that price limits will generate sufficient revenues to enable DCC to carry out its functions. Although the methodology introduced in the 1994 review – in particular the derivation of the “regulatory capital value” as the measure of capital to be remunerated – was also applied with modifications in the 1999 and 2004 reviews, there are no requirements on the WSRA to apply the same or a similar methodology in future reviews.

To arrive at their conclusions, the WSRA makes estimates of the scope for operating and capital cost efficiencies using a wide range of comparative techniques. Judgements are also applied in estimating the sector cost of capital and in determining whether or not to make allowance for the “embedded” costs of fixed rate debt.

If an Undertaker disputes the WSRA’s price limits or infrastructure charge limits, it can require the WSRA to refer the determination to the Competition Commission.

As described in Chapter 5 “*Water Regulation*” under “*Interim Determinations of K*”, Interim Determinations (as defined below) of price limits may be made between five yearly reviews in specified circumstances set out in its Conditions of Appointment (as defined below). In contrast to periodic reviews, the methodology to be applied for Interim Determinations is set out in detail in DCC’s Conditions of Appointment and the scope for discretion is narrower. There can, however, be no assurance that if an adjustment is made it will provide adequate revenue compensation to DCC.

### **Deviation from WSRA’s projections**

Under condition B of the Appointment, the RPI+K price cap limits the annual “weighted average increase” in the standard charges of DCC. This, in turn, is calculated by reference to the “K price limitation formula” (see Chapter 5 “*Water Regulation*” under “*Prices not subject to the Price Limitation Formula*”) which is constructed so as to provide some compensation in respect of certain risks (for example high rateable value customers opting for a meter), but not in respect of movements in the number of customers or movements in volumes consumed/discharged by customers.

Accordingly, at periodic reviews the WSRA factors into its projections assumptions about numbers of customers and volumes consumed/discharged. Until the following periodic review, DCC bears the risk that actual numbers of customers and volumes consumed/discharged will fall short of the assumptions reflected in the RPI+K price cap. Since actual out-turn revenues are used as the basis for the setting of price limits in the subsequent five-year period, any deviation from revenue projections in the previous five-year period will be reflected in such price limits.

### **Optional metering**

The WIA provides for a change in the basis of charging residential customers from unmetered to metered at the election of the customer. This may result in a revenue loss to DCC, although any loss may be ameliorated by the treatment of unmeasured charges in the tariff basket formula used to calculate the annual change in DCC’s standard charges. In addition, in 1999 and again in 2004 the WSRA determined that the costs and revenue effects of any excess metering above the levels it assumed for each Undertaker in its five year price

determination would be eligible for an Interim Determination. However, there is no assurance that such protection would continue to be provided as part of future determinations (see Chapter 5 “*Water Regulation*” under “*Interim Determination of K*”).

### **Operating and Capital Costs**

The price formula used by the WSRA assesses both operating and capital costs for an efficiently managed company, as part of its RPI + K price cap limit.

The WSRA uses a number of comparative performance techniques in assessing these operating and capital costs. However, there is no guarantee that DCC will be able to operate or complete its capital programme within the costs allowed by the WSRA. Specific examples of cost pressures include general increases in power costs, the cost of compliance with the obligations of the New Roads and Street Works Act 1991 and general increases in capital costs arising from cost pressures on the construction industry as a whole.

DCC also has information technology (“IT”) cost and operating risks, which can broadly be split into those affecting software systems (e.g. work planning) and those affecting IT hardware (such as bringing its IT hardware and networks up to date).

DCC is addressing these issues through an IT capital programme budgeted at £75 million in the period to 31 March 2010. As for other capital projects, there is no guarantee that this element of the Capital Programme (see Chapter 4 “*DCC and the Glas Group — Operating Costs and Procurement Plan*”) will be completed within budget, although DCC has established a formal project steering group to oversee the costs and outputs of the IT capital programme.

### **Weather**

Although DCC’s region is one of the least water resource-constrained parts of the country, DCC is at risk from the effects of prolonged periods of drought. If there are supply shortfalls, additional costs may be incurred to provide emergency reinforcement to supplies in areas of shortage. Restrictions on water use may adversely affect revenues from metered customers and may lead to compensation having to be paid to customers who suffer interruptions in supply under Condition Q of the Conditions of Appointment. The last severe drought was in 1995, and it cost DCC £3.5m in reinforcement costs.

## **Certain Legal Considerations**

### **Security**

DCC’s ability to provide security for its obligations (including its obligations to the Issuer under the Intercompany Loan Agreements), and the ability to perfect and enforce such security, are each limited by its Conditions of Appointment, the requirements thereunder and the WIA. The vast majority of DCC’s assets by value is tangible property which is protected land and/or required for the operation of DCC’s business and therefore cannot be effectively secured. In particular, there is no right to block the appointment of a special administrator equivalent to the right of a holder of a floating charge over the whole or substantially the whole of the business of a non-Undertaker to block the appointment of an administrator under UK insolvency legislation.

There are also certain legal restrictions which arise under the WIA and the Conditions of Appointment affecting the enforcement of the security created under the DCC Security. For example, such enforcement is prohibited unless the person enforcing the security has first given 14 days’ notice to the WSRA or the Secretary of State (see Chapter 5 “*Water Regulation*” under “*Security*”).

Accordingly, the security provided over the assets of DCC to the DCC Secured Creditors, and, therefore, the security available to be secured by the Issuer in favour of the Issuer Secured Creditors in respect of the

Issuer's obligations under the Bonds, affords significantly less protection to the DCC Secured Creditors, and hence the Issuer Secured Creditors, than would be the case if DCC were not a Regulated Company subject to the WIA and the Conditions of Appointment.

The considerations described above do not apply to the fixed and floating charges comprised in the Guarantor Security. The enforcement of security over the shares in Holdings, the Issuer, DCC or any holding company of DCC, would not be subject to the moratorium set out in the WIA nor would it be an event which would itself result in the making of the special administration order. However, it is anticipated that any intended enforcement directly or indirectly of the Guarantor Security or the security over, and subsequently any planned disposal of, the shares in DCC to the extent that such enforcement would amount to a relevant merger situation for the purpose of the Enterprise Act 2002 would require consultation with the WSRA and would be reviewable by the Director General of the Office of Fair Trading ("OFT").

Notice of the creation of the DCC Security has not been given to DCC's customers or to DCC's contractual counterparties in respect of its contracts (other than certain material contracts). In addition, each charge over DCC's land as purported to be granted took effect in equity only. Accordingly, until any such assignment is perfected, registration effected with HM Land Registry in respect of registered land or certain other action is taken in respect of unregistered land, any such assignment or charge may be or become subject to prior equities arising (such as rights of set off).

#### **Special Administration**

The WIA contains provisions enabling the Assembly and the WSRA to secure the general continuity of water supply by petitioning the Court for the appointment of a special administrator in certain circumstances (for example, including where DCC is unable, or is unlikely to be able, to pay its debts or is in breach of the terms of its legal obligations as an Undertaker.) In addition, in certain circumstances, a petition by a creditor of DCC to the Court for the winding up of DCC might result in the appointment of a special administrator.

During the period of the special administration order, DCC has to be managed by the special administrator for the purposes of the order and in a manner which protects the interests of members and creditors. Whilst the order is in force, no steps may be taken to enforce any security over DCC's property except with the consent of the special administrator or the leave of the Court. A special administrator would be able to dispose of assets free of any floating charge existing in relation to them. On such a disposal, however, the proceeds would be treated as if subject to a floating charge which has the same priority as that afforded to the original security. A special administrator may not dispose of property which is the subject of a fixed charge without the agreement of the relevant creditor except under an order of the Court. On such a disposal, the special administrator must account for the proceeds to the chargee, although the disposal proceeds to which the chargee is entitled are determined by reference to "the best price which is reasonably available on a sale which is consistent with the purposes of the special administration order" as opposed to an amount not less than "open market value", which would apply in a conventional administration for a non-Undertaker under UK insolvency legislation.

The purposes of a special administration order consist of: (i) transferring to one or more different Undertakers as much of the business of the Undertaker in special administration as is necessary in order to ensure that the functions which have been vested in such an Undertaker by virtue of its Appointment are properly carried out; and (ii) pending the transfer, the carrying out of those functions. It would therefore not be open to the special administrator to accept an offer to purchase the assets on a break-up basis in circumstances where the purchaser would be unable properly to carry out the relevant functions of an Undertaker. The transfer is effected by a transfer scheme which the special administrator puts in place on behalf of the existing Undertaker. The transfer scheme may provide for the transfer of the property, rights and liabilities of the existing Undertaker(s) to the new Undertaker and may also provide for the transfer of the existing

Undertaker's Appointment (with modifications as set out in the transfer scheme) to the new Undertaker(s). (See Chapter 5 "*Water Regulation*" under "*Special Administration Orders*".)

#### **Insolvency Considerations: Enterprise Act 2002**

The Enterprise Act 2002 sets out certain reforms to corporate insolvency law, including the introduction of a prohibition on appointment of an administrative receiver in relation to companies such as the Issuer, Holdings, Glas Securities and Glas.

In any event, the ability to appoint an administrative receiver to prevent an administration is unlikely to be of significance in the case of entities such as the Issuer, Holdings, Glas Securities and Glas, which are subject to substantial restrictions on their activities. In addition, such ability will not be applicable in the case of DCC which is subject to the special administration regime.

#### **Outsourcing Considerations**

DCC has outsourced the bulk of its day-to-day operations, customer services, maintenance, and capital investment obligations to third parties, under a range of outsourcing contracts. As such, DCC is exposed to a number of additional risks, including: (i) the non-performance or insolvency of, or the abandonment of obligations by, a contractor, and the failure by DCC to secure a replacement contractor in a timely manner following termination of a contract, any of which may cause DCC to breach its obligations under the WIA and its Appointment; (ii) the possibility that best market prices available for the purposes of any replacement contracts exceed the costs of a previous outsourcing contract, and/or the equivalent amounts assumed by the WSRA at periodic reviews; and (iii) that DCC may breach any of its obligations under any outsourcing contract which would expose it to potentially uncapped liabilities.

However, DCC will be obliged at all times to comply with its procurement plan and its outsourcing policy under which it will be required to pursue procurement policies designed, *inter alia*, to minimise and mitigate the above risks.

#### **Operational Considerations**

DCC's water supply and sewerage operations are subject to a number of laws and regulations relating to the protection of the environment and human health governed primarily by the Drinking Water Inspectorate ("**DWI**") and the Environmental Agency ("**EA**") as described in Chapter 5 "*Water Regulation*".

Whilst DCC believes that it is in material compliance with all such laws and regulations, there can be no assurance that it will not in future incur significant costs to comply with upgrading requirements imposed under existing or future laws and regulations. Although the costs of such changes in legal requirements are eligible for the purposes of the Interim Determination provisions, there can be no certainty as to how and whether future laws and regulation will impact the business of DCC and/or the interests of the Bondholders.

Given the nature of DCC's operations there is a risk that pollution incidents, drinking water problems or health and safety issues may occur, the possible consequences of which may be criminal prosecution leading to the imposition of fines on DCC and/or civil liability in damages to third parties and/or a requirement to clean up any contamination and/or an operational requirement to upgrade plant and equipment. The imposition of fines, civil liability, clean up costs or upgrade may materially and adversely affect the financial position of DCC. Any such incidents may also give rise to breaches of any operational environmental permits held by DCC. There is also a risk that DCC may incur liability to clean up contamination caused by historical activities at its sites, whether or not DCC caused the contamination in question. The costs of cleaning up contamination of land and/or water may be significant.

## **Catastrophe Risk**

Catastrophic events such as dam bursts, fires, earthquakes, floods, droughts, terrorist attacks, diseases, plant failure or other similar events could result in personal injury, loss of life, pollution or environmental damage, severe damage or destruction of DCC's water or sewage treatment works, pumping stations, water mains, sewers or service pipes. Any resulting suspension of operations of DCC could have a material adverse effect on the ability of DCC to meet its financing obligations.

Although the Common Terms Agreement requires DCC to maintain insurance (including business interruption insurance) to protect against certain of these risks, the proceeds of such insurance may not be adequate to cover reduced revenues, increased expenses or other losses or liabilities arising from the occurrence of any of the events described above. Moreover, there can be no assurance that such insurance coverage will be available in the future at commercially reasonable rates.

## **Glas**

As a company limited by guarantee, Glas operates on a not-for-profit basis. It does not have shareholders but, instead, has members who do not receive dividends and, other than their liability to pay £1 on a winding up of the company, have no financial interest in the company. The lack of financial incentives on the members to ensure efficient management of DCC may mean that, in the absence of shareholders, there may be a risk of insufficient pressure on the management of Glas and DCC to perform to the standard expected of shareholder-owned companies to some extent. There is no evidence of such concern being realised to date and this risk is further mitigated by measures such as: (i) the terms of the Instrument of Appointment which are, *inter alia*, intended to ensure strict standards of corporate governance; (ii) the performance monitoring regime imposed by Ofwat and, in particular, the use by it of comparative tables of performance in respect of Undertakings; (iii) the public adoption by Glas of a member selection policy; (iv) remuneration incentives for senior management of DCC linked to the performance of DCC; and (v) the monitoring of DCC provided under the DCC Transaction Documents.

## **Future Financing**

The Issuer will need to raise further debt from time to time in order to finance future capital enhancements to DCC's asset base, to refinance any other debt (including for liquidity or working capital purposes) the terms of which have become inefficient or which have a scheduled partial or final maturity prior to the final maturity of the Bonds and, on each Issuer Payment Date on which principal is required to be repaid, and on the Expected Maturity Date of the relevant Class of Bonds, to refinance the Bonds. Whilst the Issuer STID and other Issuer Transaction Documents contemplate the terms and conditions on, and circumstances under, which such additional debt can be raised, there can be no assurance that the Issuer will be able to raise sufficient funds, or funds at a suitable interest rate, or on suitable terms, at the requisite time such that all amounts then due and payable on the Bonds or any other maturing debt will be capable of being so paid when due. In these circumstances, funds will be applied by the Issuer in accordance with the Issuer Pre-Enforcement Payments Priorities or the Issuer Post-Enforcement Payments Priorities, as the case may be.

In addition, the WSRA has stated that it will assess the cost of debt at future price reviews on the basis of a hypothetical efficiently-financed company. According to the WSRA, such a company would be one that retains the flexibility to respond to changing market conditions, and holds a balanced portfolio of debt. There is no guarantee, therefore, that allowance would be made for the costs of then existing fixed rate debt if current forward-looking rates at the time were lower, if the WSRA took the view that such debt had not been prudently incurred. However, the WSRA has also stated that it will use the same weighted average cost of capital to determine allowable returns for DCC as is applied to the rest of the sector. Any unfunded costs

associated with fixed rate debt would therefore be offset to a greater or lesser extent by the fact that DCC's allowable return would include the assumed cost of equity applied to a portion of its regulatory asset value.

### **Special Purpose Vehicle Issuer**

The Issuer is a special purpose financing entity with no business operations other than the issuance of the Bonds, the lending of the proceeds to DCC under the Intercompany Loan Agreements, loans from Authorised Lenders to the Issuer and the entry into of certain ancillary arrangements. Other than the proceeds of the issuance of additional Series of Bonds, facilities available from the Liquidity Facility Providers, loans from the Authorised Lenders and funds available from the Hedge Counterparties, the Issuer's principal source of funds will be pursuant to the Intercompany Loan Agreements and the DCC Security. Therefore, the Issuer is subject to all the risks relating to revenues to which DCC is subject, to the extent that such risks could limit funds available to DCC to enable it to satisfy in full and on a timely basis its obligations under the Intercompany Loan Agreements (See "*Revenue Risks*" above).

### **Factors that are material for the purpose of assessing the market risks associated with Bonds issued under the Programme**

#### **Source of Payments to Bondholders**

Although the Class A Bonds have or will have the benefit of the relevant Financial Guarantees, none of the Bonds of any Class will be obligations or responsibilities of, nor will they be guaranteed by, any of the Other Parties or any member of the Glas Group (except the Guarantors in relation to DCC but it should be noted in respect of the Guarantors that none of them own any significant assets other than their direct or indirect interest in the shares of DCC). None of these persons accepts any liability whatsoever in respect of any failure by the Issuer to make any payment of any amount due on the Bonds.

In addition, a Financial Guarantor will guarantee to the relevant Class A Bondholders only the payment of scheduled principal and interest; it will not guarantee any amounts which may be accelerated or any additional amounts (including any Subordinated Coupon Amounts).

#### **Subordination of Class C Bonds and Class D Bonds**

The Class A Bonds, Class B Bonds and Class R Bonds (each of whatever Sub-Class) rank in priority to payments of principal and interest due on all Sub-Classes of the Class C Bonds. The Class A Bonds, Class B Bonds, Class R Bonds and Class C Bonds (each of whatever Sub-Class) rank in priority to payments of principal and interest due on all Sub-Classes of the Class D Bonds.

If, on any Issuer Payment Date, prior to delivery of an enforcement notice there are insufficient funds available to the Issuer to pay accrued interest on the Class C Bonds and/or Class D Bonds, the Issuer's liability to pay such accrued interest will be treated as not having fallen due and should be deferred until the earlier of (i) the next following Issuer Payment Date on which the Issuer has, in accordance with the Issuer Pre-Enforcement of Payments Priorities, sufficient funds available to pay such deferred amounts (including any interest accrued thereon); and (ii) the Issuer Payment Date of the last maturing Bond which ranks in priority to the Class C Bonds or the Class D Bonds, as the case may be. Interest will, however, accrue on such deferred interest.

Notwithstanding the subordination of, and credit enhancement provided by, the Class C Bonds and Class D Bonds to the Class A Bonds, Class B Bonds and Class R Bonds and, additionally, by the Class D Bonds to the Class C Bonds, the Issuer may optionally redeem some or all of the Bonds subordinated and providing credit enhancement to other Classes of Bonds provided that the original issue ratings assigned by any two of the Rating Agencies rating the Bonds would not be adversely affected. The Class D Bonds issued by the Issuer on the Initial Issue Date were redeemed on 31 March 2005.

### **Hedging Risks**

The Issuer may be left exposed to interest rate risk or currency risk in the event that there is an early termination of a Hedging Agreement. A Hedging Agreement may be terminated in the circumstances set out in Chapter 6 “*Financing Structure*” under “*Additional Resources Available*” — “*Hedging Agreements*”, including where the Hedge Counterparty or the Issuer is respectively required to gross up for payments of tax that have been required to be deducted or withheld by law, which requirement has not been able to be avoided, notwithstanding the Issuer and the Hedge Counterparty having used reasonable endeavours so to do. If a Hedging Agreement is terminated and the Issuer is unable to find a replacement Hedge Counterparty, then the funds available to the Issuer may be insufficient to meet fully its obligations under the Bonds, as a result of making any termination payment to the Hedge Counterparty, which payment will be in accordance with the Issuer Pre-Enforcement Payments Priorities or the Issuer Post-Enforcement Payments Priorities as the case may be. (See Chapter 6 “*Financing Structure*” under “*Issuer Cash Management*”).

### **The Liquidity Facilities**

The Liquidity Facility Agreements are intended to cover shortfalls of interest on the Class A Bonds, Class B Bonds, Class R Bonds and (subject to certain limits) Class C Bonds, as well as senior interest payments on any Authorised Loan Facility and scheduled interest payments on the Finance Leases that arise on any Issuer Payment Date or DCC Payment Date, as the case may be. The Liquidity Facilities will not be available to meet any such shortfalls in respect of the Class D Bonds. However, on any such Issuer Payment Date, there are no assurances that any such shortfalls will be met in whole or in part by the Liquidity Facility Agreements, thereby having an effect on the payments to be made, *inter alia*, in respect of the Bonds.

### **Rights Available to Bondholders**

The Trust Deed contains provisions detailing the Bond Trustee’s obligations to consider the interests of the Bondholders as regards all powers, trusts, authorities, duties and discretions of the Bond Trustee (except where expressly provided otherwise). In particular, subject as provided in the following sentence, the Bond Trustee will consider the interests of the holders of the Most Senior Class of Bonds (as defined in the Conditions) then outstanding provided that, if the Bond Trustee considers, in its sole opinion, that there is a conflict of interest between the holders of one or more Sub-Classes of such Bonds, it shall consider the interests of the holders of the Sub-Class of the Most Senior Class of Bonds then outstanding with the shortest dated maturity. To the extent that the exercise of any rights, powers, trusts and discretions of the Bond Trustee affects or relates to any Class A Bonds, the Bond Trustee shall only act with the consent of the relevant Financial Guarantor(s) in accordance with the Issuer STID. The Issuer STID provides that the Issuer Security Trustee (except in relation to its reserved matters and entrenched rights) will act on instructions of the Issuer Instructing Group. When so doing, the Issuer Security Trustee is not required to have regard to the interests of any Issuer Secured Creditor (including the Bond Trustee as trustee for the Bondholders) in relation to the exercise of such rights and, consequently, has no liability to the Bondholders as a consequence of so acting.

### **Intercreditor Rights of Bondholders**

The right to instruct the Issuer Security Trustee, *inter alia*, to direct the exercise and enforcement of the Issuer’s rights under the DCC Transaction Documents and Issuer Transaction Documents and to give consents and waivers thereunder is restricted to the Issuer Instructing Group. Prior to a Default Situation, broadly, only the Financial Guarantors of Class A Bonds (for so long as there are Class A Bonds outstanding in respect of which no FG Event of Default has occurred in respect of the relevant Financial Guarantor and provided that amounts could still become payable by the Issuer to the relevant Financial Guarantor under the Issuer Transaction Documents) and any facility agent or single lender under an Authorised Loan Facility (for so long as the relevant loan amount remains outstanding) will be entitled to comprise the Issuer Instructing Group, provided that such Issuer Qualifying Debt Representatives have provided an indemnity on terms acceptable to the Issuer Security Trustee. The Issuer has covenanted in favour of the Issuer Security Trustee to use its

reasonable endeavours to ensure that at all times it has an Issuer Qualifying Debt Representative which is a Financial Guarantor in order to ensure that the Issuer Security Trustee can be instructed and can take instructions in a timely manner. Accordingly, prior to a Default Situation and for so long as a Financial Guarantor comprises and remains entitled to comprise the Issuer Instructing Group, the Bondholders of all Sub-Classes will be bound by the actions of the Issuer Security Trustee taken on the instructions of the Issuer Instructing Group. In addition, in response to an Emergency Instruction Notice, the Bond Trustee or the Issuer Security Trustee, as the case may be, may be required to take certain action (as specified in such notice) without reference to the Bondholders (see Chapter 6 “*Financing Structure*” under “*Summary of Intercreditor Arrangements*”).

In a Default Situation the holders of Class C Bonds and Class D Bonds shall not be entitled to be represented by the Bond Trustee in the Issuer Instructing Group where there is an Issuer Qualifying Debt Representative in respect of any Authorised Loan Facility, the Class A Bonds, the Class B Bonds and the Class R Bonds (and, in the case of holders of Class D Bonds, the Class C Bonds).

Whatever the composition of the Issuer Instructing Group, any decision of the Issuer Instructing Group shall be effective and binding on all Intercreditor Parties at the Issuer level (including all Bondholders). However, no decision of the Issuer Instructing Group shall be effective to the extent that the matter on which the relevant vote or instruction has been given relates to a Basic Terms Modification of any Bonds or to certain entrenched rights and reserved matters of the Issuer Security Trustee or the other Issuer Secured Creditors (including the Bond Trustee).

#### **Class R Bonds**

If any Class R Bonds are sold by the Issuer then under the terms and conditions of the Class R Bonds, the Issuer is obliged (unless there is a subsisting Issuer Event of Default under the Bonds) to re-purchase all Class R Bonds so sold (or which have previously been sold) from the holders thereof on the immediately following Issuer Payment Date. The funds necessary to complete such re-purchase may be raised in a number of ways, including the application of the proceeds of a repayment or prepayment of one or more of the revolving advances of the Intercompany Loan, the issue of a further Series of Bonds, or the resale of Class R Bonds (which may include the Class R Bonds being re-purchased).

However, there can be no assurance that the Issuer will have sufficient funds on a subsequent Issuer Payment Date to repurchase such Class R Bonds in any event and this may lead, ultimately, to an Issuer Event of Default arising in respect of the Bonds. As at the date of this Prospectus there are no Class R Bonds outstanding.

#### **Limited Liquidity of the Bonds; Absence of Secondary Market for the Bonds**

Notwithstanding the fact that an application has been made for Bonds issued pursuant to the Programme on or after the date of this Prospectus to be admitted to trading on the Luxembourg Stock Exchange Regulated Market and to the official list of the Luxembourg Stock Exchange and that the bonds issued on the Initial Issue Date and the Second Issue Date have been trading since issue, there can be no assurance that such secondary market will provide the holder of the Bonds with liquidity or that any such liquidity will continue for the life of the Bonds. Consequently, any purchaser of the Bonds must be prepared to hold such Bonds for an indefinite period of time or until final redemption or maturity of the Bonds.

The liquidity and market value at any time of the Bonds is affected by, amongst other things, the market view of the credit risk of such Bonds and will generally fluctuate with general interest rate fluctuations, general economic conditions, the condition of certain financial markets, international political events, the performance and financial condition of DCC, developments and trends in the water industry generally and events in the licensed territory of DCC.

### **Rating of the Bonds**

The ratings assigned to any Class A Bonds are based solely on the debt rating of the relevant Financial Guarantor and reflect only the views of the Ratings Agencies. The ratings assigned to any issue of Class B Bonds and Class C Bonds by the Rating Agencies reflect only the views of the Rating Agencies and are based primarily on the long-term unsecured and unsubordinated debt rating of DCC and also on the other relevant structural features and assets of the transaction. The Class D Bonds are not rated by the Rating Agencies.

**A rating is not a recommendation to buy, sell or hold securities and will depend, amongst other things, on certain underlying characteristics of the business and financial condition of DCC or, in the case of the Class A Bonds, of the relevant Financial Guarantor from time to time.**

There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies (or any of them) as a result of changes in, or unavailability of, information or if, in the Rating Agencies' judgement, circumstances so warrant. If any rating assigned to the Bonds is lowered or withdrawn, the market value of the Bonds may be reduced. Future events, including events affecting DCC and/or circumstances relating to the water industry generally, could have an adverse impact on the ratings of the Bonds.

### **Withholding Tax under the Bonds**

In the event withholding taxes are imposed by or in any jurisdiction in respect of payments due under the Bonds, the Issuer is not obliged to gross-up or otherwise compensate Bondholders for the fact that the Bondholders will receive, as a result of the imposition of such withholding taxes, cash amounts which are less than those which would otherwise have been the case. The Issuer will, in such event, have the option (but not the obligation) of: (i) redeeming all outstanding Bonds in full; (ii) arranging for the substitution of another company in an alternative jurisdiction (subject to certain conditions); or (iii) taking such other appropriate action as is reasonable to mitigate such tax. (See Chapter 2 "*Overview of the Programme*" under "*Redemption for Index Event, Taxation or Other Reasons*" and Chapter 7 "*Terms and Conditions of the Bonds*".)

Likewise, in the event withholding taxes are imposed in respect of payments due under the Class A Bonds and the relevant Financial Guarantor is called upon under its Financial Guarantee or Financial Guarantees to make payments in respect of such payments, such Financial Guarantor is not obliged to gross-up or otherwise compensate Class A Bondholders for the fact that such Class A Bondholders will receive, as a result of the imposition of such withholding taxes, cash amounts which are less than those which would otherwise have been the case.

### **EU Directive on the Taxation of Savings**

The EU has adopted a Directive regarding the taxation of savings income. The Directive requires Member States to provide to the tax authorities of another Member State details of payments of interest and other similar income paid by a person to an individual in another Member State, except that Belgium, Luxembourg and Austria will instead impose a withholding system for a transitional period unless during such period they elect otherwise. A number of third countries and territories including Switzerland have adopted similar measures to the EU Directive.

### **Change of Law**

The structure of the transaction and, *inter alia*, the issue of the Bonds and ratings assigned to the Bonds are based on law, tax and administrative practice in effect at the date hereof, and having due regard to the expected tax treatment of all relevant entities under such law, tax and administrative practice. No assurance can be given that there will not be any change to such law, tax or administrative practice after the date hereof which change might impact on the Bonds and the expected payments of interest and repayment of principal.

## **European Monetary Union**

Prior to the maturity of the Bonds, the United Kingdom may become a participating member state in the “**Economic and Monetary Union**” and the euro may become the lawful currency of the United Kingdom. Adoption of the euro by the United Kingdom may have the following consequences: (i) all amounts payable in respect of the sterling denominated Bonds may become payable in euro; (ii) the introduction of the euro as the lawful currency of the United Kingdom may result in the disappearance of published or displayed rates for deposits in sterling used to determine the rates of interest on the Bonds or changes in the way those rates are calculated, quoted and published or displayed; and (iii) the Issuer may choose to redenominate the Bonds into euro and take additional measures in respect of the Bonds. (See Chapter 7: “*Terms and Conditions of the Bonds*”). The introduction of the euro could also be accompanied by a volatile interest rate. It cannot be said with certainty what effect, if any, adoption of the euro by the United Kingdom will have on investors in the Bonds.

## **Risk Factors in respect of Financial Guarantors and Financial Guarantees**

### **General**

#### **Ratings of Class A Bonds Affected by the Relevant Financial Guarantor**

The ratings of the Class A Bonds are based primarily on the relevant Financial Guarantee issued by the relevant Financial Guarantor with respect to the Class A Bonds. Pursuant to the relevant Financial Guarantee, the relevant Financial Guarantor guarantees scheduled payments of principal and interest under the Class A Bonds. The payment of the Insured Amounts or Guaranteed Amounts (as applicable, and as defined in the relevant Financial Guarantee) will therefore depend upon the relevant Financial Guarantor performing its obligations under the relevant Financial Guarantee. The likelihood of payment of the Guaranteed Amounts will depend upon the creditworthiness of the relevant Financial Guarantor. Consequently, investors are relying not only on the creditworthiness of the Issuer or DCC but also on the creditworthiness of the relevant Financial Guarantor to perform its obligations under the relevant Financial Guarantee. The insolvency of the relevant Financial Guarantor or a default by it under the relevant Financial Guarantee would adversely affect the likelihood of investors receiving scheduled payments of principal and interest and could result in a withdrawal or downgrade of the ratings of the Class A Bonds.

#### **Third Party Reinsurance Risk**

The relevant Financial Guarantor may reinsure with third parties (including other financial guarantors) a portion of the liabilities assumed by the relevant Financial Guarantor under certain financial guarantees. Such reinsurance does not alter or limit the relevant Financial Guarantor’s obligations under any financial guarantee. The relevant Financial Guarantor is therefore exposed to the risk of a default by, and insolvency of, any of its third party reinsurers.

#### **Control by the Relevant Financial Guarantor**

While the relevant Financial Guarantee mitigates the credit risks which potential investors in the Class A Bonds would otherwise be exposed to, involvement of the relevant Financial Guarantor has certain consequences. For example, for so long as it is the Issuer Qualifying Debt Representative for the purposes of the Issuer Instructing Group (both terms as defined below), the relevant Financial Guarantor will have the right to exercise many of the discretions which would otherwise rest in the Bond Trustee and the Issuer Security Trustee (including the discretion as to whether to call events of default or enforcement events or to accelerate payments of principal and interest, and in respect of which the Bond Trustee might have sought the directions of the Bondholders). In addition, in the event that the relevant Financial Guarantor is required to make a payment under the relevant Financial Guarantee, the Issuer will be required to reimburse the relevant Financial Guarantor and to pay various fees, costs and expenses to the relevant Financial Guarantor.

### **Acceleration of Class A Bonds**

The terms of the relevant Financial Guarantee may provide that amounts of principal on any Class A Bonds which have become immediately due and payable (whether by virtue of acceleration, prepayment or otherwise) other than any scheduled repayments of principal (as more particularly detailed in the relevant Financial Guarantee) will not be treated as Insured Amounts or Guaranteed Amounts (as applicable) which are due for payment unless the relevant Financial Guarantor in its sole discretion elects so to do by notice in writing to the Bond Trustee. If no such election is made, the relevant Financial Guarantor will continue to be liable to make payments of Insured Amounts or Guaranteed Amounts (as applicable) in respect of the Class A Bonds pursuant to the relevant Financial Guarantee on the dates on which such payments would have been required to be made if such amounts had not become immediately due and payable.

### **Risks relating to MBIA UK as Financial Guarantor**

Investors should note that any Financial Guarantor other than MBIA UK may be subject to similar risks as those described below. Full details of such risks will be set out in the relevant Final Terms.

### **Reliance by MBIA UK on MBIA Insurance Corporation**

The ratings of MBIA UK are based primarily on the ratings of and the capital support and reinsurance provided by MBIA Corp to MBIA UK pursuant to certain intercompany support agreements (the MBIA UK Support Agreements (as defined in Chapter 8 “*MBIA UK Information and Financial Guarantees*”)). Any downgrade of the ratings of MBIA Corp would very likely result in a downgrade of the ratings of MBIA UK, which could, in turn, have a material adverse effect on MBIA UK’s ability to perform its obligations under the relevant Financial Guarantee.

The MBIA UK Support Agreements are not, and should not be regarded as, guarantees by MBIA Corp of the payment of any indebtedness, liability or obligations of the Issuer, of the Class A Bonds or any Financial Guarantee given by MBIA UK, and do not confer any rights on third parties. The Bondholders will have no recourse against MBIA Corp or any other affiliate of MBIA UK.

Please see Chapter 8 “*MBIA UK Information and Financial Guarantees*” below for further details on the MBIA UK Support Agreements.

### **Regulation**

MBIA UK is authorised by the UK Financial Services Authority to carry out and effect “credit”, “suretyship” and “miscellaneous financial loss” insurance business in the United Kingdom and, pursuant to the EC third non-life insurance directive (No. 92/49/EEC), various European countries (such authorisation being the “**Insurance Business Authorisation**”).

The Insurance Business Authorisation may be revoked, withdrawn or restrictively modified by the UK Financial Services Authority. Such revocation, withdrawal or restrictive modification could have a material adverse impact on MBIA UK, including its ability to generate new business or increased costs of regulatory compliance.

### **Concentration of Business**

Each of MBIA UK and MBIA Corp is engaged exclusively in the business of writing financial guarantees and, in the case of MBIA Corp, related lines of insurance and reinsurance, including in respect of securities sold in public offerings and private placements and obligations under credit default swaps.

Although it is MBIA UK’s and MBIA Corp’s policy to diversify and manage its exposures to single obligors and to particular business sectors, it may have individual large exposures to single obligors or particular business sectors; if a material adverse event or series of events occurs with respect to one or more of these concentrations that is more severe than the assumptions used by MBIA UK or MBIA Corp, such event or

series of events could result in losses to MBIA UK or MBIA Corp and could harm MBIA UK's or MBIA Corp's business.

## CHAPTER 2 OVERVIEW OF THE PROGRAMME

*The following is a brief overview only, is qualified in its entirety by, and should be read in conjunction with, the remainder of this Prospectus and, in relation to any Bonds, in conjunction with the relevant Final Terms and, to the extent applicable, the Conditions of the Bonds set out herein or therein.*

### **Introduction and Use of Proceeds**

An amount equal to the sterling equivalent of the gross proceeds of issue or, in the case of Class R Bonds, sale of each Series of Bonds has been or may be advanced by the Issuer to DCC under the terms of an Intercompany Loan Agreement (see Chapter 6 “*Financing Structure*” under “*Intercompany Loan Agreements*” and “*Additional Resources Available*” under “*Class R Bonds*”).

### **Initial Programme Amounts**

#### *Asset-Backed Bonds*

The maximum aggregate principal amount of Asset-Backed Bonds (including the Class R Bonds) which may be outstanding under the Programme shall be £3,000,000,000 or the equivalent thereof in permitted currencies.

#### *Class R Bonds*

The maximum aggregate principal amount of Class R Bonds which may be outstanding under the Programme shall be £200,000,000.

#### *Guaranteed Asset-Backed Bonds*

The maximum aggregate principal amount of Guaranteed Asset-Backed Bonds which may be outstanding under the Programme shall be £3,000,000,000 or the equivalent thereof in permitted currencies.

For the purpose of calculating the sterling (the “**Base Currency**”) equivalent of the principal amount of Bonds outstanding under the Programme from time to time, the Base Currency equivalent of Bonds denominated in another currency shall be determined by the Agent Bank (as defined below) on the basis of the currency exchange rate under the relevant Hedging Agreement on the last preceding day on which commercial banks and foreign exchange markets were open for business in London.

### **Issue Dates**

10 May 2001 (the “**Initial Issue Date**”), 16 April 2003 (the “**Second Issue Date**”), 28 November 2006 (the “**Third Issue Date**”), a fourth issue expected to be on or about 7 December 2006 (the “**Fourth Issue Date**”) and thereafter on such dates (each an “**Issue Date**”) as agreed between the Issuer and the relevant Dealer(s).

The Bonds currently in issue and their details are set out in the table on page 199.

### **Issuance in Series**

Bonds issued on the same date will comprise a series (each a “**Series**”). Each Series comprises or may comprise one or more non-fungible classes (each a “**Class**”) or sub-classes (each a “**Sub-Class**”). The Bonds are or will be divided into five Classes, respectively, the “**Class A Bonds**”, the “**Class B Bonds**”, the “**Class R Bonds**”, the “**Class C Bonds**” and the “**Class D Bonds**”.

The Issuer may make further issues on identical terms to an existing Sub-Class save for the first payment of interest. Such further issue will be fungible with the earlier issue. The specific terms of each Sub-Class of Bonds have been or will be set out in the applicable Final Terms.

### **Status and Ranking**

The Bonds in issue constitute, and any further bonds issued under the Programme will constitute, direct, secured and unconditional obligations of the Issuer. Each Sub-Class of Bonds in issue ranks, and any further Sub-Class of Bonds issued under the Programme will rank, *pari passu* without preference or priority in point of security amongst all other Sub-Classes of Bonds.

The Bonds represent the right of the holders of such Bonds to receive interest and principal payments from (a) the Issuer in accordance with the Conditions (as defined below) and the trust deed, as amended (the “**Trust Deed**”) entered into by the Issuer, the Bond Trustee and the Initial Financial Guarantor, and to which MBIA UK is expected to accede as a party on or about the date of this Prospectus, in connection with the Programme and (b) in the case of the Class A Bonds only, from the relevant Financial Guarantor (as defined below) in certain circumstances in accordance with the relevant Financial Guarantee.

The Class A Bonds and Class B Bonds in issue (each of whatever Sub-Class) rank, and any further Class A Bonds, Class B Bonds and Class R Bonds (each of whatever Sub-Class) issued under the Programme will rank, *pari passu* with respect to payments of interest. However, only the Class A Bonds have the benefit of the relevant Financial Guarantee. All claims in respect of the Class A Bonds and Class B Bonds in issue (each of whatever Sub-Class) rank, and any further Class A Bonds, Class B Bonds and Class R Bonds (each of whatever Sub-Class) issued under the Programme will rank in priority to payments of interest due on all Sub-Classes of the Class C Bonds and Class D Bonds (other than any Subordinated Coupon Amounts) and the Class C Bonds in issue (of whatever Sub-Class) rank, and any further Class C Bonds issued under

the Programme will rank, in priority to payments of interest due on all Sub-Classes of the Class D Bonds (other than any Subordinated Coupon Amounts).

The Class A Bonds and Class B Bonds in issue (each of whatever Sub-Class) rank, and any further Class A Bonds, Class B Bonds and Class R Bonds (each of whatever Sub-Class) issued under the Programme will rank, *pari passu* with respect to repayment of principal. However, only Class A Bonds have the benefit of the relevant Financial Guarantee. All claims in respect of the Class A Bonds and Class B Bonds in issue (each of whatever Sub-Class) rank, and any further Class A Bonds, Class B Bonds and Class R Bonds (each of whatever Sub-Class) issued under the Programme will rank in priority to repayments of principal due on all Sub-Classes of the Class C Bonds and Class D Bonds and the Class C Bonds in issue (of whatever Sub-Class) rank, and any further Class C Bonds (of whatever Sub-Class) issued under the Programme will rank in priority to payments of principal due on all Sub-Classes of Class D Bonds.

#### **Form of Bonds**

The Bonds in issue have been issued under the Programme in bearer form. Further Bonds issued under the Programme will be issued in bearer and/or in registered form. Further Bonds issued in registered form will not be exchangeable for Bonds in bearer form.

#### **Bearer Bonds**

Each Sub-Class of Bonds issued or to be issued under the Programme in bearer form have been or will initially be in the form of a Temporary Global Bond or a Permanent Global Bond (each a “**Global Bond**”) in each case as specified in the relevant Final Terms. Each Global Bond has been or will be deposited on or around the relevant issue date with a depository or a common depository for Euroclear Bank S.A./N.V. (“**Euroclear**”) and/or Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”) and/or any other relevant clearing system. Each Temporary Global Bond has been or will be exchangeable for a Permanent Global Bond or, if so specified in the relevant Final Terms, for definitive Bonds in bearer form (“**Definitive Bonds**”) with (if the Bonds bear interest) interest coupons (“**Coupons**”) and (if applicable) talons for further Coupons (“**Talons**”) attached. If the TEFRA D Rules are specified in the relevant Final Terms as applicable, certification as to non-U.S. beneficial ownership is a condition precedent to any exchange of an interest in a Temporary Global Bond or receipt of any payment of interest in respect of a Temporary Global Bond. A Permanent Global Bond has been or will be exchanged for Definitive Bonds with (if the Bonds bear interest) Coupons and (if applicable) Talons attached in the circumstances specified in the Permanent Global Bond. See

Chapter 7 “*Terms and Conditions of the Bonds*” under “*Provisions Relating to the Bonds while in Global Form*”.

## **Registered Bonds**

For each Sub-Class of Bonds to be issued in registered form, the Issuer will deliver a global bond certificate (a “**Regulation S Global Registered Bond Certificate**”) to a depositary or common depositary for Euroclear and/or Clearstream, Luxembourg. Regulation S Global Registered Bond Certificates will be exchangeable only for individual registered bond certificates (“**Regulation S Individual Registered Bond Certificates**”) and only in the limited circumstances specified in the relevant Regulation S Global Registered Bond Certificate and as specified in the relevant Final Terms.

All such Regulation S Individual Registered Bond Certificates will have, if the principal thereof is repayable by instalments, endorsed thereon a grid for recording the repayment of principal.

## **Currency**

Bonds in issue are, and any further bonds issued under the Programme will be, denominated in sterling, euro, U.S. dollars and/or other currency, as specified in the relevant Final Terms.

## **Security**

The Bonds are secured pursuant to a deed of charge (the “**Issuer Deed of Charge**”) (a) by first ranking security interests in favour of the Issuer Security Trustee over, *inter alia*, (i) the Issuer’s interest in and to the DCC STID (as defined below), (ii) the Issuer’s rights under each Issuer Transaction Document (as defined below) with certain exceptions, (iii) the Issuer’s Accounts (as defined below) and (iv) certain investments to be made from time to time by, or on behalf of, the Issuer and (b) by a first floating charge in favour of the Issuer Security Trustee over all the assets and undertaking of the Issuer, in each case excluding all monies constituting the issued share capital of the Issuer not otherwise utilised by the Issuer from time to time and the corporate benefits fee of £1,000 payable by DCC to the Issuer (such fixed and floating security, together, the “**Issuer Security**”). The Issuer Security is held by the Issuer Security Trustee on trust for the Issuer Secured Creditors (as defined below) under the terms of the Issuer Deed of Charge and subject to the terms of the Issuer STID (as defined below).

## **Intercreditor Arrangements**

The Issuer Secured Creditors are each party to the Issuer STID, pursuant to which they have agreed that certain decisions in respect of the Issuer and the Issuer Security will be made by the Issuer Instructing Group (as defined below). Intercreditor arrangements are also in place among the DCC Secured Creditors (as defined below). See Chapter 6 “*Financing Structure*” under “*Summary of Inter-creditor Arrangements*”.

## **Status of Financial Guarantees**

Each financial guarantee insurance policy (each a “**Financial Guarantee**”) issued in favour of the Bond Trustee in relation to

each Sub-Class of Class A Bonds is an unsubordinated and unsecured obligation of the relevant Financial Guarantor, save for certain mandatory exceptions provided by law, pursuant to which the relevant Financial Guarantor unconditionally and irrevocably guarantees the timely payment of interest and principal (other than any accelerated or additional amounts or any Subordinated Coupon Amounts) on the relevant issued Sub-Class of Class A Bonds. (see Chapter 8 “*MBIA UK Information and Financial Guarantees*”).

**Counter-Indemnity**

The Issuer is, pursuant to the terms of an insurance and indemnity agreement with the Initial Financial Guarantor and will, pursuant to a guarantee and reimbursement agreement with MBIA, be obliged, *inter alia*, to reimburse the relevant Financial Guarantor in respect of payments made by it under the relevant Financial Guarantee or Financial Guarantees. Each such Financial Guarantor is or will be subrogated to the rights of the relevant Class A Bondholders against the Issuer in respect of any payments made under such Financial Guarantees.

**Issue Price**

Bonds may be issued at any price, as specified in the relevant Final Terms.

**Maturities**

Bonds may be issued for any maturity (the “**Expected Maturity Date**”), as specified in the relevant Final Terms.

**Redemption**

Bonds will be redeemable at par or at such other amount detailed in a formula or otherwise as may be specified in the relevant Final Terms. Financial Guarantees have not guaranteed and will not guarantee the payment of any amounts of principal in excess of the Principal Amount Outstanding (as defined in Condition 6(i)), plus, in the case of Indexed Bonds, amounts in respect of indexation in respect of Class A Bonds.

**Optional Redemption**

Upon giving not more than 60 nor less than 30 days’ notice to the Bond Trustee, the Financial Guarantor(s) and the Bondholders (as defined below), the Issuer may (prior to the relevant Expected Maturity Date) redeem the Bonds in whole or in part (but on a pro rata basis only) on any Interest Payment Date (as defined in Condition 6(i), and, together with any interest payment date under any loan facilities made available to the Issuer, each an “**Issuer Payment Date**”), provided that Floating Rate Bonds may not be redeemed before the date specified in the relevant Final Terms, at the Redemption Amount (as defined in Condition 6(i)) plus accrued but unpaid interest. In respect of Fixed Rate Bonds (as defined below), the Redemption Amount will be an amount equal to the higher of (i) their Principal Amount Outstanding (as defined below) and (ii) an amount calculated in accordance with the formula, as set out in Condition 8(b)(i). In respect of Floating Rate Bonds (as

defined below), the Redemption Amount will be the Principal Amount Outstanding, plus any premium for early redemption in certain years (as specified in the relevant Final Terms), as set out in Condition 8(b)(ii). In respect of Indexed Bonds, the Redemption Amount will be the higher of (i) the Principal Amount Outstanding (plus an amount in respect of indexation) and (ii) an amount calculated in accordance with the formula as set out in Condition 8(b)(iii). In any such case, prior to giving any such notice, the Issuer must certify to the Bond Trustee that it will have the funds, not subject to any interest of any other person, required to redeem the Bonds as aforesaid. There are certain restrictions on the optional redemption of the Class C Bonds (see Condition 8(b)).

Under the terms of the Financial Guarantees, the Financial Guarantors have not guaranteed and will not guarantee any of the amounts payable by the Issuer upon an optional redemption of the Bonds, and their obligations continue to be to pay the Insured Amounts or Guaranteed Amounts (as applicable and as defined in the relevant Financial Guarantee) as they fall due for payment on each Issuer Payment Date. The Financial Guarantors are not and will not be obliged under any circumstances to accelerate payments under the Financial Guarantees. However, if they do so in their absolute discretion, following an acceleration of the Bonds only, they may do so in whole or in part and the amount payable will be the Principal Amount Outstanding (or, in the case of partial redemption, the pro rata amount that has become due and payable) of such Bonds, plus (i) in the case of Fixed Rate Bonds or Floating Rate Bonds, any accrued but unpaid interest (other than any Subordinated Coupon Amounts) and (ii) in the case of Indexed Bonds, an amount in respect of indexation and any accrued but unpaid interest (other than any Subordinated Coupon Amounts).

**Redemption for Index Event, Taxation  
or Other Reasons**

Upon the occurrence of certain index events, the Issuer may redeem the Indexed Bonds at their Principal Amount Outstanding together with accrued but unpaid interest and amounts in respect of indexation. No single Sub-Class of Indexed Bonds may be redeemed in these circumstances unless all the other Sub-Classes of Indexed Bonds are also redeemed at the same time.

In addition, in the event of the Issuer becoming obliged to make any deduction or withholding from payments in respect of the Bonds (although the Issuer will not be obliged to pay any additional amounts in respect of such deduction or withholding) the Issuer may (i) use its reasonable endeavours to arrange for the substitution of another company in an alternative jurisdiction (subject to certain conditions as set out in Condition

8(c) of the Bonds) and, failing this; (ii) redeem (subject to certain conditions as set out in Condition 8(c) of the Bonds) all but not some of the Bonds at their Principal Amount Outstanding (plus, in the case of Indexed Bonds, amounts in respect of indexation) together with accrued but unpaid interest. No single Class or Sub-Class of Bonds may be redeemed in these circumstances unless all the other Classes and Sub-Classes of Bonds are also redeemed in full at the same time.

In the event of DCC electing to prepay an advance (in whole or in part) under an Intercompany Loan Agreement following, *inter alia*, (i) DCC exercising its option to make such prepayment or (ii) DCC becoming obliged to make any deduction or withholding from payments under the relevant Intercompany Loan Agreement, the Issuer shall be obliged to redeem all or the relevant part of the corresponding Sub-Class of Bonds the proceeds of which were used by the Issuer to fund the making of the advance being prepaid.

The Financial Guarantors have not guaranteed and will not guarantee any of the amounts payable by the Issuer upon an early redemption and their obligations will continue to be to pay the Insured Amounts or Guaranteed Amounts (as applicable and as defined in the relevant Financial Guarantee) as they fall due for payment on each Issuer Payment Date. The Financial Guarantors are not and will not be obliged under any circumstances to accelerate payments under the Financial Guarantees.

**Redemption by Instalments**

The relevant Final Terms may provide that a Sub-Class of Bonds may be redeemed in two or more instalments in such amounts and on such dates and on such other terms as may be specified therein.

**Interest**

Bonds are or will, unless otherwise specified in the relevant Final Terms, be interest bearing. Interest does or will accrue at a fixed or floating rate (plus, in the case of Indexed Bonds, amounts in respect of indexation) and is or will be payable in arrear, as specified in the relevant Final Terms, or on such other basis and at such rate as may be so specified.

**Fixed Rate Bonds**

Fixed Rate Bonds do or will bear interest at a fixed rate, and interest for such Sub-Class is or will be payable on such date(s) and at such rate(s) as agreed between the Issuer and the Dealers (as specified in the relevant Final Terms).

**Floating Rate Bonds**

Floating Rate Bonds do or will bear interest at a rate set separately for each Sub-Class as may be specified in the relevant Final Terms either on the basis of a reference rate appearing on an agreed screen page of a commercial quotation service or on the basis of quotations from reference banks or on

such other basis as may be agreed between the Issuer and the Dealers and as adjusted for any applicable Margin (as defined in Condition 6(i)) (as specified in the relevant Final Terms).

#### **Indexed Bonds**

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Indexed Bonds (including Limited Indexed Bonds as defined in Condition 7(a)) may be calculated (with or without maximum and/or minimum limits on the amount of indexation) by reference to the UK Retail Price Index or such other index and/or formula as the Issuer and the Dealers may agree (as specified in the relevant Final Terms).

#### **Interest Payment Dates**

Interest in respect of Fixed Rate Bonds is or will be payable annually or semi-annually in arrear, in respect of Floating Rate Bonds is or will be payable quarterly in arrear and in respect of Indexed Bonds is or will be payable semi-annually in arrear (in each case, or as otherwise specified in the relevant Final Terms).

#### **Hedging**

The Issuer is required to enter into hedging transactions in accordance with an agreed hedging policy. (See Chapter 6 “*Financing Structure*” under “*Additional Resources Available*”.)

#### **Denominations**

Definitive Bonds issued after the date of this Prospectus will be in such denominations as may be specified in the relevant Final Terms, save that in the case of any Bonds which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum denomination shall be €50,000 (or its equivalent in any other currency as at the date of issue of the Bonds).

#### **Authorised Loan Facilities**

Subject to certain conditions being met, the Issuer and/or DCC are permitted to incur indebtedness under authorised loan facilities (each an “**Authorised Loan Facility**”) with an Authorised Lender (as defined below), providing revolving working capital and capital expenditure facilities. Authorised Loan Facilities available to DCC will be subject to a cap of £50,000,000 (as indexed) provided that the drawings by DCC from time to time under its Authorised Loan Facilities and the Overdraft Facility (as defined below) do not in the aggregate exceed £50,000,000 (as indexed). Fortis Bank S.A./N.V., a club of banks with The Royal Bank of Scotland plc as the facility agent, and the European Investment Bank have each made available Authorised Loan Facilities (each a “**Current Authorised Lender**”) to the Issuer. (See Chapter 6 “*Financing Structure*” under “*Authorised Loan Facilities*”.) Each Current Authorised Lender has acceded as a party to the Issuer STID.

Subject to certain conditions being met, the Issuer and/or DCC will be permitted to incur further indebtedness under further Authorised Loan Facilities. Each Authorised Lender will be a party to the Issuer STID or DCC STID, as the case may be (See Chapter 6 “*Financing Structure*” under “*Summary of Finance Documents*”).

#### **Initial Liquidity Facility**

The Initial Liquidity Facility Providers (as defined below) made available, on the Initial Issue Date, to the Issuer a revolving 364-day credit facility for the purpose of meeting certain shortfalls in revenues: (i) for the Issuer to meet its obligations to pay interest on the Class A Bonds, Class B Bonds, Class R Bonds and Class C Bonds (subject to certain limits in respect of the Class C Bonds) issued; (ii) for the Issuer or DCC, as the case may be, to make interest payments under Authorised Loan Facilities; or (iii) for DCC to make notional interest payments under the Finance Leases (see Chapter 6 “*Financing Structure*” under “*Summary of Finance Documents*” - “*Intercompany Loan Agreements*”).

#### **Further Liquidity Facility**

A revolving liquidity facility agreement made available to the Issuer by one or more banks (which may or may not be the Initial Liquidity Facility Providers, and together with the Initial Liquidity Facility Providers, each a “**Liquidity Facility Provider**”) other than the Initial Liquidity Facility Agreement.

#### **Taxation**

Payments in respect of Bonds or under the relevant Financial Guarantee will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessment or governmental charges of whatever nature imposed or levied by or on behalf of any jurisdiction, unless and save to the extent that the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law (see Chapter 9 “*Tax Considerations*”). In that event and to that extent, the Issuer and, to the extent there is a claim under the relevant Financial Guarantee, the relevant Financial Guarantor will make payments subject to the appropriate withholding or deduction. No additional amounts will be paid by the Issuer or, to the extent there is a claim under the relevant Financial Guarantee, by the relevant Financial Guarantor in respect of any withholdings or deductions.

#### **Investor information**

DCC is required to produce an investors’ report (the “**Investors’ Report**”) within 90 days of 31 March, 60 days of 30 September and within 45 days of each 30 June and 31 December (each a “**quarter-end**” and each period from but not including a quarter-end to and including the next quarter-end, a “**quarter**”). Such Investors’ Report includes, *inter alia*: (i) a general overview of DCC for the previous quarter; (ii) a consolidated cashflow statement of the Glas Group (as defined below); (iii) a statement of consolidated debt service payments

of the Glas Group; (iv) a principal reconciliation for the Bonds in issue and other indebtedness of the Glas Group; (v) a reconciliation of movements in the bank accounts of the Glas Group; (vi) the calculations of ICR and RAR (each as defined below) for the then current financial year and forecast to the end of the then current price determination period; (vii) an unaudited consolidated profit and loss account of the Glas Group for the quarter then ended; and (viii) an unaudited consolidated balance sheet as at the end of the then current quarter.

Each such Investors' Report is required to be made available by DCC to the DCC Secured Creditors and Issuer Secured Creditors (both defined below), including the Bondholders. DCC will also be required to make available unaudited interim accounts and audited annual accounts, within 90 days of 30 September and 180 days of 31 March, respectively. DCC also places certain additional information on Glas' website, as and when available. This includes, *inter alia*, the most recently published: (i) June Return – Summary Report setting out a summary of DCC's annual performance; (ii) DCC's annual charges scheme, with details of tariffs; (iii) summary of DCC's strategic business plan at each periodic review; (iv) DCC's current Procurement Plan (as defined below); (v) DCC's annual drinking water quality report; (vi) DCC's annual environment report; (vii) DCC's annual conservation and access report; and (viii) audited annual accounts and unaudited interim accounts of the Glas Group (as defined below) on a consolidated basis. (See Chapter 7 "*Terms and Conditions of the Bonds*".)

#### **Governing Law**

The Bonds and all Issuer Transaction Documents and DCC Transaction Documents (each as defined below) are governed by, and construed in accordance with, the laws of England and Wales.

#### **Listing and admission to trading**

The Bonds issued on the Initial Issue Date and the Second Issue Date under the Programme have been listed on the Luxembourg Stock Exchange and an application will be made to list any additional Bonds issued under the Programme on the official list and to admit them to trading on the Luxembourg Stock Exchange Regulated Market.

#### **Terms and Conditions**

A Final Terms will be prepared in respect of each Sub Class of Bonds including further fungible issues of an existing Sub-Class. A copy of the Final Terms has been or will be delivered to the Luxembourg Stock Exchange on or before the Issue Date of such Bonds. The terms and conditions (the "**Conditions**") applicable to each such Sub-Class are those set out in Chapter 7 "*Terms and Conditions of the Bonds*", as amended, supplemented, varied or replaced by the relevant Final Terms.

## CHAPTER 4 DCC AND THE GLAS GROUP

### The Glas Group Corporate Structure

The diagram set out above illustrates the ownership structure of the Glas Group: Glas is the ultimate holding company of the Glas Group. Glas Securities is a wholly-owned subsidiary of Glas and Holdings is, in turn, a wholly-owned subsidiary of Glas Securities. Each of DCC and the Issuer is a wholly-owned subsidiary of Holdings.

### DCC

#### Introduction

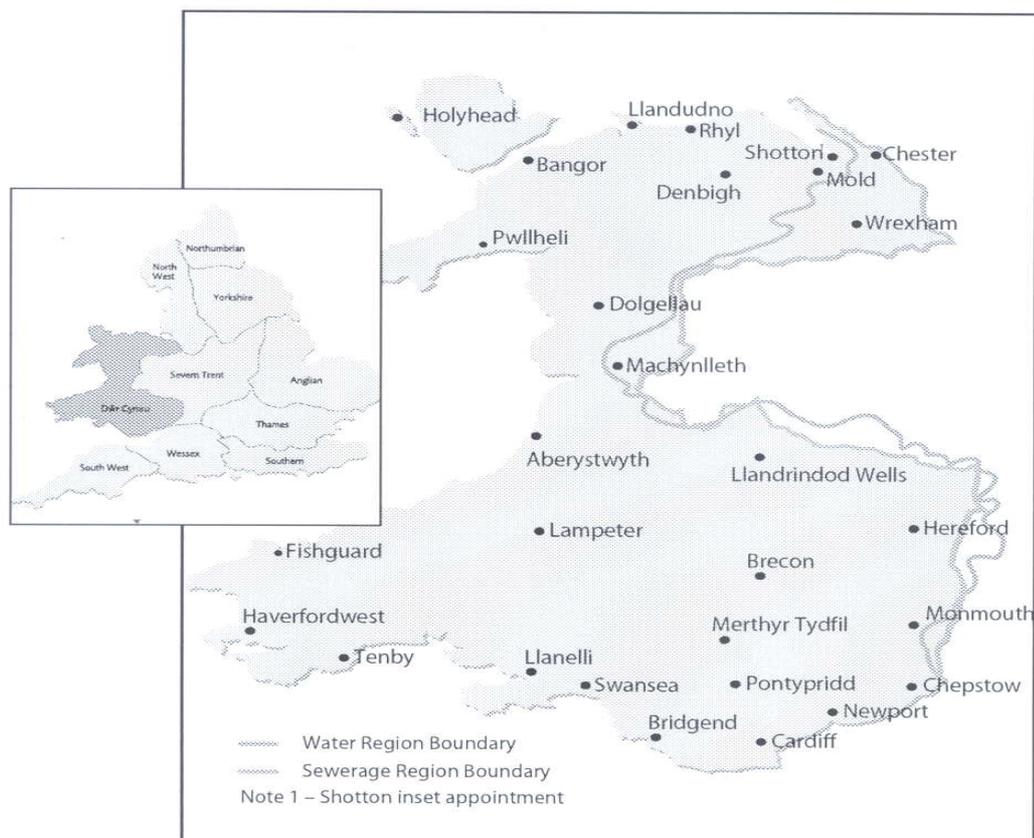

DCC (also known as Welsh Water) is the operating company of the Glas Group. It was incorporated on 1 April 1989 and its principal activity is the supply of water and the treatment and disposal of sewage. DCC is the sixth largest water service and sewerage company in England and Wales (based on turnover). It operates under an instrument of appointment (its “**Instrument of Appointment**”) which has a 25 year notice period (see Chapter 5 “*Water Regulation*” under “*Variation and Termination of an Appointment*”).

#### Area of Appointment

DCC’s water supply area covers most of Wales as well as parts of Herefordshire and Gloucestershire in England. DCC’s sewerage area covers most of Wales and parts of Herefordshire, Gloucestershire, Cheshire, Shropshire and the Wirral. The sewerage boundary includes the Dee and Wye catchments in England but excludes the catchment of the River Severn in Mid Wales. Most of the premises served by DCC’s sewerage services also receive water supplies from DCC.

There is an inset appointment to cover the supply of water to Shotton Paper, a large user of non-potable water on Deeside.

## Map of DCC Instrument of Appointment Area

### Registered Office, Share Capital, Employees and Auditors

The registered office of DCC is at Pentwyn Road, Nelson, Treharris, Mid Glamorgan, Wales, UK, CF46 6LY. The telephone number of DCC is +44 (0) 1443 452300.

DCC's authorised share capital is £501,050,000 ordinary shares of £1 each. The entire issued share capital of £309,876,374 ordinary shares is owned by Holdings.

The average monthly number of employees, including executive directors, employed by DCC during the year ended 31 March 2006 was 136. The employees of DCC do not include those employees who provide services to DCC under outsourced contracts.

The auditors of DCC are PricewaterhouseCoopers LLP, Chartered Accountants and Registered Auditors, of 1 Kingsway, Cardiff, Wales, UK, CF10 3PW (the "**DCC Auditors**"). Its accounting reference date is 31 March, and the latest audited accounts for DCC are for the year to 31 March 2006. DCC's accounts ("**DCC Accounts**") are prepared in accordance with International Financial Reporting Standards ("**IFRS**"). The DCC Accounts are consolidated into the audited accounts for Glas each year (see "*Glas Cymru Cyfyngedig*" on page 49 of this Prospectus).

### Regulation

DCC is principally regulated under the provisions of the WIA and its Instrument of Appointment as a water and sewerage undertaker (an "**Undertaker**"). The Assembly, the Secretary of State and the WSRa are the principal regulators of DCC. Any statements attributed to the WSRa herein includes any statement made by

the DGWS before he ceded his duties to the WSRA. (See Chapter 5 “*Water Regulation*” for details on the regulation of Undertakers, including DCC).

The main provisions of DCC’s Instrument of Appointment (“**Conditions of Appointment**”) are as follows:

- the restriction of the annual increase in a basket of standard charges to the price limitation formula, RPI+K;
- periodic reviews of K every five years by a determination made by the WSRA;
- Interim Determinations of K (as defined in Chapter 5 “*Water Regulation*”) by the WSRA between periodic reviews. At present, the specified circumstances which may trigger an Interim Determination (as defined below) for DCC include a new or changed legal requirement, variations in values received or expected to be received from disposals of land, a net increase in bad debts due, *inter alia*, to the loss of power to disconnect, certain increases in environmental charges, charges for lane rental/traffic management, increases in the taxation of certain capital expenditures arising from the introduction of IFRS, and a different rate of domestic optional metering than that anticipated by the WSRA in its most recent periodic review or Interim Determination (See Chapter 5 “*Regulation*” under “*shipwreck clause*”);
- provisions which enable DCC to require the WSRA to refer a periodic review determination or an Interim Determination to the Competition Commission (“**CC**”) for re-determination;
- requirements relating to the “financial ring-fencing” of the regulated business and transactions with associated companies, including the payment of dividends, and a requirement that DCC has at its disposal sufficient financial and managerial resources to carry out its regulated activities (including any investment programme necessary to fulfil legal obligations) and the “ring-fencing” of land and other assets;
- a requirement that DCC obtain a legally enforceable undertaking from its parent company stipulating that it refrain from any action which would prejudice the ability of DCC to comply with its obligations as an Undertaker;
- a requirement to prepare and publish separate accounts, including accounts on a current cost accounting basis showing separately its appointed business from all other businesses and activities;
- a requirement that the regulated business neither gives to, nor receives from, any other business or activity of DCC or any other company within the Glas Group, any cross-subsidy, whether those businesses are regulated under the WIA or not and that any transaction with any other company within the Glas Group be on arm’s length terms;
- a requirement that DCC maintains all necessary systems to maintain its responsibilities as a water and sewerage undertaker, including the appointment of a quality and environment committee from the board to monitor operational and environmental performance;
- a requirement that DCC implements necessary arrangements for the contracting out of operations including the publication of a procurement plan at least once every 18 months;
- requirements concerning the corporate governance arrangements of DCC including compliance with the principles of good governance and best practice;
- requirements to provide regulatory information to the WSRA; and

- requirements to prepare and to comply with an Access Code which is to set out the basis upon which a Water Supply Licensee (“**Licensee**”) can obtain either wholesale or common carriage services from the Undertaker in order to compete for eligible customers (See Chapter 5 “*Regulation*” under “*Competition in the Water Industry*”).

Other Conditions of Appointment cover obligations relating to the calculation and application of “infrastructure charges”, the preparation of charges schemes, the duty not to show undue preference or discrimination in the setting of charges, the provision of information to the WSRA, the preparation of Codes of Practice for general customer matters, disconnection and leakage, service standards and targets, the preparation of asset management plans, the payment of fees to Ofwat and compensation for customers in the event of interruptions to supply during a drought.

#### **Water Resources**

DCC benefits from a combination of high annual rainfall and topographical and geological conditions which favour the catchment and storage of water. However, only 3% of effective rainfall is stored and abstracted for public water supply in DCC’s area. While resources are generally adequate to meet forecast demand, DCC actively pursues a strategy of minimising leakage and promoting water efficiency to reduce overall consumption. DCC has been able to maintain supplies with only limited restrictions (for example, hosepipe bans) even in exceptional drought conditions such as those which prevailed in 1984, 1989, 1990 and 1995. Approximately one-quarter of the total water abstracted by DCC is supplied untreated to Severn Trent Water Limited under a bulk supply agreement.

DCC’s operating contractors are required to operate under a quality assurance system approved to BSi Standard ISO 9001:2000. DCC has approved procedures for the total process from source to point of consumption, which are used to monitor the daily activities which control water quality. These procedures are audited by BSi on a six monthly basis.

#### **Pollution Control**

Regulatory control of discharges to the environment is undertaken by the EA which regularly samples discharges from treatment works. As part of improvements in efficiency and effectiveness DCC’s largest assets are remotely monitored to ensure that quality standards are met.

### Service Performance

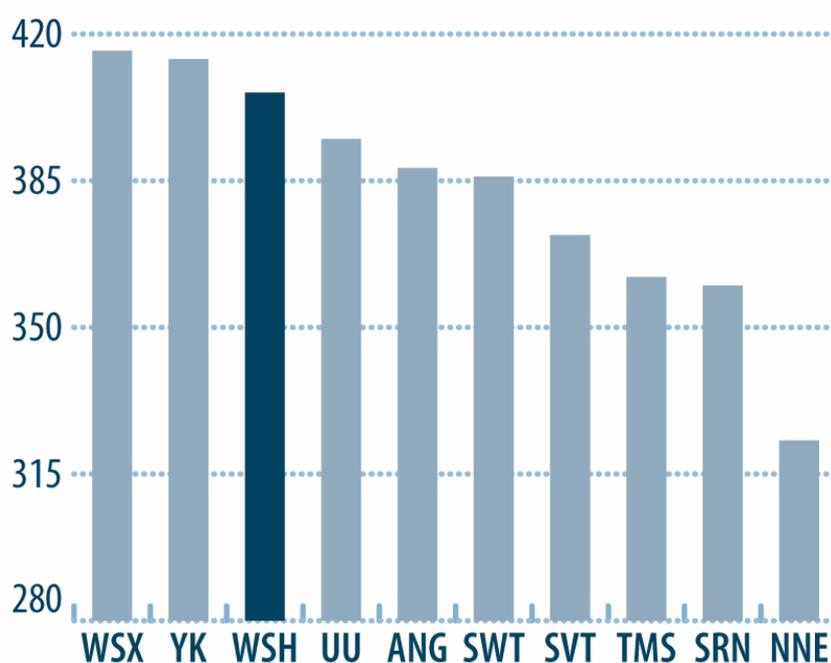

Ofwat annually publishes an Overall Performance Assessment (“**OPA**”). Ofwat has stated that it uses the OPA for two purposes. Firstly, to enable the WSRA to make comparisons about the quality of the overall service companies provide to customers, and for this to be taken into account at each price review. Secondly, to inform customers (and other interested parties) about the overall performance of their local water company.

The key areas and contributing measures included are:

- water supply (water pressure, interruptions to supply, hosepipe bans, and drinking water quality);
- sewerage service (sewer flooding incidents and risk of flooding);
- customer service (written complaints, billing contacts, meter reading, telephone answering, telephone access, services to customers with special needs, supply pipe repair policies, debt and revenue policies, complaint handling, compensation, and provision of information to customers); and
- environmental impact (leakage, sewage treatment works, pollution incidents from water and sewerage activities, sludge disposal).

The results of Ofwat’s assessment for 2005-06 for the water and sewerage companies reproduced below were published by the WSRA on 7 November 2006.

## OPA results 2005-06

Where:

- WSX means Wessex Water Services Ltd.
- YK means Yorkshire Water Services Ltd.
- WSH means Dŵr Cymru Cyfyngedig (Welsh Water)
- UU means United Utilities Water Plc
- ANG means Anglian Water Services Ltd.
- SWT means South West Water Ltd.
- SVT means Severn Trent Water Ltd.
- TMS means Thames Water Utilities Ltd.
- SRN means Southern Water Services Ltd.
- NNE means Northumbrian Water Ltd.

DCC was ranked third in the OPA results for 2005-2006, the fifth year in a row that DCC has been ranked in the top three water and sewerage companies.

### Turnover

For the year to 31 March 2006, total revenue was £553.5 million, yielding operating profits before financing costs of £194.8 million.

Water supply and sewerage services charges are set so as to reflect the average costs of providing each service. The average domestic bill within the region supplied by DCC was £338 for the year to 31 March 2006, after the Customer Dividend (as defined on page 48 below).

DCC forecasts that approximately 25% of water and sewerage customers will pay according to their domestic metered consumption during 2006/2007. The WIA grants domestic customers the right to have a free meter installed if they wish to have one, where this is practicable.

Customers with unmetered supplies are billed primarily in advance on an annual basis with payments due annually, half-yearly or by instalments. For supplies of metered water, non-household customers are billed periodically depending on the size of their consumption and household customers are normally billed half-yearly. Approximately 30% of DCC's appointed revenue comes from non-household customers.

DCC offers customers a variety of payment options for settling charges for water supply and sewerage services. The WIA prohibits the disconnection of household customers and other protected premises for non-payment of bills. Industrial and commercial customers are subject to a range of actions for non-payment including disconnection where persistent failure to settle charges occurs.

DCC's total bad debt charge for the year to 31 March 2006 was £7.6 million.

### **Operating Costs and Procurement Plan**

DCC's operating expenditure (excluding depreciation, amortisation and infrastructure renewals expenditure) was £213.2 million in the year to 31 March 2006.

DCC has implemented a procurement strategy which separates the ownership of DCC's assets from the day-to-day operation and maintenance of those assets. The delivery of customer services, including billing, revenue collection and customer contract management are also outsourced. DCC's procurement strategy is explained further in its "Procurement Plan", the most recent revision of which is currently being reviewed by Ofwat and is expected to be published early in 2007.

DCC outsources work equivalent to 69 per cent. of its total operating costs (excluding depreciation, amortisation and infrastructure renewals expenditure). DCC's procurement strategy is to obtain best practice and best value from specialist service providers through competitive outsourcing and ongoing partnership with such service providers. The procurement strategy includes:

- stringent technical and financial pre-qualification of potential service providers;
- an "open book" partnership relationship between DCC and service providers;
- a requirement on service providers to operate the services in accordance with specified quality assurance standards;
- monitoring and reporting requirements to ensure DCC has open access to performance and cost data;
- a combination of incentives for out-performance of targets for service delivery and cost efficiency as well as strong sanctions to ensure that service providers do not put service quality at risk;
- no-notice, step-in rights for DCC to assume control of service delivery where DCC reasonably believes that a material risk exists or is likely to exist to health and safety, property or the environment; and
- provisions designed to ensure a smooth hand-over from one service provider to another.

DCC's main operating and capital partners are as follows:

Operating contracts:

United Utilities Operational Services Limited: ..... Water supply: North and South  
Waste Water: North

Kelda Water Services (Wales) Limited .....	Waste Water: South
Thames Water Services Limited: .....	Billing and Income

Capital programme:

Costain Limited:.....	Waste Water Civils: North
Laing Utilities Limited:.....	Water Civils
Amec Group Ltd.: .....	Waste Water Civils: South East
Morrison Construction Services Ltd.: .....	Waste Water Civils: South West
Black & Veatch Contracting Ltd.: .....	Water Process engineering
Meica Process Ltd:.....	Waste Water Process engineering

Logica CMG, Capgemini UK plc and Tata Consultancy Services provide ITC services to DCC and the operating and capital partners. Hyder Consulting provide network development consultancy services.

**Insurance**

DCC maintains insurance cover consistent with the generally accepted practices of prudent water and sewerage companies. This includes property damage and business interruption insurance which covers risk of loss and damage, including terrorism cover. DCC also has third party liability insurance, which includes public and products liability insurance.

**Capital Investment Programme**

In the current five-year period, 1 April 2005 to 31 March 2010 (“AMP4”) DCC expects to have invested approximately £1.25 billion in capital projects. The capital programme includes environmental quality improvements, the rehabilitation and replacement of water mains and asset maintenance schemes. The plans for the five years were set out in DCC’s published Monitoring Plan in March 2005, and can be summarised as follows:

- a targeted increase in maintenance work on particular assets to manage the risk of asset failure which can cause service breakdown problems for customers, pollution incidents or risk of failure to comply with quality standards;
- a step reduction in the number of properties at risk of repeat flooding from overloaded sewers, tackling 736 internal flooding problems and 439 external flooding problems;
- reducing odour problems at 33 wastewater treatment works where DCC has had complaints from customers;
- completion of the 10-year “Section 19” programme to refurbish unlined iron mains agreed with the Drinking Water Inspectorate in 1999, with up to 2,500km of water mains replaced or relined;
- improvements at eight water treatment works to meet enhanced water quality standards and reduce the risk of discolouration or taste and odour of water supplies to customers;
- continued progress in tackling “unsatisfactory sewer overflows”, upgrading or investigating a further 462 during 2005-2010;
- further improvements or investigations at 200 wastewater treatment works (“**continuous discharges**”) to meet tighter discharge consents; and

- first time sewerage for up to 500 properties.

Capital expenditure in the 18 months to 30 September 2006 was £352 million (including infrastructure renewals expenditure), broadly in line with DCC's £1.25 billion programme to deliver the regulatory targets for AMP4. Significant outputs achieved in the 18-month period to 30 September 2006 include:

- completion of construction of Holyhead wastewater treatment works;
- 740kms of water mains replaced or refurbished;
- 85 sewer overflows improved; and
- the risk of repeat flooding reduced for 172 properties.

The constitution of Glas limits its purpose to that of acting as a holding company and ensuring the proper carrying out of DCC’s functions and responsibilities in accordance with DCC’s Appointment and applicable law and regulation. Glas gave an undertaking to DCC prohibiting Glas and its subsidiaries from making any changes to their Memorandum and Articles of Association without the WSRA’s consent.

The Board of Glas is accountable to the members of Glas. Glas currently has 51 members in addition to the directors, who are also members. ### **Customer Dividends**

DCC has given a customer dividend of £19 per customer for the year ended 31 March 2007, at an annual cost of £25 million. ## CHAPTER 5 WATER REGULATION

### Water Regulation Generally

#### Regulatory Framework

The activities of an Undertaker are principally regulated by the provisions of the WIA, regulations made under the WIA and the Conditions of Appointment. Under the WIA, the Secretary of State has a duty to ensure that at all times there is an appointed Undertaker for every area of England and Wales. Appointments may be made by the Secretary of State or, in accordance with a general authorisation given by the Secretary of State, the WSRA.

In relation to DCC's, Dee Valley Water plc's, and Albion Water Limited's areas of appointment, certain of the powers of the Secretary of State have been transferred to the Assembly. Accordingly, references to the Secretary of State will, as the context may require, be deemed to include reference to the Assembly in respect of such powers and responsibilities.

The economic regulator for water is the WSRA which is aided in its duties by Ofwat, a non-ministerial government department. Ofwat is responsible for, *inter alia*, setting limits on charges and monitoring and enforcing Conditions of Appointment. Undertakers are required by their Conditions of Appointment to make an annual return to Ofwat (including accounts and financial information) to enable Ofwat to assess their affairs. The two principal quality regulators are the DWI, which is part of the Department for the Environment, Food and Rural Affairs ("DEFRA"), and the EA.

#### *The WSRA and the Secretary of State*

The chairman and other members of WSRA are appointed for fixed terms by the Secretary of State (in consultation with the Assembly). They are independent of government ministers and may only be removed for incapacity or misbehaviour.

Each of the Secretary of State and the WSRA has a primary duty under the WIA to exercise and perform their powers and duties under the WIA in the manner they consider best calculated to secure that, *inter alia*:

- (a) the "consumer objective", defined as the protection of consumers' interests (where appropriate, by promoting competition), with particular emphasis upon certain categories of customers, is furthered;
- (b) the functions of Undertakers are properly carried out throughout England and Wales; and
- (c) Undertakers are able to finance the proper carrying out of those functions.

Subject to this primary duty, each of the Secretary of State and the WSRA has a number of secondary duties. These include requirements to exercise and perform their powers and duties in the manner they consider best calculated to:

- (a) protect the interests of customers and potential customers in respect of the showing of undue discrimination or preference in the setting of charges, the benefits that could be secured from the proceeds of disposal of certain land, and in respect of the carrying out of activities which are not attributable to the exercise of an Undertaker's statutory functions; and
- (b) promote economy and efficiency on the part of Undertakers and contribute to the achievement of sustainable development.

### ***The Assembly***

The Assembly was established by the Government of Wales Act 1998 (the “GWA”) which largely defines the make-up, powers and functions of the Assembly. The Assembly’s relationship with the UK Government and Whitehall departments is set out in a Memorandum of Understanding. The Assembly develops and implements policies which reflect the particular needs of the people of Wales. The GWA sets out essential structures and procedures for the Assembly and more detailed processes are set out in the Assembly Standing Orders.

The majority of the functions of the Secretary of State set out in the WIA are transferred, in as far as they relate to Undertakers whose areas are wholly or mainly in Wales, to the Assembly.

Those duties, powers and functions transferred include:

- general duties with respect to the water industry;
- the power to appoint (or to consent or give a general authorisation for the WSRA to appoint) an Undertaker;
- the right to petition for special administration orders;
- enforcement of the various duties of the Undertakers;
- the making of regulations on standards of performance;
- the power to impose financial penalties on Undertakers for contraventions of certain obligations;
- the power to institute proceedings for the offence of supplying water unfit for human consumption; and
- authorising the giving of financial assistance to, or guaranteeing the financial obligations of (in each case with the consent of the Treasury), a company where a special administration order is in force.

Nothing in the provisions for transferring functions to the Assembly affects the role of Ofwat, which retains the same regulatory functions and powers in respect of DCC as it possesses in respect of Undertakers in England.

### ***Variation and Termination of an Appointment***

There are certain circumstances provided for where an Undertaker could cease to hold the Appointment for all or part of its area:

- an Undertaker could consent to the making of a replacement appointment or variation, which changes its appointed area, and the WSRA has the authority to appoint a new Undertaker;
- under Condition O of the Instrument of Appointment, provided at least 25 years’ notice has been given by the Assembly;
- under the provisions of the special administration regime (the Instrument of Appointment may be terminated and the special administrator may transfer the business to a successor (see “*Special Administration Orders*” below)); or
- by the granting of an “inset” appointment over part of an Undertaker’s existing appointed area to another Undertaker (see below).

Before making an appointment or variation, the WSRA or the Secretary of State must consider any representations or objections made. In making an appointment or variation and where the Secretary of State or WSRA is to determine what provision should be made for fixing charges, it is the duty of the Secretary of State or the WSRA to ensure, so far as may be consistent with their duties under the WIA, that the interests of

the members and creditors of the existing Undertaker are not unfairly prejudiced as regards the terms on which the new Undertaker could accept transfers of property, rights and liabilities from the existing Undertaker.

An “inset” appointment can be granted to a company seeking to provide water and/or sewerage services on a greenfield site, or to a large user of water and/or sewerage services within an existing Undertaker’s area, or where the incumbent Undertaker consents to the variation. Recently the volume threshold for large user insets has been reduced in England (but not yet in Wales).

### **Enforcement Orders**

The general duties of Undertakers are enforceable by the Secretary of State or the WSRA or both, although, in the case of DCC, certain of the enforcement duties, in as far as they relate to Wales, have been transferred to the Assembly. Conditions of Appointment (and other duties) are enforceable by the WSRA alone whilst other duties, including those relating to water quality, are enforceable by the Secretary of State.

Where the Secretary of State or the WSRA is satisfied that an Undertaker is contravening, or has contravened and is likely to do so again, a Condition of its Appointment, or a relevant statutory or other requirement, either the Secretary of State or the WSRA must make a final enforcement order to secure compliance with that condition or requirement, save that where it appears to the Secretary of State or the WSRA more appropriate to make a provisional enforcement order, they may do so. In determining whether a provisional enforcement order should be made, the Secretary of State or WSRA shall have regard to the extent to which any person is likely to sustain loss or damage as a consequence of such breach before a final enforcement order is made. The Secretary of State or the WSRA will confirm a provisional enforcement order if satisfied that the provision made by the order is needed to ensure compliance.

There are exemptions from the Secretary of State’s and the WSRA’s duty to make an enforcement order or to confirm a provisional enforcement order:

- where the contraventions were, or the apprehended contraventions are, of a trivial nature;
- where the company has given, and is complying with, an undertaking to secure or facilitate compliance with the condition or requirement in question; or
- where duties in the WIA preclude the making or confirmation of the order.

In addition, the WIA now provides the WSRA, the Secretary of State and the Assembly with the power to impose financial penalties on an Undertaker for contraventions of its Conditions of Appointment and statutory or other requirements including performance standards. Penalties may be as high as 10 per cent. of an Undertaker’s turnover, but they must be reasonable in all circumstances. Each of the above enforcement authorities is required to publish a statement of policy on the imposition of penalties, and to have regard to that statement when implementing the new provisions.

### **Special Administration Orders**

The WIA contains provisions enabling the Secretary of State and the WSRA to secure the general continuity of water supply and sewerage services. In certain specified circumstances, the High Court (the “Court”) may, on the application of the Secretary of State or, with his consent, the WSRA, make a special administration order in relation to an Undertaker and appoint a special administrator. These circumstances include:

- where there has been, or is likely to be, a breach by an Undertaker of its principal duties to supply water or provide sewerage services or of a final or confirmed provisional enforcement order and, in either case, the breach is serious enough to make it inappropriate for the Undertaker to continue to hold its Instrument of Appointment;

- where the Undertaker is, or is likely to be, unable to pay its debts;
- where, in a case in which the Secretary of State has certified that it would be appropriate, but for Section 25 of the WIA, for him to petition for the winding up of the Undertaker under Section 440 of the Companies Act 2000 it would be just and equitable, as mentioned in that section, for the Undertaker to be wound up if it did not hold an Appointment; and
- where the Undertaker is unable or unwilling adequately to participate in arrangements certified by the Secretary of State or the WSRA to be necessary by reason of, or in connection with, the appointment of a new Undertaker upon termination of the existing Undertaker's Appointment.

In addition, on an application being made to Court, whether by the Undertaker itself or by its directors, creditors or contributories, for the compulsory winding up of the Undertaker, the Court would not be entitled to make a winding up order; however, if satisfied that it would be appropriate to make such an order if the Undertaker were not a company holding an Instrument of Appointment, the Court shall instead make a special administration order.

During the period beginning with the presentation of the petition for special administration and ending with the making of a special administration order or the dismissal of the petition (the “**special administration petition period**”), the Undertaker may not be wound up, no steps may be taken to enforce any security except with the leave of the Court, and subject to such terms as the Court may impose, and no other proceedings or other legal process may be commenced or continued against the Undertaker or its property except with the leave of the Court.

Once a special administration order has been made, any petition presented for the winding up of the company will be dismissed and any receiver appointed, removed. Whilst a special administration order is in force, those restrictions imposed during the special administration petition period continue with some modification: an administrative receiver can no longer be appointed (with or without the leave of the Court) and, where any action does require the Court's leave, the consent of the special administrator is acceptable in its place (see “*Restrictions on the enforcement of security*” below).

A special administrator has extensive powers under the WIA similar to those of an administrator under UK insolvency law applicable to companies which are not Undertakers, but with certain important differences. A special administrator would be charged with managing the affairs, business and property of the Undertaker: (i) for the achievement of the purposes of the special administration order; and (ii) in such a manner as to protect the respective interests of the members and creditors of the Undertaker. The purposes of the special administration order consist of: (a) transferring to one or more different Undertakers, as a going concern, as much of the business of the Undertaker as is necessary in order to ensure that the functions which have been vested in the Undertaker by virtue of its Instrument of Appointment are properly carried out; and (b) pending the transfer, the carrying out of those functions. It would therefore not be open to him to accept an offer to purchase the assets on a break-up basis in circumstances where the purchaser would be unable properly to carry out the relevant functions of an Undertaker.

The powers of a special administrator include, as part of a transfer scheme, the ability to make modifications to the Conditions of Appointment of the existing Undertaker, subject to the approval of the Secretary of State or the WSRA. The special administrator agrees the terms of the transfer of the existing Undertaker's business to the new Undertaker(s), on behalf of the existing Undertaker. The transfer is effected by a transfer scheme which the special administrator puts in place on behalf of the existing Undertaker. The transfer scheme may provide for the transfer of the property, rights and liabilities of the existing Undertaker to the new Undertaker(s) and may also provide for the transfer of the existing Undertaker's Instrument of Appointment (with modifications as set out in the transfer scheme) to the new Undertaker(s). The powers of a special

administrator include the right to seek a review by the WSRA of the Undertaker's charges pursuant to an Interim Determination or a shipwreck clause (as defined below). To take effect, the transfer scheme must be approved by the Secretary of State or the WSRA. In addition, the Secretary of State and the WSRA may modify a transfer scheme before approving it or at any time afterwards with the consent of the special administrator and each new Undertaker.

The WIA also grants the Secretary of State, with the approval of the Treasury: (i) the power to make appropriate grants or loans to achieve the purposes of the special administration order or to indemnify the special administrator against losses or damages sustained in connection with the carrying out of his functions; and (ii) to guarantee the payment of principal or interest or the discharge of any other financial obligations in connection with any borrowings of the Undertaker subject to a special administration order.

## **Security**

### ***Restrictions on the granting of security***

An Undertaker's ability to grant security over its assets and the enforcement of such security are restricted by the provisions of the WIA and the Conditions of Appointment. For example, all Instruments of Appointment (including DCC's) restrict an Undertaker's ability to dispose of protected land, which is any land that is necessary for the purposes of the carrying out of the Undertaker's regulated activities. Accordingly, the Conditions of Appointment restrict an Undertaker's ability to create a charge or mortgage over protected land or assets required for the operation of its business as an Undertaker. In the case of DCC, it estimates that the vast majority of its assets by value is tangible property which is protected land and/or assets required in the operation of DCC's business as an Undertaker and cannot therefore be effectively secured. This necessarily affects the ability of DCC to create a floating charge over the whole or substantially the whole of its business. However, in any event, there is no right under the WIA to block the appointment of a special administrator equivalent to the right of a holder of a floating charge over the whole or substantially the whole of the business of a non-Undertaker to block the appointment of a conventional administrator.

In addition, provisions in the Conditions of Appointment require the Undertaker at all times:

- to ensure, so far as is reasonably practicable, that if a special administration order were made in respect of it, it would have sufficient rights and assets (other than financial resources) to enable the special administrator to manage its affairs, business and property so that the purpose of such an order could be achieved; and
- to act in the manner best calculated to ensure that it has adequate: (i) financial resources and facilities; and (ii) management resources, to enable it to carry out its regulated activities.

These provisions may further limit the ability of DCC to grant security over its assets and may limit in practice the ability to enforce such security.

### ***Restrictions on the enforcement of security***

Under the WIA, the enforcement of security given by an Undertaker in respect of its assets is prohibited unless the person enforcing the security has first given 14 days' notice to both the Secretary of State and the WSRA. If a petition for special administration has been presented leave of the Court is required before such security is enforceable or any administrative receiver can be appointed (or, if an administrative receiver has been appointed between the expiry of the required notice period and presentation of the petition, before the administrative receiver can continue to carry out his functions). These restrictions continue once a special administration order is in force with some modification (see "*Special Administration Orders*" above).

Once a special administrator has been appointed, he would have the power, without requiring the Court's consent, to deal with property charged pursuant to a floating charge as if it were not so charged. When such

property is disposed of under this power, the proceeds of the disposal would, however, be treated as if subject to a floating charge which had the same priority as that afforded by the original floating charge.

A disposal by the special administrator of any property secured by a fixed charge given by the Undertaker could be made only under an order of the Court unless the creditor in respect of whom such security is granted otherwise agreed to such disposal. Such an order could be made if, following an application by the special administrator, the Court was satisfied that the disposal would be likely to promote one or more of the purposes for which the order was made (although the special administrator is subject to the general duty to manage the company in a manner which protects the respective interests of the creditors and members of the Undertaker). Upon such disposal, the proceeds to which that creditor would be entitled would be determined by reference to the “best price which is reasonably available on a sale which is consistent with the purposes of the special administration order” as opposed to an amount not less than “open market value” which would apply in a conventional administration for a non-Undertaker under UK insolvency legislation.

Within three months of the making of a special administration order or such longer period as the Court may allow, the special administrator must send a copy of his proposals for achieving the purposes of the order to, *inter alia*, the Secretary of State, the WSRA and the creditors of the company. The creditors’ approval to the special administrator’s proposal is not required at any specially convened meeting (unlike in the conduct of a conventional administration for a non-Undertaker under UK insolvency legislation); however, notwithstanding this, the interests of creditors and members in a special administration are still capable of being protected since they have the right to apply to the Court if they consider that their interests are being prejudiced. Such an application may be made by the creditors or members by petition for an order on a number of grounds, including either: (i) that the Undertaker’s affairs, business and property are being or have been managed by the special administrator in a manner which is unfairly prejudicial to the interests of its creditors or members; or (ii) that any actual or proposed act of the special administrator is/or would be so prejudicial. Any order made by the Court may include an order to require the special administrator to refrain from doing or continuing an act about which there has been a complaint.

#### ***Enforcement of Security over Shares in DCC***

Under the WIA, the enforcement of security over, and the subsequent sale of, directly or indirectly, the shares in any group company, including the holding company of an Undertaker such as DCC, would not be subject to the restrictions described above in relation to the security over DCC’s business and assets. Notwithstanding this, given the WSRA’s general duties under the WIA to exercise and perform its powers and duties, *inter alia*, to ensure that the functions of an Undertaker are properly carried out, the Issuer anticipates that any intended enforcement either directly or indirectly of the Guarantor Security (as defined below) or the security over, and subsequently any planned disposal of, the shares in DCC to a third party purchaser, would require consultation with the WSRA. In addition, depending on the circumstances, the merger control provisions referred to in “*Competition in the Water Industry – Merger Regime*” below could apply in respect of any such disposal.

#### **Economic Regulation**

Economic regulation of the water industry in England and Wales is based on a system of five-year price caps imposed on the amounts Undertakers can charge to their customers. This is intended to reward companies for efficiency and quality of service to customers. The system generally allows companies to retain for a period any savings attributable to efficiency, thus creating incentives to make such gains.

#### ***K price limitation formula***

The main instrument of economic regulation is the price cap determined by the WSRA pursuant to the Conditions of Appointment. This limits increases in a basket of standard charges made by Undertakers for water supply and sewerage services. The weighted average charges increase is limited to the sum of the

percentage movement in the retail price index (“**RPI**”) plus an adjustment factor which may be positive, negative or zero (“**K**”). K is a number set for each Undertaker individually and may be a different number in different years. Certain charges are not included in the price limitation formula but are determined on an individual basis.

#### ***Prices not subject to the Price Limitation Formula***

A small number of mainly large consumption non-domestic customers are charged in accordance either with individual “special” arrangements, or with standard charges which do not fall within the scope of the tariff basket. Charges for bulk supplies to other Undertakers and infrastructure charges also fall outside the price limitation formula.

#### ***Periodic reviews of K***

K must be reviewed every five years (the “**periodic review**”). Following the last periodic review, new price limits took effect from 1 April 2005 and are set for the five-year period from 2005 to 2010. The WSRA will next reset price limits in 2009 and these will come into effect on 1 April 2010.

#### ***Interim Determinations of K***

The Conditions of Appointment provide for the WSRA to determine in certain circumstances whether, and if so how, K should be changed between periodic reviews (an “**Interim Determination**”). The procedure for Interim Determinations of K can be initiated either by the Undertaker or by the WSRA. An application for an Interim Determination of K may be made in respect of a Notified Item (see below) or a Relevant Change of Circumstance (see below).

A “**Notified Item**” is any item formally notified by the WSRA to the Undertaker as not having been allowed for in K. Notified Items put forward by the WSRA in the determination of price limits for the period 2005 to 2010 were: (i) the costs and revenues associated with any difference in the number of domestic customers who opt to switch to measured charges (“**meter optants**”) from that assumed by the WSRA; (ii) any net increase in bad debt and debt collection costs arising, *inter alia*, from the loss of the power to disconnect residential customers for non-payment from 1 April 2000; (iii) certain increases in the environmental charges for abstractions and discharges; (iv) charges for lane rental/traffic management; and (v) increases in the taxation of certain types of capital expenditure arising from the introduction of IFRS.

“**Relevant Changes of Circumstance**” are defined in the Conditions of Appointment. Such changes include: (i) the application to the Undertaker of any new or changed legal requirement (including any legal requirement ceasing to apply, being withdrawn or not being renewed); (ii) any difference in value between actual or anticipated proceeds of disposals of protected land and those allowed for at the last periodic review or Interim Determination; and (iii) the amounts assumed in K for the necessary costs of securing or facilitating compliance with a legal requirement or achieving a service standard where the Undertaker has failed to: (a) carry out the necessary works; (b) spend the amount which it was assumed would be spent; and (c) achieve the stated purpose.

An Interim Determination takes account of the costs, receipts and savings to be included in the computation of K which are reasonably attributable to the Notified Items or the Relevant Changes of Circumstance in question and are not recoverable by charges outside the K price limitation formula. The amount and timing of the costs, receipts and savings must be appropriate and reasonable for the Undertaker in all the circumstances and they must exclude: trivial amounts, any costs which would have been avoided by prudent management action, any savings achieved by management action over and above those which would have been achieved by prudent management action, and any amounts previously allowed for in determining K. These costs are then netted off against the receipts and savings to determine the base cash flows for each year included in the timing (the “**Base Cash Flows**”).

The Conditions of Appointment also specify a materiality threshold which must be reached before any adjustment to K can be made. In relation to condition B of certain Undertakers' appointments (including that of DCC) this materiality threshold is reached where the sum of the net present values of (i) Base Cash Flows consisting of operating expenditure and/or loss of revenue calculated over 15 years and (ii) other Base Cash Flows calculated over the period to the next periodic review, is equal to at least 10 per cent. of the latest reported turnover attributable to the Undertaker's water and sewerage business. An adjustment to K (which may be up or down) is then calculated on the basis of a formula, set out in condition B, which is broadly designed to enable the Undertaker to recover the Base Cash Flows. The change is then made for the remainder of the period up to the start of the first charging year of the next periodic review.

#### ***Substantial Adverse or Favourable Effects – “Shipwreck” Clause***

DCC, along with certain other Undertakers may, under condition B.14 of its Instrument of Appointment (the “**shipwreck clause**”), request an adjustment to price limits if the regulated business suffers a substantial adverse effect which could not have been avoided by prudent management action. The WSRA may also propose to reset price limits if DCC enjoys a substantial favourable effect which is fortuitous and not attributable to prudent management action. For the purpose of this clause the materiality threshold is equal to at least 20 per cent. of the latest reported turnover attributable to the Undertaker's water and sewerage business.

#### ***References to the Competition Commission***

If the WSRA fails within specified periods to make a determination at a periodic review or in respect of an Interim Determination or if the Undertaker disputes its determination, the Undertaker may require the WSRA to refer the matter to the CC. The CC must make its determination in accordance with any regulations made by the Secretary of State and with the principles which apply, by virtue of the WIA, in relation to determinations made by the WSRA. The decisions of the CC are binding on the WSRA.

#### ***Drinking Water and Environmental Regulation***

The water industry is subject to numerous regulatory requirements concerning the protection of the environment and human health and safety. Responsibility for regulation of drinking water quality and environmental standards lies with the DWI and the EA respectively.

The DWI is part of DEFRA and acts as a technical assessor on behalf of the Secretary of State and the Assembly in respect of the quality of drinking water supplies. As such, it can take enforcement action in the event that a water undertaker is in contravention of regulatory requirements concerning the “wholesomeness” of water supplies. Court proceedings can be brought by the DWI in the name of the Secretary of State or the Director of Public Prosecutions for the offence of supplying water “unfit for human consumption”, for example if discoloured or foul tasting water is supplied to customers.

The EA is responsible in England and Wales for the control of water pollution and the maintenance and improvement of the quality of controlled waters, including the regulation of discharges to those waters. The principal UK environmental legislation relevant to Undertakers includes the Water Resources Act 1991 (the “**WRA**”), the Environmental Protection Act 1990 (the “**EPA**”) and the WIA. Under the WRA any discharge of trade or sewage effluent into controlled waters can only be carried out with a discharge consent from the EA or with some other lawful authority. The discharge consent system under the WRA is backed up by various criminal offences. It is a criminal offence to cause or knowingly permit polluting matter to enter controlled waters. The principal prosecuting body is the EA. Under the WRA the EA is empowered to take remedial action to deal with actual or potential pollution of controlled waters and may recover the reasonable costs of such works from the person who caused or knowingly permitted the pollution (and can also require that person to take the remedial action itself).

Sewerage undertakers are responsible under the WIA for regulating discharges of industrial effluent into sewers. In addition, discharges from sewage treatment works must be licensed by the EA. Contamination of controlled waters by discharge of non-compliant effluent from a treatment works may subject the sewerage undertaker to liability, including fines and clean-up costs. The EA publicises breaches by Undertakers of their discharge consents and brings prosecutions where necessary. Depending on developments in case law, sewerage undertakers may in future have to negotiate contracts with the owners of watercourses in order to be able to discharge water into such watercourses. The additional costs involved may be significant.

The EPA (supported by statutory guidance), introduced a regime to deal with the remediation of contaminated land. Under the regime, the causer or knowing permitter of the pollution (or, if that person cannot be found, the owner or occupier of the land) can be required to clean up contamination if it is causing, or there is a significant possibility of it causing, significant harm to the environment or human health or if pollution of controlled waters is being caused. Civil liability may also arise (under such heads of claim as nuisance and negligence) where contamination migrates into the environment at third party land and/or impacts upon human health, flora and fauna.

Any expenditure incurred by an Undertaker necessitated by legislation applying to it in its capacity as a water or sewerage operator, or by any change in consents as a result of any changes to existing EU directives, or adoption of future EU directives, would be eligible for consideration for an Interim Determination of K, or to be taken into account at a periodic review.

## **Competition in the Water Industry**

### ***The Competition Act***

The Competition Act introduced two prohibitions concerning anti-competitive agreements and conduct and powers of investigation and enforcement.

The Chapter I prohibition prohibits agreements between undertakings which may affect trade within the United Kingdom and which have as their object or effect the prevention, restriction or distortion of competition within the United Kingdom. The Chapter II prohibition prohibits the abuse of a dominant position which may affect trade within the United Kingdom.

The WSRA has concurrent powers with the OFT to apply and enforce the Competition Act to deal with anti-competitive agreements or abuses of dominance relating to the water and sewerage sector, including the power to enforce directions to bring an infringement to an end and to impose fines of up to 10 per cent. of the turnover of the Undertaker involved for up to three years for infringing the Competition Act. Also any arrangement which infringes the Competition Act may be void and unenforceable and may give rise to claims for damages from third parties.

### ***The Water Supply Licensing Regime***

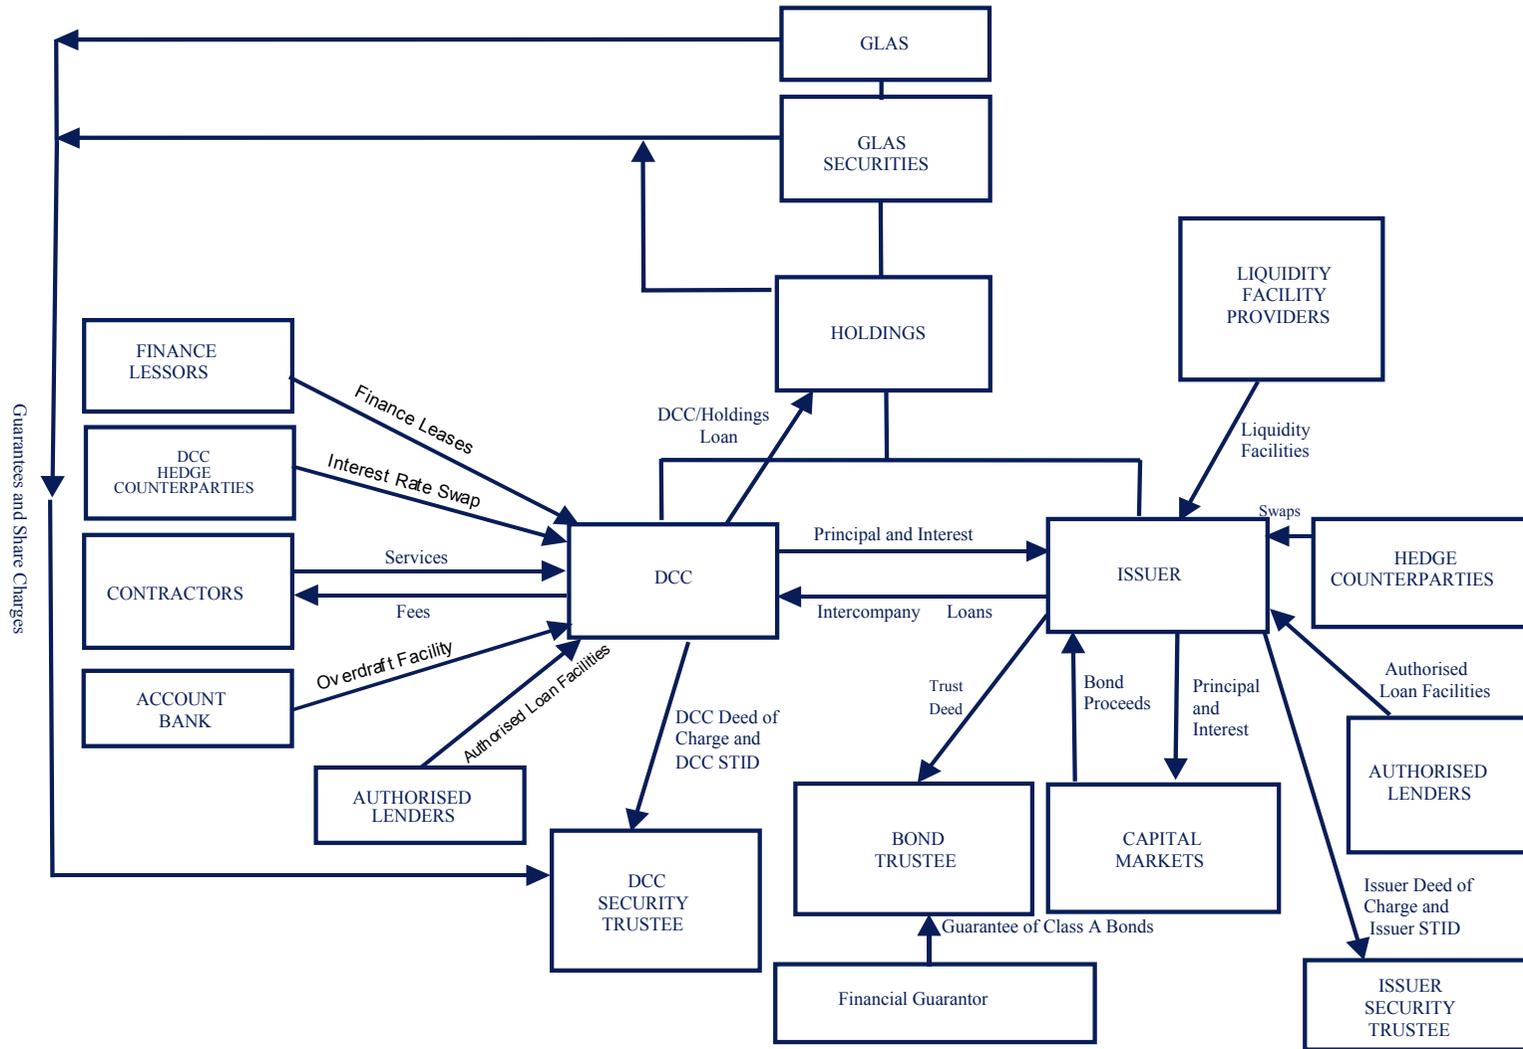

The WIA, as amended by the 2003 Water Act, contains provisions which create a new framework for competition in water supply, under which entrants wishing to use Undertakers' networks to transport water to customers (common carriage) or wishing to purchase wholesale water from Undertakers to "retail" to customers are required to obtain a water supply licence ("**Licensees**"). However, the new market is limited to customers using in excess of 50 megalitres of water per annum.

In addition, the provisions include a requirement on Undertakers to charge Licensees for common carriage and wholesale services in such a way as to meet the Government's objective of minimising the effect of competition on other customers' bills. Ofwat have published their formal guidance which sets out how they will apply these requirements in practice.

### ***Merger Regime***

A special merger regime operates in relation to the water industry. The Secretary of State has a duty to refer to the CC mergers or proposed mergers between two or more Undertakers where the annual appointed business turnover of either the target company or the acquirer exceeds £10 million. There are specific appraisal criteria for mergers between Undertakers which the CC is required to apply in order to determine whether the merger will operate against the public interest.

**FIGURE 1 – PROGRAMME STRUCTURE**

## CHAPTER 6 FINANCING STRUCTURE

Figure 1 provides an overview of the Programme, as follows:

- The Issuer may, from time to time, issue Class A Bonds (as to which scheduled principal and interest will be guaranteed by a Financial Guarantor), Class B Bonds, Class R Bonds, Class C Bonds and Class D Bonds.
- The Issuer will on-lend an amount equal to the equivalent in sterling of the gross proceeds of the issue of each Series of Bonds (other than the Class R Bonds) to DCC under the terms of an Intercompany Loan Agreement. There will be a separate Intercompany Loan Agreement for each Series and separate advances under each Intercompany Loan Agreement in respect of: (i) each different Sub-Class of Bonds issued in such Series; and (ii) additional liquidity provided under any Liquidity Facility Agreements specifically in respect of the Bonds of the relevant Series. There will also be a separate Intercompany Loan Agreement between DCC and the Issuer for the working capital and/or capital expenditure facilities provided to DCC via the Issuer through Authorised Loan Facilities. The amount of each such advance will reflect the corresponding amount of borrowing by the Issuer under the Bonds, the relevant Authorised Loan Facility or the relevant Liquidity Facility, as the case may be (see “*Intercompany Loan Agreements*” below).
- The Issuer’s obligations to pay principal and interest on, *inter alia*, the Bonds are intended to be met primarily from the payments of principal and interest received from DCC under each Intercompany Loan Agreement. (See “*Intercompany Loan Agreements*” and “*Additional Resources Available*” below.)
- The Issuer will hedge certain of its interest and/or currency exposures under the Bonds with the Hedge Counterparties in accordance with the agreed hedging policy (see “*Hedging Agreements*” below).
- The Issuer may draw under a Liquidity Facility to fund liquidity advances to DCC to meet any shortfall in the amounts available to DCC to meet interest payments, *inter alia*, on any advances under any term advance under any Intercompany Loan Agreement (a “**Term Advance**”) (other than Tranche D and subject to certain limits in respect of any advances made with the proceeds of Class C Bonds) and on any R Advances (as defined below) of the corresponding Intercompany Loan Agreement for that Series, which in turn will meet, to the extent available, any shortfall which would otherwise have arisen under the Class A Bonds, Class B Bonds, Class R Bonds and Class C Bonds (subject to certain limits in respect of the Class C Bonds) of such Series. (See “*Liquidity Facilities*” below.)
- DCC has and may enter into Authorised Loan Facilities directly with Authorised Lenders in respect of its further working capital and/or capital expenditure requirements. (See “*Additional Resources Available*”.)
- The Finance Lessors provide financing of equipment to DCC. DCC may enter into further DCC Finance Leases with Finance Lessors (which may or may not be the existing Finance Lessors).
- DCC has and may hedge certain of its interest rate and/or inflation exposures in respect of its obligations under the DCC Finance Leases.
- DCC will use its revenue flows to meet its operating costs, capital expenditure and obligations to the DCC Secured Creditors, including the Issuer, and other third party creditors.
- DCC’s obligations to the DCC Secured Creditors are secured, to the extent permitted by the WIA and its Instrument of Appointment under the WIA, and requirements thereunder, by the DCC Deed of Charge. (See “*DCC Deed of Charge*” below.)

- The obligations of DCC to the DCC Secured Creditors are guaranteed by the Guarantors. The guarantee obligations of each of Holdings, Glas Securities and Glas are secured by the Guarantor Security. (See “*Guarantor Security*” below.)
- The Issuer’s obligations to the Issuer Secured Creditors under, *inter alia*, the Bonds, the Trust Deed, each Liquidity Facility Agreement, each Hedging Agreement, each G&R Agreement, the Paying Agency Agreement, the Master Framework Agreement, the Issuer STID and any Authorised Loan Facilities made available to the Issuer are secured by the Issuer Deed of Charge and subject to the Issuer STID. (See “*Summary of Finance Documents*” under “*Issuer Deed of Charge*” and “*Issuer STID*” below and Chapter 7 “*Terms and Conditions of the Bonds*”.)

## SUMMARY OF INTERCREDITOR ARRANGEMENTS

*This section is intended to provide a brief summary of the Intercreditor Arrangements. The detailed provisions of the DCC STID and the Issuer STID are set out in more detail under “DCC STID” and “Issuer STID” in “Summary of Finance Documents”. The meaning of certain defined terms which are used in this section are set out under “Intercreditor Definitions” below. In order to simplify this summary of the Intercreditor Arrangements, throughout this section it is assumed that the Qualifying Debt Representative for the Class A Bonds is a Financial Guarantor. If there is an FG Event of Default, then the Qualifying Debt Representative for the Class A Bonds will be the Bond Trustee and the Intercreditor Arrangements will then apply to the Class A Bonds as they do to the Class B Bonds and Class R Bonds.*

### Overview of the Intercreditor Arrangements

The intercreditor arrangements in respect of the Issuer and DCC (the “**Intercreditor Arrangements**”) are contained in two security trust and intercreditor deeds (and each respectively, as amended, the “**Issuer STID**” and the “**DCC STID**”). The Intercreditor Arrangements bind the DCC Secured Creditors and the Issuer Secured Creditors (together the “**Intercreditor Parties**”). Any Additional Beneficiary of the DCC Security and the Guarantor Security will be required to accede to the DCC STID and any Additional Beneficiary of the Issuer Security will be required to accede to the Issuer STID (as in each case will certain other creditors of DCC and the Issuer). The Local Authority Loans (as defined below) are not subject to the Intercreditor Arrangements.

The purpose of the Intercreditor Arrangements is to regulate, *inter alia*: (i) claims of the Intercreditor Parties; (ii) the exercise and enforcement of rights by those parties; (iii) the rights of such parties to instruct the Issuer Security Trustee and the DCC Security Trustee (each a “**Security Trustee**” and together the “**Security Trustees**”); (iv) the rights of such parties during a Default Situation; (v) the entrenched rights and reserved matters of each Intercreditor Party; and (vi) the giving of consents and waivers and the making of amendments by the Intercreditor Parties.

The Intercreditor Arrangements provide for the ranking in point of payment of the Intercreditor Parties: (i) prior to the occurrence of a Standstill (see “*DCC Cash Management – Debt Service Payment Account*” and the Issuer Pre-Enforcement Payments Priorities set out in “*Issuer Cash Management*” below); (ii) during a Standstill (see “*DCC Cash Management – DCC Standstill Priority*” below and the paragraph preceding that heading); and (iii) following an acceleration under either of the DCC STID or the Issuer STID (see “*DCC Post-Enforcement Payments Priorities*” set out under “*DCC Cash Management*” and “*Issuer Post-Enforcement Payments Priorities*” set out under “*Issuer Cash Management*” below).

The Intercreditor Parties (other than, with respect to certain permitted voluntary terminations, the Finance Lessors and the Current DCC Hedge Counterparties in certain limited circumstances) do not have the right independently to accelerate their claims or take other enforcement action. The DCC Security Trustee is instructed by the Beneficiary Instructing Group (as defined below). The Issuer has assigned its rights under the DCC STID to the Issuer Security Trustee for itself and on behalf of the Issuer Secured Creditors under the Issuer Deed of Charge. The Issuer Security Trustee is instructed by the Issuer Instructing Group.

The Intercreditor Arrangements provide a regime for instructing the Issuer Security Trustee at the Issuer level and a regime for instructing the DCC Security Trustee at the DCC level. At the DCC level the Issuer Security Trustee votes on behalf of the Issuer proportionately according to the votes received at the Issuer level. In each case, the relevant Security Trustee will not be liable to any person in relation to actions taken or not taken by it and will not be obliged to take action unless indemnified and/or secured to its satisfaction.

The underlying principle of the Intercreditor Arrangements is, prior to a Default Situation, that the Class A Bonds and the Authorised Loan Facilities and, after a Default Situation, that the Class A Bonds, Class B Bonds, Class R Bonds and Authorised Loan Facilities at the Issuer level and the DCC Finance Leases,

Authorised Loan Facilities and Intercompany Loan Agreements at the DCC level shall have a potential vote (or be able to instruct) in respect of the outstanding principal amount of the relevant debt. Such votes may only be exercised through the relevant Qualifying Debt Representative (as defined below). This basic principle does not apply where a vote on an Intercreditor Issue involves a Basic Terms Modification (as defined in the Conditions), in which case the usual provisions for meetings in respect of the Bonds shall apply (see Condition 15(b)(i) in Chapter 7 “*Terms and Conditions of the Bonds*”). In the absence of a Default Situation (as defined below), a Qualifying Debt Representative (other than the Bond Trustee) may only vote or instruct if it has provided an Appropriate Indemnity. In a Default Situation there is no requirement on any DCC Secured Creditor or Issuer Secured Creditor to provide an Appropriate Indemnity to the relevant Security Trustee in order to exercise a vote or give instructions.

In order to facilitate timely decision-making prior to a Default Situation of the Bonds, only the Issuer Qualifying Debt Representative of the Class A Bonds instructs the Issuer Security Trustee.

However, at any time during a Default Situation, the Qualifying Debt Representative of the Class B Bonds and Class R Bonds in addition to the Qualifying Debt Representative of the Class A Bonds will have the right to vote and instruct the Issuer Security Trustee, subject to the other provisions of the Intercreditor Arrangements described below (See “*Bondholder Meetings on Intercreditor Matters in a Default Situation*” below). The Issuer and any affiliates have no right to vote or instruct the Issuer Security Trustee in respect of any Class R Bonds held by them.

Accordingly, prior to a Default Situation, the Class B Bonds and Class R Bonds are not entitled to be represented in the Issuer Instructing Group; however, the Issuer and Holdings have each covenanted to use their reasonable endeavours to ensure that at all times there is a Qualifying Debt Representative at the Issuer level who is a Financial Guarantor, in order to ensure there is an Issuer Qualifying Debt Representative which is able to provide instructions in a timely manner to the Issuer Security Trustee.

The Intercreditor Arrangements provide that, in approving any disposal of any assets secured by the Guarantor Security, those DCC Secured Creditors making up the Beneficiary Instructing Group or, as the case may be, those Issuer Secured Creditors making up the Issuer Instructing Group, shall be subject to the same duties as would apply in equity to any receiver or mortgagee of those secured assets.

### **Intercreditor Arrangements at the Issuer Level**

The Issuer Security Trustee is instructed by the Issuer Instructing Group. Prior to a Default Situation, the Issuer Instructing Group is constituted by the Issuer Qualifying Debt Representatives of the Class A Bonds and any Authorised Loan Facilities (but not the Liquidity Facility Agreements or any Hedging Agreements (as defined below)) provided that the relevant Qualifying Debt Representative (other than the Bond Trustee) has provided an Appropriate Indemnity to the Issuer Security Trustee. After a Default Situation, the Issuer Instructing Group may be constituted, *inter alios*, by the Qualifying Debt Representative of the Class A Bonds, the Class B Bonds and the Class R Bonds. Class C Bonds and Class D Bonds may only be represented by the Bond Trustee in the Issuer Instructing Group where there is no Qualifying Debt Representative in respect of the Class A Bonds, Authorised Loan Facilities, Class B Bonds or Class R Bonds (and, in the case of the Class D Bonds, the Class C Bonds) able to constitute an Issuer Instructing Group.

The Issuer Instructing Group instructs the Issuer Security Trustee on the basis of one vote for each £1 of their IIG Outstanding Principal Amount (as defined below) at the time the vote is taken. A Financial Guarantor may vote in respect of the IIG Outstanding Principal Amount of the Bonds guaranteed by such Financial Guarantor, provided it is at the relevant time the Issuer Qualifying Debt Representative in respect of such Bonds. (See also “*Bondholder Meetings on Intercreditor Matters in a Default Situation*” below.)

At the Issuer level, the Issuer Security Trustee acts upon the instructions of the Issuer Qualifying Debt Representative(s) who constitute(s) (either singly or together) more than 50 per cent. of the aggregate IIG Outstanding Principal Amount of the Qualifying Debt. At the DCC level, the Issuer Security Trustee as DCC

Qualifying Debt Representative of the Issuer casts the votes of the Issuer Instructing Group proportionately (see “*Intercreditor Arrangements at the DCC Level*” below).

### **Intercreditor Arrangements at the DCC Level**

The DCC Security Trustee acts as trustee on behalf of the DCC Secured Creditors in connection with the DCC Security and the Guarantor Security. In such capacity, the DCC Security Trustee has agreed that it will exercise any right (other than entrenched rights and reserved matters) which it may have in respect of the DCC Transaction Documents only as directed by the Beneficiary Instructing Group.

The definition of Qualified DCC Secured Creditor determines who is able to constitute the Beneficiary Instructing Group. The Issuer Security Trustee represents the Issuer as part of the Beneficiary Instructing Group and splits its portion of the aggregate BIG Outstanding Principal Amount of the Qualified DCC Secured Creditors into separate £ for £ amounts (each a “**Proportion**”), and each representing the votes/instructions received by the Issuer Security Trustee from the respective members of the Issuer Instructing Group. The Issuer Security Trustee will not have a vote in respect of any Issuer Secured Creditors who were not holders of Qualifying Debt or otherwise did not vote or instruct the Issuer Security Trustee as part of the Issuer Instructing Group.

It should be noted that, prior to a Default Situation, only the Qualifying Debt Representative of the Class A Bonds and the Authorised Lenders to the Issuer are capable of constituting a Proportion.

The DCC STID provides that the DCC Security Trustee will take action only when it has received instructions from a Beneficiary Instructing Group.

### **Bondholder Meetings on Intercreditor Matters in a Default Situation**

In a Default Situation, the Class B Bonds and Class R Bonds will be represented by the Bond Trustee as Qualifying Debt Representative who may convene a meeting of Bondholders (which will be a single meeting of the holders of the Class B Bonds and Class R Bonds) to consider any matter. The Intercreditor Arrangements provide that no such Bondholder meeting will be convened if, within three business days of the Bond Trustee serving notice on the relevant Security Trustee of its intention to convene such a meeting, the relevant Security Trustee confirms that it has already received instructions for or against the relevant matter from more than 50 per cent. of the Intercreditor Parties that could form part of the Issuer Instructing Group or Beneficiary Instructing Group, as the case may be (a “**Confirmation of Instruction**”). If the Bond Trustee receives a Confirmation of Instruction at any time before the day of the relevant Bondholder meeting, it shall notify the Bondholders that the meeting will be cancelled. The Conditions of the Bonds also make provision for Bondholder committees to be constituted (see Chapter 7 “*Terms and Conditions of the Bonds – Condition 15*”).

### **Emergency Instruction Procedure**

During a Default Situation, certain decisions and instructions may be required in a timeframe which does not provide a sufficient period in which to convene Bondholder meetings. To cater for such circumstances, the Intercreditor Arrangements provide for an emergency instruction procedure. The relevant Security Trustee will be required to act upon instructions contained in an emergency notice (an “**Emergency Instruction Notice**”). An Emergency Instruction Notice must be signed by the Qualifying Debt Representatives (the “**EIN Signatories**”) representing more than 66⅔ per cent. of the aggregate BIG Outstanding Principal Amount of the Qualified DCC Secured Creditors, after excluding the proportion in respect of which the Qualifying Debt Representative is a Bond Trustee who is unable to give an instruction (or exercise a vote) on the matter which is the subject of the Emergency Instruction Notice without convening a Bondholder meeting. The Emergency Instruction Notice must specify the emergency action which the relevant Security Trustee is being instructed to take and must certify that, unless such action is taken before the date on which a resolution of Bondholders

could first be obtained, the interests of the Qualified DCC Secured Creditors (as defined below) represented by the EIN Signatories will be materially prejudiced.

### **Entrenched Rights, Reserved Matters and Standstill**

The Intercreditor Arrangements are subject to certain entrenched rights and reserved matters. Each DCC Secured Creditor and each Issuer Secured Creditor has certain entrenched rights which cannot be exercised without the consent of the person having such entrenched right (see “*DCC STID – Entrenched Rights*” and “*Issuer STID – Entrenched Rights of Issuer Secured Creditors*” below), and certain reserved matters which such person is free to exercise, notwithstanding the Intercreditor Arrangements.

The Intercreditor Arrangements at the DCC level are modified during a Standstill, in particular in respect of terminating the Standstill Period (see “*DCC STID – Standstill*” below).

## SUMMARY OF FINANCE DOCUMENTS

### Intercompany Loan Agreements

The Issuer has on-loaned or will on-lend an amount equal to the sterling equivalent of the gross proceeds of issue of each Sub-Class of Bonds of each Series (or, in the case of Class R Bonds, the proceeds of sale of such Sub-Class) to DCC under the terms of an intercompany loan agreement (each such agreement an “**Intercompany Loan Agreement**”). Such issue proceeds and each drawing under each Authorised Loan Facility available to the Issuer or, in certain circumstances, Liquidity Facility has or will be used to fund a separate corresponding advance under the corresponding Intercompany Loan Agreement. All advances to be made by the Issuer under each Intercompany Loan Agreement have been or will be in sterling and at rates of interest set out in the relevant Final Terms, Authorised Loan Facility, or applicable Liquidity Facility or, if hedged in accordance with the hedging policy (see “*Hedging Agreements*” below) at the hedged rate plus, in each case, a margin. An advance under an Intercompany Loan Agreement will generally be repayable or prepayable by DCC in the same circumstances as the Issuer is obliged to repay or prepay principal in respect of the relevant Bonds, Authorised Loan Facility or, as applicable, Liquidity Facility the issue or drawdown proceeds of which were used to fund that advance.

All payments of principal and interest under an Intercompany Loan Agreement are to be made free and clear of, and without withholding or deduction for, tax, if any, applicable to such payments in the United Kingdom or any other jurisdiction unless such withholding or deduction is required by law. In that event, DCC will be obliged to pay such additional amounts as will result in the receipt by the Issuer of such amounts as would have been received by it if no such withholding or deduction had been required.

Each Intercompany Loan Agreement is or will be subject to the Common Terms Agreement which sets out, *inter alia*, the representations and warranties, covenants and events of default or termination events which apply to DCC under, *inter alia*, each Intercompany Loan Agreement and in the case of Holdings, Glas and Glas Securities, the representations and warranties, covenants and enforcement events under the DCC Security Documents to which they are a party (see “*Common Terms Agreement*” below).

### Holdings/DCC Loan Agreement

On the Initial Issue Date, DCC entered into an agreement with Holdings pursuant to which DCC made advances to Holdings (the “**Holdings/DCC Loan Agreement**”) in an aggregate amount not exceeding £459 million to enable Holdings to pay the cash consideration payable by Holdings to Hyder Utilities (Holdings) Limited and Hyder Securities (Utilities) Limited as consideration for the acquisition by Holdings of all the issued shares in DCC. Holdings does not have resources with which to repay the Holdings/DCC Loan Agreement other than the DCC dividends paid to Holdings.

The Holdings/DCC Loan Agreement will be repayable in full (including all accrued interest, deferred interest, deferred increased costs and other fees and charges) on the later to occur of (i) 31 March 2035 and (ii) the date which is two years and one day after the final maturity date of the longest dated Bond issued from time to time by the Issuer. As at 31 March 2006 Holdings owed DCC £370.5 million under the Holdings/DCC Loan Agreement.

### Common Terms Agreement

Each of the Finance Lessors, the Account Bank, the DCC Security Trustee, DCC, the Issuer, Holdings, Glas Securities and Glas, among others, entered into a common terms agreement on the Initial Issue Date (as amended, the “**Common Terms Agreement**”). Certain additional DCC Finance Lessors and the Current DCC

Hedge Counterparties have subsequently acceded to the Common Terms Agreement. The Common Terms Agreement sets out the representations, warranties, covenants (positive, negative and financial) and events of default which apply to each Intercompany Loan Agreement, each Authorised Loan Facility available to DCC, the Finance Leases (each as supplemented and amended thereby), the DCC Security Documents (as defined below) and each other agreement between or in respect of DCC and any of the Issuer, the DCC Finance Lessors, any Authorised Lender, any DCC Hedge Counterparty, the Account Bank, the DCC Security Trustee, the Standstill Cash Manager and any Additional Beneficiary as defined therein (the “**DCC Secured Creditors**”). The Common Terms Agreement also sets out the cash management arrangements applying to DCC (see “*DCC Cash Management*” below) for so long as there has been no acceleration of liabilities against DCC or for so long as no Standstill Period subsists. It is a requirement of the Common Terms Agreement that certain future providers of Permitted Indebtedness (as defined below) must also accede to the Common Terms Agreement.

A summary of the representations, warranties, covenants and events of default included in the Common Terms Agreement is set out below.

#### **DCC Representations and Warranties**

On each Issue Date and each DCC Payment Date, DCC makes a number of representations and warranties in respect of itself to the DCC Secured Creditors which are customary in facilities of this sort, including (subject to agreed exceptions and qualifications as to materiality and reservations of law) as to corporate capacity, the binding nature of its obligations, the ranking of its obligations, the absence of security over its assets, the obtaining of relevant consents and approvals, the maintenance of insurance, there being no breach under the Instrument of Appointment and certain contracts to which it is party and the preparation of accounts being in accordance with applicable accounting standards.

“**DCC Security Documents**” means the DCC STID, the DCC Deed of Charge, the Holdings Deed of Charge, the Glas Securities Deed of Charge and the Glas Deed of Charge and any other document agreed by DCC and the DCC Security Trustee to be a DCC Security Document.

“**DCC Transaction Documents**” includes the Common Terms Agreement, the DCC Security Documents, the Intercompany Loan Agreements, DCC’s Authorised Loan Facilities, the DCC Finance Leases and related agreements (including the Supply Agreements, as defined below), the DCC Hedge Documents, the Holdings/DCC Loan Agreement, the DCC Account Bank Agreement and related bank mandates in respect of the DCC Accounts, the facility letter in respect of the Overdraft Facility (as defined below) and any relevant documents entered into by DCC with any Additional Beneficiaries.

“**Material Entity Event**” means certain defaults under certain material contracts in respect of a counterparty to such contracts including non-payment, misrepresentation, breach of obligation, insolvency events, failure to comply with final judgement, illegality and non-compliance where, in each case, such default would be reasonably likely to have a Material Adverse Effect (as defined below).

#### **Guarantor Representations and Warranties**

Each of Holdings, Glas Securities and Glas (as applicable) also give certain customary representations and warranties in favour of the DCC Secured Creditors on each Issue Date and on each DCC Payment Date including (subject to agreed exceptions and qualifications as to materiality and reservations of law) as to corporate capacity, the binding nature of its obligations, the ranking of its obligations, the absence of security over its assets and the obtaining of relevant consents and approvals.

#### **DCC Covenants – positive**

Subject to agreed exceptions and materiality qualifications, DCC gives certain covenants in favour of the DCC Secured Creditors, including customary covenants relating to maintenance of legal validity and legal status, maintenance of its insurances, compliance with environmental laws and maintenance of any necessary environmental permits, compliance with DCC’s obligations with respect to cash management, notification of

potential DCC Events of Default and DCC Events of Default, ranking of claims, compliance with consents and approvals necessary for the conduct of its business (including the leasing of the Equipment (as defined below)), notification of material litigation, timely payment of outgoings and taxes, the preparation of accounts and adequacy of systems, further assurance, perfection and protection of security interests under the DCC Security Documents. In addition, DCC undertakes, *inter alia*, to:

- notify the DCC Security Trustee, the Issuer Security Trustee, the other DCC Secured Creditors and the Issuer Secured Creditors other than the Bond Trustee in writing of the occurrence of:
  - any Potential Trigger Event, Trigger Event, potential DCC Event of Default or DCC Event of Default;
  - any event which would reasonably be expected to give rise to a material claim; or
  - any other event which has a Material Adverse Effect,

in each case as soon as reasonably practicable upon becoming aware of such event;

“**Material Adverse Effect**” means a material adverse effect (taking into account the timing and availability of any rights and remedies under the WIA or the Instrument of Appointment) on (a) the business, operations, property or financial condition of DCC; or (b) the ability of DCC to perform its obligations under the DCC Transaction Documents, certain material contracts or the Instrument of Appointment; or (c) the validity or enforceability of the DCC Transaction Documents, certain material contracts, or the rights or remedies of the DCC Secured Creditors or DCC thereunder; or (d) the ability of DCC to carry on the business of a water and sewerage undertaker.

  - the balance on the Debt Service Payment Account on the required date is not less than the required debt service payment account balance for the time being;
  - the backward looking and forward looking ICR is greater than or equal to 2.0:1 after taking into account the effect of the proposed Restricted Payment;

- the RAR is less than or equal to 0.90:1 after deducting the proposed Restricted Payment from available cash;
- no Standstill is continuing; and
- no Potential DCC Event of Default, DCC Event of Default, Potential Trigger Event or Trigger Event is subsisting;

“**Restricted Payment**” means (i) any dividend or distribution by DCC (other than, *inter alia*, any dividends paid to Holdings which are effectively set off under the Holdings/DCC Loan Agreement so that on a net basis no payment of cash is made by DCC to Holdings), (ii) the payment of any rebate to any customer of DCC made by or on behalf of DCC and (iii) any revenue of DCC voluntarily foregone by it as a result of setting charges below those allowed under its price cap as determined from time to time.

- ensure that it has adequate financial and management resources to enable it to discharge its core obligations under the Instrument of Appointment and under the DCC Transaction Documents and, in respect of performance obligations which are passed down to certain material Contractors, it has retained sufficient control to discharge its obligations under the Instrument of Appointment and the DCC Transaction Documents;
- enter into and comply with hedging arrangements in accordance with the agreed hedging policy;
- ensure that the nature of its business is limited to performing the functions of a water and sewerage undertaker as defined in the WIA (the “**Permitted Business**”);
- operate, maintain and conduct its business in accordance with, *inter alia*, the Instrument of Appointment, the WIA and its constitutional documents;
- procure that any future outsourcing contracts comply with public procurement rules and that they shall comply with the Outsourcing Policy;

“**Outsourcing Policy**” means the schedule of provisions and procedures to be applied by DCC in the course of procuring and entering into any further outsourcing agreements, to be reviewed and amended from time to time in accordance with DCC’s Procurement Plan (as defined below) and good industry practice.

- use its reasonable endeavours (to the extent it is within its control to do so) to maintain the shadow credit rating of the Class A Bonds and the credit rating of the Class B Bonds and Class R Bonds at investment grade or better with any two of the Rating Agencies; and
- in the event that any of the Local Authority Loans becomes, pursuant to its terms, capable of being declared due and payable prior to its scheduled payment date, DCC shall, within the agreed time period or, if earlier, by no later than the day on which such Local Authority Loan is declared to be due and payable, repay such Local Authority Loan in full.

“**Local Authority Loans**” means the local authority loans referred to in “*Additional Resources Available*” below.

In respect of each of the above covenants requiring any action or discretion on the part of the DCC Security Trustee, the DCC Security Trustee only acts under instructions of the Beneficiary Instructing Group in accordance with the DCC STID.

### **DCC Covenants – negative**

Subject to agreed exceptions and materiality qualifications, DCC undertakes, among other things, not to:

- change its tax residence from the United Kingdom or (unless otherwise permitted under the DCC Transaction Documents) surrender any tax losses or allowances on other than arm's length terms;
- permit or agree to any suspension or abandonment of all or a material part of its business except in accordance with the provisions of the WIA;
- create or permit to subsist any encumbrance over all or any of its present or future revenue, leased Equipment or assets other than a Permitted Encumbrance. "**Permitted Encumbrances**" include: (a) specified existing encumbrances; (b) certain encumbrances over after-acquired assets which are discharged within the agreed time or in respect of which the holder becomes a party to the DCC STID; (c) encumbrances under finance leases and similar agreements where the counterparty becomes a party to the DCC STID; (d) certain encumbrances arising in favour of the Account Bank; and (e) any other encumbrances (not within the specified categories of Permitted Encumbrances) provided that the aggregate principal amount secured by such encumbrances does not exceed £10,000,000 (indexed) and provided further that, in the case of any encumbrance under (a), (b), (c), (d) or (e) above, such encumbrance does not contravene the WIA, the Instrument of Appointment or any requirements thereof;
- make any loans, grant any credit or other financial accommodation or give any guarantee to or for the benefit of any person or otherwise voluntarily assume any liability in respect of any obligation of any other person (except under the Holdings/DCC Loan Agreement and certain other agreed exceptions) other than Permitted Indebtedness (as defined below) provided that no DCC Event of Default or Potential DCC Event of Default is subsisting at the time such Permitted Indebtedness is proposed to be made or would result from such indebtedness;
- incur, create or permit to subsist or have outstanding any indebtedness for borrowed money other than Permitted Indebtedness. "**Permitted Indebtedness**" includes indebtedness for borrowed money incurred (a) which ranks *pari passu* with Advances made under an Intercompany Loan Agreement from the proceeds of issue of Class A, Class B, Class R or Class C Bonds, if the financial ratio tests in respect of the raising of new debt described in "*DCC Covenants – Financial*" below would be met after incurring such indebtedness or, if they would not be met, the additional requirements in respect of the raising of new debt described in "*DCC Covenants – Financial*" would be met and (b) which is subordinated either pursuant to the Issuer STID (or the DCC STID in relation to any indebtedness under the Intercompany Loan Agreements) such that it ranks subordinate to any Class C Bonds or, as the case may be, any advance made under an Intercompany Loan Agreement from the proceeds of issue of Class C Bonds;  
  
"**DCC Finance Leases**" means the Finance Leases, together with any other finance leases entered into by DCC in respect of plant, machinery and/or equipment as permitted by the Common Terms Agreement and the DCC STID;
- make any disposal of the whole or any part of its revenues or its assets, leased Equipment or its business or undertaking other than Permitted Disposals. "**Permitted Disposals**" includes certain disposals, *inter alia*, (a) on arm's length terms of assets in the ordinary course of trade or in connection with arm's length transactions entered into for bona fide commercial purposes for the benefit of the Permitted Business, (b) of obsolete or surplus assets, (c) of protected land made in accordance with the Instrument of Appointment, (d) of leased Equipment pursuant to a DCC Finance Lease, (e) provided that the consideration received by DCC in respect of the relevant disposal when aggregated with all other disposals by it made in the immediately preceding twelve month period does not exceed 2.5 per cent. of RAV (as defined below) for the time being and (f) that are Restricted Payments which are permitted to be made;

- merge or consolidate with any other person or participate in any other type of corporate reconstruction without the prior written consent of the DCC Security Trustee (acting on the instructions of the Beneficiary Instructing Group) and, other than Permitted Acquisitions, acquire any shares, assets, leased Equipment or form or enter into any partnership, consortium, joint venture or other like arrangement. “**Permitted Acquisitions**” will include acquisitions of assets made (a) in the ordinary course of trade or in connection with arm’s length transactions entered into for bona fide commercial purposes in furtherance of DCC’s statutory obligations, (b) in accordance with the agreed capital expenditure plan and (c) to replace surplus or obsolete assets;
- to the extent its agreement is required for the same, agree any variation to the Instrument of Appointment which would reasonably be expected to have a Material Adverse Effect;
- unless permitted under the DCC STID and the Common Terms Agreement pay, prepay or repay or defease, exchange or purchase any amount under any loan or other indebtedness subordinated to its obligations under the DCC Transaction Documents or redeem or repurchase any of its share capital;
- enter into any treasury transaction which is not a Permitted Treasury Transaction. A “**Permitted Treasury Transaction**” includes (a) a transaction entered into accordance with the agreed hedging policy, and (b) certain foreign exchange transactions entered into in the ordinary course of business;
- dispose of assets on a sale and leaseback basis or any of its receivables on recourse terms or in relation to a securitisation (except for factoring and the discounting of bills and notes in the ordinary course of its business) unless the resulting indebtedness is Permitted Indebtedness and provided that, in any such case, the consideration in respect of such sales, leases, transfers or disposals is received in cash payable in full at the time and does not exceed the agreed threshold in aggregate at any time; or
- have greater than 20 per cent. of its aggregate nominal outstanding external indebtedness for borrowed money fall due for scheduled final repayment within any 24 month period.

Other covenants (subject to agreed exceptions and materiality qualifications) given by DCC include covenants relating to the operation and abandonment of its business, not to create or acquire subsidiaries, not to enter into any arrangement or contract with any of its affiliates or any entity otherwise than on arms’ length terms, not to amend its constitutional documents, certain material contracts, or the Instrument of Appointment, and not to compromise or settle any material claim without prior notification to the DCC Security Trustee, the other DCC Secured Creditors and the Issuer Secured Creditors.

DCC is required periodically to certify to the DCC Secured Creditors and indirectly to the Issuer Secured Creditors whether it is in compliance with its obligations under the DCC Transaction Documents (and whether a DCC Event of Default or potential DCC Event of Default has occurred). The DCC Security Trustee and the Issuer Security Trustee shall not be responsible for monitoring such compliance by DCC except, in the case of the Issuer Security Trustee (in its role as Qualifying Debt Representative), by means of receipt from DCC of such certificates of compliance pursuant to the provisions of any Intercompany Loan Agreement and shall be entitled to assume until receipt of express notice to the contrary that no such breach, DCC Event of Default or potential DCC Event of Default has occurred.

In particular, where a DCC Event of Default, covenant, representation or warranty refers to Material Adverse Effect, material adverse change, materiality or like terminology, the DCC Security Trustee and the Issuer Security Trustee (including in its role as Qualifying Debt Representative) will not determine such matters (or the absence thereof). The Issuer Instructing Group or the Beneficiary Instructing Group (as the case may be) may instruct the Issuer Security Trustee or the DCC Security Trustee (as applicable) whether any such breach by DCC, DCC Event of Default or potential DCC Event of Default has occurred. The Issuer Security Trustee or the DCC Security Trustee shall be bound to act on such instructions in accordance with the Issuer STID or DCC STID (as the case may be). Where the Issuer Instructing Group consists of the Bond Trustee acting on behalf of the relevant Bondholders as referred to in the Issuer STID, the Bond Trustee will not determine

Material Adverse Effect, material adverse change, materiality or like terminology, but will instead seek that such determination be made by such relevant Bondholders by means of an Extraordinary Resolution (see Condition 3(h) in Chapter 7 under “*Terms and Conditions of the Bonds*”).

#### **DCC Covenants – Financial**

Among the covenants which DCC makes in favour of the DCC Secured Creditors under the Common Terms Agreement, DCC also undertakes to maintain certain financial ratios and take certain actions in the event that such financial ratios fall below specified levels.

The two key financial ratios which DCC is required to comply with are as follows:

##### *Interest Cover Ratio*

The interest cover ratio (“**ICR**”) is calculated on a backward-looking basis for the previous financial year and projected on a forward-looking basis for the current financial year and for each future financial year until the next periodic review. DCC is required to maintain each of these backward-looking and forward-looking ratios at a level of at least 1.6:1. This ratio comprises the amount of Net Cash Flow (as defined below) from operations for a financial year to the amount of Net Debt Service (as defined below) for the relevant financial year.

##### *Regulated Asset Ratio*

The regulated asset ratio (“**RAR**”) is also calculated on a backward-looking basis as at the previous financial year end and projected on a forward-looking basis for each financial year end date until the next periodic review. Each of these ratios is subject to a maximum level of 0.95:1 which DCC covenants to maintain. This ratio represents Total Net Indebtedness (as defined below) of the Glas Group (other than Class D Bonds) as at a date to RAV as at such date.

“**Calculation Date**” means each 31 March and 30 September in each year.

“**Net Debt Service**” means, in relation to a financial year, an amount equal to the aggregate of all interest payable on the Issuer’s obligations under and in connection with the Class A Bonds, the Class B Bonds and the Class R Bonds (together “**Senior Bonds**”), DCC’s obligations under and in connection with the DCC Finance Leases and any other senior debt of any member of the Glas Group during such financial year less all indexation on any such liabilities to the extent included in the interest payable on such liabilities during such financial year, all interest receivable by any member of the Glas Group from a third party during such financial year except to the extent included in Net Cash Flow and excluding amortisation of the costs of issue of any Senior Bonds for such financial year.

“**Net Cash Flow**” means, in respect of a financial year, an amount equal to the actual pre-tax operating profit (after adding back depreciation, any exceptional items, any customer rebates, any infrastructure renewals charge and any impairment of fixed assets written off and deducting any amortisation of fixed asset grants and contributions (as such terms are used in, and each case calculated in accordance with the methodology used in, the most recent financial statements of the Glas Group)) of the Glas Group (on a consolidated basis) for such financial year.

“**RAV**” means, in relation to a Calculation Date, the regulated asset value for such Calculation Date as last determined by Ofwat (interpolated as necessary) and adjusted as appropriate for out-turn inflation “**Total Net Indebtedness**” means, as at any date, all the Issuer’s nominal debt outstanding under and in connection with the Bonds (excluding any Class D Bonds) and any other indebtedness for borrowed money of the Glas Group (on a consolidated basis) including all principal indexation on any such liabilities which are indexed together with any accrued but unpaid interest but after adding back any costs of the issue of or premia associated with the Bonds (excluding any Class D Bonds) (to the extent such costs or premia are not already included in the nominal debt outstanding under and in connection with the Bonds) and less cash (excluding an amount equal to any customer rebate declared by DCC for the following year to the extent that there are funds in the Customer Payment Account to pay such a rebate) and cash investments.

Both the ICR and the RAR relate to the Glas Group on a consolidated basis and are required to be calculated on a backward-looking basis and projected on a forward-looking basis on each Calculation Date.

If the ICR falls below 1.75:1 or the RAR rises above 0.925:1 then DCC is required to apply to the WSRA for an interim determination on any available grounds (see Chapter 5 “*Water Regulation*” under “*Interim Determinations of K*” for further details on Interim Determinations).

Whenever DCC seeks an Interim Determination or there is a periodic review, it must apply to the WSRA for a determination which will allow it to maintain a minimum credit rating in the A category for Class B and Class R Bonds and a minimum “shadow” credit rating in the A category for Class A Bonds.

There is flexibility to alter the ratio threshold levels and the minimum and maximum levels specified above for these financial ratios with the agreement of the DCC Security Trustee and additionally provided that two of the Rating Agencies confirm that the alteration will not lead to a downgrade of the rating for any of the Bonds (other than Class D Bonds) below their respective ratings on the date of their original issue.

DCC is not permitted to raise new debt (other than debt which is subordinate to Class C Bonds) unless it meets certain ratio tests (subject to an exception). To raise new senior debt, the RAR and Senior RAR (as defined below and each calculated on the basis of taking into account such proposed senior debt) must be equal to or less than the levels specified in the tables below for the current and each future financial year until the next periodic review. To raise new debt ranking *pari passu* with Class C Bonds (calculated on the basis of taking into account such proposed debt), the RAR must be equal to or less than the levels specified in the relevant table below for the current and each future financial year until the next periodic review.

**Maximum Senior RAR (%) at 31 March**

2006	2007	2008	2009	2010	After 2010
76.0	75.5	75.5	75.0	75.0	75.0

**Maximum RAR (%) at 31 March**

2006	2007	2008	2009	2010	After 2010
87.5	87.5	87.0	87.0	86.5	86.0

If these ratio levels would be breached, DCC is only permitted to raise new debt if:

- two of the Rating Agencies confirm that the raising of the proposed new debt will not result in any Bonds (other than any Class D Bonds) being rated below the rating at the time the Bonds were issued; and
- the consent of the DCC Security Trustee to the raising of the proposed new debt has been obtained.

“**Senior RAR**” means the ratio of Senior Total Net Indebtedness to RAV.

“**Senior Total Net Indebtedness**” means, as at any date, all the Issuer’s nominal debt outstanding under and in connection with the Senior Bonds and DCC’s nominal debt outstanding under and in connection with the DCC Finance Leases and any other senior debt including all principal indexation on any such liabilities which are indexed together with any accrued but unpaid interest but after adding back any costs of the issue of or premia associated with the Senior Bonds (to the extent such costs or premia are not already included in the nominal debt outstanding under and in connection with the Senior Bonds) and less cash (excluding an amount equal to any customer rebate declared by DCC for the following year to the extent that there are funds in the Customer Payment Account to pay such a rebate) and cash investments.

### **Guarantor Covenants**

Under the Common Terms Agreement, each Guarantor covenants in favour of the DCC Secured Creditors, *inter alia*, to provide the DCC Security Trustee, the other DCC Secured Creditors and the Issuer Secured Creditors with certain financial and other information, to pay all taxes due in a timely manner, to comply with all laws, all DCC Transaction Documents to which it is a party and to notify the DCC Security Trustee of any potential DCC Event of Default or DCC Event of Default under the Common Terms Agreement of which it becomes aware. In addition, each Guarantor covenants, *inter alia*, not to carry on any business other than that of a holding company (provided that Holdings is permitted to enter into and perform its obligations under the Holdings/DCC Loan Agreement), incur any liabilities, permit any encumbrance to subsist or have any employees or premises (subject to such exceptions as may be required to enable Glas or, as the case may be, Glas Securities to conduct its permitted business) or acquire or establish any further subsidiaries (excluding in the case of Glas any subsidiaries (“**Relevant Subsidiaries**”) as may be required for the sole purpose of (i) acquiring Bonds of any Class issued from time to time by the Issuer after the Initial Issue Date and issuing preference shares to any person and/or subscribing for preference shares issued by another Relevant Subsidiary; and (ii) entering into documentation relating to the same (including put and call options with any holder of any preference shares or any trustee on behalf of such holder)).

### **Trigger Events**

The Common Terms Agreement also sets out certain trigger events (the “**Trigger Events**”), the occurrence of which will enable the DCC Security Trustee, acting on the instructions of a Beneficiary Instructing Group, to require DCC to take certain remedial action. The specific Trigger Events and the consequences which flow from the occurrence of those events (the “**Trigger Event Consequences**”, as described more particularly at “Trigger Event Consequences” below) are summarised below.

### **Trigger Events**

The occurrence of any of the following events is a Trigger Event for the purposes of the DCC STID:

(1) *ICR and RAR*

On any Calculation Date:

- (i) the ICR for the previous financial year or for any financial year up to the next periodic review is or is estimated to be less than 2.0:1;
- (ii) the RAR for the previous financial year or for any financial year up to the next periodic review is or is estimated to be more than 0.90:1; or
- (iii) the ICR (adjusted to deduct actual or planned capital maintenance expenditure from the numerator) is less than 1:1.

See “*DCC Covenants – Financial*” above for further details of the financial ratios referred to above.

(2) *Credit Rating Downgrade*

- (i) the shadow credit rating of the Class A Bonds by any two of the Rating Agencies falls to BBB, Baa2 or BBB respectively or below;
- (ii) the credit rating of the Class B Bonds or Class R Bonds by any two of the Rating Agencies falls to BBB, Baa2 or BBB respectively or below; or
- (iii) the credit rating of the Class C Bonds by any two of the Rating Agencies falls below investment grade.

Each credit rating referred to above is the “**Trigger Credit Rating**” for the relevant Class of Bonds.

(3) *Debt Service Payment Account Shortfalls*

The failure to maintain the required credit balance in the Debt Service Payment Account on the required day.

(4) *Material Deviation in Projections*

On any Calculation Date, the estimated actual capital expenditure over any five-year period between periodic reviews exceeds the capital expenditure for that period assumed by the WSRA in the last periodic review in respect of DCC by 10 per cent. or more.

In each case, deviations resulting from variances in real construction prices from assumed construction prices or additional capital expenditure incurred or to be incurred in respect of items for which DCC is entitled to make an application for an Interim Determination shall be ignored for the purposes of determining if the 10 per cent. threshold deviation level has been breached.

(5) *Capex Reserve Shortfalls*

As at any Calculation Date, the aggregate of (i) the amount credited to the Reserves Account and (ii) the undrawn commitment under (a) Tranche R2 under the Intercompany Loan Agreement entered into on the Initial Issue Date and any replacement or supplemental facility provided for capital expenditure under any further Intercompany Loan Agreement and (b) any Authorised Loan Facility made available to DCC for capital expenditure ((i) and (ii) together, the “**Capex Reserve Facility Amount**”) is less than the amount (the “**Net Capex Requirement**”) equal to the difference between (x) the forecast capital expenditure requirement of DCC for the twelve months following such Calculation Date and (y) the amount of operating cashflow forecast as at such Calculation Date to be available to fund such capital expenditure during such twelve month period and the Capex Reserve Facility Amount is less than the Net Capex Requirement on the date which is two months after such Calculation Date.

(6) *Drawdown on Liquidity Facility*

The Issuer draws down under any Liquidity Facility (except for the purpose of making a Standby Drawing).

(7) *Enforcement Orders*

The making of any Enforcement Order (as defined in the WIA) under Part II, Chapter II of the WIA against DCC which would reasonably be expected to lead to the loss of the Instrument of Appointment, Licence or a material fine being levied against DCC.

(8) *Circumstances leading to a Special Administration Order*

Any indication arising from notices and/or correspondence issued by, or during correspondence with, Ofwat or any other circumstance of which DCC is aware that would reasonably be expected to lead to an application by the WSRA or the Assembly for a special administration order to be made in respect of DCC.

(9) *Termination of Instrument of Appointment*

The giving of a notice to terminate DCC’s Instrument of Appointment under the WIA.

(10) *Event of Default*

A DCC Event of Default occurs which is continuing.

(11) *Material Entity Event*

A Material Entity Event occurs which is continuing.

### **Trigger Event Consequences**

Following the occurrence of a Trigger Event and at any time until such Trigger Event has been waived by the DCC Security Trustee, remedied in accordance with Trigger Event Remedies (as described below) or otherwise remedied to the satisfaction of the DCC Security Trustee, the provisions set out below shall apply:

(1) *No Restricted Payments*

DCC shall not make any Restricted Payments and, in respect of customer rebates, if these have not yet been implemented, shall stop their implementation and shall not declare any customer rebates.

(2) *Further Information and Remedial Action*

- (i) DCC shall provide such information as to the relevant Trigger Event (including its causes and effects) as may be requested by the DCC Security Trustee.
- (ii) DCC shall discuss and agree with the DCC Security Trustee (the agreement of the DCC Security Trustee not to be unreasonably withheld or delayed) its plans for appropriate remedial action and the timetable for implementation of such action. The agreed remedial plan shall then be implemented by DCC.

(3) *Independent Review*

- (i) The DCC Security Trustee may, at its discretion, commission an independent review (the “**Independent Review**”) to be undertaken on the timetable stipulated by the DCC Security Trustee. The Independent Review will be conducted by technical advisers to the DCC Security Trustee appointed from time to time or such other person as the DCC Security Trustee may decide.
- (ii) The Independent Review shall examine the causes of the relevant Trigger Event and recommend appropriate corrective measures.
- (iii) DCC shall cooperate with the person appointed to prepare the Independent Review including providing access to its books and records and personnel and facilities as may be required for those purposes.

(4) *Consultation with Ofwat*

The DCC Security Trustee shall be entitled to discuss the relevant Trigger Event and the agreed remedial plan with Ofwat at any time.

(5) *Appointment of Additional Non-executive Directors*

If the relevant Trigger Event has not otherwise been remedied or waived and:

- (i) the agreed remedial plan has not been implemented to the reasonable satisfaction of the DCC Security Trustee within the agreed timetable;
- (ii) any agreed remedial plan does not continue to be implemented to the reasonable satisfaction of the DCC Security Trustee; or
- (iii) DCC and the DCC Security Trustee fail to agree on a remedial plan within the stipulated time limit,

the DCC Security Trustee shall be entitled to procure the appointment of additional non-executive directors to the board of DCC.

In respect of any of the Trigger Event Consequences described above which require the DCC Security Trustee to exercise its discretion, it shall do so upon instructions of the Beneficiary Instructing Group. The DCC Security Trustee is entitled to assume that no Trigger Event has occurred unless informed otherwise.

### **Trigger Event Remedies**

At any time when DCC believes that a Trigger Event has been remedied by virtue of any of the following, it shall serve notice on the DCC Security Trustee to that effect, and the DCC Security Trustee shall respond within the agreed time limit confirming that the relevant Trigger Event has, in its reasonable opinion, been remedied or setting out its reasons for believing that such Trigger Event has not been remedied (in which case, such event shall continue to be a Trigger Event until such time as the DCC Security Trustee is reasonably satisfied that the Trigger Event has been remedied).

The following shall constitute remedies to the Trigger Events:

(1) *ICR and RAR*

The occurrence of a Trigger Event referred to in paragraph 1 of Trigger Events shall be remedied if, on any subsequent date:

- (i) the ICR for the immediately preceding financial year is, and for each subsequent financial year until the next periodic review is projected to be, 2.0:1 or greater; and
- (ii) the RAR for the immediately preceding financial year is, and for each subsequent financial year until the next periodic review is projected to be, 0.90:1 or less; and
- (iii) the ICR for the immediately preceding financial year is, and for each subsequent financial year is projected to be, (adjusted to deduct actual or planned capital maintenance expenditure from the numerator) is greater than 1:1.

(2) *Credit Rating Downgrade*

The occurrence of a Trigger Event referred to in paragraph 2 of Trigger Events shall be remedied if the credit rating of the relevant class of Bonds given by any two of the Rating Agencies is above the Trigger Credit Rating.

(3) *Debt Service Payment Account Shortfall*

The occurrence of a Trigger Event referred to in paragraph 3 of Trigger Events shall be remedied if the credit balance of the Debt Service Payment Account is restored to the required level.

(4) *Material Deviation in Projections*

The occurrence of a Trigger Event referred to in paragraph 4 of Trigger Events shall be remedied if the deviations referred to in that paragraph, on any subsequent date, are less than 10 per cent.

(5) *Capex Reserve Shortfalls*

The occurrence of a Trigger Event referred to in paragraph 5 of Trigger Events shall be remedied on any subsequent date if the Capex Reserve Facility Amount is equal to or greater than the Net Capex Requirement for the twelve months immediately following the relevant Calculation Date.

(6) *Drawdown on Liquidity Facility*

The occurrence of a Trigger Event referred to in paragraph 6 of Trigger Events shall be remedied if the drawing under the relevant Liquidity Facility is repaid in full without such repayment being funded by the making of any further drawing under that Liquidity Facility and that such Liquidity Facility or another Liquidity Facility is available for drawing in the future.

(7) *Enforcement Orders*

The occurrence of a Trigger Event referred in paragraph 7 of Trigger Events shall be remedied if DCC has complied with the terms of the relevant Enforcement Order to the reasonable satisfaction of the DCC Security Trustee or if the Enforcement Order has been effectively withdrawn or if, in the opinion

of the DCC Security Trustee (acting reasonably), the relevant fine will not have a Material Adverse Effect or that the Instrument of Appointment will not be terminated.

(8) *Circumstances leading to a Special Administration Order*

The occurrence of a Trigger Event referred to in paragraph 8 of Trigger Events shall be remedied if (a) a special administration order is not made within six months of the relevant Trigger Event occurring or (b) the DCC Security Trustee is reasonably satisfied that a special administration order will not be made in respect of DCC.

(9) *Termination of Instrument of Appointment*

The occurrence of a Trigger Event referred to in paragraph 9 of Trigger Events will be remedied by agreement by DCC of a transfer scheme which is reasonably satisfactory to the DCC Security Trustee.

(10) *Event of Default*

The occurrence of a Trigger Event referred to in paragraph 10 of Trigger Events will be remedied upon the acceptance by the DCC Security Trustee of an agreed remedial plan and implementation of such plan has commenced to the reasonable satisfaction of the DCC Security Trustee.

(11) *Material Entity Event*

The occurrence of a Trigger Event referred to in paragraph 11 of Trigger Events will be remedied upon the acceptance by the DCC Security Trustee of an agreed remedial plan and implementation of such plan has commenced to the reasonable satisfaction of the DCC Security Trustee.

In respect of any of the Trigger Event Remedies described above which require the DCC Security Trustee to exercise its discretion, it shall do so upon instructions of the Beneficiary Instructing Group, and any reference to reasonableness and reasonable time shall be interpreted accordingly.

**DCC Events of Default**

The Common Terms Agreement contains a number of events of default (the “**DCC Events of Default**”). Subject to agreed exceptions, materiality qualifications and grace periods, DCC Events of Default include non-payment, misrepresentation, breach of covenant (including financial covenants and failure to comply with the Outsourcing Policy), default under DCC’s own contracts, insolvency events (including special administration), insolvency proceedings (including the appointment of a special administrator), execution or distress, failure to comply with final judgment, a change of control of any Obligor, illegality, governmental intervention, litigation, change of business, termination of the Instrument of Appointment or, if a notice to terminate the Instrument of Appointment is served, the failure to implement an agreed transfer scheme at least two years prior to the termination date specified in such notice.

In respect of each DCC Event of Default requiring any action or discretion on the part of the relevant creditor, the relevant Security Trustee will act in accordance with the instructions of the Beneficiary Instructing Group or the Issuer Instructing Group in accordance with the DCC STID and the Issuer STID, respectively.

The occurrence of a DCC Event of Default will automatically give rise to a Standstill Event under the DCC STID (see “*DCC STID*” below).

**DCC Deed of Charge**

DCC has entered into a deed of charge (the “**DCC Deed of Charge**”) with the DCC Security Trustee pursuant to which DCC has secured its obligations to the DCC Secured Creditors. The creation, perfection and enforcement of such security is each subject to the WIA, the Instrument of Appointment and requirements thereunder. The DCC Deed of Charge, to the extent applicable, incorporates the provisions of the Common Terms Agreement.

The security constituted by the DCC Deed of Charge (the “**DCC Security**”) is expressed to include a first fixed charge over DCC’s right, title and interest from time to time in and to:

- (i) any real property currently owned by DCC or acquired after the date of the DCC Deed of Charge;
- (ii) the proceeds of disposal of any protected land;
- (iii) any tangible moveable property;
- (iv) DCC’s Accounts;
- (v) any intellectual property rights owned by DCC;
- (vi) any goodwill and rights in relation to the uncalled capital of DCC;
- (vii) each investment of DCC’s funds in certain eligible investments;
- (viii) all shares of DCC in Welsh Water Utilities Finance Plc, all dividends, interest and other monies payable in respect thereof and all other rights related thereto; and
- (ix) an assignment of DCC’s right, title and interest from time to time in and to:
  - (1) the proceeds of any insurance policies and all rights related thereto;
  - (2) all rights and claims in relation to the DCC Accounts;
  - (3) all contracts (subject to certain exceptions) with third parties (including each of the Contractors);
  - (4) all monetary claims and all rights related thereto, including all accounts receivable (and to the extent that any accounts receivable cannot be effectively assigned as described, DCC shall hold the same on trust for the DCC Security Trustee absolutely);
  - (5) the DCC Transaction Documents; and
  - (6) a first floating charge of the whole of the undertaking, property, assets and rights whatsoever and wheresoever present and future of DCC,

to the extent that, in all cases, such security is not created over protected land or would otherwise contravene the terms of the WIA, the Instrument of Appointment and requirements thereunder, or any other applicable statute or law.

The DCC Security is held on trust by the DCC Security Trustee for itself and on behalf of the DCC Secured Creditors in accordance with and subject to the terms of the DCC STID.

For a description of certain limitations on the ability of DCC to grant security and certain limitations and restrictions on the security purported to be granted, see Chapter 5 “*Water Regulation*” under “*Security*”. In addition, notice of the creation of the DCC Security has not been given initially to DCC’s customers or to DCC’s contractual counterparties in respect of its contracts (other than certain material contracts). Each charge over DCC’s land as purported to be granted also takes effect in equity only. Accordingly, until any such assignment is perfected, registration effected with HM Land Registry in respect of registered land or certain other action is taken in respect of unregistered land, any such assignment or charge may be or become subject to prior equities arising (such as rights of set-off).

### **Guarantor Security**

Each of the Guarantors has entered into a guarantee and deed of charge (respectively, the “**Holdings Deed of Charge**”, the “**Glas Securities Deed of Charge**” and the “**Glas Deed of Charge**” and, together, the “**Deeds of Charge**”) with the DCC Security Trustee, for itself and on behalf of the DCC Secured Creditors, pursuant

to which each of them has guaranteed to the DCC Security Trustee, for itself and on behalf of the DCC Secured Creditors, the obligations of DCC to the DCC Secured Creditors.

The guarantee from Holdings (the “**Holdings Guarantee**”) is secured by a first fixed charge over its shares in DCC and the Issuer, an assignment of its rights under the Holdings/DCC Loan Agreement and a first ranking floating charge over all the assets and undertaking of Holdings. The guarantee from Glas Securities (the “**Glas Securities Guarantee**”) is secured by first fixed charges over its shares in Holdings and a first ranking floating charge over all the assets and undertaking of Glas Securities. The guarantee from Glas (the “**Glas Guarantee**”) and, together with the Holdings Guarantee and the Glas Securities Guarantee, the “**Guarantees**”) is secured by a first fixed charge over its shares in Glas Securities and a first ranking floating charge over all the assets and undertaking of Glas.

Each of the Deeds of Charge, to the extent applicable, incorporates the provisions of the Common Terms Agreement.

The Holdings Guarantee and the security constituted by the Holdings Deed of Charge (the “**Holdings Security**”), the Glas Securities Guarantee and security constituted by the Glas Securities Deed of Charge (the “**Glas Securities Security**”) and the Glas Guarantee and security constituted by the Glas Deed of Charge (the “**Glas Security**”) and, together with the Holdings Security, and the Glas Securities Security, the “**Guarantor Security**”) is held by the DCC Security Trustee for itself and on behalf of the DCC Secured Creditors in accordance with, and subject to, the terms of the DCC STID and will be enforceable if (a) the respective Guarantor defaults under its respective Deed of Charge which default or breach is not remedied, (b) such Guarantor breaches any of its covenants set out in the Common Terms Agreement which default or breach is not remedied or (c) a DCC Event of Default occurs. In addition, if a Guarantor breaches any of its respective representations, warranties or covenants under the Common Terms Agreement and such breach is not remedied within any applicable grace period or if a Standstill occurs, such Guarantor will jointly and severally be obliged, together with each other Guarantor, to deposit in an account with the Account Bank in the name of the DCC Security Trustee by way of security for its guarantee obligations the aggregate principal amount outstanding under the Intercompany Loan Agreements.

None of Holdings, Glas Securities or Glas has any significant assets other than the shares in their respective subsidiaries.

## **DCC STID**

Each of the DCC Security Trustee and the other DCC Secured Creditors, DCC, Holdings, Glas Securities, Glas, the Issuer Security Trustee and the DCC Security Trustee entered into, on the Initial Issue Date, or in the case of certain DCC Secured Creditors subsequently acceded to, the DCC STID pursuant to which, *inter alia*, the DCC Security Trustee has been appointed as trustee of the DCC Security, and of the Guarantor Security. The DCC STID regulates, *inter alia*, the rights of the DCC Secured Creditors to require the DCC Security Trustee to enforce the DCC Security and the Guarantor Security and sets out the ranking in point of payment of the claims of the DCC Secured Creditors to the proceeds of such enforcement.

The DCC Security Trustee acts as trustee on behalf of the DCC Secured Creditors in connection with the DCC Security and the Guarantor Security. In such capacity, the DCC Security Trustee has agreed that it will exercise any right which it may have in respect of the DCC Transaction Documents only as directed by the Beneficiary Instructing Group (subject to certain entrenched rights and reserved matters). See “*Intercreditor Arrangements*” above.

The DCC STID provides that except with respect to any vote which would have the effect of terminating any Standstill (as to which, see “Standstill” below), the DCC Security Trustee will take action only when the instructions for or against such matter exceed 50 per cent. of the Qualified DCC Secured Liabilities. In each case, the DCC Security Trustee will not be liable to any person in relation to actions taken or not taken by it and will not be obliged to take action unless indemnified and/or secured to its satisfaction.

### **Entrenched Rights of DCC Secured Creditors**

The rights of a Beneficiary Instructing Group to make decisions as to, *inter alia*, waivers of DCC Events of Default, modifications to DCC Transaction Documents and other issues potentially affecting the rights of one or more DCC Secured Creditors are subject to certain entrenched rights of each DCC Secured Creditor. These entrenched rights cannot be changed without the consent of the relevant DCC Secured Creditors and include any:

- change to their ranking in priority as against other DCC Secured Creditors;
- change to the date fixed for payment of principal or interest under, or reduction in the amount of principal or interest payable on any date or any alteration in the method of calculating the amount or date of any payment under, any DCC Transaction Document;
- substitution of the principal obligor under any DCC Transaction Document;
- change in the currency of any payment due under a DCC Transaction Document; or
- modification of certain key terms in the DCC Transaction Documents.

### **Undertakings of DCC Secured Creditors**

Pursuant to the terms of the DCC STID each DCC Secured Creditor (other than the DCC Security Trustee) undertakes that it will not, unless the Beneficiary Instructing Group otherwise agrees:

- permit or require any of DCC, Holdings, Glas Securities and Glas (each an “**Obligor**”) to discharge any of the DCC Secured Liabilities (as defined in the Common Terms Agreement) owed to it save to the extent permitted by the Common Terms Agreement and the DCC STID;
- permit or require any Obligor to pay, prepay, redeem, purchase, early or voluntarily terminate or otherwise acquire any of the DCC Secured Liabilities owed to it save to the extent permitted by the Common Terms Agreement and the DCC STID;
- take, accept or receive the benefit of any security interest, guarantee, indemnity or other assurance against financial loss in respect of any of the DCC Secured Liabilities owed to it except the security interests under the DCC Security Documents or pursuant to the terms of the DCC Transaction Documents;
- take or receive from any of the Obligors by cash receipt, set-off or in any other manner whatsoever, the whole or any part of the DCC Secured Liabilities owed to it (save as permitted by the terms of the Common Terms Agreement and the DCC STID); or
- subject to agreed exceptions, agree to any amendment of the DCC Transaction Documents to which it is a party.

### **Undertakings of Obligors**

Pursuant to the terms of the DCC STID, each Obligor has undertaken that it will not, unless the Beneficiary Instructing Group otherwise agrees:

- discharge any of the DCC Secured Liabilities save to the extent permitted by the Common Terms Agreement and the DCC STID;
- pay, prepay, redeem, purchase, early or voluntarily terminate or otherwise acquire any of the DCC Secured Liabilities owed by it save to the extent permitted by the Common Terms Agreement and the DCC STID;
- create or permit to subsist any security interest over any of its assets for, or any guarantee, indemnity or other assurance against financial loss in respect of any of the DCC Secured Liabilities owed by it except the security interests under or pursuant to the terms of the DCC Transaction Documents;

- discharge any of the DCC Secured Liabilities by set-off, any right of combination of accounts or otherwise (save as permitted by the terms of the Common Terms Agreement and the DCC STID);
- subject to agreed exceptions, agree to any amendment to the DCC Transaction Documents to which it is a party; or
- take or omit to take any action whereby any subordination contemplated by the DCC STID may be impaired.

### **Standstill**

Immediately upon notification to the DCC Security Trustee of the occurrence of a DCC Event of Default under the Common Terms Agreement or the occurrence of any deferral of interest in respect of any amount of interest payable on each DCC Payment Date in respect of each Term Advance and Revolving Advance (each as defined below) (a “**Scheduled Interest Amount**”) under any advance of the proceeds of Class C Bonds under any Intercompany Loan Agreement (each such occurrence a “**Standstill Event**”), the DCC STID provides for an automatic standstill of claims of the DCC Secured Creditors against DCC (the “**Standstill**”). The period of the Standstill (the “**Standstill Period**”) will be the period from the date of such notification to the earlier of (i) except in the case of a Standstill Extension, the date on which a Beneficiary Instructing Group comprising more than 66⅔ per cent. of the aggregate BIG Outstanding Principal Amount of the Qualified DCC Secured Liabilities elects to terminate the Standstill, (ii) the date on which a petition is presented for the special administration of DCC, (iii) the date on which the Standstill Event is remedied or waived, (iv) the date on which any acceleration of the Issuer Secured Liabilities occurs, and (v) in the case of a Standstill Extension, the date on which the relevant percentage of the aggregate BIG Outstanding Principal Amount of the Qualified DCC Secured Liabilities elects to terminate the Standstill.

During the Standstill Period:

- none of the DCC Secured Creditors will be entitled to accelerate any of the DCC Secured Liabilities or direct the DCC Security Trustee to take any steps to recover payment of any DCC Secured Liabilities from DCC or to enforce the DCC Security save to the extent permitted by the Common Terms Agreement and the DCC STID;
- the Guarantor Security will be enforceable at any time by the DCC Security Trustee at the direction of the Beneficiary Instructing Group; and
- the claims of the DCC Secured Creditors will be ranked in accordance with the DCC Standstill Priority (see “*DCC Cash Management*” below).

In the event that a Standstill Period has not been terminated prior to the date 18 months after the occurrence of the Standstill Event, on or before the last day of such 18 month period the Beneficiary Instructing Group will vote whether to terminate the Standstill Period. Unless the Beneficiary Instructing Group comprising those DCC Secured Creditors holding more than 66⅔ per cent. of the DCC Secured Liabilities determines to terminate the Standstill Period, the Standstill Period will be extended (a “**Standstill Extension**”) for a period of two months. On or before the last day of the Standstill Extension a further vote of the Beneficiary Instructing Group will be taken, provided that, for the purposes of such further vote (the “**Second Standstill Vote**”), the Beneficiary Instructing Group shall comprise those DCC Secured Creditors holding more than 50 per cent. of the DCC Secured Liabilities. Unless the Beneficiary Instructing Group determines to terminate the Standstill Period at the Second Standstill Vote, a Standstill Extension of another two months will occur. On or before the last day of the second Standstill Extension, a third vote (the “**Third Standstill Vote**”) of the Beneficiary Instructing Group will be taken, provided that, for the purposes of such Third Standstill Vote, the Beneficiary Instructing Group shall comprise those DCC Secured Creditors holding more than 33⅓ per cent. of the DCC Secured Liabilities. Unless the Beneficiary Instructing Group determines to terminate the Standstill Period at the Third Standstill Vote, a Standstill Extension of another two months will occur. On or before the last day of the third Standstill Extension, a fourth vote (the “**Fourth Standstill Vote**”) of the

Beneficiary Instructing Group will be taken, provided that, for the purposes of such Fourth Standstill Vote, the Beneficiary Instructing Group shall comprise those DCC Secured Creditors holding more than 10 per cent. of the DCC Secured Liabilities. Unless the Beneficiary Instructing Group determines to terminate the Standstill Period at the Fourth Standstill Vote, a Standstill Extension of another six months will occur. On or before the last day of the Fourth Standstill Extension, a fifth vote (the “**Fifth Standstill Vote**”) of the Beneficiary Instructing Group will be taken, provided that, for the purposes of such Fifth Standstill Vote, the Beneficiary Instructing Group shall comprise those DCC Secured Creditors holding more than 5 per cent. of the DCC Secured Liabilities. Unless the Beneficiary Instructing Group determines to terminate the Standstill at the Fifth Standstill Vote, the Standstill shall continue until the Beneficiary Instructing Group comprising DCC Secured Creditors comprising those DCC Secured Creditors holding more than 5 per cent. of the DCC Secured Liabilities determines to terminate the Standstill and a vote shall be taken on the expiry of each period of two months for so long as the Standstill continues. Accordingly, provided the thresholds above are met, the Standstill Period will terminate notwithstanding any votes to the contrary. Following termination of the Standstill Period, if a DCC Event of Default is still continuing, any DCC Secured Creditor may accelerate its DCC Secured Liabilities, at which point all other DCC Secured Liabilities will automatically accelerate, and the enforcement of the DCC Security and the Guarantor Security shall be undertaken by the DCC Security Trustee on behalf of the DCC Secured Creditors pursuant to the provisions of the DCC STID.

#### **Standstill Cash Manager**

Following the occurrence of a Standstill Event and for so long as a Standstill Period subsists, money credited to the Debt Service Payment Account will be applied by the Standstill Cash Manager in accordance with the DCC Standstill Priority and the Standstill Cash Management Agreement (see “*DCC Standstill Priority*” below).

#### **Enforcement**

Subject to certain matters and with certain exceptions, following an enforcement, any proceeds of enforcement or other monies held by the DCC Security Trustee under the DCC STID will be applied by the DCC Security Trustee in accordance with the DCC Post-Enforcement Payments Priorities (see “*DCC Cash Management*” below).

#### **Accession of Additional DCC Secured Creditors**

The DCC STID requires that, to the extent that DCC wishes any Authorised Lender, further DCC Finance Lessor or other person to obtain the benefit of the DCC Security, such Authorised Lender, further DCC Finance Lessor or other person must sign an accession memorandum whereby it agrees to be bound by the terms of the DCC STID, including those provisions which prohibit individual DCC Secured Creditors from taking certain actions against DCC without the consent of the DCC Security Trustee and/or the Beneficiary Instructing Group. Such additional DCC Secured Creditor will also be required to accede to the terms of the Common Terms Agreement.

### **Master Framework Agreement**

#### **Introduction**

The Issuer Security Trustee, for itself and on behalf of the Issuer Secured Creditors, the Cash Manager and the Issuer, on the Initial Issue Date, entered into a master framework agreement (as amended, the “**Master Framework Agreement**”). The Master Framework Agreement sets out the common terms, representations, warranties and covenants (positive, negative and financial) (collectively, the “**Issuer Common Terms**”) which, to the extent incorporated, applies to the Trust Deed, the Issuer Deed of Charge, the Liquidity Facility Agreements, the Hedging Agreements, the Paying Agency Agreement, the Issuer STID and certain other agreements between or in respect of the Issuer and the Issuer Secured Creditors. It also contains the Issuer cash management provisions (see “*Issuer Cash Management*” below).

### **Issuer Warranties and Covenants**

The Issuer provides warranties and covenants standard for a special purpose vehicle of its sort issuing debt obligations such as the Bonds. The Issuer's warranties include (i) corporate warranties in respect of its due incorporation, solvency and residency and in respect of there being no breaches of its general obligations, no litigation involving it or its assets, no outstanding consents required for its business and no involvement in business activities other than as permitted by the Issuer Transaction Documents (as defined below); and (ii) transaction warranties in respect of the due authorisation and execution of the Issuer Transaction Documents, the due issuance of and the status and ranking of the Bonds and the absence of any outstanding consents or breaches of its obligations in respect of the Bonds.

The Issuer's covenants include (i) corporate covenants to prepare audited financial statements, to conduct its business in accordance with applicable law, to obtain all necessary consents and, other than as permitted by or pursuant to the Issuer Transaction Documents, not to carry on any business, incur any indebtedness, permit to exist or create any security, make any loans, merge or consolidate with any other entity or amend its constitutional documents or any of the agreements to which it is party; (ii) transaction covenants to comply with all its obligations under the Issuer Transaction Documents, to preserve all its rights thereunder, to provide the Issuer Secured Creditors with all necessary information and to notify the relevant parties of any Issuer Event of Default or potential Issuer Event of Default; (iii) asset covenants to maintain proper books and records in respect of its assets, to protect all its rights in respect thereof and to take all such further actions as may be necessary to preserve its assets; and (iv) bond covenants to obtain and maintain the listings of the Bonds, to provide all notices under the Conditions (including to the Bondholders, the Paying Agents, the Transfer Agents, the Registrar and the Rating Agencies) and to notify the appropriate parties of potential late payments or any proposed early redemptions of any of the Bonds.

### **Issuer Events of Default**

The Issuer Events of Default are set out in Condition 11(a) in Chapter 7: "*Terms and Conditions of the Bonds*".

### **The Issuer Deed of Charge**

The Issuer, on the Initial Issue Date, entered into the Issuer Deed of Charge with the Issuer Security Trustee (for itself and on behalf of the Bond Trustee (for itself and on behalf of the Bondholders), the Financial Guarantors, the Liquidity Facility Providers, the Hedge Counterparties, the Account Bank, the Authorised Lenders, the Registrar, the Transfer Agents, the Paying Agents, the Agent Bank, the Cash Manager, any receiver and any other creditor of the Issuer which accedes to the Issuer STID (together the "**Issuer Secured Creditors**")). Pursuant to the Issuer Deed of Charge, the Issuer secured its obligations to the Issuer Secured Creditors by granting the following security:

- a first fixed sub-charge of the benefit of the Issuer's interest in and to the DCC STID;
- a first fixed charge of each investment of the Issuer's funds in certain eligible investments;
- a first fixed charge of the benefit of the Issuer Accounts and any bank or other accounts in which the Issuer may at any time have or acquire any benefit;
- an assignment of the benefit of each Issuer Transaction Document; and
- a first floating charge of the whole of the undertaking, property, assets and rights whatsoever and wheresoever present and future of the Issuer,

such security expressly to exclude all monies constituting the issued share capital of the Issuer not otherwise utilised by the Issuer from time to time and the corporate benefits fee of £1,000 payable by DCC to the Issuer on the Initial Issue Date.

The Issuer Deed of Charge, to the extent applicable, incorporates the Issuer Common Terms as set out in the Master Framework Agreement.

The Issuer Security is held on trust by the Issuer Security Trustee for itself and on behalf of the Issuer Secured Creditors in accordance with, and subject to, the Issuer Deed of Charge and the Issuer STID.

### **Issuer STID**

The Issuer, the Issuer Security Trustee, the Bond Trustee (for itself and on behalf of the Bondholders), the Initial Financial Guarantor, the Initial Liquidity Providers, the Initial Hedge Counterparties the Initial Authorised Lender, the Account Bank, the Principal Paying Agent, the Paying Agent, the Cash Manager, the Agent Bank, the Registrar and the Transfer Agent, among others, on the Initial Issue Date, entered into the Issuer STID. Certain additional Issuer Secured Creditors have subsequently acceded or will accede to the Issuer STID, including the Current Authorised Lenders and MBIA UK. Under the Issuer STID, the Issuer Security Trustee was appointed as trustee for the Issuer Secured Creditors and the parties agreed to certain intercreditor arrangements. The composition of the Issuer Instructing Group through which instructions will be given to the Issuer Security Trustee in respect of, *inter alia*, the exercise of any rights of the Issuer under the DCC Transaction Documents or the enforcement of the DCC Security or the Guarantor Security or the giving of any consent or the making of any amendments has been described previously (see “*Intercreditor Arrangements*” above).

### **Entrenched Rights of Issuer Secured Creditors**

The rights of an Issuer Instructing Group to make decisions as to matters potentially affecting the rights of one or more Issuer Secured Creditors are subject to certain entrenched rights of each Issuer Secured Creditor. The specific entrenched rights of each of the Issuer Secured Creditors are intended to ensure that an Issuer Secured Creditor’s consent will be required to any action which would materially adversely affect such Issuer Secured Creditor’s rights, including any:

- change to their ranking in priority as against other Issuer Secured Creditors;
- change to the date fixed for payment of principal or interest under, or reduction in the amount of principal or interest payable on any date or any alteration in the method of calculating the amount or date of any payment under, any Issuer Transaction Document;
- change in the currency of any payment due under an Issuer Transaction Document;
- modification of certain key terms in the Issuer Transaction Documents; or
- modifications causing a rating downgrade below the original ratings of the Bonds (other than the Class D Bonds).

### **Exercise of Rights by Bond Trustee**

When exercising any rights, powers, trusts, authorities and discretions relating to or contained in the Conditions or the Trust Deed (other than in respect of any Entrenched Right or Reserved Matter or Basic Terms Modification, or determining the occurrence of an Entrenched Right, Reserved Matter or Basic Terms Modification) which affects or relates to any Class A Bonds, the Bond Trustee shall only act with the consent of the Issuer Instructing Group (unless the Bond Trustee is the Issuer Instructing Group) or subject to any Reserved Matter in accordance with the provisions of the Issuer STID, and the Bond Trustee shall not be required to have regard to the interests of the Bondholders in relation to the exercise of such rights, powers, trusts, authorities and discretions and shall have no liability to any Bondholders as a consequence of so acting (see Condition 16(b) in Chapter 7 “*Terms and Conditions of the Bonds*”).

The Initial Financial Guarantor has additional entrenched rights so as to ensure, *inter alia*, that certain core covenants of DCC regarding its business activities and operations and certain key financial ratios contained in

the Common Terms Agreement cannot be changed or waived without the prior consent of the Initial Financial Guarantor.

#### **Acknowledgement Regarding Issuer Transaction Documents**

Each Issuer Secured Creditor which signed the Issuer STID as at the Initial Issue Date or acceded to it thereafter (a) agreed to be bound by the terms of the Issuer STID, including the intercreditor arrangements, and (b) was deemed to have knowledge of, and will be bound by, the terms of all the Issuer Transaction Documents.

#### **Actions Requiring Consent**

The consent of the Issuer Security Trustee (acting on instructions from the Issuer Instructing Group) is required, *inter alia*:

- for any modification (i.e., waiver, variation or amendment) of any of the Issuer Transaction Documents, or any exercise of any right, power or discretion thereunder (other than modifications of a minor or technical nature);
- for any release of or impairment to any part of the Issuer Security except as expressly permitted by the Issuer Transaction Documents; and
- for any action (including the withdrawal of most sums from any of the Issuer Accounts) following an event of default under the Issuer Transaction Documents which remains unremedied and unwaived.

#### **Accession of Additional Issuer Secured Creditors**

The Issuer Deed of Charge and the Issuer STID require that, to the extent that the Issuer wishes any additional creditor to obtain the benefit of the Issuer Security, such creditor must sign an accession memorandum whereby it (a) agrees to be bound by the terms of the Issuer STID, including the intercreditor arrangements, and (b) will be deemed to have knowledge of, and will be bound by, the terms of all the Issuer Transaction Documents.

If the Issuer wishes to raise additional financing through the issue of further Bonds under the Programme or through Authorised Loan Facilities or otherwise, it may only do so provided that the DCC financial covenants set out in the Common Terms Agreement (see “*Common Terms Agreement*” above) are not breached as a result of the Issuer making a corresponding advance under an Intercompany Loan Agreement with the proceeds of such additional financing.

### **Financial Guarantor Documents**

#### **The Financial Guarantees**

On the Initial Issue Date, the Initial Financial Guarantor issued in favour of the Bond Trustee (for itself and on behalf of the relevant Class A Bondholders) a Financial Guarantee for each Sub-Class of the Class A Bonds issued on the Initial Issue Date in respect of scheduled interest (other than any Subordinated Coupon Amounts) and principal (other than any accelerated amounts) on the relevant Sub-Class of Class A Bonds. The form of Financial Guarantee, subject to completion and amendment, which is likely to be issued by MBIA UK in respect of the issue of Class A Bonds to be issued under the Programme on or about the Fourth Issue Date is set out in full on pages 177 to 188. To the extent that MBIA UK or any other Financial Guarantors issues Financial Guarantees in respect of any further Series of Class A Bonds, such Financial Guarantees are expected to be issued by such Financial Guarantor(s) on terms substantially similar thereto.

Upon an early redemption of the relevant Class A Bonds or an acceleration of the relevant Class A Bonds, the relevant Financial Guarantor’s obligations will continue to be to pay the Insured Amounts or Guaranteed Amounts (as applicable) as they fall Due for Payment (as defined in the relevant Financial Guarantees) on each Issuer Payment Date. A Financial Guarantor will not be obliged under any circumstances to accelerate payment under its Financial Guarantees. However, if it does so, it may do so in its absolute discretion in

whole or in part, but only after an acceleration of the Bonds, and the amount payable by it will be the outstanding principal amount (or pro rata amount that has become due and payable) of the relevant Class A Bonds together with accrued interest. Any amounts due in excess of such outstanding principal amount (and any accrued interest thereon) and any Subordinated Coupon Amounts will not be guaranteed by any Financial Guarantor under any of the Financial Guarantees.

The Bond Trustee as party to the Financial Guarantees issued by the Initial Financial Guarantor on the Initial Issue Date and by MBIA UK on the Fourth Issue Date will have the right to enforce the terms of such Financial Guarantees, and any right of any other person to do so is expressly excluded.

#### **Guarantee and Reimbursement Agreements**

On the Initial Issue Date the Issuer entered into an insurance and indemnification agreement with the Initial Financial Guarantor, and on each relevant Issue Date in respect of Class A Bonds after the date of this Prospectus, the Issuer will enter into a guarantee and reimbursement agreement (each a “**G&R Agreement**”, and previously known as insurance and indemnification agreements) with the relevant Financial Guarantor, pursuant to which the Issuer is or will be obliged, *inter alia*, to reimburse such Financial Guarantor in respect of the payments made by it under the relevant Financial Guarantee and to pay any reasonable fees and expenses of such Financial Guarantor in respect of the provision of the relevant Financial Guarantee. Insofar as a Financial Guarantor makes payment under the relevant Financial Guarantee in respect of Insured Amounts or Guaranteed Amounts (as applicable and as defined in such Financial Guarantee), it will be subrogated to the present and future rights of the relevant Class A Bondholders against the Issuer in respect of any payments made.

#### **DCC’s Accounts and Ledgers**

DCC has the following bank accounts with the Account Bank: a receipts account (the “**Receipts Account**”), a payments account (the “**Payments Account**”), a debt service payment account (the “**Debt Service Payment Account**”), a reserves account (the “**Reserves Account**”), a customer payments account (the “**Customer Payments Account**”) and a rejected direct debits account (the “**RDD Account**”). DCC may not establish any further bank accounts unless it has first met certain conditions in respect thereof, which are set out in the Common Terms Agreement (including that such further accounts are (a) required for the operation of DCC’s Permitted Business, (b) the subject of a first fixed security under the DCC Deed of Charge and (c) are opened and maintained with a bank that has the Requisite Ratings). These accounts include foreign currency accounts for the purpose of clearing payments to suppliers in foreign currencies, and a treasury account for pooling certain credit balances for cash management purposes.

The Receipts Account, the Payments Account, the Debt Service Payment Account, the Reserves Account, the Customer Payments Account, the RDD Account and each other permitted bank account of DCC from time to time are collectively referred to as “**DCC’s Accounts**”. DCC’s Accounts are held with the Account Bank pursuant to an account agreement (the “**DCC Account Bank Agreement**”) dated on the Initial Issue Date between DCC, the Account Bank and the DCC Security Trustee.

#### **Receipts Account**

Under the Common Terms Agreement, DCC covenants in favour of the DCC Security Trustee that all of DCC’s revenues will be paid directly into the Receipts Account or be directed to be paid into the Payments Account. Monies credited from time to time to the Receipts Account are transferred periodically at the discretion of DCC to the Payments Account or to the RDD Account (as described below) but not otherwise. On any Business Day (as defined in the Common Terms Agreement) DCC may direct that an amount equal to the aggregate amount of rejected direct debits from customers for any period as determined by DCC may be transferred from the Receipts Account to the RDD Account.

## Payments Account

The Payments Account is the current account of DCC through which all sterling denominated operating and capital expenditure of DCC is cleared. Operating expenditure (including payments to Contractors) are funded by cash transfers from the Receipts Account and through drawings, as and when required, under an overdraft facility in the amount of £20,000,000 provided by the National Westminster Bank plc (the “**Overdraft Bank**”) before the Initial Issue Date (the “**Overdraft Facility**”) and, if applicable, drawings under the Tranche R2 Facility or a DCC Authorised Loan Facility. Capital expenditure is funded from available cashflow and cash transfers made during the course of each month from the Reserves Account.

Under the Common Terms Agreement, DCC covenants in favour of the DCC Security Trustee that on the opening of business on the first Business Day of each month an amount equal to 1/12th of DCC’s Annual Finance Charge for the time being will be transferred from the Payments Account to the Debt Service Payment Account and credited to the Debt Service Ledger.

DCC’s “**Annual Finance Charge**” is required to be calculated by DCC on 1 April of each year (or, if such day is not a Business Day, the immediately preceding Business Day) to be the sum of the following payments scheduled (or, where uncertain, estimated by DCC in good faith) to fall due and payable in the twelve month period commencing on 1 April of that year and ending on 31 March of the following year (each such period, a “**Relevant Year**”):

- (i) the aggregate amount of interest due on each outstanding Advance under the Intercompany Loan Agreements;
- (ii) the aggregate amount of rental payments due to the DCC Finance Lessors under the DCC Finance Leases inclusive of any VAT (after (a) deducting any amount representing a repayment of capital under the DCC Finance Leases and any estimated rental rebates (inclusive of any VAT) and (b) adding back any further rentals due (inclusive of any VAT), in each case, as determined by DCC in good faith);
- (iii) the aggregate amount of fees and commissions due to the Issuer under each Intercompany Loan Agreement; and
- (iv) the aggregate amount of interest, fees and commissions due during the Relevant Year under any Authorised Loan Agreement provided to DCC.

DCC’s Annual Finance Charge is required to be adjusted during the course of a Relevant Year, upwards or downwards, as appropriate, to ensure that the annual amount reserved for within the Debt Service Payment Account will always be sufficient to meet in full the liabilities described above in any Relevant Year if, for any reason, any of those liabilities are modified (including as a result of any deferral) pursuant to, and as permitted by, the terms of the DCC Transaction Documents.

DCC’s Annual Finance Charge is required to additionally be increased to cover the aggregate amount of interest due to the Issuer in respect of any Revolving Advances made during a Relevant Year and to any Authorised Lender in respect of any drawings made by DCC under any Authorised Loan Agreement during a Relevant Year.

## Reserves Account

No monies may be withdrawn from the Reserves Account except for the purpose of any transfer to the Payments Account on account of DCC’s forecast capital expenditure for the month in which such transfer occurs. Except for reconciliation payments made pursuant to the arrangements referred to below, in no circumstances shall DCC transfer in any month any monies from the Reserves Account to the Payments Account in excess of DCC’s forecast capital expenditure for that month.

By no later than the last Business Day of each month DCC is required to reconcile, by reference to the management accounts prepared for the preceding month, the actual amount of capital expenditure incurred in

the preceding month against the aggregate amount transferred during the preceding month from the Reserves Account on account of forecast capital expenditure for such preceding month. In the event that actual capital expenditure incurred in any preceding month exceeded the amount transferred on account of forecast capital expenditure, the amount required to be transferred to the Payments Account in respect of forecast capital expenditure for the month following the month in which such management accounts have been prepared shall be increased by the amount of such excess less any amounts arising from DCC's operating cashflows applied in payment of such actual capital expenditure. In the event that actual capital expenditure incurred was less than the amount transferred on account of forecast capital expenditure, an amount equal to the difference shall be transferred forthwith from the Payments Account to the Reserves Account or, alternatively, at DCC's discretion, netted against amounts required to be transferred from the Reserves Account to the Payments Account on account of forecast capital expenditure in the month following the month in which such management accounts have been prepared.

DCC is not required to maintain any minimum credit balance on the Reserves Account. However, it may be a condition precedent to the making of any further Term Advances under any further Intercompany Loan Agreement, that DCC pays into the Reserves Account a specified portion of such further Term Advances. Furthermore, DCC covenants in favour of the DCC Security Trustee in the Common Terms Agreement that on each Calculation Date the aggregate of (a) the amount credited to the Reserves Account and (b) the aggregate undrawn commitment under the Tranche R2 Facility under the Intercompany Loan Agreements and any replacement or supplemental facility provided for capital expenditure will be at least equal to the Net Capex Requirement for the following twelve months.

### **Debt Service Payment Account**

DCC maintains in its books two ledgers in respect of the Debt Service Payment Account (respectively the "**Debt Service Ledger**" and the "**Insurance Proceeds Ledger**").

#### **Debt Service Ledger**

Prior to the occurrence of a Standstill, monies credited to the Debt Service Ledger shall be applied by DCC only for the purpose of making the following payments ("**DCC Payments**") as and when the same fall due for payment:

- to the Issuer, in or towards satisfaction of any scheduled fees and interest due under each Tranche of each Intercompany Loan Agreement;
- to the DCC Security Trustee, in or towards satisfaction of any scheduled fees due to the DCC Security Trustee under the terms of the DCC STID;
- to the Standstill Cash Manager, in or towards satisfaction of any scheduled fees due to the Standstill Cash Manager;
- to the DCC Finance Lessors, in or towards satisfaction of any scheduled rental payments (inclusive of VAT) due to the DCC Finance Lessors under the DCC Finance Leases (except for any capital repayments); and
- to any DCC Hedge Counterparty under any Permitted Treasury Transaction, in or towards satisfaction of any scheduled sums due to such DCC Hedge Counterparty under such Permitted Treasury Transaction.

Interest charges under the Overdraft Facility and repayment of the principal debit balance under the Overdraft Facility will be paid as and when the same fall due and payable out of sums paid into the Payments Account from the Receipts Account and/or the Customer Payments Account for the purpose of meeting operating expenditure.

For so long as a Standstill Event has not occurred, DCC shall, on the date which is five Business Days prior to each DCC Payment Date, determine whether the aggregate amount of monies then credited is at least equal to the DCC Payments falling to be paid on such DCC Payment Date. If there is an insufficiency of funds, then DCC shall promptly request from the Issuer the making of a Tranche L advance in an amount equal to the shortfall, such amount to be paid to DCC no later than the relevant DCC Payment Date.

#### **Insurance Proceeds Ledger**

Prior to an Acceleration of Liabilities DCC is required to direct that all insurance proceeds are paid directly into the insurance proceeds ledger. Monies credited to the insurance proceeds ledger are applied in payment for repair or reinstatement of the relevant equipment.

#### **Customer Payments Account**

DCC maintains in its books two ledgers in respect of the Customer Payments Accounts (respectively, the “**General Ledger**” and the “**Customer Rebate Ledger**”).

DCC may on the close of business of the last Business Day of each month transfer Available Monies from the Payments Account to the Customer Payments Account for the credit of the General Ledger provided that:

- the backward-looking and forward-looking ICR is greater than or equal to 2.0:1; and
- the RAR is less than or equal to 0.90:1.

“**Available Monies**” means the amount credited to the Payments Account as at the close of business on the last Business Day of each month after deducting the amount required to be transferred on the next following Business Day to the Debt Service Payment Account.

Rebates to customers may only be granted to the extent of monies credited to the General Ledger subject always to satisfaction of the conditions for the making of a Restricted Payment as set out in the Common Terms Agreement and provided further that the Customer Rebate Ledger is then credited with an amount equal to the aggregate amount of the relevant rebate. An amount equal to 1/12th of the aggregate amount of rebates declared by DCC in respect of any Relevant Year shall be transferred from the Customer Payments Account to the Payments Account on the first Business Day of each month of the Relevant Year in which such rebate is to apply.

Monies credited to the Customer Payments Account constitute the only source of funds available to DCC to make Restricted Payments.

DCC is entitled to invest monies credited to DCC’s Accounts in certain eligible investments and may for cash management purposes pool credit balances on all of DCC’s Accounts (excluding the Debt Service Payment Account) through a separate investment account.

The cash management arrangements described above continue to apply until the occurrence of a Standstill Event. In the event of a Standstill occurring and during the period it is continuing, the arrangements described above shall be modified as follows:

- DCC’s Annual Finance Charge shall be adjusted upwards to include the cost of any Tranche L Advances made under any Intercompany Loan Agreement;
- an amount equal to the aggregate sum credited to the Customer Payments Account shall be forthwith transferred to the Debt Service Payment Account; and
- the claims (“**Claims**”) of the DCC Security Trustee, the Account Bank, the Standstill Cash Manager, the Issuer, the DCC Finance Lessors, each Authorised Lender, the Current DCC Hedge Counterparties, each other party that enters a DCC Hedge Document, as defined in the DCC STID (each a “**DCC Hedging Counterparty**”), any receiver of the Guarantors and any other creditor of DCC which

accedes to the DCC STID (together the “**Standstill Creditors**”) against DCC in respect of each Relevant Year shall be ranked in point of priority strictly in accordance with the order of priority as set out immediately below under the heading “*DCC Standstill Priority*”.

### **DCC Standstill Priority**

The priority of payments during a Standstill (the “**DCC Standstill Priority**”) is as follows:

- (i) first, pro rata according to the respective amounts thereof, (a) the DCC Security Trustee in respect of the fees or other remuneration and indemnity payments (if any) payable to the DCC Security Trustee in respect of such Relevant Year and any costs, charges, liabilities and expenses incurred by the DCC Security Trustee under the DCC STID and the DCC Security Documents; and (b) any receiver of any Guarantor appointed under the Security Documents in respect of the fees or other remuneration and indemnity payments (if any) payable to such receiver in respect of such Relevant Year (such claims of the DCC Security Trustee and any receiver (and any such claims arising on any acceleration of liabilities against DCC under the DCC STID), a “**Tier 1 Claim**”);

To the extent there arises any requirement to gross up any payment under the Intercompany Loan Agreements or Authorised Loan Facilities made available to DCC, the payment in respect of such requirement will rank *pari passu* with the primary payment obligation which gave rise thereto.

Upon the occurrence of the Standstill, the Standstill Cash Manager on behalf of the DCC Security Trustee shall open and maintain the following ledgers (“**Standstill Ledgers**”) in respect of the Debt Service Payment Account:

- (i) a ledger (“**Tier 1 Ledger**”) in respect of Tier 1 Claims which shall be divided into separate sub-ledgers for each person holding a Tier 1 Claim (such person a “**Tier 1 Creditor**”);
- (ii) a ledger (“**Tier 2 Ledger**”) which shall be divided into separate sub-ledgers (“**Tier 2 Sub-Ledgers**”) for each person holding a Tier 2 Claim (such person a “**Tier 2 Creditor**”);
- (iii) a ledger (“**Tier 3 Ledger**”) which shall be divided into separate sub-ledgers (“**Tier 3 Sub-Ledgers**”) for each person holding a Tier 3 Claim (such person a “**Tier 3 Creditor**”) and, in the case of the Issuer, shall be further divided into sub-sub ledgers (“**Tier 3 Sub-Sub Ledgers**”) in respect of each separate Tier 3 Claim of the Issuer;

- (iv) a ledger (“**Tier 4 Ledger**”) which shall be divided into separate sub-ledgers (“**Tier 4 Sub-Ledgers**”) for each person holding a Tier 4 Claim (such person a “**Tier 4 Creditor**”) and, in the case of the Issuer, shall be further divided into further sub-sub ledgers (“**Tier 4 Sub-Sub Ledgers**”) in respect of each separate Tier 4 Claim of the Issuer;
- (v) a ledger (“**Tier 5 Ledger**”) which shall be divided into separate sub-ledgers (“**Tier 5 Sub-Ledgers**”) for each person holding a Tier 5 Claim (such person a “**Tier 5 Creditor**”) and, in the case of the Issuer, shall be further divided into further sub-sub ledgers (“**Tier 5 Sub-Sub Ledgers**”) in respect of each separate Tier 5 Claim of the Issuer;
- (vi) a ledger (“**Tier 6 Ledger**”) in respect of the Issuer’s Tier 6 Claim;
- (vii) a ledger (“**Tier 7 Ledger**”) in respect of the Issuer’s Tier 7 Claim;
- (viii) a ledger (“**Tier 8 Ledger**”) in respect of the Issuer’s Tier 8 Claim;
- (ix) a ledger (“**Tier 9 Ledger**”) in respect of the Issuer’s Tier 9 Claim;
- (x) a ledger (“**Tier 10 Ledger**”) which shall be divided into separate sub-ledgers (“**Tier 10 Sub-Ledgers**”) for each person holding a Tier 10 Claim (such person a “**Tier 10 Creditor**”);
- (xi) a ledger (“**Tier 11 Ledger**”) in respect of WPD Realisations (Cayman) Limited’s Tier 11 Claim;
- (xii) a ledger (“**Tier 12 Ledger**”) which shall be sub-divided into separate sub-ledgers (“**Tier 12 Sub-Ledgers**”) in respect of each separate Tier 12 Claim of the Issuer;
- (xiii) a ledger (“**Tier 13 Ledger**”) in respect of the Issuer’s Tier 13 Claim; and
- (xiv) a ledger (“**Tier 14 Ledger**”) in respect of the Issuer’s Tier 14 Claim.

Subject to the entrenched rights of the Issuer Security Trustee and the other Issuer Secured Creditors (including the Bond Trustee), the terms of the DCC Standstill Priority may change if the Issuer issues a further Series of Bonds or enters into further Authorised Loan Facilities the proceeds of which are then advanced to DCC.

Promptly following the occurrence of a Standstill, each Standstill Creditor will notify the Standstill Cash Manager and the DCC Security Trustee of the amount of each of its individual tiered claims against DCC (adjusted subsequently, if appropriate) for the remainder of the Relevant Year during which the Standstill has occurred. Promptly following receipt of such notifications from each of the Standstill Creditors, the Standstill Cash Manager on behalf of the DCC Security Trustee shall notionally apply the balance then credited to the Debt Service Payment Account in accordance with the DCC Standstill Priority and (without double counting) credit each Standstill Ledger, Sub-Ledger and Sub-Sub Ledger with the amount, if any, credited to such Standstill Ledger, Sub-Ledger and Sub-Sub Ledger as a result of such notional application.

All monies credited on a monthly basis to the Debt Service Payment Account during the remainder of the Relevant Year shall be notionally applied by the Standstill Cash Manager on behalf of the DCC Security Trustee in accordance with the DCC Standstill Priority and each Standstill Ledger, Sub-Ledger and Sub-Sub Ledger shall be credited by the Standstill Cash Manager on behalf of the DCC Security Trustee (without double counting) with the amount, if any, credited to such Standstill Ledger, Sub-Ledger and Sub-Sub Ledger as a result of such notional application.

Each Standstill Creditor shall notify the Standstill Cash Manager and the DCC Security Trustee of the amount of each of its individual tiered claims against DCC for each Relevant Year during which the Standstill continues promptly upon the commencement of such Relevant Year and all monies credited each month to the Debt Service Payment Account during such Relevant Year shall continue to be notionally applied in accordance with the DCC Standstill Priority.

No amounts may be withdrawn from the Debt Service Payment Account during a Standstill to meet any Claim unless and until each Ledger, Sub-Ledger and Sub-Sub Ledger in respect of each prior ranking Claim has and remains credited with an amount equal to not less than 100 per cent. of the outstanding liability in respect of which such Ledger, Sub-Ledger and Sub-Sub Ledger has been established.

If on any day that a Claim of a Standstill Creditor (a “**Relevant Standstill Creditor**”) represented by a Sub-Ledger or a Sub-Sub Ledger of the Relevant Standstill Creditor falls to be paid, there are insufficient sums credited to that Sub-Ledger or, as the case may be, Sub-Sub Ledger to meet the Relevant Standstill Creditor’s Claim in full, then the Standstill Cash Manager on behalf of the DCC Security Trustee shall debit each other Sub-Ledger or, as the case may be, Sub-Sub Ledger which ranks equally with the Relevant Standstill Creditor’s Claim pro rata according to the respective amounts credited to each other Sub-Ledger or, as the case may be, Sub-Sub Ledger (without double counting), by an amount equal to the lower of (a) the shortfall and (b) the aggregate amount then credited to each other equal ranking Sub-Ledger or, as the case may be, Sub-Sub Ledger and credit such amount to the relevant equal ranking Sub-Ledger or Sub-Sub Ledger of the Relevant Standstill Creditor which has fallen to be paid.

The Standstill Cash Manager on behalf of the DCC Security Trustee shall, in respect of (a) each Sub-Ledger or Sub-Sub Ledger of any Standstill Creditor (such Standstill Creditor, an “**Affected Standstill Creditor**”) from which amounts have been debited to make good shortfalls to meet a Claim of the Relevant Standstill Creditor and (b) in respect of the Sub-Ledger or Sub-Sub Ledger of the Relevant Standstill Creditor which has been credited to make up the relevant shortfall, open and maintain a separate Ledger (each such Ledger, a “**Notional Liquidity Ledger**”) and shall credit each Notional Liquidity Ledger in respect of each Affected Standstill Creditor (without double counting) with the amount debited from the corresponding Sub-Ledger or, as the case may be, Sub-Sub Ledger of that Affected Standstill Creditor and shall debit the Notional Liquidity Ledger of the Relevant Standstill Creditor with the amount so credited. A credit balance at any time on a Notional Liquidity Ledger of an Affected Standstill Creditor shall represent an advance (a “**Notional Liquidity Advance**”) from that Affected Standstill Creditor to the Relevant Standstill Creditor. For so long as an Affected Standstill Creditor has a debit balance on its Notional Liquidity Ledger, all amounts notionally credited to the Sub-Ledger or Sub-Sub Ledger of the Relevant Standstill Creditor ranking equally with the Sub-Ledger or Sub-Sub Ledger of the Affected Standstill Creditor in accordance with the DCC Standstill Priority shall instead be applied, pro rata to the respective amounts credited to the relevant Notional Liquidity Ledgers of all equal ranking Affected Standstill Creditors, in reducing the credit balance on each relevant Notional Liquidity Ledger (with a corresponding credit to the Notional Liquidity Ledger of the Relevant Standstill Creditor) until such time as there is a zero balance on each relevant Notional Liquidity Ledger.

If after making any transfer from an equal ranking Sub-Ledger or Sub-Sub Ledger to the relevant Sub-Ledger or Sub-Sub Ledger of the Relevant Standstill Creditor there remains an insufficiency of funds available to DCC to meet that Claim, then DCC shall request the making of an L Advance in the amount of such shortfall.

The arrangements described above shall continue for so long as there is a Standstill. In the event that the Standstill is discharged, then the pre-Standstill cash allocation procedures described previously shall be reinstated. The DCC Security Trustee shall not be responsible for monitoring the performance of the Standstill Cash Manager.

If, following the implementation of a Standstill, there is an acceleration of Claims under the DCC STID then, upon such acceleration occurring, all monies credited to DCC’s Accounts together with the proceeds of enforcement of any of the Security Documents shall be applied strictly in accordance with the priority of payments set out below (the “**DCC Post-Enforcement Payments Priorities**”):

- (i) first, pro rata according to the respective amounts thereof, in or towards satisfaction of each Tier 1 Claim and in or towards satisfaction of each Tier 2 Creditor’s Tier 2 Claim;
- (ii) second, pro rata according to the respective amounts thereof:

- (a) to the Overdraft Bank, in or towards satisfaction of any fees, interest and principal outstanding under the Overdraft Facility; and
- (b) to the Account Bank, in or towards satisfaction of any accrued and unpaid fees and charges due to the Account Bank under the DCC Account Bank Agreement;
- (iii) third, pro rata according to the respective amounts thereof:
  - (a) to the Issuer, in or towards satisfaction of the Issuer's Tier 3 Claim; and
  - (b) to each Authorised Lender in or towards satisfaction of such Authorised Lender's Tier 3 Claim;
- (iv) fourth, pro rata according to the respective amounts thereof:
  - (a) to each DCC Hedging Counterparty, in or towards satisfaction of such Hedging Counterparty's Tier 4 Claim;
  - (b) to the Issuer, in or towards satisfaction of the Issuer's Tier 4 Claim;
  - (c) to each DCC Finance Lessor, in or towards satisfaction of such DCC Finance Lessor's Tier 4 Claim; and
  - (d) to each Authorised Lender, in or towards satisfaction of such Authorised Lender's Tier 4 Claim;
- (v) fifth, pro rata according to the respective amounts thereof:
  - (a) to the Issuer, in or towards satisfaction of the Issuer's Tier 5 Claim;
  - (b) to each DCC Finance Lessor, in or towards satisfaction of such DCC Finance Lessor's Tier 5 Claim; and
  - (c) to each Authorised Lender, in or towards satisfaction of such Authorised Lender's Tier 5 Claim;
- (vi) sixth, to the Issuer, in or towards satisfaction of the Issuer's Tier 6 Claim;
- (vii) seventh, to the Issuer in or towards satisfaction of the Issuer's Tier 7 Claim;
- (viii) eighth, to the Issuer, in or towards satisfaction of the Issuer's Tier 8 Claim;
- (ix) ninth, to the Issuer, in or towards satisfaction of the Issuer's Tier 9 Claim;
- (x) tenth, pro rata according to the respective amounts thereof:
  - (a) to each DCC Finance Lessor, in or towards satisfaction of such DCC Finance Lessor's Tier 10 Claim;
  - (b) to the Issuer, in or towards satisfaction of the Issuer's Tier 10 Claim;
  - (c) to each Authorised Lender, in or towards satisfaction of such Authorised Lender's Tier 10 Claim; and
  - (d) to each DCC Hedging Counterparty, in or towards satisfaction of such DCC Hedging Counterparty's Tier 10 Claim;
- (xi) eleventh, to the Issuer, in or towards satisfaction of the Issuer's Tier 12 Claim;
- (xii) twelfth, to the Issuer, in or towards satisfaction of the Issuer's Tier 13 Claim; and
- (xiii) thirteenth, pro rata according to the respective amounts thereof:
  - (a) to WPD Realisations (Cayman) Limited, in or towards satisfaction of WPD Realisations (Cayman) Limited's Tier 11 Claim; and
  - (b) to the Issuer, in or towards satisfaction of the Issuer's Tier 14 Claim.

The proceeds of enforcement of the Guarantor Security will also be applied in accordance with the DCC Post-Enforcement Payments Priorities in circumstances where such enforcement occurs during a Standstill Period or following an acceleration of Claims under the DCC STID.

## ISSUER CASH MANAGEMENT

The Issuer has established sterling, euro and U.S. dollar operating accounts (the “**Issuer Operating Accounts**”) and an initial liquidity facility reserve account (the “**Initial Liquidity Account**”). The Issuer Accounts (as defined below) are held with the Account Bank pursuant to an account agreement (the “**Issuer Account Bank Agreement**”) dated on the Initial Issue Date between the Issuer, the Account Bank and the Issuer Security Trustee. DCC acts as Cash Manager of the Issuer and, pursuant to the terms of the Master Framework Agreement manages amounts standing to the credit of the Issuer Accounts and any other accounts of the Issuer from time to time.

Each Liquidity Facility Agreement will require the establishment of a further liquidity facility reserve account (“**Further Liquidity Accounts**” which, together with the Initial Liquidity Account, are referred to as the “**Liquidity Accounts**” and, collectively with the Issuer Operating Accounts, are referred to as the “**Issuer Accounts**”).

The Cash Manager has opened and maintains in respect of the sterling denominated Issuer Operating Account a ledger in respect of each Series (a “**Series Ledger**”) for the purpose of recording all payments made by or to the Issuer under the Intercompany Loan Agreement entered into in connection with such Series.

Prior to the service of an Enforcement Notice under the Issuer Deed of Charge all monies credited to a Series Ledger rank for payment in accordance with the priority of payments (“**Issuer Pre-Enforcement Payments Priorities**”) set out in the Issuer STID as set out below:

- (i) first, pro rata according to the respective amounts thereof, in or towards satisfaction of the Relevant Series Proportion of the remuneration, costs and expenses of the Bond Trustee and Issuer Security Trustee;

### Finance Leases

#### Supply Agreements

DCC has entered into (a) an equipment supply agreement dated 28 June 1996 with Lloyds Plant Leasing Limited (“**Lloyds**”), (b) two reimbursement and hire purchase agreements (for the supply of equipment which is to be leased under the 17 year and 31 year finance Leases referred to below) dated 7 March 2002, with W&G Lease Finance Limited (“**W&G**”), (c) two reimbursement and hire purchase agreements (for the supply of equipment which is to be leased under the 18 year and 20 year Finance Leases referred to below) dated 31 May 2002 with Bayerische Landesbank Girozentrale (“**Bayerische**”), (d) a reimbursement and hire purchase agreement dated 21 November 2002 with A&L CF December (1) Limited (“**A&L December**”) (formerly known as Sovereign Financial Services (Manchester) Limited), (e) a reimbursement and hire purchase agreement dated 21 November 2002 with A&L CF June (1) Limited (“**A&L June**”) (formerly known as Sovereign Commercial Limited), (f) two reimbursement and hire purchase agreements (for the supply of equipment which is to be leased under the 20 year Finance Leases referred to below) dated 11 November 2004 and 20 October 2005 respectively with W&G, (g) two reimbursement and hire purchase agreements dated 11 November 2004 and 22 July 2005 respectively, with Lloyds TSB Corporate Asset Finance (No. 4) Limited (“**Lloyds TSB**”), (h) one reimbursement and hire purchase agreement dated 12 November 2004 with Assetfinance December (H) Limited (formerly known as Motopurchase Limited) (“**HSBC**”), (i) one reimbursement and hire purchase agreement dated 31 August 2005 with Norddeutsche Landesbank Girozentrale (“**Nord**”). These agreements are collectively the “**Supply Agreements**”.

Pursuant to the Supply Agreements, DCC has sold or otherwise procured (or is entitled to sell or otherwise procure) the supply of certain equipment to such companies (or in respect of equipment which constitutes Fixtures (as defined below) has been reimbursed (or is entitled to be reimbursed) for capital expenditure in respect thereof). The financial facilities available under the Supply Agreements are as follows: Lloyds - £100million; W&G - £120million (in respect of the Supply Agreement dated 7 March 2002) £125million (in respect of the Supply Agreement dated 11 November 2004) and £30million (in respect of the Supply Agreement dated 20 October 2005); Bayerische - £153million; A&L December and A&L June (combined)-£85million; HSBC - £50million; Lloyds TSB - £50million (in respect of the Supply Agreement dated 11 November 2004), £30million (in respect of the Supply Agreement dated 22 July 2005); and Nord - £24 million. Finance lease obligations, after the taking into account of any capital repayments under these facilities, amounted to £740.1 million as at 31 March 2006.

The equipment supplied (or to be supplied) under the Supply Agreements (the “**Equipment**”) consists of equipment for use in the water and sewerage operations of DCC, including generators, compressors, tanks, pipework, filter pressure vessels, pumps valves, and other such process plant equipment and on water and sewerage infrastructure assets. The Equipment is comprised of moveable equipment (“**Moveables**”) and fixed equipment (that is, Equipment which is so affixed to real estate so as to become part of that real estate as a matter of law, “**Fixtures**”).

#### Finance Leases

Each of Lloyds, W&G, Bayerische, A&L December, A&L June, HSBC, Lloyds TSB and Nord (each a “**Finance Lessor**” and together, the “**Finance Lessors**”) has leased (or, in certain cases, will lease) the items of Equipment purchased or supplied (or, in certain circumstances, to be purchased or supplied) by them under the Supply Agreements to DCC on the terms, and subject to the conditions, set out in the following lease agreements between DCC as lessee and the respective Finance Lessor as lessor (each a “**Finance Lease**” and, together, the “**Finance Leases**”): (a) a lease agreement dated 28 June 1996 with Lloyds whose principal lease period is 25 years; (b) four lease agreements dated 7 March 2002, 7 March 2002, 11 November 2004 and 20 October 2005 with W&G, whose principal lease periods are 17 years, 20 years (upon agreement extendable up

to 31 years), 20 years (upon agreement extendable up to 35 years) and 20 years (upon agreement extendable up to 35 years), respectively, from the date of commencement of such periods; (c) two lease agreements dated 31 May 2002 with Bayerische, whose principal lease periods are 18 and 20 years respectively from the date of commencement of such periods; (d) four lease agreements dated 21 November 2002 with A&L December, whose principal lease periods are 11 years respectively from the date of commencement of such periods; (e) a lease agreement dated 21 November 2002, with A&L June whose principle lease period is 20 years; (f) a lease agreement dated 11 November 2004 with Lloyds TSB whose principal lease period is 20 years (upon agreement extendable up to 35 years) from the date of commencement of such period and a lease agreement dated 22 July 2005 with Lloyds TSB, whose principal lease period ends on 22 November 2024 (upon agreement extendable to 22 November 2039); (g) one lease agreement dated 12 November 2004 with HSBC, whose principal lease period is 20 years (upon agreement extendable up to 35 years) from the date of commencement of such period; (h) one lease agreement dated 31 August 2005 with Nord, whose principal lease period is 30 years from the date of commencement of such period.

The Finance Lease with Lloyds was amended on the Initial Issue Date so as to be subject to the Common Terms Agreement and the DCC STID.

The leasing of the Equipment under each of the Finance Leases, subject to any full or partial early termination (see below), is for a period (a) in respect of Fixtures (other than under the Finance Lease with Lloyds where certain extensions are possible), of no longer than the respective principal lease period (see above) relating thereto and (b) in respect of Moveables, a period of no longer than the respective principal lease period (see below) relating thereto, save that the leasing of certain Moveables may be extended for further 12 month periods, or until the end of the useful life of any such Moveable, at the option of DCC.

#### **Terms and Conditions**

Each Finance Lease is subject to the Common Terms Agreement, which sets out certain of the representations and warranties, covenants and events of default which apply to the Finance Leases (see “*Common Terms Agreement*” above). In addition the Finance Leases are subject to the DCC STID which regulates the claims of Finance Lessors against DCC and termination and enforcement rights under the Finance Leases.

#### **Rental**

DCC is obliged to pay rental payments (“**Rental**”) under each Finance Lease annually in advance on 1 April of each year in respect of the Finance Lease with Lloyds and on 31 March of each year in respect of the other Finance Leases (each a “**Rental Payment Date**”).

The primary period Rental payable under each of the Finance Leases is calculated by reference to a number of assumptions made at the time of execution of the relevant Finance Lease (including a specific assumed rate of interest) and if any such assumption proves to be incorrect, the primary rental payments under the relevant Finance Lease are adjusted to levels that seek to (or if all those rentals have been paid additional rentals or rebates of rental are made in order to) preserve the relevant Finance Lessor’s agreed after-tax rate of return on its acquisition cost of the Equipment leased under that Finance Lease. The rental payments payable during any secondary periods are also set out in the relevant Finance Lease.

The assumptions set out in each Finance Lease are the type of tax and financial assumptions customarily found in leases of this kind and include (*inter alia*) matters such as the rate of corporation tax, the rate of writing down allowances, the amount of group relief on tax losses which may be claimed by the relevant Finance Lessor and other changes in applicable law or regulation.

DCC will pay any VAT (if payable) due in respect of any payments under the Finance Leases.

#### **General Payment Provisions**

Default interest is payable under each Finance Lease in respect of any late payments.

All payments of principal and interest under each Finance Lease will be made free and clear of, and without withholding or deduction for, tax, if any, applicable to such payments unless such withholding or deduction is required by law. In that event, DCC will be obliged to pay such additional amounts as will result in the receipt by the relevant Finance Lessor of such amounts as would have been received by it if no such withholding or deduction had been required.

### **DCC Obligations**

In addition to the representations and warranties made by DCC and the obligations placed upon DCC pursuant to the Common Terms Agreement, the Finance Leases also include certain standard finance lease representations, warranties and covenants.

In particular, DCC is required, in accordance with the Finance Leases (although not always in each case), *inter alia*, (1) to maintain, service, repair and overhaul the Equipment so as to keep the Equipment in good repair, condition and working order in accordance with customary practice of a prudent and responsible water and sewerage undertaking; (2) promptly to replace any item of Equipment which is worn out, obsolete or damaged; (3) to maintain third party liability and property and damage insurances in respect of the Equipment, satisfactory to the Finance Lessors; and (4) to perform all acts or provide all assistance necessary and/or desirable to preserve each Finance Lessor's tax benefits and/or position under the Finance Lease, including entering into elections that entitle the relevant Finance Lessor to claim capital allowances on any of the Equipment which constitutes Fixtures.

A breach of any of these representations and/or obligations in a Finance Lease which would be reasonably likely to have a material adverse effect will (to the extent not waived) oblige DCC to prepay all sums due and payable under the relevant Finance Lease. Such prepayment shall be funded solely from Permitted Indebtedness (as summarised above, see "*Common Terms Agreement*") and subject to the Common Terms Agreement and the DCC STID. If DCC does not make such prepayment in accordance with the Common Terms Agreement, an Event of Default under the Common Terms Agreement will arise (to the extent not waived) and the Standstill Period will automatically commence (see "*DCC STID – Standstill*" above).

### **Indemnities**

Each Finance Lease contains a general indemnity whereby DCC agrees to indemnify the relevant Finance Lessor (and/or, in respect of certain indemnities under certain of the Finance Leases, the relevant Finance Lessor corporate group) on demand against all losses, payments, damages, liabilities, claims, proceedings, actions, penalties, fines or other sanctions of a monetary nature, costs and expenses (including legal expenses, out-of-pocket expenses and, in certain cases, costs of management time) in any way associated with the transactions contemplated in the relevant Finance Lease ("**Losses**") other than Losses (i) arising as a result of the wilful default or negligence of the relevant Finance Lessor or (ii) compensated for elsewhere in the relevant Finance Lease.

Each Finance Lease typically (but not in all cases) provides that DCC shall indemnify under the Finance Leases the relevant Finance Lessor against all losses incurred or suffered by it, *inter alia*, in relation to the Equipment or as a result of failure by DCC to comply with its obligations under the relevant Finance Lease.

Typically these indemnities survive any termination of the leasing of the Equipment under the Finance Leases and the termination of the Finance Leases themselves.

### **Tax Indemnities**

Under the terms of the Finance Leases, DCC is required to compensate the Finance Lessors for certain tax events, either by variation of the Rental payment amounts (see "*Rental*" above) or by contractual indemnity payments.

Typically these indemnities survive any termination of the leasing of the Equipment under the Finance Leases and the termination of the Finance Leases themselves.

### **Termination of Finance Leases**

Subject to the terms of the DCC STID (including the provisions applying during a Standstill Period), the leasing of part or all of the Equipment under the Finance Leases may be terminated on the occurrence of any of the DCC Events of Default specified in the Common Terms Agreement.

In addition, subject to the terms of the Common Terms Agreement, the DCC STID and the Finance Leases (as amended and supplemented) and provided DCC is able to fund such termination or prepayment from Permitted Indebtedness (as specified above, see “*Common Terms Agreement*”):

- DCC may, for any reason, terminate the leasing of all or part of the Equipment under any Finance Lease and DCC may prepay all Rentals due thereunder in advance of the expiry of the relevant lease period; and
- each Finance Lessor may terminate the leasing of the Equipment under its Finance Lease if (a) an illegality event in respect of that Finance Lessor occurs; (b) a total loss of its leased Equipment occurs; or (c) in respect of Lloyds, it exercises its option to terminate the relevant Finance Lease on 1 April 2018.

If DCC fails to make any such prepayment in accordance with the Common Terms Agreement, a DCC Event of Default will arise under the Common Terms Agreement and the Standstill Period will automatically commence (see “*DCC STID – Standstill*” above).

The Termination payment payable by DCC upon termination of a Finance Lease varies according to the termination event which takes place and the date thereof. The termination payment is calculated, broadly, by the production of a revised cashflow as at the date of the relevant termination and based upon certain assumptions, (which if subsequently proven to be incorrect may give rise to a further payment or rebate in the future).

### **Repossession of Moveables on Termination**

Pursuant to the terms of the Supply Agreements, the Finance Lessors purchased (or may purchase) the legal and beneficial title to Moveables. Upon the affixing of certain Moveables to real estate in accordance with the relevant Finance Leases, such Moveables may become Fixtures. Upon the creation of such Fixtures, legal and beneficial title to the same is transferred from the relevant Finance Lessor to the owner of the relevant real estate (albeit that, for fiscal purposes only, title is deemed to rest with the relevant Finance Lessors). There is no ability for a Finance Lessor to repossess Equipment which becomes or has become fixtures.

Following a termination event under the Finance Leases, DCC is required, at its own cost and expense, to redeliver possession of any Equipment which remains a Moveable to the relevant Finance Lessor. The Finance Lessors shall sell, if possible, the returned Moveables and shall share the net sale proceeds of any such sale with the other DCC Secured Creditors.

### **Insurance and Total Loss**

DCC has to maintain certain insurances under each Finance Lease (see “**DCC Obligations**” above).

Upon a total loss of certain items of Equipment, the leasing of such items will terminate and DCC must pay a termination payment (from insurance proceeds or otherwise) within a specified number of business days following such a total loss or within a certain number of business days after the date of receipt of insurance proceeds in relation to such Equipment.

### **Abbey National Leasing Transaction**

DCC entered into a £75 million lease facility pursuant to a lease agreement dated 26 March 1992 (as amended on 20 December 2002) with Cheriton Resources (13) Limited (formerly Abbey National March Leasing) (1) Limited (the “**Abbey National Finance Lease**”). Subsequently, on or around 30 December 2004, the Abbey National Finance Lease was voluntarily terminated and prepaid by DCC.

## Local Authority Loans

DCC has outstanding loans of approximately £3.7 million from certain local authorities in Wales. The local authorities who have made these loans available to DCC have not acceded, and will not be required to accede, to the Common Terms Agreement, the DCC STID or the Intercreditor Arrangements.

## Class R Bonds

The proceeds of the issue of the Class R Bonds were immediately applied by the Issuer to repurchase the Class R Bonds, which the Issuer was permitted to do under its Memorandum of Association and pursuant to the Conditions applicable thereto. The Class R Bonds so repurchased were not cancelled but remain within the clearing systems and are available to be resold from time to time subject to certain criteria set out in Chapter 10: “*Subscription and Sale*” and as will be specified in any Class R Underwriting Agreement. Any Class R Bonds so resold may be repurchased by the Issuer on any day and will be repurchased by the Issuer no later than the Issuer Payment Date which immediately follows their resale, provided that no Issuer Event of Default under the Bonds has occurred and is continuing. The Issuer will not be required to repurchase any Class R Bonds on an Issuer Payment Date to the extent that any Class R Underwriter fails to finance such repurchase by subscribing for new Class R Bonds. In such event, the Class R Bonds which are not repurchased will remain in issue and interest will continue to accrue on them. Whilst held by, for or on behalf of the Issuer, Holdings or DCC or any of their respective affiliates, the Class R Bonds will not accrue interest and will not confer any voting rights. The proceeds of the Class R Bonds which are resold by the Issuer will be applied in making R Advances under the Initial Intercompany Loan Agreement from time to time. (See “*Intercompany Loan Agreements*” above.)

As of the date of this Prospectus, there are no Class R Bonds outstanding.

## Authorised Loan Facilities

The Issuer is currently party to four Authorised Loan Facilities with an aggregate facility amount of £515,000,000. These are: (i) a revolving credit facility of £75,000,000 provided by Fortis Bank S.A./N.V. available until 30 June 2012; (ii) a revolving credit facility of £305,000,000 provided by a club of lenders, for which The Royal Bank of Scotland plc acts as facility agent, available until 30 September 2011; (iii) a £35,000,000 finance contract (which has been fully drawn) between the Issuer and the European Investment Bank (“**EIB**”) repayable in instalments by 15 December 2014; and (iv) a further finance contract of £100,000,000 (of which £75,000,000 has been drawn) between the Issuer and the EIB repayable in instalments by 15 September 2021 (together, the “**Current Authorised Loan Facilities**”). As of the date of this Prospectus DCC is not currently a party to any Authorised Loan Facilities. The Issuer has on-lent the drawings on each of the Current Authorised Loan Facilities to the DCC by way of Intercompany Loans to fund the working the capital and capital expenditure requirements of DCC. As at 30 September 2006, cumulative drawings under these facilities amounted to £192,500,000.

Interest accrues on any drawing under the Current Authorised Loan Facilities calculated at a daily rate by reference to, in the case of the facilities identified at (i), (ii) and (iii) above, the applicable sterling LIBOR plus a margin and mandatory costs (or in the case of (iii) above, a predetermined variable rate spread) and in respect of (iv) above, interest on each individual tranche drawn may be calculated using either a fixed rate of interest or by reference to sterling LIBOR plus a margin and a predetermined variable rate spread.

Each of DCC and the Issuer makes representations and warranties to the Authorised Lenders on terms as set out, respectively, in the Common Terms Agreement and the Master Framework Agreement. Certain representations and warranties are repeated at the date of drawing a loan and on certain Issuer Payment Dates or DCC Payment Dates, as the case may be.

Each of DCC and the Issuer makes covenants and undertakings to the Authorised Lenders on terms as set out, respectively, in the Common Terms Agreement and the Master Framework Agreement.

The DCC Events of Default under the Common Terms Agreement apply to DCC under any Authorised Loan Facility (see “*Common Terms Agreement*” above). Events of default similar to the Issuer Events of Default under the Bonds apply to the Issuer under its Initial Authorised Loan Facility (see Condition 11 in Chapter 7 “*Terms and Conditions of the Bonds*”).

The ability of the Authorised Lenders to accelerate any sums owing under either of the Issuer’s or DCC’s Authorised Loan Facilities upon or following the occurrence of an event of default thereunder is subject to the Issuer STID or the DCC STID, respectively.

The Issuer and/or DCC may enter into further Authorised Loan Facilities except that any Authorised Loan Facilities entered into by DCC for working capital and capital expenditure purposes will be subject to an aggregate cap of £50,000,000 (indexed), and the aggregate amount of drawings under the Overdraft Facility and such Authorised Loan Facilities from time to time shall not, in the aggregate, exceed £50,000,000 (indexed). Each additional Authorised Lender will be given the benefit of the Issuer Security or the DCC Security, as the case may be, and will be required to accede to the Issuer STID or the DCC STID, as the case may be.

### **The Liquidity Facilities**

The Issuer is required to have available to it one or more liquidity facilities (each a “**Liquidity Facility**”) to enable it to meet any Liquidity Shortfalls (as defined below).

Any Liquidity Facility Provider must be a bank which as at the relevant Issue Date has a rating assigned for its short-term unsecured, unsubordinated and unguaranteed debt obligations of at least A-1/P-1/F-1 from the relevant Rating Agencies or such other short-term rating as is commensurate with the original issue ratings assigned to the Class A Bonds, Class B Bonds and Class R Bonds remaining outstanding from each of the Rating Agencies (the “**Requisite Ratings**”).

Under the terms of the agreement(s) establishing a Liquidity Facility (each a “**Liquidity Facility Agreement**”), one or more Liquidity Facility Providers have provided or will provide a 364-day commitment in an aggregate amount specified in each Liquidity Facility Agreement to permit drawings to be made in circumstances where (i) the Issuer has or will have insufficient funds available on an Issuer Payment Date to pay in full its obligations in respect of scheduled interest on the Class A Bonds, Class B Bonds, Class R Bonds and (subject to certain limits) Class C Bonds and scheduled interest on its Authorised Loan Facilities, or (ii) DCC has or will have insufficient funds available on a DCC Payment Date to pay in full its obligations in respect of scheduled interest on its Authorised Loan Facilities or the notional scheduled interest payments under the DCC Finance Leases (each a “**Liquidity Shortfall**”). The amount which may be drawn under a Liquidity Facility Agreement to make up any Liquidity Shortfall arising on any Class C Bonds shall be limited to the proportion that the Outstanding Principal Amount of such Class C Bonds bears to the aggregate Principal Amount Outstanding of the Class A Bonds, Class B Bonds, Class R Bonds (if any) and Class C Bonds. No drawings will be permitted under any Liquidity Facility Agreement in respect of any Liquidity Shortfall on the Class D Bonds.

The Cash Manager on behalf of the Issuer may also, at any time, replace any Liquidity Facility Provider provided that such Liquidity Facility Provider is replaced by a bank with Requisite Ratings and all amounts outstanding to such Liquidity Facility Provider are repaid in full.

Amounts drawn by the Issuer under a Liquidity Facility (except by way of a Standby Drawing) will be lent by the Issuer to DCC as an L Advance under the relevant Intercompany Loan Agreement (see “*Intercompany Loan Agreements*” above). The Issuer will repay each drawing under a Liquidity Facility Agreement upon repayment of the corresponding amount of the relevant L Advance under the relevant Intercompany Loan

Agreement. Amounts repaid may, subject to various conditions precedent, be redrawn. The Initial Liquidity Facility Providers are The Royal Bank of Scotland plc and Lloyds TSB Bank plc.

Each Liquidity Facility Agreement provides or will provide that if (i) at any time the rating of the short-term, unsecured, unsubordinated and unguaranteed debt obligations of the relevant Liquidity Facility Provider falls below the Requisite Ratings or (ii) the relevant Liquidity Facility Provider does not renew such Liquidity Facility prior to the expiry of the 364-day period, the Issuer will either:

- request (in the case of (i) above) such Liquidity Facility Provider, or (in case of (ii) above) all parties then comprising the Liquidity Facility Provider in relation to that Liquidity Facility, to pay into the relevant Liquidity Account or other such agreed account to which such Liquidity Facility relates, an amount equal to (in the case of (i) above), the affected party's undrawn commitment under such Liquidity Facility or (in the case of (ii) above), all commitments then available under such Liquidity Facility (a "**Standby Drawing**"); or
- (in the case of (i) above) replace each affected party with a party having the Requisite Ratings (whether by way of novation of the relevant Liquidity Facility Agreement or the entry into of a new Liquidity Facility Agreement with a party having the Requisite Ratings).

The Standby Drawing will generally be repayable only if the relevant Liquidity Facility Provider is re-rated with the Requisite Ratings or a replacement liquidity facility on terms acceptable to the Rating Agencies is entered into or if and to the extent such facility is no longer required to maintain the original issue ratings on the Class A Bonds, the Class B Bonds or the Class R Bonds from the relevant Rating Agencies. The proceeds of the Standby Drawing will be placed in the relevant Liquidity Account over which the Issuer will grant security pursuant to the terms of the Issuer Deed of Charge.

Interest will accrue on any drawing (including a Standby Drawing) made under the Liquidity Facility provided by the Initial Liquidity Facility Providers at a reference rate per annum plus a margin except where a Standby Drawing has been outstanding for 60 months, in which case the margin will increase by an agreed amount (the "**LF Step-Up**") until such drawing is repaid. Under the Initial Liquidity Facility Agreement, the Issuer will also be required to pay additional amounts if: (i) a withholding or deduction for or on account of tax is imposed on payments made by it to the relevant Liquidity Facility Provider; or (ii) if the relevant Liquidity Facility Provider suffers an increase in the cost of providing the relevant Liquidity Facility (together with the LF Step-Up "**Subordinated Liquidity Facility Amounts**"). Drawings under any further Liquidity Facilities will accrue interest subject to the specific terms of the relevant Liquidity Facility Agreement.

Upon the enforcement of the Issuer Security pursuant to the Issuer Deed of Charge, all indebtedness outstanding under any Liquidity Facility (other than Subordinated Liquidity Facility Amounts) will rank in priority to the Bonds.

## **Hedging Agreements**

### **Hedging Policy**

The Glas Group enters into hedging transactions in accordance with an agreed hedging policy, pursuant to the Common Terms Agreement and Master Framework Agreement, as applicable. This, *inter alia*, requires that the Glas Group does not maintain any open currency positions and that it enters into appropriate hedging instruments to limit exposure to inflation and interest rate fluctuations to a prudent level. The Glas Group is prohibited from entering into any form of hedging arrangement or swaps contract of a speculative nature or otherwise than in accordance with the agreed hedging policy. The Glas Group will maintain the hedging policy over time in accordance with good industry practice and regulatory developments.

### **Initial Hedging Agreements**

The Issuer hedged its interest rate and currency exposure in respect of Sub-Classes of Bonds issued on the Initial Issue Date that accrued interest at a floating rate and included Bonds that were denominated in U.S.

dollars. Payments are made between the Issuer and the Initial Hedge Counterparties under the Initial Hedging Agreements on Issuer Payment Dates. Notwithstanding that a proportion of the Bonds issued on the Initial Issue Date have been redeemed, the Issuer has kept the Initial Hedging Agreements in place to hedge other floating interest rate exposure of the Glas Group (except the cross-currency dollar swap which has been terminated).

Under the terms of the Initial Hedging Agreements, in the event that the ratings of the Initial Hedge Counterparties fall below the required credit ratings and, as a result the ratings of the relevant Classes of Bonds may be downgraded below the original issue rating, the relevant Initial Hedge Counterparty will either: (i) provide collateral for its obligations; (ii) arrange for its obligations under the relevant Initial Hedging Agreement to be transferred to, or guaranteed by, an appropriate Hedge Counterparty with the required credit ratings, or, with the prior consent of the Rating Agencies, an entity that has a lesser rating (to the extent that such action does not cause a reduction in the original issue ratings of the relevant Classes of Bonds); (iii) arrange for the appointment of a co-obligor with such ratings as, when combined with the relevant Initial Hedge Counterparty's then current ratings, will not cause a reduction in the original issue ratings of the relevant Classes of Bonds; or (iv) take such other action agreed with the relevant Rating Agencies that will not lead to a reduction in the original issue ratings of the relevant Classes of Bonds.

The Initial Hedge Counterparties are obliged to make payments under the Initial Hedging Agreements without any withholding or deduction of taxes, unless required by law. If any such withholding or deduction is required by law, the Initial Hedge Counterparties are required to pay any such additional amount as is necessary to ensure that the net amount received by the Issuer equals the full amount the Issuer would have received had no such deduction or withholding been required. The Issuer makes payments under the Initial Hedging Agreements subject to any withholding or deduction of taxes required by law, but is not required to pay any additional amount to any Initial Hedge Counterparty in respect thereof. However, in either case, if any such withholding or deduction is required, which cannot be avoided by both parties using reasonable endeavours to avoid such withholding or deduction, the Initial Hedge Counterparty may terminate the relevant Initial Hedging Agreement.

The Issuer has rights to terminate an Initial Hedging Agreement in certain circumstances, relating to the relevant Initial Hedge Counterparty (or, in certain circumstances, any credit support provider relating to it) including: a failure to pay amounts when due; the occurrence of an insolvency event; a breach of a term of the Initial Hedging Agreement or any credit support document; a merger without assumption; a default under specified types of transaction; and in the case of an event of illegality under the swap transactions.

Each Initial Hedge Counterparty's rights to terminate its Initial Hedging Agreement are restricted to: (i) a failure by the Issuer to make a payment under the Initial Hedging Agreement when due; (ii) certain insolvency-related events with respect to the Issuer; (iii) illegality affecting the Initial Hedge Counterparty's ability to make or receive a payment; and (iv) where either the Hedge Counterparty or the Issuer is required to withhold for tax, which cannot be avoided, as described above. Each Initial Hedge Counterparty is a party to the Issuer STID and its rights (including, in particular, its rights to receive any termination payment) are governed thereby and subject thereto. Accordingly, any termination payment will be paid to an Initial Hedge Counterparty in accordance with the Issuer Pre-Enforcement Payments Priorities or the Issuer Post-Enforcement Payments Priorities, as the case may be.

In addition to the above, the Issuer and each Initial Hedge Counterparty has the right to terminate a relevant Initial Hedging Agreement upon a delivery of a notice by the Bond Trustee, under Condition 11 of the Bonds, that the Bonds have become immediately due and payable. Further, the Issuer and each Initial Hedge Counterparty has termination rights if the Issuer redeems any of the relevant Classes of Bonds prior to their Expected Maturity Date.

### **The Current DCC Hedging Agreements**

DCC has entered into a number of inflation swap transactions with each of The Royal Bank of Scotland plc, HSBC Bank plc, Barclays Bank plc and Lloyds TSB Bank plc (the “**Current DCC Hedge Counterparties**”) in order to hedge a proportion of its floating rate interest exposure under the Finance Leases (the “**Current DCC Hedge Agreements**”).

Each of the Current DCC Hedge Agreements may, save to the extent described below, be terminated by the Current DCC Hedge Counterparty only upon the occurrence of a DCC Event of Default. Each DCC Hedge Counterparty has, notwithstanding the provisions of the Common Terms Agreement, the right to terminate its relevant Current DCC Hedge Agreements if it is required, due to a change in tax law, to gross-up any payment due from it under such agreement or if there is a substantial likelihood that it will be required to gross-up due to action taken by a tax authority or brought in court.

## CHAPTER 7

### TERMS AND CONDITIONS OF THE BONDS

*The following is the text of the terms and conditions which (subject to completion and amendment and as supplemented or varied in accordance with the provisions of Part A of the relevant Final Terms and, save for the italicised paragraphs) will be incorporated by reference into each Global Bond representing Bonds in bearer form, Bonds in definitive form (if any) issued in exchange for the Global Bond(s) representing Bonds in bearer form, Regulation S Global Registered Bond Certificate representing Bonds in registered form and Regulation S Individual Registered Bond Certificate representing Bonds in registered form (only if such incorporation by reference is permitted by the relevant stock exchange and agreed by the Issuer). If such incorporation by reference is not so permitted and agreed, each Bond in bearer form and each Regulation S Individual Registered Bond Certificate representing Bonds in registered form will have endorsed thereon or attached thereto such text (as so completed, amended, varied or supplemented). Further information with respect to each Sub-Class of Bonds will be given in the relevant Final Terms which will provide for those aspects of these Conditions which are applicable to such Sub-Class of Bonds, including, in the case of Class A Bonds, the form of Financial Guarantee and endorsement and, in the case of all Classes, the terms of the relevant Term Advance or Revolving Advance under the relevant Intercompany Loan Agreement. References in the Conditions to “Bonds” are, as the context requires, references to the Bonds of one Sub-Class only, not to all Bonds which may be issued under the Programme.*

The Issuer will issue bonds pursuant to an amended and restated trust deed dated 19 July 2001 as further amended on or about 7 December 2006 (as further amended, supplemented, restated and/or novated from time to time, the “**Trust Deed**”) between Dwr Cymru (Financing) Limited (the “**Issuer**”), MBIA Assurance S.A., any other Financial Guarantor (as defined below) acceding thereto, including MBIA UK Insurance Limited (“**MBIA UK**”), and Deutsche Trustee Company Limited as trustee (the “**Bond Trustee**”, which expression includes the trustee or trustees for the time being of the Trust Deed).

The Class A Bonds (as defined in Condition 1(a) below) alone will be unconditionally and irrevocably guaranteed as to scheduled payments of principal and interest (as adjusted for indexation but excluding any accelerated amounts or amounts by which the Coupons (as defined below) exceed the Initial Coupons on such Sub-Class as at the relevant Issue Date (the “**Subordinated Coupon Amounts**”)) in respect of such Class A Bonds pursuant to a financial guarantee insurance policy (each a “**Financial Guarantee**”) to be issued by a financial guarantor (each a “**Financial Guarantor**”) in conjunction with the issue of each Sub-Class (as defined in Condition 1(a) below) of Class A Bonds.

None of the Class B Bonds, Class R Bonds, Class C Bonds or Class D Bonds (each as defined in Condition 1(a) below) will have the benefit of any such Financial Guarantee.

The Bonds will have the benefit (to the extent applicable) of an agency agreement (as amended, supplemented and/or restated from time to time, the “**Paying Agency Agreement**”) dated 10 May 2001 (the “**Initial Issue Date**”) (as to which the Issuer, the Bond Trustee, the Principal Paying Agent and the other Paying Agents (in the case of Bearer Bonds) and the Transfer Agents and the Registrar (in the case of Registered Bonds) are party). As used herein, each of “**Principal Paying Agent**”, “**Paying Agents**”, “**Transfer Agents**” and/or “**Registrar**” means, in relation to the Bonds, the persons specified below relating to the Bonds as the Principal Paying Agent, Paying Agents, Transfer Agents and/or Registrar, respectively, and, in each case, any successor to such person in such capacity.

Part A of the relevant Final Terms relating to the Bonds will be endorsed upon or attached to the Bonds and will supplement these terms and conditions (the “**Conditions**”) and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Conditions, replace or modify these Conditions for the purpose of the Bonds.

On the Initial Issue Date, the Issuer entered into a deed of charge (the “**Issuer Deed of Charge**”) with Deutsche Trustee Company Limited as security trustee (the “**Issuer Security Trustee**”), pursuant to which the Issuer granted certain fixed and floating charge security (the “**Issuer Security**”) to the Issuer Security Trustee for itself and on behalf of the Bond Trustee (for itself and on behalf of the Bond holders), the Financial Guarantor(s), the Liquidity Facility Providers, the Hedge Counterparties, the Account Bank, the Authorised Lenders, the Paying Agents, the Registrar, the Transfer Agents, the Cash Manager (each as defined therein), any receiver and any additional creditor of the Issuer which accedes to the Issuer STID (as defined below) (together, the “**Issuer Secured Creditors**”).

On the Initial Issue Date, the Issuer entered into a security trust and intercreditor deed (the “**Issuer STID**”) with the Issuer Security Trustee and other Issuer Secured Creditors, pursuant to which the Issuer Security Trustee holds the Issuer Security on trust for the Issuer Secured Creditors and the Issuer Secured Creditors agree to certain intercreditor arrangements.

The Issuer has entered into an amended and restated dealership agreement (as amended, the “**Dealership Agreement**”) with the dealers named therein (the “**Dealers**”) in respect of each Sub-Class of Bonds issued by the Issuer, pursuant to which the Dealers have agreed to purchase the relevant Sub-Class of Bonds on behalf of the Issuer.

If the Issuer seeks to issue any R Class Bonds it will enter into an underwriting agreement (the “**Class R Underwriting Agreement**”) with underwriters named therein (the “**Class R Underwriters**”) pursuant to which the Class R Underwriters will agree to underwrite the sale of the Class R Bonds.

On the Initial Issue Date, the Issuer entered into a master framework agreement (as amended, the “**Master Framework Agreement**”) with the Issuer Security Trustee for itself and on behalf of the Issuer Secured Creditors, which contains certain representations, warranties and covenants of the Issuer.

The Issuer has entered or may enter into liquidity facility agreements (together, the “**Liquidity Facility Agreements**”) with certain liquidity facility providers (together, the “**Liquidity Facility Providers**”) pursuant to which the Liquidity Facility Providers agree to make certain facilities available to meet liquidity shortfalls.

The Issuer has entered or may enter into certain revolving credit facilities (together, the “**Authorised Loan Facilities**”) with certain lenders (the “**Authorised Lenders**”), pursuant to which the Authorised Lenders agree to make certain facilities available to the Issuer for the purpose of funding certain working capital, capital expenditure and other expenses of DCC.

The Issuer has entered or may enter into certain currency and interest-rate hedging agreements (together, the “**Hedging Agreements**”) with certain hedge counterparties (together, the “**Hedge Counterparties**”) in respect of certain Sub-Classes of Bonds, pursuant to which the Issuer hedges certain of its currency and interest-rate obligations.

The Trust Deed, the Issuer Deed of Charge, the Issuer STID, the Paying Agency Agreement, the Dealership Agreement, any Class R Underwriting Agreement, the Final Terms, the Liquidity Facility Agreements, the Hedging Agreements, the Authorised Loan Facilities, the Intercompany Loan Agreements (as defined below), the Guarantee and Reimbursement Agreements (as defined below) and the Master Framework Agreement are together referred to as the “**Issuer Transaction Documents**”.

Certain statements in these Conditions are summaries of the detailed provisions in the relevant Final Terms or in the Trust Deed, the Issuer Deed of Charge or the Issuer STID. Copies of, *inter alia*, the Trust Deed, the Issuer Deed of Charge, the Issuer STID, the relevant Final Terms, the Paying Agency Agreement, the Dealership Agreement, any Class R Underwriting Agreement, the Liquidity Facility Agreements, the Authorised Loan Facilities, the Hedging Agreements, the Guarantee and Reimbursement Agreements, the Intercompany Loan Agreements and the Master Framework Agreement are available for inspection at the

specified offices of the Principal Paying Agent or the Paying Agents (in the case of bearer Bonds) or the specified offices of the Transfer Agents and the Registrar (in the case of registered Bonds).

The Bondholders (as defined in Condition 1(c) below) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed, the Issuer Deed of Charge, the Issuer STID, the Master Framework Agreement and the relevant Final Terms and to have notice of those provisions of the Paying Agency Agreement and the other Issuer Transaction Documents applicable to them.

Any reference in these conditions to a matter being “specified” means as the same may be specified in the relevant Final Terms.

## 1 Classes, Form, Denomination and Title

### (a) *Classes and Sub-Classes of Bonds*

Bonds issued on the same Issue Date (as defined in Condition 6(i)) comprise a series (each a “**Series**” (as specified in the relevant Final Terms)). Each Series comprises one or more classes of Bonds (each a “**Class**”). The available Classes of Bonds will be “**Class A Bonds**”, “**Class B Bonds**”, “**Class R Bonds**”, “**Class C Bonds**” and “**Class D Bonds**”. Each Class of Bonds will be further sub-divided into non-fungible sub-classes (each a “**Sub-Class**” (as specified in the relevant Final Terms)) of Bonds, with each Sub-Class being denominated in different specified currencies or having different Aggregate Nominal Amounts, Interest Rates, Maturity Dates, Issue Prices or other terms (as specified in the relevant Final Terms).

Bonds of any Sub-Class may be fixed rate (“**Fixed Rate Bonds**”), floating rate (“**Floating Rate Bonds**”) or index-linked including limited indexed (“**Indexed Bonds**”), depending on the method of calculating interest payable in respect of such Bonds.

### (b) *Form and Denomination*

The Bonds will be issued either (i) in bearer form (“**Bearer Bonds**”), serially numbered in a Specified Denomination (as specified in the relevant Final Terms) or a multiple thereof, or (ii) in registered form (“**Registered Bonds**”) serially numbered in a Specified Denomination or a multiple thereof provided that in the case of any Bearer Bonds or Registered Bonds which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall be €50,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes). References in these Conditions to “**Bonds**” include Bearer Bonds and Registered Bonds and, where the context requires, Bonds of all Sub-Classes, Classes and Series.

So long as the Bonds are represented by a temporary Global Note, permanent Global Bond or Global Certificate and the relevant clearing system(s) so permit, the Bonds shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) specified in the Final Terms and multiples thereof.

Interest-bearing Bearer Bonds are issued with Coupons (and, where appropriate, a Talon) attached. After all the Coupons attached to, or issued in respect of, any Bearer Bond which was issued with a Talon have matured, a coupon sheet comprising further Coupons (other than Coupons which would be void) and (if necessary) one further Talon will be issued against presentation of the relevant Talon at the specified office of any Paying Agent. Any Bearer Bond the principal amount of which is redeemable in instalments may be issued with one or more Receipts attached thereto.

“**Maturity Date**” means the date specified in the relevant Final Terms as the final date on which the principal amount of the Bond is due and payable.

A Regulation S Individual Registered Bond Certificate (a “**Registered Bond Certificate**”) substantially in the form of Schedule 3, Part B to the Trust Deed will be issued to each Bondholder in respect of its registered holding.

(c) *Title*

Title to Bearer Bonds, Coupons, Receipts and Talons (if any) passes by delivery. Title to Registered Bonds passes by registration in the register (the “**Register**”), which the Issuer shall procure to be kept by the Registrar.

In these Conditions, subject as provided below, each of “**Bondholder**” (in relation to a Bond, Coupon, Receipt or Talon), “**holder**” and “**Holder**” means (i) in relation to a Bearer Bond, the bearer of any Bearer Bond, Coupon, Receipt or Talon (as the case may be) and (ii) in relation to Registered Bond, the person in whose name a Registered Bond is registered, as the case may be. The expressions “Bondholder”, “holder” and “Holder” include the holders of instalment receipts (the “**Receipts**”) appertaining to the payment of principal by instalments (if any) attached to such Bonds in bearer form (the “**Receiptholders**”) and the holders of the coupons (the “**Coupons**”) (if any) appertaining to interest bearing Bonds in bearer form (the “**Couponholders**”, which expression includes the holders of talons (the “**Talons**”) (if any) for further coupons attached to such Bonds (the “**Talontholders**”).

The holder of any Bond, Coupon, Receipt or Talon will (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it, any writing on the relevant Bond or Registered Bond Certificate, or its theft or loss or any express or constructive notice of any claim by any other person of any interest therein other than, in the case of a Registered Bond, a duly executed transfer of such Bond in the form endorsed on the Registered Bond Certificate in respect thereof) and no person will be liable for so treating the holder.

(d) *Fungible Issues of Bonds comprising a Sub-Class*

A Sub-Class of Bonds may comprise a number of issues in addition to the initial Series of such Sub-Class, each of which will be issued on identical terms save for the first interest payment. Such further issues of the same Sub-Class will be fungible with the prior issue.

## 2 Exchanges of Bearer Bonds for Registered Bonds and Transfers of Registered Bonds

(a) *Exchange of Bonds*

Subject to Condition 2(e), Bearer Bonds may, if so specified in the relevant Final Terms, be exchanged at the expense of the transferor Bondholder for the same aggregate principal amount of Registered Bonds at the request in writing of the relevant Bondholder and upon surrender of the Bearer Bond to be exchanged together with all unmatured Coupons, Receipts and Talons (if any) relating to it at the specified office of the Registrar or any Transfer Agent or Paying Agent. Where, however, a Bearer Bond is surrendered for exchange after the Record Date (as defined in Condition 9(b)) for any payment of interest or Interest Amount (as defined in Condition 6(h)), the Coupon in respect of that payment of interest or Interest Amount need not be surrendered with it.

Registered Bonds may not be exchanged for Bearer Bonds.

(b) *Transfer of Registered Bonds*

A Registered Bond may be transferred upon the surrender of the relevant Registered Bond Certificate, together with the form of transfer endorsed on it duly completed and executed, at the specified office of any Transfer Agent or the Registrar. However, a Registered Bond may not be transferred unless (i) the principal amount of Registered Bonds proposed to be transferred and (ii) the principal amount of the Registered Bonds proposed to be the principal amount of the balance of Registered Bonds to be retained by the relevant transferor are, in each case, Specified Denominations. In the case of a transfer

of part only of a holding of Registered Bonds represented by a Registered Bond Certificate, a new Registered Bond Certificate in respect of the balance not transferred will be issued to the transferor within three business days (in the place of the specified office of the Transfer Agent or the Registrar) of receipt of such form of transfer.

(c) *Delivery of New Registered Bond Certificates*

Each new Registered Bond Certificate to be issued upon exchange of Bearer Bonds or transfer of Registered Bonds will, within three business days (in the place of the specified office of the Transfer Agent or the Registrar) of receipt of such request for exchange or form of transfer, be available for delivery at the specified office of the Transfer Agent or the Registrar stipulated in the request for exchange or form of transfer, or be mailed at the risk of the Bondholder entitled to the Registered Bond Certificate to such address as may be specified in such request or form of transfer. For these purposes, a request for exchange or form of transfer received by the Registrar after the Record Date in respect of any payment due in respect of Registered Bonds shall be deemed not to be effectively received by the Registrar until the business day following the due date for such payment.

(d) *Exchange at the Expense of Transferor Bondholder*

Registration of Bonds on exchange or transfer will be effected at the expense of the transferor Bondholder by or on behalf of the Issuer, the Transfer Agent or the Registrar, and upon payment of (or the giving of such indemnity as the Transfer Agent or the Registrar may require in respect of) any tax or other governmental charges which may be imposed in relation to it.

(e) *Closed Periods*

No transfer of a Registered Bond to be registered, nor exchange of a Bearer Bond for a Registered Bond may occur during the period of 15 days ending on the due date for any payment of principal, interest, Interest Amount or Redemption Amount (as defined in Condition 6(i) below) on that Bond.

### **3 Status of Bonds and Financial Guarantee**

(a) *Status of Class A Bonds, Class B Bonds and Class R Bonds*

This Condition 3(a) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class A Bonds, Class B Bonds or Class R Bonds.

The Bonds, Coupons, Talons and Receipts (if any) are direct and unconditional obligations of the Issuer, secured in the manner described in Condition 4 and will rank *pari passu* without any preference among themselves. However, the Class B Bonds and the Class R Bonds will not have the benefit of any Financial Guarantee.

(b) *Status of Class C Bonds*

This Condition 3(b) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class C Bonds.

The Bonds, Coupons, Talons and Receipts (if any) are direct and unconditional obligations of the Issuer, are secured in the manner described in Condition 4, are subordinated to the Class A Bonds, Class B Bonds and Class R Bonds and rank *pari passu* without any preference among themselves.

(c) *Status of Class D Bonds*

This Condition 3(c) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class D Bonds.

The Bonds, Coupons, Talons and Receipts (if any) are direct and unconditional obligations of the Issuer, are secured in the manner described in Condition 4, are subordinated to the Class A Bonds,

Class B Bonds, Class R Bonds and Class C Bonds and rank *pari passu* without any preference among themselves.

(d) *Financial Guarantee Issued by Financial Guarantor*

**This Condition 3(d) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class A Bonds.**

Class A Bonds will have the benefit of a Financial Guarantee issued by a Financial Guarantor specified in the relevant Final Terms, issued pursuant to guarantee and reimbursement agreement between the Issuer and the relevant Financial Guarantor dated on or before the relevant Issue Date (as defined in Condition 6(i)) of such Bonds (each a “**Guarantee and Reimbursement Agreement**”). Under the relevant Financial Guarantee, the relevant Financial Guarantor unconditionally and irrevocably agrees to pay to the Bond Trustee all sums due and payable but unpaid by the Issuer in respect of scheduled interest (adjusted for indexation in accordance with these Conditions but not any Subordinated Coupon Amounts) and payment of principal (but not any accelerated amounts) on such Class A Bonds, all as more particularly described in the relevant Financial Guarantee. However, the Issuer is required to draw upon certain liquidity facilities available to it before the relevant Financial Guarantor is required to pay under the relevant Financial Guarantee.

The terms of the relevant Financial Guarantee provide that amounts of principal on any such Bonds which have become immediately due and payable (whether by virtue of acceleration, prepayment or otherwise) other than on the relevant Scheduled Payment Date (as defined under such Financial Guarantee) will not be treated as Insured Amounts or Guaranteed Amounts (as applicable and as defined in such Financial Guarantee) which are Due for Payment (as defined in such Financial Guarantee) under such Financial Guarantee unless the relevant Financial Guarantor in its sole discretion elects so to do by notice in writing to the Bond Trustee. If no such election is made, the relevant Financial Guarantor will continue to be liable to make payments in respect of the Bonds pursuant to the relevant Financial Guarantee on the dates on which such payments would have been required to be made if such amounts had not become immediately due and payable but on the basis that amounts paid by the Issuer in respect of principal would be applied to reduce the relevant Financial Guarantor’s obligations *pari passu* in inverse order of maturity.

**To the extent that the early redemption price of any Bonds exceeds the aggregate of the Principal Amount Outstanding of and any accrued interest outstanding on any such Bonds to be redeemed, payment of such early redemption price will not be guaranteed by the relevant Financial Guarantor under the relevant Financial Guarantee.**

(e) *Status of Financial Guarantee*

This Condition 3(e) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class A Bonds.

The relevant Financial Guarantee provided by the relevant Financial Guarantor in respect of the Bonds will constitute a direct, unsecured obligation of the relevant Financial Guarantor which will rank at least *pari passu* with all other unsecured obligations of such Financial Guarantor, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

(f) *Class R Underwriting Agreement*

This Condition 3(f) is applicable only in relation to Bonds which are specified as being a Sub-Class of Class R Bonds.

During the Underwriting Period (as defined in Condition 8(e)(vii)), the Issuer will have the benefit of the Class R Underwriting Agreement. Under the Class R Underwriting Agreement, the Class R

Underwriters (as defined in Condition 8(e)(vii)) may agree to purchase, subject to certain conditions, Class R Bonds in an aggregate principal amount not exceeding £100,000,000 from the Issuer. The Class R Underwriting Agreement also sets out the terms on which the Class R Underwriters can novate their underwriting commitments and also contains certain warranties and indemnities given to the Class R Underwriters by the Issuer.

(g) *Related Agreements*

The primary asset of the Issuer will be its rights against Dŵr Cymru Cyfyngedig (an affiliate of the Issuer) (“**DCC**”) under the intercompany loan agreements (the “**Intercompany Loan Agreements**”) to be entered into by the Issuer with DCC, in respect of which the Issuer will have the benefit of certain security granted by DCC (the “**DCC Security**”) and the benefit of certain guarantees and related security granted by affiliates of DCC (the “**Guarantor Security**”). Certain terms of the relevant Intercompany Loan Agreement relating to the Series of Bonds are specified in the relevant Final Terms.

(h) *Issuer Security Trustee not responsible for monitoring compliance*

As a consequence of the assignment by the Issuer in the Issuer Deed of Charge of the Issuer’s rights under the Intercompany Loan Agreements, the Issuer Security Trustee will have all the rights of the Issuer thereunder (except as provided in the Issuer STID and the Issuer Deed of Charge) which rights it will exercise in accordance with the directions of the Issuer Instructing Group. The Issuer Security Trustee shall not be responsible for monitoring compliance by DCC with its obligations under the Intercompany Loan Agreements and the other DCC Transaction Documents (as defined in the Master Framework Agreement) except by means of receipt from DCC of certificates of compliance pursuant to the provisions of the Intercompany Loan Agreements. In particular, where a DCC Event of Default, representation or warranty refers to Material Adverse Effect, material adverse change, materiality or like terminology, the Issuer Security Trustee will not determine such matters (or the absence thereof). DCC has, in the Intercompany Loan Agreement, covenanted with and undertaken to deliver to the Issuer Security Trustee certificates stating whether or not such obligations have been complied with (and whether a DCC Event of Default or potential DCC Event of Default has occurred) and giving details of any non-compliance. The Issuer Security Trustee shall be entitled to rely on such certificates absolutely unless it is instructed otherwise by the Issuer Instructing Group, in which case it will be bound to act on such instructions in accordance with the Issuer STID. Where the Issuer Instructing Group consists of the Bond Trustee acting on behalf of the relevant Bondholders as referred to in the Issuer STID, the Bond Trustee will not determine Material Adverse Effect, material adverse change, materiality or like terminology, but will instead seek that such determination be made by such relevant Bondholders by means of an Extraordinary Resolution.

All Bondholders shall be entitled to a copy of the Periodic Information (as defined in the Master Framework Agreement) as and when available and to a copy of the unaudited interim accounts and audited annual accounts of DCC within 90 days of 30 September and 31 March, respectively. The information referred to in this paragraph is publicly available information. Such Periodic Information and such accounts will be made available to Bondholders on the website of Glas Cymru Cyfyngedig (“**Glas**”).

All DCC Secured Creditors and Issuer Secured Creditors (including the Bondholders) shall be entitled to a copy of the Investors’ Report (as defined in the Master Framework Agreement) produced by DCC within 45 days of each of 31 March and 30 September and within 60 days of each of 30 June and 31 December. Such Investors’ Report will be made available to Bondholders on the Glas website. At the Issuer’s sole discretion this part of the Glas website may be password protected and, if so, the password to such part of the website will be provided to the Bondholders (whenever the Investors’ Report is produced) in accordance with Condition 17 (although no such notice shall be required to be published in a newspaper). Any Bondholder who provides sufficient evidence of identity may obtain, if

applicable, the current password upon application to the Principal Paying Agent or the Registrar (as applicable).

In addition, DCC has covenanted to provide the DCC Secured Creditors and Issuer Secured Creditors who are entitled to vote in accordance with the DCC STID or the Issuer STID, as the case may be, with detailed information on its performance (the “**Company Information**”), as a consequence of which it is possible that the Issuer Instructing Group may direct the Issuer Security Trustee to take action in relation to DCC. After a Default Situation (as defined in the Master Framework Agreement), or where the relevant Financial Guarantor (as defined in the Master Framework Agreement) is not the Issuer Qualifying Debt Representative (as defined in the Master Framework Agreement) for the Class A Bonds, or where there is no Qualifying Debt (as defined in the Master Framework Agreement) in paragraphs (i) and (ii) of the definition thereof, the Bondholders will also be entitled to have access to the Company Information through a separate area of the Glas website which may also be a secure site in the same manner as set out above for the Investors’ Reports.

In the event of the Glas website at any time becoming non-operational, all such information set out above which would otherwise be available to the Bondholders will be available for inspection at the specified offices of the Paying Agents, the Transfer Agents or the Registrar, as the case may be, and as further specified in the Paying Agency Agreement.

The Bond Trustee, the Issuer Security Trustee, the DCC Security Trustee and the other DCC Secured Creditors and Issuer Secured Creditors will have access to all the information referred to in this Condition 3(h) except that the Bond Trustee will not have access to the Company Information before the Bondholders become entitled to access to it in accordance with this Condition. However, prior to a Default Situation, where the relevant Financial Guarantor is not the Issuer Qualifying Debt Representative for the Class A bonds, and where there is Qualifying Debt in paragraphs (i) and (ii) of the definition thereof none of the Bond Trustee, the Issuer Security Trustee or the DCC Security Trustee will be entitled or obliged to provide the Company Information to Bondholders and (in the case of the Issuer Security Trustee) will not analyse such information but will instead rely on the certifications referred to above.

#### **4 Security, Priority and Relationship with Issuer Secured Creditors**

*(a) Security*

Under the Issuer Deed of Charge, the Bonds are secured by the Issuer Security (including future property) granted by the Issuer in favour of the Issuer Security Trustee (for itself and on behalf of the Issuer Secured Creditors (including the Bond Trustee for itself and on behalf of the Bondholders)). There is no intention to create further security for the benefit of the holders of Bonds issued after the first Series issued by the Issuer. Each further Series of Bonds issued by the Issuer and any additional creditor of the Issuer acceding to the Issuer STID will share in the Issuer Security.

*(b) Relationship among Bondholders and with other Issuer Secured Creditors*

The Trust Deed contains provisions detailing the Bond Trustee’s obligations to consider the interests of the Bondholders as regards all powers, trusts, authorities, duties and discretions of the Bond Trustee (except where expressly provided otherwise and as further referred to in Condition 16(a)).

The Issuer STID provides that the Issuer Security Trustee (except in relation to its Reserved Matters and Entrenched Rights, each as defined in the Issuer STID) will act on instructions of the Issuer Instructing Group (as defined in the Issuer STID) and, when so doing, the Issuer Security Trustee is not required to have regard to the interests of any Issuer Secured Creditor (including the Bond Trustee as trustee for the Bondholders) in relation to the exercise of such rights and, consequently, has no liability to the Bondholders as a consequence of so acting.

(c) *Application Prior to Enforcement*

Prior to enforcement of the Issuer Security by the Issuer Security Trustee, the Cash Manager, on behalf of the Issuer, is required to apply funds available to the Issuer in accordance with the Issuer Pre-Enforcement Payments Priorities (as set out in the Issuer STID).

(d) *Enforceable Security*

In the event of the Issuer Security (as defined in the Master Framework Agreement) becoming enforceable as provided in Condition 11, the Issuer Security Trustee shall, if instructed by the Issuer Instructing Group, enforce its rights with respect to the Issuer Security, but without any liability as to the consequence of such action and without having regard to the effect thereof on, or being required to account for such action to, any particular Issuer Secured Creditor (including the Bond Trustee as trustee for the Bondholders), provided that the Issuer Security Trustee shall not be obliged to take any action unless it is indemnified and/or secured to its satisfaction.

(e) *Application After Enforcement*

Subject to the provisions of the Issuer Deed of Charge and the Issuer STID and as specified in the relevant Final Terms, after enforcement of the Issuer Security, the Issuer Security Trustee shall (to the extent that such funds are available) use funds standing to the credit of the Issuer Accounts to make payments in accordance with the Issuer Post-Enforcement Payments Priorities (as set out in the Issuer STID). After such enforcement, amounts payable to any receiver, the Issuer Security Trustee and any Financial Guarantor (in respect of the relevant Class A Bonds) and certain amounts payable to other Issuer Secured Creditors will rank in priority to payments on the Bonds, as set out in the Issuer Post-Enforcement Payments Priorities.

(f) *Bond Trustee and Issuer Security Trustee not liable for security*

The Bond Trustee and the Issuer Security Trustee will not be liable for any failure to make the usual investigations or any investigations which might be made by a security holder in relation to the property which is the subject of the Issuer Security and held by way of security for the Bonds, and shall not be bound to enquire into or be liable for any defect or failure in the right or title of the Issuer to the Issuer Security whether such defect or failure was known to the Bond Trustee or the Issuer Security Trustee or might have been discovered upon examination or enquiry or whether capable of remedy or not, nor will it have any liability for the enforceability of the security created in favour of the Issuer under the DCC Security or the Guarantor Security whether as a result of any failure, omission or defect in registering or filing or otherwise protecting or perfecting such security. The Bond Trustee and the Issuer Security Trustee have no responsibility for the value of any such security.

## **5 Issuer Covenants**

So long as any of the Bonds remain outstanding, the Issuer has agreed to comply with the Issuer Covenants as set out in the Master Framework Agreement.

The Bond Trustee shall be entitled to rely absolutely on a certificate of any director of the Issuer in relation to any matter relating to the Issuer Covenants and to accept without liability any such certificate as sufficient evidence of the relevant fact or matter stated in such certificate.

## **6 Interest and other Calculations**

(a) *Interest Rate and Accrual*

Each Bond bears interest on its Principal Amount Outstanding (or as otherwise specified in the relevant Final Terms) from the Interest Commencement Date (as defined in Condition 6(i)) at the Interest Rate (as defined in Condition 6(i)), such interest being payable in arrear (unless otherwise specified in the relevant Final Terms) on each Interest Payment Date (as defined in Condition 6(i)).

Interest will cease to accrue on each Bond on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (both before and after judgment) at the Interest Rate in the manner provided in this Condition 6 to the Relevant Date (as defined in Condition 6(i)).

In the case of Class C Bonds and Class D Bonds only, if, on any Interest Payment Date, prior to delivery of an enforcement notice under Condition 11, there are insufficient funds available to the Issuer to pay such accrued interest, it will be treated as not having fallen due and will be deferred until the earlier of: (i) the next following Interest Payment Date on which the Issuer has, in accordance with the Issuer Pre-Enforcement Payments Priorities, sufficient funds available to pay such deferred amounts (including any interest accrued thereon); and (ii) the Interest Payment Date of the last maturing Bond which ranks in priority to the Class C Bonds or the Class D Bonds, as the case may be. Interest will accrue on such deferred interest at the rate otherwise payable on unpaid principal of such Class C Bonds or Class D Bonds, as the case may be.

If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Final Terms, then the Interest Rate shall in no event be greater than the maximum or be less than the minimum so specified, as the case may be.

(b) *Business Day Convention*

If any date referred to in these Conditions or the relevant Final Terms is specified to be subject to adjustment in accordance with a Business Day Convention and would otherwise fall on a day which is not a Business Day, then if the Business Day Convention specified in the relevant Final Terms is:

- (i) the Following Business Day Convention, such date shall be postponed to the next day which is a Business Day;
- (ii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(c) *Floating Rate Bonds*

This Condition 6(c) is applicable only if the relevant Final Terms specifies the Bonds as Floating Rate Bonds.

If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate applicable to the Bonds for each Interest Period will be determined by the Agent Bank on the following basis:

- (i) if the Page displays a rate which is a composite quotation or customarily supplied by one entity, the Agent Bank will determine the Relevant Rate (as defined in Condition 6(i)) which appears on the Page (as defined in Condition 6(i)) as of the Relevant Time on the relevant Interest Determination Date (as defined in Condition 6(i));
- (ii) in any other case, the Agent Bank will determine the arithmetic mean of the Relevant Rates which appear on the Page as of the Relevant Time on the relevant Interest Determination Date;
- (iii) if, in the case of (i) above, such rate does not appear on that Page or, in the case of (ii) above, fewer than two such rates appear on that Page or if, in either case, the Page is unavailable, the Agent Bank will:
  - (1) request the principal Relevant Financial Centre (as defined in Condition 6(i)) office of each of the Reference Banks (as defined in Condition 6(i)) to provide a quotation of the

Relevant Rate at approximately the Relevant Time on the relevant Interest Determination Date to prime banks in the Relevant Financial Centre interbank market (or, if appropriate, money market) in an amount that is representative for a single transaction in that market at that time; and

- (2) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Agent Bank will determine the arithmetic mean of the rates (being the nearest to the Relevant Rate, as determined by the Agent Bank) quoted by major banks in the Relevant Financial Centre of the Relevant Currency (as defined in Condition 6(i)), selected by the Agent Bank, at approximately 11.00 a.m. (local time in the Relevant Financial Centre of the Relevant Currency) on the first day of the relevant Interest Period (as defined in Condition 6(i)) for loans in the Relevant Currency to leading European banks for a period equal to the relevant Interest Period and in the Representative Amount (as defined in Condition 6(i)),

and the Interest Rate for such Interest Period shall be the sum of the Margin (as defined in Condition 6(i)) and the rate or (as the case may be) the arithmetic mean so determined. However, if the Agent Bank is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Interest Rate applicable to the Bonds during such Interest Period will be the sum of the Margin and the rate (or as the case may be) the arithmetic mean last determined in relation to the Bonds in respect of a preceding Interest Period.

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Interest Rate(s) is/are to be determined, the Interest Rate(s) applicable to the Bonds for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “**ISDA Rate**” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Agent Bank under an interest rate swap transaction if the Agent Bank were acting as calculation agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is the Specified Duration (as defined in Condition 6(i)); and
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (1) if the relevant Floating Rate Option is based on LIBOR for a currency, the first day of that Interest Period, (2) if the relevant Floating Rate Option is based on EURIBOR, the first day of that Interest Period or (3) in any other case, as specified in the relevant Final Terms.

Notwithstanding any term of these Conditions, for so long as any Class R Bonds are held by, for or on behalf of the Issuer, or any affiliate of the Issuer, such Class R Bonds will not accrue any interest.

*(d) Fixed Rate Bonds*

This Condition 6(d) is applicable only if the relevant Final Terms specifies the Bonds as Fixed Rate Bonds.

The Interest Rate applicable to the Bonds for each Interest Period will be the fixed rate specified in the relevant Final Terms.

*(e) Indexed Bonds*

This Condition 6(e) is applicable only if the relevant Final Terms specifies the Bonds as Indexed Bonds.

Payments of principal on, and the interest payable in respect of, the Bonds will be subject to adjustment for indexation and to the extent set out in Condition 7(b). The Interest Rate applicable to the Bonds for each Interest Period will be at the rate specified in the relevant Final Terms.

(f) *Rounding*

For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified):

- (i) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up);
- (ii) all figures will be rounded to seven significant figures (with halves being rounded up); and
- (iii) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes, “**unit**” means, with respect to any currency other than euro, the lowest amount of such currency which is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro.

(g) *Calculations*

The amount of interest payable in respect of any Bond for each Interest Period shall be calculated by multiplying the product of the Interest Rate and the Principal Amount Outstanding of such Bond during that Interest Period by the Day Count Fraction (as defined in Condition 6(i)), unless an Interest Amount is specified in respect of such period in the relevant Final Terms, in which case the amount of interest payable in respect of such Bond for such Interest Period will equal such Interest Amount.

(h) *Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts*

As soon as practicable after the Relevant Time on each Interest Determination Date or such other time on such date as the Agent Bank may be required to calculate any Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, the Agent Bank will determine the Interest Rate and calculate the amount of interest payable (the “**Interest Amounts**”) in respect of each Specified Denomination of Bonds for the relevant Interest Period, calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount or any Instalment Amount to be notified, in the case of Bearer Bonds, to the Paying Agents or, in the case of Registered Bonds, the Transfer Agents and the Registrar, the Bond Trustee, the Issuer, the Bondholders and the Luxembourg Stock Exchange as soon as possible after its determination but in no event later than (i) (in case of notification to the Luxembourg Stock Exchange) the commencement of the relevant Interest Period, if determined prior to such time, in the case of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Bonds become due and payable under Condition 11, the accrued interest and the Interest Rate payable in respect of the Bonds shall nevertheless continue to be calculated as previously provided in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made unless otherwise required by the Bond Trustee. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Agent Bank or, as the case may be, the Bond Trustee pursuant to this Condition 6 or Condition 7, shall (in the absence of manifest error) be final and binding upon all parties.

If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer acting through the Agent Bank will select another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. ## 7 Indexation

This Condition 7 is applicable only if the relevant Final Terms specifies the Bonds as Indexed Bonds including Limited Indexed Bonds (as defined below).

(a) *Definitions*

“**Base Index Figure**” means (subject to Condition 7(c)(i)), as specified in the Final Terms.

“**Index**” or “**Index Figure**” means, subject as provided in Condition 7(c)(i), the UK Retail Price Index (RPI) (for all items) published by the Central Statistical Office (January 1987 = 100) or any comparable index which may replace the UK Retail Price Index for the purpose of calculating the amount payable on repayment of the Reference Gilt. Any reference to the Index Figure applicable to a particular month shall, subject as provided in Condition 7(c) and (e), be construed as a reference to the Index Figure published in the seventh month prior to that particular month and relating to the month before that of publication.

“**Index Ratio**” applicable to any month means the Index Figure applicable to such month divided by the Base Index Figure.

“**Limited Index Ratio**” means (a) in respect of any month prior to the relevant Issue Date, the Index Ratio for that month; (b) in respect of any Limited Indexation Month after the relevant Issue Date, the product of the Limited Indexation Factor for that month and the Limited Index Ratio as previously calculated in respect of the month twelve months prior thereto; and (c) in respect of any other month, the Limited Index Ratio as previously calculated in respect of the most recent Limited Indexation Month.

“**Limited Indexation Factor**” means, in respect of a Limited Indexation Month, the ratio of the Index Figure applicable to that month divided by the Index Figure applicable to the month twelve months prior thereto, provided that (a) if such ratio is greater than the Maximum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Maximum Indexation Factor and (b) if such ratio is less than the Minimum Indexation Factor specified in the relevant Final Terms, it shall be deemed to be equal to such Minimum Indexation Factor.

“**Limited Indexation Month**” means any month specified in the relevant Final Terms for which a Limited Indexation Factor is to be calculated.

“**Limited Indexed Bonds**” means Indexed Bonds to which a Maximum Indexation Factor and/or a Minimum Indexation Factor (as specified in the relevant Final Terms) applies.

“**Reference Gilt**” means the Treasury Stock specified in the relevant Final Terms for so long as such stock is in issue, and thereafter such issue of index-linked Treasury Stock determined to be appropriate by a gilt-edged market maker or other adviser selected by the Issuer and approved by the Bond Trustee (an “**Indexation Adviser**”).

(b) *Application of the appropriate Index Ratio*

Each payment of interest and principal in respect of the Bonds shall be the amount provided in or determined in accordance with these Conditions, multiplied by the Index Ratio, or Limited Index Ratio in the case of Limited Indexed Bonds, applicable to the month in which such payment falls to be made and rounded to four decimal places (0.00005 being rounded upwards).

(c) *Changes in Circumstances Affecting the Index*

- (i) Change in base: If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the calendar month from and including which such substitution takes effect (1) the definition of “**Index**” and “**Index Figure**” in Condition 7(a) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefor), and (2) the new Base Index Figure shall be the product of the existing Base Index Figure (being as specified in the Final Terms) and the Index Figure immediately following such substitution, divided by the Index Figure immediately prior to such substitution.

- (ii) Delay in publication of Index: If the Index Figure which is normally published in the seventh month and which relates to the eighth month (the “**relevant month**”) before the month in which a payment is due to be made is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”), the Index Figure applicable to the month in which the date for payment falls shall be (1) such substitute index figure (if any) as the Bond Trustee, considers to have been published by the Bank of England for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by an Indexation Advisor and approved by the Bond Trustee, or (2) if no such determination is made by such Indexation Adviser within 7 days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 7(c)(i)) before the date for payment.

(d) *Application of Changes*

Where the provisions of Condition 7(c)(ii) apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 7(c)(ii)(2), the Index Figure relating to the relevant month is subsequently published while a Bond is still outstanding, then:

- (i) in relation to a payment of principal or interest in respect of such Bond other than upon final redemption of such Bond, the principal or interest (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced by an amount equal to (respectively) the shortfall or excess of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 7(c)(ii)(2), below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the fourteenth business day before the date for payment; and
- (ii) in relation to a payment of principal or interest upon final redemption, no subsequent adjustment to amounts paid will be made.

(e) *Cessation of or Fundamental Changes to the Index*

- (i) If (1) the Bond Trustee has been notified by the Agent Bank that the Index has ceased to be published or (2) any change is made to the coverage or the basic calculation of the Index which constitutes a fundamental change which would, in the opinion of the Bond Trustee acting solely on the advice of an Indexation Adviser, be materially prejudicial to the interests of the Bondholders, the Bond Trustee will give written notice of such occurrence to the Issuer, and the Issuer and the Bond Trustee together shall seek to agree for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made.
- (ii) If the Issuer and the Bond Trustee fail to reach agreement as mentioned above within 20 business days following the giving of notice as mentioned in paragraph (i), a bank or other person in London shall be appointed by the Issuer and the Bond Trustee or, failing agreement on and the making of such appointment within 20 business days following the expiry of the 20 day period referred to above, by the Bond Trustee (in each case, such bank or other person so appointed being referred to as the “**Expert**”), to determine for the purpose of the Bonds one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Bondholders in no better and no worse position than they would have been had the Index not ceased to be published or the relevant fundamental change not been made. Any Expert so appointed shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Expert and of any Indexation Adviser and of

any of the Issuer and the Bond Trustee in connection with such appointment shall be borne by the Issuer.

- (iii) The Index shall be adjusted or replaced by a substitute index as agreed by the Issuer and the Bond Trustee or as determined by the Expert pursuant to the foregoing paragraphs, as the case may be, and references in these Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Bond Trustee and the Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Bond Trustee, the Financial Guarantors, the other Issuer Secured Creditors, the Issuer and the Bondholders, and the Issuer shall give notice to the Bondholders in accordance with Condition 17 of such amendments as promptly as practicable following such notification.

## 8 Redemption, Purchase and Cancellation

### (a) *Partial and Final Redemption*

Unless previously redeemed, or purchased and cancelled as provided below, or unless such Bond is stated in the relevant Final Terms as having no fixed maturity date, each Bond will be redeemed at its Principal Amount Outstanding (in the case of Indexed Bonds, as adjusted in accordance with Condition 7(b)), on the date or dates (or, in the case of Floating Rate Bonds, on the Interest Payment Date(s) upon which interest is payable) specified in the relevant Final Terms.

### (b) *Optional Redemption*

Subject as provided below, upon giving not more than 60 nor less than 30 days' notice to the Bond Trustee, the Issuer Security Trustee, the Issuer Instructing Group and the Bondholders, the Issuer may (prior to the Maturity Date) redeem any Sub-Class of the Bonds in whole or in part (but on a pro rata basis only) on any Interest Payment Date at their Redemption Amount, provided that Floating Rate Bonds may not be redeemed before the date specified in the relevant Final Terms, as follows:

- (i) In respect of Fixed Rate Bonds, the Redemption Amount will be an amount equal to the higher of (i) their Principal Amount Outstanding and (ii) the price determined to be appropriate by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Redemption Yield (as defined below) on such Bonds on the Reference Date (as defined below) is equal to the Gross Redemption Yield at 3:00 p.m. (London time) on the Reference Date on the Benchmark Gilt (as defined below) while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the gilt-edged market (selected by the Issuer and approved by the Bond Trustee) determine to be appropriate, plus accrued but unpaid interest on the Principal Amount Outstanding.

For the purposes of this Condition 8(b)(i), “**Gross Redemption Yield**” means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the United Kingdom Debt Management Office publication “Formulae for Calculating Gilt Prices from Yields” published 8 June 1998 with effect from 1 November 1998, page 4; “**Reference Date**” means the date which is two Business Days prior to the despatch of the notice of redemption under this Condition 8(b)(i); and “**Benchmark Gilt**” means the Treasury Stock specified in the relevant Final Terms.

- (ii) In respect of Floating Rate Bonds, the Redemption Amount will be the Principal Amount Outstanding plus any premium for early redemption in certain years (as specified in the relevant Final Terms) plus any accrued but unpaid interest on the Principal Amount Outstanding.
- (iii) In respect of Indexed Bonds, the Redemption Amount will be the higher of (i) the Principal Amount Outstanding (as adjusted in accordance with Condition 7(b)) and (ii) the price

determined to be appropriate (without any additional indexation beyond the implicit indexation in such determined price) by a financial adviser in London (selected by the Issuer and approved by the Bond Trustee) as being the price at which the Gross Real Redemption Yield (as defined below) on the Bonds on the Reference Date (as defined below) is equal to the Gross Real Redemption Yield at 3:00 p.m. (London time) on the Reference Date on the Reference Gilt while that stock is in issue, and thereafter such UK government stock as the Issuer may, with the advice of three persons operating in the gilt-edged market, selected by the Issuer and approved by the Bond Trustee), determine to be appropriate, plus accrued but unpaid interest (as adjusted in accordance with Condition 7(b)) on the Principal Amount Outstanding.

For the purposes of this Condition 8(b)(iii), “**Gross Real Redemption Yield**” means a yield expressed as a percentage and calculated on a basis consistent with the basis indicated by the United Kingdom Debt Management Office publication “Formulae for calculating Gilt Prices from Yields” published 8 June 1998 with effect from 1 November 1998, page 5; “**Reference Date**” means the date which is two Business Days prior to the despatch of the notice of redemption under this Condition 8(b)(iii).

In any such case, prior to giving any such notice, the Issuer must certify (as further specified in the Issuer Transaction Documents) to the Bond Trustee that it will have the funds, not subject to any interest of any other person, required to redeem the Bonds as aforesaid.

(c) *Redemption for Index Event, Taxation and Other Reasons*

*Redemption for Index Events:* Upon the occurrence of any Index Event (as defined below), the Issuer may, upon giving not more than 60 nor less than 30 days’ notice to the Bond Trustee, the Issuer Security Trustee, the Issuer Instructing Group and the holders of the Indexed Bonds in accordance with Condition 17, redeem all (but not some only) of the Indexed Bonds of all Sub-Classes on any Interest Payment Date at the Principal Amount Outstanding plus accrued but unpaid interest and any amounts in respect of indexation on such Indexed Bonds. No single Sub-Class of Indexed Bonds may be redeemed in these circumstances unless all the other Sub-Classes of Indexed Bonds are also redeemed at the same time. Before giving any such notice, the Issuer shall provide to the Bond Trustee the Issuer Security Trustee, and the Issuer Instructing Group a certificate signed by an authorised signatory (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to effect such redemption.

“**Index Event**” means (i) if the Index Figure for three consecutive months falls to be determined on the basis of an Index Figure previously published as provided in Condition 7(c)(ii) and the Bond Trustee has been notified by the Agent Bank that publication of the Index has ceased or (ii) notice is published by Her Majesty’s Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Reference Gilt, and (in either case) no amendment or substitution of the Index has been advised by the Indexation Advisor to the Issuer and such circumstances are continuing.

*Redemption for Taxation Reasons:* In addition, if the Issuer satisfies the Bond Trustee that the Issuer would, on the next Interest Payment Date, become obliged to deduct or withhold from any payment of interest or principal in respect of the Bonds (other than in respect of default interest), any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the United Kingdom or the Cayman Islands or any political subdivision thereof, or any other authority thereof or any change in the application or official interpretation of such laws or regulations, then the Issuer may, in order to avoid the relevant deduction or withholding, use its reasonable endeavours to arrange substitution of a company incorporated in another jurisdiction approved by the Bond Trustee as principal debtor under the Bonds

and as lender under the Intercompany Loan Agreements upon satisfying the conditions for substitution of the Issuer as set out in the Issuer STID (and referred to in Condition 15(c)). If the Issuer is unable to arrange a substitution as described above and, as a result, the relevant deduction or withholding is continuing then the Issuer may, upon giving not more than 60 nor less than 30 days' notice to the Bond Trustee, the Issuer Security Trustee, the Issuer Instructing Group and the Bondholders in accordance with Condition 17, redeem all (but not some only) of the Bonds of all Sub-Classes on any Interest Payment Date at their Principal Amount Outstanding plus accrued but unpaid interest thereon and, in the case of Indexed Bonds, amounts in respect of indexation. Before giving any such notice, the Issuer shall provide to the Bond Trustee, the Issuer Security Trustee and the Issuer Instructing Group a certificate signed by an authorised signatory (a) stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (b) confirming that the Issuer will have sufficient funds on such Interest Payment Date to discharge all its liabilities in respect of the Bonds and any amounts to be paid in priority to, or *pari passu* with, the Bonds under the Issuer Pre-Enforcement Payments Priorities.

Notwithstanding the foregoing, if the requirement to withhold or account for tax set out in Condition 10 arises as a result of:

- (i) a withholding or deduction imposed on a payment by or on behalf of the Issuer to an individual required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (ii) the presentation for payment of any Bearer Bond, Receipt or Coupon by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Bearer Bond, Receipt or Coupon to another Paying Agent in a Member State of the European Union,

then Condition 8(c)(*Redemption for taxation reasons*) shall not apply. The Issuer shall deduct such taxes from the amounts payable to such Bondholder, all other Bondholders shall receive the due amounts payable to them and the Bonds shall not be redeemed. Any such deduction shall not constitute an Issuer Event of Default under Condition 11.

*Redemption on Prepayment of Intercompany Loan Agreement:* If DCC gives notice to the Issuer under an Intercompany Loan Agreement that it intends to prepay all or part of any advance made under such Intercompany Loan Agreement and such advance was funded by the Issuer from the proceeds of the issue of a Sub-Class of Bonds, the Issuer shall, upon giving not more than 60 nor less than 30 days' notice to the Bond Trustee, the Issuer Security Trustee, the Issuer Instructing Group and the Bondholders in accordance with Condition 17, (where such advance is being prepaid in whole) redeem all of the Bonds of that Sub-Class or (where part only of such advance is being prepaid) the proportion of the relevant Sub-Class of Bonds which the proposed prepayment amount bears to the amount of the relevant advance. In the case of a voluntary prepayment, the relevant Bonds will be redeemed at their Redemption Amount plus accrued but unpaid interest and, in the case of any other prepayment, the relevant Bonds will be redeemed at their Principal Amount Outstanding plus accrued but unpaid interest.

(d) *Purchase of Bonds other than R Bonds*

The Issuer may, provided that no Issuer Event of Default has occurred and is continuing, purchase Bonds other than Class R Bonds (or any of them) (provided that all unmatured Receipts and Coupons and unexchanged Talons (if any) appertaining thereto are attached or surrendered therewith) in the

open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

If not all the Bonds which are in registered form are to be purchased, upon surrender of the existing Registered Bond Certificate, the Registrar shall forthwith upon the written request of the Bondholder concerned issue a new Registered Bond Certificate in respect of the Bonds which are not to be purchased and despatch such Registered Bond Certificate to the Bondholder (at the risk of the Bondholder and to such address as the Bondholder may specify in such request).

*Whilst the Bonds are represented by a Global Bond or Regulation S Global Bond Certificate (a "Global Bond Certificate"), the relevant Global Bond or Global Bond Certificate will be endorsed to reflect the Principal Amount Outstanding of Bonds to be so redeemed or purchased.*

(e) *Purchase of Class R Bonds*

- (i) The Issuer may purchase Class R Bonds on any day in the open market at any price which does not exceed their Principal Amount Outstanding plus accrued interest and in relation to such purchase shall, for so long as the Class R Bonds are admitted to trading on the regulated market of the Luxembourg Stock Exchange, comply with all applicable regulations of the Luxembourg Stock Exchange and may, at its option, hold, resell or cancel any such Class R Bonds held by it from time to time, provided that the Issuer shall not be entitled to resell such Class R Bonds:
  - (a) if any Issuer Event of Default exists; or
  - (b) (in the case of any Class R Extension Amount (as defined in Condition 8(e)(vii)) if any DCC Event of Default (as defined under the Master Framework Agreement) exists.
- (ii) The Issuer will (save to the extent that Condition 8(e)(iii) applies and save where an Issuer Event of Default exists) on any Interest Payment Date repurchase all Class R Bonds outstanding on each Interest Payment Date at a price which is equal to their Principal Amount Outstanding, plus accrued but unpaid interest thereon. The Issuer may at its option cancel, hold or resell all or any of the Class R Bonds so purchased, provided that the Issuer shall not be entitled to resell any such Class R Bonds:
  - (a) if any Issuer Event of Default exists; or
  - (b) (in the case of any Class R Extension Amount) if any DCC Event of Default exists.
- (iii) Notwithstanding the provisions of Condition 8(e)(ii), the Issuer shall not, during the Underwriting Period, be obliged to repurchase any Class R Bonds in respect of which it holds insufficient funds to effect such repurchase in accordance with Condition 8(e)(ii), if such insufficiency arises as a result of any Class R Underwriter failing to agree under a Class R Underwriting Agreement to purchase Class R Bonds from the Issuer. The Class R Bonds to be repurchased on an Interest Payment Date, in respect of which there are insufficient funds to effect such repurchase in full, shall be repurchased pro rata from the holders of the Class R Bonds. Any Class R Bonds not so repurchased shall remain outstanding and the provisions of sub-paragraphs (a) and (b) of Condition 8(e)(ii) shall not apply to such Class R Bonds until such time as they are subsequently repurchased by the Issuer.
- (iv) If, by virtue of the operation of either of Condition 8(e)(ii) or 8(e)(iii), the Issuer is not obliged to repurchase the Class R Bonds on any Interest Payment Date, the Issuer shall, immediately upon becoming aware that it will not be repurchasing such Class R Bonds by virtue of the operation of either of Condition 8(e)(ii) or 8(e)(iii) (and in any event, by no later than 11.00 a.m. on the Interest Payment Date upon which it would otherwise have repurchased such Class R Bonds), give notice to the Class R Bondholders, the Rating Agencies and the Principal Paying Agent (in the case of Bearer Bonds) and the Transfer Agents and the Registrar (in the

case of Registered Bonds), in accordance with the provisions of Condition 17, specifying the amount of Class R Bonds which will not be repurchased on such Interest Payment Date.

- (v) Notwithstanding the provisions of Conditions 8(e)(i) and 8(e)(ii), the Issuer shall not be entitled to resell any Class R Bonds which it has repurchased following the occurrence of any of the events referred to in sub-paragraphs (a), (b) or (c) of either of Conditions 8(e)(i) and 8(e)(ii). Further, while any Issuer Event of Default exists, Class R Bonds may not be repurchased and shall only be redeemed in accordance with Conditions 8(b) and (c). Any Class R Bonds so redeemed shall be cancelled upon redemption. The Class R Bonds (if any) which are the first Class R Bonds to be resold by the Issuer following the occurrence of any of the events referred to in sub-paragraphs (b) or (c) of either of Conditions 8(e)(i) and 8(e)(ii) shall be deemed to be, and shall for all purposes be treated as, Class R Extension Amounts of the relevant Class.
- (vi) In these Conditions:

“**Affiliate**” means in relation to any person, any entity controlled, directly or indirectly, by that person, any entity that controls directly or indirectly, that person or any entity, directly or indirectly under common control with that person and, for this purpose, “control” means control as defined in the Companies Act 1985;

“**Class R Extension Amount**” means the amount (if any) by which, on any Class R Further Drawing Date, the face value of the Class R Bonds being resold by the Issuer on such day exceeds the Principal Amount Outstanding of the Class R Bonds held by persons, other than the Issuer or any affiliate of the Issuer, on the day which immediately preceded such Class R Further Drawing Date;

“**Class R Further Drawing Date**” means any date upon which Class R Bonds are resold;

“**Class R Underwriters**” means each of the parties described as such in any Class R Underwriting Agreement and its successors and assigns; and

“**Underwriting Period**” means the period specified as such in any Class R Underwriting Agreement.

*(f) Redemption by Instalments*

Unless previously redeemed, purchased and cancelled as provided in this Condition 8, each Bond which provides for Instalment Dates (as specified in the relevant Final Terms) and Instalment Amounts (as specified in the relevant Final Terms) will be partially redeemed on each Instalment Date at the Instalment Amount.

*(g) Cancellation*

In respect of all Bonds purchased by or on behalf of the Issuer other than as provided in Condition 8(e), the Bearer Bonds or the Registered Bond Certificates shall be surrendered to or to the order of the Principal Paying Agent or the Registrar, as the case may be, for cancellation and, if so surrendered, will, together with all Bonds redeemed by the Issuer, be cancelled forthwith (together with, in the case of Bearer Bonds, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Bonds so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Bonds shall be discharged.

## 9 Payments

*(a) Bearer Bonds*

Payments to the Bondholders of principal (or, as the case may be, Redemption Amounts or other amounts payable on redemption) and interest (or, as the case may be, Interest Amounts) in respect of Bearer Bonds will, subject as mentioned below, be made against presentation and surrender of the

relevant Receipts (in the case of payment of Instalment Amounts other than on the due date for final redemption and provided that the Receipt is presented for payment together with its relative Bond), Bonds (in the case of all other payments of principal and, in the case of interest, as specified in Condition 9(f)) or Coupons (in the case of interest, save as specified in Condition 9(f)), as the case may be, at the specified office of any Paying Agent outside the United States of America by transfer to an account denominated in the currency in which such payment is due with, or (in the case of Definitive Bonds only) a cheque payable in that currency drawn on, a bank in (i) the principal financial centre of that currency provided that such currency is not euro, or (ii) the principal financial centre of any Participating Member State if that currency is euro.

*(b) Registered Bonds*

Payments of principal (or, as the case may be, Redemption Amounts) in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation and surrender of the relevant Registered Bond Certificate at the specified office of the Registrar and in the manner provided in Condition 9(a).

Payments of instalments in respect of Registered Bonds will be made to the holder (or the first named of joint holders) of such Bond against presentation of the relevant Registered Bond Certificate at the specified office of the Registrar in the manner provided in Condition 9(a) above and annotation of such payment on the Register and the relevant Registered Bond Certificate.

Interest (or, as the case may be, Interest Amounts) on Registered Bonds payable on any Interest Payment Date will be paid to the holder (or the first named if joint holders) on the fifteenth day before the due date for payment thereof (the “**Record Date**”). Payment of interest or Interest Amounts on each Registered Bond will be made in the currency in which such payment is due by cheque drawn on a bank in (a) the principal financial centre of the country of the currency concerned, provided that such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro and mailed to the holder (or to the first named of joint holders) of such Bond at its address appearing in the Register. Upon application by the Bondholder to the specified office of the Registrar before the relevant Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in (a) the principal financial centre of the country of that currency provided that such currency is not euro, or (b) the principal financial centre of any Participating Member State if that currency is euro.

*(c) Payments in the United States of America*

Notwithstanding the foregoing, if any Bearer Bonds are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if:

- (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States of America with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Bonds in the manner provided above when due;
- (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts; and
- (iii) such payment is then permitted by the law of the United States of America, without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

*(d) Payments subject to fiscal laws; payments on Global Bonds and Registered Bonds*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of this Condition 9. No commission or expenses shall be charged to the Bondholders, Couponholders or Receiptholders (if any) in respect of such payments.

Payments of principal (or Redemption Amounts) and interest (or Interest Amounts) in respect of the Bearer Bonds when represented by a Global Bond or Global Bond Certificate will be made against presentation and surrender or, as the case may be, presentation of the Global Bond or Global Bond Certificate at the specified office of the Principal Paying Agent or the Registrar, as the case may be, subject in all cases to any fiscal or other laws, regulations and directives applicable in the place of payment to the Issuer, the Principal Paying Agent, the Registrar or the holder. A record of each payment so made will be endorsed on the schedule to the Global Bond or the Global Bond Certificate by or on behalf of the Principal Paying Agent or Registrar, as the case may be, which endorsement shall be prima facie evidence that such payment has been made.

The holder of a Global Bond or Global Bond Certificate shall be the only person entitled to receive payments of principal (or Redemption Amounts) and interest (or Interest Amounts) on the Global Bond or Global Bond Certificate (as the case may be) and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Bond or Global Bond Certificate in respect of each amount paid.

*(e) Appointment of the Agents*

The Paying Agents, the Agent Bank, the Transfer Agents and the Registrar (the “**Agents**”) appointed by the Issuer (and their respective specified offices are listed in the Paying Agency Agreement) or as otherwise appointed pursuant to the Paying Agency Agreement are specified in the relevant Final Terms. The Agents act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any holder. The Issuer reserves the right, with the prior written consent of the Bond Trustee, at any time to vary or terminate the appointment of any Agent, and to appoint additional or other Agents, provided that the Issuer will at all times maintain (i) a Principal Paying Agent, (ii) a Paying Agent in Luxembourg (so long as any Bonds remain listed on the Luxembourg Stock Exchange) and (iii) (while any Registered Bonds remain outstanding) a Transfer Agent in Luxembourg (so long as any Bonds remain listed on the Luxembourg Stock Exchange) and a Registrar, each having a specified office in a European city which, if the Bonds are admitted to listing on a listing authority, stock exchange and/or quotation system and such listing authority, stock exchange and/or quotation system require the appointment of a Paying Agent in a particular place, shall be such place. Further, the Issuer shall maintain a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000.

*(f) Unmatured Coupons and Receipts and unexchanged Talons*

- (i) Subject to the provisions of the relevant Final Terms, upon the due date for redemption of any Bond which is a Bearer Bond, unmaturing Coupons and Receipts relating to such Bond (whether or not attached) shall become void and no payment shall be made in respect of them.
- (ii) Upon the date for redemption of any Bond, any unmaturing Talon relating to such Bond (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iii) Upon the due date for redemption of any Bond which is redeemable in instalments, all Receipts relating to such Bond having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iv) Where any Bond, which is a Bearer Bond, is presented for redemption without all unmaturing Coupons and any unexchanged Talon relating to it, and where any Bearer Bond is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

- (v) If the due date for redemption of any Bond is not a due date for payment of interest or an Interest Amount, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, or the Interest Amount payable on such date for redemption shall only be payable against presentation (and surrender if appropriate) of the relevant Bond and Coupon.

(g) *Non-Business Days*

Subject as provided in the relevant Final Terms, if any date for payment in respect of any Bond, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) on which banks are open for presentation and payment of debt securities and for dealings in foreign currency in London and in the relevant place of presentation and in the other cities referred to in the definition of Business Days and (in the case of a payment in a currency other than euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which dealings may be carried on in the relevant currency in the principal financial centre of the country of such currency.

(h) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a coupon sheet issued in respect of any Bond, the Talon forming part of such coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further coupon sheet (and if necessary another Talon for a further coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 13).

## 10 Taxation

All payments in respect of the Bonds, Receipts or Coupons will be made (whether by the Issuer, any Paying Agent, the Registrar, the Bond Trustee, the Issuer Security Trustee or the relevant Financial Guarantor, in respect of Class A Bonds) without withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature unless the Issuer, any Paying Agent or the Registrar or, where applicable, the Bond Trustee, the Issuer Security Trustee or the relevant Financial Guarantor is required by applicable law to make any payment in respect of the Bonds, Receipts or Coupons subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature. In that event, the Issuer, such Paying Agent, the Registrar, the Bond Trustee, the Issuer Security Trustee or the relevant Financial Guarantor, as the case may be, shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. None of the Issuer, any Paying Agent, the Registrar, the Bond Trustee, the Issuer Security Trustee or the relevant Financial Guarantor will be obliged to make any additional payments to the Bondholders, Receiptholders or the Couponholders in respect of such withholding or deduction. The Issuer, any Paying Agent, the Registrar, the Bond Trustee or the relevant Financial Guarantor may require holders to provide such certifications and other documents as required by applicable law in order to qualify for exemptions from applicable tax laws.

## 11 Events of Default and Enforcement

(a) *Issuer Events of Default*

If an Issuer Event of Default (as defined below) occurs and is continuing, then, subject always to the terms of the Issuer STID, the Bond Trustee may at any time and shall (subject, in the case of any of the events referred to in paragraph (ii) below, to the Bond Trustee (in accordance with the provisions of the Trust Deed and the Issuer STID) having certified in writing that in its opinion the happening of such event is materially prejudicial to the Bondholders), upon the Bond Trustee being (i) so requested in writing by holders of at least one quarter in Principal Amount Outstanding of the Most Senior Class of

Bonds (as defined below) then outstanding or if so directed by an Extraordinary Resolution (as defined below) of the Most Senior Class of Bonds then outstanding; and (ii) indemnified and/or secured to its satisfaction, subject to the directions of the Issuer Instructing Group, give notice to the Issuer and the Issuer Security Trustee that the Bonds of all Sub-Classes of every Class and Series are, and they shall immediately become, due and repayable, at their respective Redemption Amounts.

Each of the following will constitute an “**Issuer Event of Default**” under the Bonds:

- (i) if default is made in the payment of any sum due in respect of the Bonds (or any Sub-Class of them); or
- (ii) if the Issuer fails to perform or observe any of its obligations (other than payment obligations referred to in (i) above) under the Bonds (including these Conditions) and, if the Bond Trustee considers that such default can be remedied, such failure continues for a period of 30 days (or such longer period as the Bond Trustee may permit) following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied; or
- (iii) if any order is made by any competent court or any resolution passed for the winding up or dissolution of the Issuer or an order is made for the Issuer’s bankruptcy (or any analogous proceedings) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms approved by the Bond Trustee or as otherwise permitted pursuant to these Conditions; or
- (iv) if (1) any other proceedings are initiated against the Issuer under any applicable liquidation, bankruptcy, insolvency, composition, reorganisation, readjustment or other similar laws and such proceedings are not being disputed in good faith, or (2) an administrative receiver or other receiver, administrator or other similar official is appointed in relation to the Issuer or in relation to the whole or any substantial part of the undertaking or assets of the Issuer or (3) an encumbrancer takes possession of the whole or any substantial part of the undertaking or assets of the Issuer or (4) a distress or execution or other process is levied or enforced upon or sued out against the whole or any substantial part of the undertaking or assets of the Issuer and in any of the foregoing cases (other than in relation to the circumstances described in (2) where no grace period shall apply) such order, appointment, possession or process (as the case may be) is not discharged or stayed or does not cease to apply within 14 days; or
- (v) if the Issuer initiates or consents to judicial proceedings relating to itself (except in accordance with paragraph (iii) above) under any applicable liquidation, bankruptcy, insolvency, composition, reorganisation, readjustment or other similar laws or makes a conveyance or assignment for the benefit of its creditors generally; or
- (vi) if the Issuer becomes insolvent or is adjudicated or found bankrupt; or
- (vii) any acceleration under any Intercompany Loan Agreement.

“**Most Senior Class of Bonds**” means (i) the Class A Bonds, Class B Bonds and Class R Bonds outstanding acting together in a single meeting whether by means of an Extraordinary Resolution or a request of at least one quarter of Principal Amount Outstanding of the holders thereof or (ii) if no Class A Bonds, Class B Bonds or Class R Bonds are outstanding, the outstanding Class C Bonds acting together in a single meeting whether by means of an Extraordinary Resolution or a request of Principal Amount Outstanding of at least one quarter of the holders thereof or (iii) if no Class A Bonds, Class B Bonds, Class R Bonds or Class C Bonds are outstanding, the outstanding Class D Bonds acting together in a single meeting whether by means of an Extraordinary Resolution or a request of Principal Amount Outstanding of at least one quarter of the holders thereof.

(b) *Confirmation of No Issuer Event of Default*

The Issuer shall provide written confirmation to the Bond Trustee, on an annual basis, that no Issuer Event of Default or other matter which is required to be brought to the Bond Trustee's attention has occurred.

(c) *Enforcement of security*

If the Bond Trustee gives written notice to the Issuer and the Issuer Security Trustee that the Bonds of all Sub-Classes of each Series are immediately due and repayable, the Issuer Security Trustee, acting on the instructions of the Issuer Instructing Group, shall enforce the Issuer Security as specified in Condition 4(d).

The Bond Trustee will not have any rights to call for repayment of the Bonds following the occurrence of an Issuer Event of Default except as provided in Condition 11(a) and the Issuer STID and enforcement of the Issuer Security by the Issuer Security Trustee will be subject to the provisions of the Issuer STID.

(d) *Automatic Acceleration*

In the event of (i) the acceleration of any of the Issuer's other obligations under the Issuer Transaction Documents and/or (ii) the acceleration of any DCC Secured Liabilities (as defined in the DCC STID), the Bonds of all Sub-Classes of every Class and Series are, and they shall immediately become, due and repayable, at their respective Principal Amounts Outstanding plus accrued and unpaid interest thereon.

## **12 Recourse Against Issuer**

No Bondholder is entitled to take any action against the Issuer or, in the case of Class A Bondholders, against any Financial Guarantor or against any assets of the Issuer or any Financial Guarantor to enforce its rights in respect of the Bonds or to enforce any of the Issuer Security or to enforce any Financial Guarantee unless the Bond Trustee or the Issuer Security Trustee (as applicable), having become bound so to proceed, fails or neglects to do so within a reasonable period and such failure or neglect is continuing. The Issuer Security Trustee will act on the instructions of the Issuer Instructing Group pursuant to the Issuer STID and neither the Bond Trustee nor the Issuer Security Trustee shall be bound to take any such action unless it is indemnified and/or secured to its satisfaction.

Neither the Bond Trustee nor the Bondholders may institute against, or join any person in instituting against, the Issuer any bankruptcy, winding up, re-organisation, arrangement, insolvency or liquidation proceeding (except for the appointment of a receiver and manager pursuant to the terms of the Issuer Deed of Charge and subject to the Issuer STID) or other proceeding under any similar law for so long as any Bonds are outstanding or for two years and a day after the latest Maturity Date on which any Bond of any Series is due to mature.

## **14 Replacement of Bonds, Coupons, Receipts and Talons**

If any Bearer Bond, Registered Bond, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and stock exchange requirements, at the specified office of the Principal Paying Agent or, as the case may be, the Registrar upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity

and otherwise as the Issuer may require. Mutilated or defaced Bonds, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

## 15 Meetings of Bondholders, Modification, Waiver, Authorisation and Substitution

### (a) *Meetings of Bondholders, Modifications and Waiver*

The Trust Deed contains provisions for convening meetings of Bondholders of a Sub-Class, Class or Classes to consider matters affecting their interests, including the modification of these Conditions, the Trust Deed and (in the case of Class A Bonds) the Financial Guarantees and any other Issuer Transaction Document to which the Bond Trustee is party. Any modification may (except in relation to any Entrenched Right or Reserved Matter of the Bond Trustee, subject, in the case of any of the Class A Bonds, to Entrenched Rights or Reserved Matters of any Financial Guarantor and subject to the provisions concerning ratification and/or meetings of particular combinations of Sub-Classes of Bonds as set out in Condition 15(b) and the Trust Deed, be made if sanctioned by a resolution passed at a meeting of such Bondholders duly convened and held in accordance with the Trust Deed by a majority of not less than three quarters of the votes cast (an “**Extraordinary Resolution**”) of such Bondholders. Such a meeting may be convened by the Bond Trustee or the Issuer, or by the Bond Trustee upon the request in writing of the relevant Bondholders holding not less than one tenth of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds.

The quorum at any meeting convened to vote on an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds or, at any adjourned meeting, two or more persons being or representing Bondholders, whatever the Principal Amount Outstanding of the relevant outstanding Bonds held or represented, provided however, that certain proposals (the “**Basic Terms Modifications**”) in respect of the holders of any particular Sub-Class of Bonds means any proposal:

- (i) to change any date fixed for payment of principal or interest in respect of such Sub-Class of Bonds, to reduce the amount of principal or interest payable on any date in respect of such Sub-Class of Bonds or (other than as specified in Conditions 7 and 8) to alter the method of calculating the amount of any payment in respect of such Sub-Class of Bonds on redemption or maturity;
- (ii) other than pursuant to Condition 15(c), to effect the exchange, conversion or substitution of such Sub-Class of Bonds for, or the conversion of them into, shares, bonds or other obligations or securities of the Issuer or any other person or body corporate formed or to be formed;
- (iii) to change the currency in which amounts due in respect of such Sub-Class of Bonds are payable other than pursuant to redenomination into euro pursuant to Condition 19;
- (iv) to alter the Payments Priorities (as defined in the Master Framework Agreement) insofar as such alteration would affect such Sub-Class of Bonds;
- (v) to alter the priority of redemption of such Sub-Class of Bonds;
- (vi) in relation to any Sub-Class of Class A Bonds, to approve the release of the relevant Financial Guarantee or the substitution of the relevant Financial Guarantor;
- (vii) to change the quorum required at any meeting or the majority required to pass an Extraordinary Resolution; or
- (viii) to amend this definition or this Condition,

may be sanctioned only by an Extraordinary Resolution passed at a meeting of Bondholders of the relevant Sub-Class or Sub-Classes of Bonds at which two or more persons holding or representing not less than three-quarters or, at any adjourned meeting, one quarter of the aggregate Principal Amount

Outstanding of the outstanding Bonds form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the relevant Bondholders, Receipholders and Couponholders whether present or not.

In addition, a resolution in writing signed by or on behalf of all Bondholders who for the time being are entitled to receive notice of a meeting of Bondholders under the Trust Deed will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Bondholders.

A meeting of such Bondholders will also have the power (exercisable by Extraordinary Resolution) to advise or instruct the Bond Trustee in connection with the exercise by the Bond Trustee of any of its rights, powers and discretions under the Issuer Transaction Documents including, to appoint any persons (whether Bondholders or not) as a committee to represent the interests of such Bondholders and to confer upon such committee any powers which such Bondholders could themselves exercise by Extraordinary Resolution and, where requested by the Bond Trustee, in relation to voting on Intercreditor Issues (as defined in Condition 15(d)) and in respect of the Reserved Matters and Entrenched Rights of the Bond Trustee.

*(b) Relationship between Classes*

In relation to each Sub-Class of Bonds:

- (i) no Extraordinary Resolution involving a Basic Terms Modification that is passed by the holders of one Sub-Class of Bonds shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of each of the other Sub-Classes of Bonds (to the extent that there are Bonds outstanding in each such other Sub-Class); and
- (ii) no Extraordinary Resolution (except in relation to an Intercreditor Issue or a vote under Condition 11(a)) to approve any matter other than a Basic Terms Modification of any Sub-Class of Bonds shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of each of the other Sub-Classes of Bonds ranking equally or senior to such Sub-Class (to the extent that there are Bonds outstanding ranking equally or senior to such Sub-Class), and for the avoidance of doubt as regards ranking, Class A Bonds, Class B Bonds and Class R Bonds will be considered to rank equally with each other, Class C Bonds are subordinate to the Class A Bonds, Class B Bonds and Class R Bonds and Class D Bonds are subordinate to the Class A Bonds, Class B Bonds, Class R Bonds and Class C Bonds;

provided that, in relation to a meeting of the holders of a Sub-Class of Bonds to sanction the Extraordinary Resolutions referred to in (i) and (ii) above, (1) the quorum for any such meeting shall be two or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding of the relevant outstanding Bonds and (2) if the holders of any relevant Sub-Class of Bonds, having been invited to sanction a proposed Extraordinary Resolution, fail for want of quorum to pass or reject an Extraordinary Resolution sanctioning the proposed Extraordinary Resolution, such holders will be taken to have sanctioned the proposed matter. Conditions 15(a) and (b) in respect of meetings are subject to the further provisions of the Trust Deed.

*(c) Modification, waiver and substitution*

As more fully set out in the Trust Deed (and subject to the conditions and qualifications therein), the Bond Trustee may, without the consent of the Bondholders of any Sub-Class, concur with the Issuer or any other relevant parties in making (i) any modification of these Conditions, the Trust Deed, any Financial Guarantee or any Issuer Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error and (except as mentioned in the Trust Deed) (ii) any other modification and any waiver or authorisation of any breach or proposed breach of these Conditions, the Trust Deed, such Financial Guarantee or any such Issuer Transaction Document or other document

which is in the opinion of the Bond Trustee not materially prejudicial to the interests of the Bondholders of that Sub-Class. Any such modification, waiver or authorisation shall be binding on the Bondholders of that Sub-Class, Class or Classes and the holders of all relevant Receipts and Coupons and, if the Bond Trustee so requires, notice thereof shall be given by the Issuer to the Bondholders of that Sub-Class, Class or Classes as soon as practicable thereafter.

The Bond Trustee shall be entitled to assume that any such modification, waiver or authorisation is not materially prejudicial to the Bondholders if the Rating Agencies confirm that there will not be any adverse effect thereof on the original issue ratings of the Bonds.

As more fully set forth in the Issuer STID (and subject to the conditions and qualifications therein), the Bond Trustee may also agree with the Issuer, subject to the directions of the Issuer Instructing Group but without the consent of the relevant Bondholders of any Sub-Class, to the substitution of another corporation in place of the Issuer as principal debtor in respect of the Trust Deed and the Bonds of all Series and subject to the Class A Bonds continuing to carry the unconditional guarantee of the relevant Financial Guarantor.

*(d) Voting by the Bondholders on Intercreditor Issues*

In certain limited circumstances (as set out in the Issuer STID) the Bond Trustee shall be entitled to vote as the representative of Bondholders on intercreditor issues (“**Intercreditor Issues**”). The Bond Trustee shall vote on Intercreditor Issues (except in relation to any Basic Terms Modification) only in accordance with a direction by those holders of outstanding Bonds which constitute Qualifying Debt acting together whether by means of an Extraordinary Resolution or a request of at least one quarter of Principal Amount Outstanding of the holders thereof and shall not be obliged to vote unless it has been indemnified and/or secured to its satisfaction.

In accordance with the terms of the Issuer STID, if the Bond Trustee receives a Confirmation of Instruction (as defined in the Issuer STID) at any time before the date of a Bondholder meeting convened pursuant to this Condition 15(d) and the Trust Deed, it shall as soon as practicable notify the Bondholders that such meeting shall be cancelled and shall not be liable to any person for so doing.

## **16 Trustee Protections**

*(a) Trustee considerations*

Subject to Condition 16(b), in connection with the exercise, under these Conditions, the Trust Deed, any Financial Guarantee or any Issuer Transaction Document, of its rights, powers, trusts, authorities and discretions (including, any modification, waiver, authorisation, determination or substitution), the Bond Trustee shall have regard to the interests of the holders of the Most Senior Class of Bonds then outstanding provided that, if the Bond Trustee considers, in its sole opinion, that there is a conflict of interest between the holders of one or more Sub-Classes of such Bonds, it shall consider the interests of the holders of the Sub-Class of the Most Senior Class of Bonds outstanding with the shortest dated maturity and will not have regard to the consequences of such exercise for the holders of other Classes or Sub-Classes of Bonds or for individual Bondholders, resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. The Bond Trustee shall not be entitled to require from the Issuer or any Financial Guarantor, nor shall any Bondholders relating thereto be entitled to claim from the Issuer, any Financial Guarantor or the Bond Trustee, any indemnification or other payment in respect of any consequence (including, any tax consequence) for individual Bondholders relating thereto of any such exercise.

*(b) Exercise of rights*

Except as otherwise provided in these Conditions and the Trust Deed, when exercising any rights, powers, trusts, authorities and discretions relating to or contained in the Conditions or the Trust Deed (other than in respect of any Entrenched Right or Reserved Matter or Basic Terms Modification, or in

determining the occurrence of an Entrenched Right or Reserved Matter or Basic Terms Modification) which affects or relates to any Class A Bonds, the Bond Trustee shall only act with the consent of the relevant Financial Guarantor(s) in accordance with the provisions of the Issuer STID and the Bond Trustee shall not be required to have regard to the interests of the Bondholders in relation to the exercise of such rights, powers, trusts, authorities and discretions and shall have no liability to any Bondholders as a consequence of so acting. As a consequence of being required to act only with the consent of the relevant Financial Guarantor(s) in the circumstances referred to in the previous sentence, the Bond Trustee may not, notwithstanding the provisions of these Conditions, be entitled to act on behalf of the holders of any Sub-Class of Bonds. Subject as provided in these Conditions and the Trust Deed, the Bond Trustee will exercise its rights under, or in relation to, the Trust Deed, the Conditions or any Financial Guarantee in accordance with the directions of the relevant Bondholders, but the Bond Trustee shall not be bound as against the Bondholders to take any such action unless it has (i) (a) (in respect of the matters set out in Condition 11 only) been so requested in writing by the holders of at least 25 per cent. of the Outstanding Principal Amount of the relevant outstanding Bonds or (b) been so directed by an Extraordinary Resolution and (ii) been indemnified or furnished with security to its satisfaction.

## **17 Notices**

Notices to holders of Registered Bonds will be posted to them at their respective addresses in the Register and deemed to have been given on the date of posting. Other notices to Bondholders will be valid if published in a leading daily newspaper having general circulation in London (which is expected to be the Financial Times and, if the Bonds which are listed on the Luxembourg Stock Exchange published either on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)) or in a leading newspaper having general circulation in Luxembourg (which is expected to be the *d'Wort*). In addition, all notices to holders of Bonds (whether Bearer or Registered and whether Global Bonds or Definitive Bonds) will be published in such newspaper in Luxembourg. The Issuer shall also ensure that all notices are duly published in a manner which complies with the rules and regulations of any other listing authority, stock exchange and/or quotation system on which the Bonds are for the time being listed. Any such notice (other than to holders of Registered Bonds as specified above) shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made. Couponholders and Receiptholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Bonds in accordance with this Condition 17.

So long as any Bonds are represented by Global Bonds notices in respect of those Bonds may be given by delivery of the relevant notice to Euroclear Bank S.A./N.V., or Clearstream Banking, société anonyme or any other Relevant Clearing System as specified in the relevant Final Terms for communication by them to entitled account holders in substitution for publication in a daily newspaper with general circulation in London. Such notices shall be deemed to have been received by the Bondholders 7 days after delivery to such clearing systems.

## **18 Indemnification of the Bond Trustee and Issuer Security Trustee**

The Trust Deed and the Issuer STID contain provisions for indemnification of the Bond Trustee and the Issuer Security Trustee, respectively, and for their relief from responsibility, including provisions relieving them from taking any action including taking proceedings against the Issuer, any Financial Guarantor, and/or any other person or enforcing the Issuer Security unless indemnified and/or secured to their satisfaction. ### (a) *Notice of redenomination*

The Issuer may, without the consent of the Bondholders, and on giving at least 30 days' prior notice to the Bondholders, the Issuer Instructing Group, the Bond Trustee, the Principal Paying Agent and the Registrar, as the case may be, designate a date (the "**Redenomination Date**"), being an Interest Payment Date under the Bonds falling on or after the date on which the United Kingdom becomes a Participating Member State.

### (b) *Redenomination*

Notwithstanding the other provisions of these Conditions, with effect from the Redenomination Date:

- (i) the Bonds of each Sub-Class denominated in sterling (the "**Sterling Bonds**") shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Bond equal to the principal amount of that Bond in sterling, converted into Euro at the rate for conversion of such currency into euro established by the Council of the European Union pursuant to the Treaty establishing the European Union, as amended, (including compliance with rules relating to rounding in accordance with European Community regulations), provided, however, that, if the Issuer determines, with the agreement of the Bond Trustee, that the then current market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Bondholders, the Luxembourg Stock Exchange and any other stock exchange (if any) on which the Bonds are then listed, (in the case of Bearer Bonds) the Principal Paying Agent and (in the case of registered Bonds) the Registrar of such deemed amendments;

  - (b) the payment obligations contained in all Bonds denominated in sterling will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Bonds in accordance with this Condition 19 (European Economic and Monetary Union) shall remain in full force and effect; and

- (iii) all payments in respect of the Sterling Bonds (other than, unless the Redenomination Date is on or after such date as the sterling ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro by cheque drawn on, or by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with, a bank in the principal financial centre of any Participating Member State; and

(c) *Interest*

Following redenomination of the Bonds pursuant to this Condition 19 (European Economic and Monetary Union):

- (ii) the amount of interest payable in respect of each Sub-Class of Sterling Bonds for any Interest Period shall be calculated by applying the Interest Rate applicable to the Sub-Class of Bonds denominated in euro ranking *pari passu* to the relevant Sub-Class.

## FORMS OF THE BONDS

### Form and Exchange – Bearer Bonds

Each Sub-Class of Bonds initially issued in bearer form will be issued either as a temporary global bond (the “**Temporary Global Bond**”), without Coupons or Talons attached, or a permanent global bond (the “**Permanent Global Bond**”), without interest Coupons or Talons attached, in each case as specified in the relevant Final Terms. Each Temporary Global Bond or, as the case may be, Permanent Global Bond (each a “**Global Bond**”) will be delivered prior to the Issue Date of the relevant Sub-Class of the Bonds to a depository or a common depository for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the “**TEFRA C Rules**”) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable in relation to the Bonds.

### Temporary Global Bond exchangeable for Permanent Global Bond

If the relevant Final Terms specifies the form of Bonds as being represented by “Temporary Global Bond exchangeable for a Permanent Global Bond”, then the Bonds will initially be in the form of a Temporary Global Bond which will be exchangeable, in whole or in part, for interests in a Permanent Global Bond, without Coupons or Talons attached, not earlier than 40 days after the Issue Date of the relevant Sub-Class of the Bonds upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Bond unless exchange for interests in the Permanent Global Bond is improperly withheld or refused. In addition, payments of principal and interest in respect of the Bonds cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Bond is to be exchanged for an interest in a Permanent Global Bond, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Bond, duly authenticated, to the bearer of the Temporary Global Bond or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Bond in accordance with its terms against:

- presentation and (in the case of final exchange) surrender of the Temporary Global Bond at the Specified Office (as defined in the Paying Agency Agreement) of the Paying Agent; and
- receipt by the Paying Agent of a certificate or certificates of non-U.S. beneficial ownership issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system,

within 60 days of the bearer requesting such exchange.

The principal amount of the Permanent Global Bond shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; provided, however, that in no circumstances shall the principal amount of the Permanent Global Bond exceed the aggregate initial principal amount of the Temporary Global Bond and any Temporary Global Bond representing a fungible Sub-Class of Bonds with the Sub-Class of Bonds represented by the first Temporary Global Bond.

The Permanent Global Bond will be exchangeable in whole, but not in part, for Bonds in definitive form (“**Definitive Bonds**”):

- on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- at any time, if so specified in the relevant Final Terms; or
- if the relevant Final Terms specifies “in the limited circumstances described in the Permanent Global Bond”, then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is

closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 11(a) (Issuer Events of Default) occurs; or

- the Issuer certifies to the Bond Trustee that it has or will, on the next payment date for interest or principal, become subject to adverse tax consequences which would not be suffered if the Bonds are not represented by a Permanent Global Bond.

Whenever the Permanent Global Bond is to be exchanged for Definitive Bonds, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bonds, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Bond to the bearer of the Permanent Global Bond against the surrender of the Permanent Global Bond at the Specified Office of the Paying Agent within 60 days of the bearer requesting such exchange but not earlier than 40 days after the Issue Date of such Bonds.

#### **Temporary Global Bond exchangeable for Definitive Bonds**

If the relevant Final Terms specifies the form of Bonds as being “Temporary Global Bond exchangeable for Definitive Bonds” and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Bonds will initially be in the form of a Temporary Global Bond which will be exchangeable, in whole but not in part, for Definitive Bonds not earlier than 40 days after the issue date of the relevant Sub-Class of the Bonds.

If the relevant Final Terms specifies the form of Bonds as being “Temporary Global Bond exchangeable for Definitive Bonds” and also specifies that the TEFRA D Rules are applicable, then the Bonds will initially be in the form of a Temporary Global Bond which will be exchangeable, in whole or in part, for Definitive Bonds not earlier than 40 days after the issue date of the relevant Sub-Class of the Bonds upon certification as to non-U.S. beneficial ownership. Principal and interest payments in respect of the Bonds cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Bond is to be exchanged for Definitive Bonds, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bonds, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Bond so exchanged to the bearer of the Temporary Global Bond against the presentation (and in the case of final exchange, surrender) of the Temporary Global Bond at the Specified Office of the Paying Agent within 60 days of the bearer requesting such exchange but not earlier than 40 days after the Issue Date of such Bonds.

#### **Permanent Global Bond exchangeable for Definitive Bonds**

If the relevant Final Terms specifies the form of Bonds as being “Permanent Global Bond exchangeable for Definitive Bonds”, then the Bonds will initially be in the form of a Permanent Global Bond which will be exchangeable in whole, but not in part, for Definitive Bonds:

- on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- at any time, if so specified in the relevant Final Terms; or
- if the relevant Final Terms specifies “in the limited circumstances described in the Permanent Global Bond”, then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 11(a) (Issuer Events of Default) occurs; or
- the Issuer certifies to the Bond Trustee that it has or will, on the next payment date for interest or principal, become subject to adverse tax consequences which would not be suffered if the Bonds are not represented by a Permanent Global Bond.

Whenever the Permanent Global Bond is to be exchanged for Definitive Bonds, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Bonds, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Bond to the bearer of the Permanent Global Bond against the surrender of the Permanent Global Bond at the Specified Office of the Paying Agent within 60 days of the bearer requesting such exchange but not earlier than 40 days after the Issue Date of such Bonds.

In the event that a Global Bond is exchanged for Definitive Bonds, such Definitive Bonds shall be issued in Specified Denomination(s) only.

#### **Conditions applicable to the Bonds**

The Conditions applicable to any Definitive Bond will be endorsed on that Bond and will consist of the Conditions set out under “*Terms and Conditions of the Bonds*” above and the provisions of the relevant Final Terms which supplement, amend, vary and/or replace those Conditions.

The Conditions applicable to any Global Bond will differ from those Conditions which would apply to the Definitive Bond to the extent described under “*Provisions Relating to the Global Bonds*”.

#### **Legend concerning United States persons**

Global Bonds and Definitive Bonds and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in such legend provide that a United States person who holds a Bond, Coupon or Talon will generally not be allowed to deduct any loss realised on the sale, exchange or redemption of such Bond, Coupon or Talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.

### **Form and Exchange – Global Bond Certificates**

#### **Global Certificates**

Registered Bonds held in Euroclear and/or Clearstream, Luxembourg and/or any other clearing system will be represented by a Global Bond Certificate which will be registered in the name of a nominee for, and deposited with, a depository for Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system.

#### **Exchange**

The Global Bond Certificate will become exchangeable in whole, but not in part, for Individual Bond Certificates if (a) Euroclear or Clearstream, Luxembourg and/or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business, (b) any of the circumstances described in Condition 11(a) (Issuer Events of Default) occurs, (c) at any time at the request of the registered Holder if so specified in the Final Terms or (d) the Issuer certifies to the Bond Trustee that it has or will, on the next payment date for interest or principal, become subject to adverse tax consequences which would not be suffered if the Bonds are not represented by a Global Bond Certificate.

Whenever the Global Bond Certificate is to be exchanged for Individual Bond Certificates, such will be issued in an aggregate principal amount equal to the principal amount of the Global Bond Certificate within ten business days of the delivery, by or on behalf of the registered Holder of the Global Bond Certificate to the Registrar or the Transfer Agents (as the case may be) of such information as is required to complete and deliver such Individual Bond Certificates (including the names and addresses of the persons in whose names the Individual Bond Certificates are to be registered and the principal amount of each such person’s holding)

against the surrender of the Global Bond Certificate at the specified office of the Registrar or the Transfer Agent (as the case may be). Such exchange will be effected in accordance with the provisions of the Paying Agency Agreement and the regulations concerning the transfer and registration of Bonds scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar or the Transfer Agents (as the case may be) may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

### **Rights against Issuer**

Under the Trust Deed, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to interests in the Bonds will (subject to the terms of the Trust Deed and the Issuer STID) acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Bond or Global Bond Certificate became void, they had been the registered Holders of Bonds in an aggregate principal amount equal to the principal amount of Bonds they were shown as holding in the records of Euroclear, Clearstream, Luxembourg or any other relevant clearing system (as the case may be).

## PROVISIONS RELATING TO THE BONDS WHILE IN GLOBAL FORM

### Clearing System Accountholders

References in the Conditions of the Bonds to “**Bondholder**” are (other than in the case of payment) references to the person shown in the records of the relevant clearing system as the holder of the Global Bond or Global Bond Certificate.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, as the case may be, as being entitled to an interest in a Global Bond or a Global Bond Certificate (each an “**Accountholder**”) must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder’s share of each payment made by the Issuer or, in the case of Class A Bonds, the relevant Financial Guarantor, to such Accountholder and in relation to all other rights arising under the Global Bond or Global Bond Certificate. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Bond or Global Bond Certificate will be determined by the respective rules and procedures of Euroclear, Clearstream, Luxembourg and any other relevant clearing system (as the case may be) from time to time. For so long as the relevant Bonds are represented by a Global Bond or Global Bond Certificate, Accountholders shall have no claim directly against the Issuer or, in the case of Class A Bonds, the relevant Financial Guarantor in respect of payments due under the Bonds and such obligations of the Issuer and, in the case of Class A Bonds, the relevant Financial Guarantor will be discharged by payment to the bearer of the Global Bond or the registered holder of the Global Bond Certificate, as the case may be.

So long as the Bonds are represented by a temporary Global Bond, permanent Global Bond or Global Certificate and the relevant clearing system(s) so permit, the Bonds shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) and multiples thereof provided in the relevant Final Terms.

### Amendment to Conditions

Global Bonds will contain provisions that apply to the Bonds which they represent, some of which modify the effect of the Conditions of the Bonds as set out in this Prospectus. The following is a summary of certain of those provisions:

- *Meetings:* The holder of a Global Bond or Global Bond Certificate shall be treated as being two persons for the purposes of any quorum requirements of a meeting of Bondholders and, at any such meeting, the holder of a Global Bond or Global Bond Certificate shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Bonds.
- *Cancellation:* Cancellation of any Bond represented by a Global Bond or Global Bond Certificate that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Global Bond or Global Bond Certificate.
- *Notices:* So long as any Bonds are represented by a Global Bond or Global Bond Certificate and such Global Bond or Global Bond Certificate is held on behalf of Euroclear, Clearstream, Luxembourg or any other relevant Clearing System, notices to the Bondholders may be given, subject always to listing requirements, by delivery of the relevant notice to Euroclear, Clearstream, Luxembourg or any other relevant Clearing System for communication by it to entitled Accountholders in substitution for publication as provided in the Conditions provided that, in any case, all such notices shall be published in a leading daily newspaper having general circulation in Luxembourg in accordance with Condition 17.

provided by MBIA Corp. Any reduction in the ratings of MBIA Corp. would result in a downgrade of the ratings of MBIA UK and could have a material adverse effect on MBIA Corp. and MBIA UK.

Each rating of MBIA UK should be evaluated independently. The ratings reflect the respective rating agency's current assessment of the financial strength of MBIA UK and its ability to pay claims on its financial guarantees. Any further explanation as to the significance of the above ratings may be obtained only from the applicable rating agency.

The above ratings are not recommendations to buy, sell or hold the obligations, and such ratings may be subject to revision or withdrawal at any time by the rating agencies. Any downward revision or withdrawal of any of the above ratings may have an adverse effect on the market price of the obligations. MBIA UK does not guarantee the market price of the obligations nor does it guarantee that the ratings on the obligations will not be revised or withdrawn.

#### **Risk Diversification**

MBIA Corp. and MBIA UK seek to maintain a diversified insured portfolio designed to spread risk based on a variety of criteria, including revenue source, issue size, type of bond and geographic area. As at 31 December

2005, MBIA Corp. had 27,081 policies outstanding. These policies are diversified among 10,717 “credits”, which MBIA Corp. and its subsidiaries define as any group of issues supported by the same revenue source.

Please see the section entitled “*Risks relating to MBIA UK as Financial Guarantor*” on page 23 for further details of any other potential risks relating to MBIA UK.

### **Reinsurance**

In the ordinary course of its business, MBIA UK uses reinsurance as a risk management device to reinsure financial guarantees with third party reinsurers primarily to transfer risk and to increase underwriting capacity. MBIA UK uses both treaty and facultative reinsurance to cede risk. Under its treaties with various reinsurers, MBIA UK has the ability to automatically cede specified percentages of insured risks as provided for in each treaty. To the extent MBIA UK needs reinsurance capacity that is not available under its treaties, it cedes risk to reinsurers on a facultative basis where reinsurers have considered the commitment and decided to provide the reinsurance outside the terms of the treaty.

As a primary guarantor, MBIA UK is required to honour its obligations to the holders of its financial guarantees whether or not its reinsurers perform their obligations to MBIA UK.

### **Auditors**

MBIA UK’s auditors are PricewaterhouseCoopers LLP of 32 London Bridge Street, London SE1 9SY. PricewaterhouseCoopers LLP (the “**MBIA UK Auditors**”) is a partnership of chartered accountants and registered auditors and a member of the Institute of Chartered Accountants in England and Wales.

MBIA UK, having been dormant within the meaning of section 249AA Companies Act 1985 since its formation and at all times during the year ended 31 December 2003, and otherwise satisfying the relevant requirements of Part VII of the Companies Act 1985, was exempt from the provisions of that Part relating to the audit of accounts for the year ended 31 December 2003.

Copies of MBIA UK’s audited accounts are available from The Company Secretary, MBIA UK Insurance Limited, 1 Great St. Helen’s, London EC3A 6HX and as specified in paragraph 13 of Chapter 11 “*General Information*”. The audited annual financial statements of MBIA UK for the financial years ending 31 December 2004 and 31 December 2005, respectively, are incorporated by reference into this Prospectus.

### **Relationship between MBIA UK and MBIA Corp.**

MBIA UK and MBIA Corp. have entered into an excess of loss reinsurance agreement dated 14 May 2004 (the “**Excess of Loss Reinsurance Agreement**”). MBIA Corp., MBIA Holdings and MBIA UK have entered into a Net Worth Maintenance agreement dated 14 May 2004 (as amended and restated on 12 October 2004) (the “**Net Worth Maintenance Agreement**”). The purpose of the Excess of Loss Reinsurance Agreement and the Net Worth Maintenance Agreement is to provide MBIA UK with additional capital and reinsurance support in the event of excess losses not covered by its available capital and by third party reinsurance.

Under the Excess of Loss Reinsurance Agreement, MBIA Corp. agrees to reinsure on an excess of loss basis all financial guarantees issued by MBIA UK. Under the Excess of Loss Reinsurance Agreement MBIA Corp. will reimburse MBIA UK, on an excess of loss basis, for losses exceeding \$100,000,000 in aggregate incurred in each calendar year for its net retained insurance liability (being MBIA UK’s gross liability on each guarantee reinsured by MBIA Corp. after deducting all cessions to facultative and/or other reinsurers, the “**Net Retained Liability**”) under all financial guarantees issued by MBIA UK. MBIA Corp.’s maximum liability under the Excess of Loss Reinsurance Agreement shall not exceed 20% of MBIA UK’s Net Retained Liability with respect to the aggregate insured principal sum outstanding as of 11:59pm, Greenwich Mean Time, on 31 December of the prior year plus the insured principal sum outstanding under MBIA UK’s two largest financial guarantees in effect as of 11:59 pm, Greenwich Mean Time on 31 December of the prior year.

The reinsurance provided under the Excess of Loss Reinsurance Agreement does not alter or limit the obligations of MBIA UK under any financial guarantee.

Pursuant to the Net Worth Maintenance Agreement, MBIA Corp. and MBIA Holdings agree to maintain capital in MBIA UK in an amount that is at least equal to \$100,000,000 or such greater amount as shall be required now or in the future to comply with statutory and regulatory requirements in the United Kingdom. Any support provided by MBIA Corp. to MBIA UK is subject to compliance with New York insurance law. MBIA Corp. may not contribute more than 35% of its policyholders' surplus on an accumulated basis and must comply with §1505 of the New York State Insurance Law, which requires prior notification to and approval by the New York State Insurance Department for any additional capital contributions. MBIA Corp. may, however, make single contributions to MBIA UK that do not exceed \$300 million each without taking any additional actions under §1505 of the New York Insurance Law. As at 31 December 2005, the policyholders' surplus for MBIA Corp. was approximately \$3.800 billion.

Bondholders should note that the Excess of Loss Reinsurance Agreement and the Net Worth Maintenance Agreement (the “**MBIA UK Support Agreements**”) are entered into for the benefit of MBIA UK and are not, and should not be regarded as, guarantees by MBIA Corp. of the payment of any indebtedness, liability or obligations of the issuer, the bonds or any MBIA financial guarantee. Notwithstanding the capital support provided to MBIA UK described in this section, the MBIA UK Support Agreements do not confer any rights on third parties. Beneficiaries of any MBIA financial guarantee will have direct recourse against MBIA UK only, and neither MBIA Corp. nor any other affiliate thereof will be directly liable to the beneficiaries of any MBIA UK financial guarantee.

The information in this disclosure statement concerning MBIA Corp. and its affiliates is provided for background purposes only in view of the importance to MBIA UK of the MBIA UK Support Agreements. It does not imply that the MBIA UK Support Agreements are guarantees for the benefit of the beneficiaries of any MBIA UK financial guarantee. Payments of principal and interest on the obligations will be guaranteed by MBIA UK pursuant to the terms of the financial guarantees provided by MBIA UK and will not be additionally guaranteed by either MBIA Corp. or any other affiliate.

The MBIA UK Support Agreements are intracompany agreements and do not confer rights on third parties; however, these arrangements, together with the ownership of MBIA UK by MBIA Corp. and the underwriting support supplied to MBIA UK by MBIA Corp., may make information about MBIA Corp. of interest to the beneficiaries of financial guarantees issued by MBIA UK. Additionally, the MBIA UK Support Agreements were relevant to the rating agencies in justification of the triple-A ratings granted to MBIA UK. Any material modifications to the Net Worth Maintenance Agreement are subject to confirmation from each of the rating agencies that such modifications will not result in the reduction or withdrawal of the claims-paying ratings then assigned to MBIA UK.

Pursuant to procedures initially developed by MBIA Corp., MBIA UK is selective in the risks it chooses to guarantee. Logistic and underwriting support is supplied to MBIA UK from MBIA Corp. The logistic review of a credit and the proposed structure is undertaken by analysts on a deal team. Both the credit and the structure are then presented to a separate underwriting committee composed of persons not directly involved in the initial analysis. Only following approval of both the credit and the structure may a financial guarantee be issued by MBIA UK.

MBIA Corp. and MBIA UK maintain zero-loss underwriting standards; they underwrite their respective financial guarantees such that at the time a financial guarantee is issued no losses are expected throughout the term of the guarantee based on a worst-case scenario.

#### **Material Contracts**

Save as disclosed in this Prospectus (see “*Relationship between MBIA UK and MBIA Corp.*”), MBIA UK has not entered into contracts outside the ordinary course of business that could result in MBIA UK being under an obligation or entitlement that is material to MBIA UK's ability to meet its obligations to the beneficiary of its financial guarantee.

## MBIA INSURANCE CORPORATION

### General

MBIA Corp. is a leading global provider of financial guarantee insurance incorporated in the State of New York whose registered office is at 113 King Street, Armonk, NY 10504, United States of America. MBIA Corp. is a wholly owned subsidiary of MBIA Inc., which is engaged in providing financial guarantee insurance and investment management and financial services to public finance clients and financial institutions on a global basis. MBIA Corp. provides financial guarantee insurance policies for municipal bonds, asset-backed and mortgage-backed securities, investor-owned utility bonds, and collateralised obligations of sovereigns, corporations and financial institutions, both in the new issue and secondary markets. MBIA Corp. also insures privately issued bonds used for the financing of public purpose projects which are primarily located overseas and include toll roads, bridges, airports, public transportation facilities and other types of infrastructure projects that serve a substantial public purpose. While in the United States projects of this nature are financed through the issuance of tax-exempt bonds by special purpose, government sponsored tax-exempt entities, the general absence of tax-advantaged financing, among other reasons, has led to the transfer of the operation of many such public purpose projects to the private sector. Generally, the private entities operate under a concession agreement with the sponsoring government agency, which maintains a level of regulatory oversight and control over the project.

MBIA Corp. is the successor to the business of the Municipal Bond Insurance Association (the “**Association**”) which began writing financial guarantees for municipal bonds in 1974. MBIA Corp. is the parent of MBIA Corp. of Illinois (“**MBIA Illinois**”) and Capital Markets Assurance Corporation (“**CapMAC**”), both financial guarantee companies. In 1990, MBIA Corp. formed a French insurance company, MBIA Assurance, to write financial guarantee insurance in the countries of the European community. MBIA Assurance, which is a 99.99% subsidiary of MBIA Corp., writes financial guarantees insuring sovereign risk, public infrastructure financings, asset-backed transactions and certain collateralised obligations of corporations and financial institutions. MBIA Assurance has used the provisions of the EC third non-life insurance directive (No. 92/49/EEC) to operate in the United Kingdom both on a services and a branch basis. In light of the amount of business generated from the United Kingdom, MBIA UK was created in 2002 and received regulatory authorization in 2004. Generally, throughout the text, references below to MBIA Corp. include the activities of its subsidiaries, MBIA Illinois, MBIA Assurance, MBIA UK and CapMAC.

Financial guarantee insurance provides an unconditional and irrevocable guarantee of the payment of the principal and interest or other amounts owing, on insured obligations when due. MBIA Corp. primarily insures obligations which are sold in the new issue and secondary markets, or which are held in unit investment trusts (“**UIT**”) and by mutual funds. It also provides surety bonds for debt service reserve funds. The principal economic value of financial guarantee insurance to the entity offering the obligations is the savings in interest costs resulting from the difference in the market yield between an insured obligation and the same obligation on an uninsured basis. In addition, for complex financings and for obligations of issuers that are not well-known by investors, insured obligations receive greater market acceptance than uninsured obligations. The municipal obligations that MBIA Corp. insures include tax-exempt and taxable indebtedness of states, counties, cities, utility districts and other political subdivisions, as well as airports, higher education and health care facilities and similar authorities. The asset-backed or structured finance obligations insured by MBIA Corp. typically consist of securities that are payable from or which are tied to the performance of a specified pool of assets that have a defined cash flow. These include residential and commercial mortgages, a variety of consumer loans, corporate loans and bonds and equipment and real property leases.

### Financial Strength Ratings of MBIA Corp.

Fitch, Moody’s and S&P have rated the financial strength of MBIA Corp. at “**AAA**”, “**Aaa**” and “**AAA**” respectively.

Each rating of MBIA Corp. should be evaluated independently. The ratings reflect the respective rating agency's current assessment of the creditworthiness of MBIA Corp. and its ability to pay claims on its financial guarantees. Any further explanation as to the significance of the above ratings may be obtained only from the applicable rating agency.

#### Risk Diversification

At 31 December 2005, the net par amount outstanding on MBIA Corp.'s insured obligations (including insured obligations of MBIA Illinois, MBIA Assurance and CapMAC, but excluding the guarantee of US\$15.6 billion of investment management transactions for MBIA Investment Management Corp. and MBIA Global Funding Limited) was US\$585.0 billion. Net insurance in force was US\$889.0 billion.

Because generally MBIA Corp. guarantees to the holder of the underlying obligation the timely payment of amounts due on such obligation in accordance with its original payment schedule, in the case of a default on an insured obligation, payments under the financial guarantee cannot be accelerated unless MBIA Corp. consents to the acceleration. Otherwise, MBIA Corp. is required to pay principal, interest or other amounts only as originally scheduled payments come due.

MBIA Corp. underwrites financial guarantee insurance on the assumption that the insurance will remain in force until maturity of the insured obligations. MBIA Corp. estimates that the average life (as opposed to the stated maturity) of its insurance policies and financial guarantees in force at 31 December 2005 was 10.4 years. The average life was determined by applying a weighted average calculation, using the remaining years to maturity of each insured obligation, and weighting them on the basis of the remaining debt service insured. No assumptions were made for any future refundings of insured issues. Average annual debt service on the portfolio at 31 December 2005 was US\$ 69.5 billion.

**Reinsurance**

State insurance laws and regulations, as well as the rating agencies, impose minimum capital requirements on financial guarantee companies, limiting the aggregate amount of insurance which may be written and the maximum size of any single risk exposure which may be assumed. MBIA Corp. increases its capacity to write new business by using treaty and facultative reinsurance to reduce its gross liabilities on an aggregate and single risk basis.

As a primary insurer, MBIA Corp. is required to honour its obligations to its policyholders whether or not its reinsurers perform their obligations to MBIA Corp. The financial position of all reinsurers is monitored by MBIA Corp. on a regular basis.

**Regulation**

MBIA Corp. is licensed to do insurance business in, and is subject to insurance regulation and supervision by, the State of New York (its state of incorporation), the 49 other US states, the District of Columbia, the Territory of Guam, the Commonwealth of the Northern Mariana Islands, the Virgin Islands of the United States, the Commonwealth of Puerto Rico, the Kingdom of Spain, the Republic of France, the United Kingdom and the Republic of Singapore. The extent of state insurance regulation and supervision varies by jurisdiction, but New York, Illinois and most other jurisdictions have laws and regulations prescribing minimum standards of solvency, including minimum capital requirements and business conduct which must be maintained by insurance companies. The laws and regulations of these states also limit both the aggregate and individual risks that MBIA Corp. may insure on a net basis based on the type of risk being insured. These laws prescribe permitted classes and concentrations of investments. In addition, some state laws and regulations require the approval or filing of policy forms and rates. MBIA Corp. is required to file detailed annual financial statements with the New York Insurance Department and similar supervisory agencies in each of the other jurisdictions in which it is licensed. The operations and accounts of MBIA Corp. are subject to examination by these regulatory agencies at regular intervals. MBIA Inc. is subject to the direct and indirect effects of governmental regulation, including changes in tax laws affecting the municipal and asset-backed debt markets. No assurance can be given that future legislative or regulatory changes might not adversely affect the results of operations and financial conditions of MBIA Inc.

MBIA Corp. is licensed to provide financial guarantee insurance under Article 69 of the New York Insurance Law. Article 69 defines financial guarantee insurance to include any guarantee under which loss is payable upon proof of occurrence of financial loss to an insured as a result of certain events. These events include the failure of any obligor on or any issuer of any debt instrument or other monetary obligation to pay principal, interest, premium, dividend or purchase price of or on such instrument or obligation, when due. Under Article 69, MBIA Corp. is licensed to transact financial guarantee insurance. In addition, MBIA Corp. is empowered to assume or reinsure the kinds of insurance that it is licensed to write directly.

As a financial guarantee insurer, MBIA Corp. is required by the laws of New York, California, Connecticut, Florida, Illinois, Iowa, New Jersey and Wisconsin to maintain contingency reserves on its municipal bonds, asset-backed securities and other financial guarantee liabilities. Under New Jersey, Illinois and Wisconsin regulations, contributions by such an insurer to its contingency reserves are required to equal 50% of earned premiums on its municipal bond business. Under New York law, such an insurer is required to contribute to contingency reserves 50% of premiums as they are earned on policies and financial guarantees written prior to 1 July 1989 (net of reinsurance) and, with respect to policies and financial guarantees written on and after 1 July 1989, must make contributions over a period of 15 or 20 years (based on issue type), or until the contingency reserve for such insured issues equals the greater of 50% of premiums written for the relevant category of insurance or a percentage of the principal guaranteed, varying from 0.55% to 2.5%, depending upon the type of obligation guaranteed (net of reinsurance, refunding, refinancing and certain insured securities). California, Connecticut, Iowa and Florida law impose a generally similar requirement. In each of these states, MBIA Corp. may apply for release of portions of the contingency reserves in certain circumstances.

The laws of New York regulate the payment of dividends by MBIA Corp. and provide that a New York domestic stock property/casualty insurance company (such as MBIA Corp.) may not declare or distribute dividends except out of statutory earned surplus. New York law provides that the sum of (i) the amount of dividends declared or distributed during the preceding 12-month period and (ii) the dividend to be declared may not exceed the lesser of (a) 10% of policyholders' surplus, as shown by the most recent statutory financial statement on file with the New York Insurance Department, and (b) 100% of adjusted net investment income for such 12-month period (the net investment income for such 12-month period plus the excess, if any, of net investment income over dividends declared or distributed during the two-year period preceding such 12-month period), unless the New York Superintendent of Insurance approves a greater dividend distribution based upon a finding that the insurer will retain sufficient surplus to support its obligations and writings. The foregoing dividend limitations are determined in accordance with New York Insurance Law Statutory Accounting Practices ("SAP"), which generally produce statutory earnings in amounts less than earnings computed in accordance with Generally Accepted Accounting Principles in the United States of America ("US GAAP"). Similarly, policyholders' surplus, computed on a SAP basis, will normally be less than net worth computed on a US GAAP basis.

MBIA Corp., MBIA Illinois and CapMAC are exempt from assessments by the insurance guarantee funds in the majority of the states in which they do business. Guarantee fund laws in most states require insurers transacting business in the state to participate in guarantee associations, which pay claims of policyholders and third-party claimants against impaired or insolvent insurance companies doing business in the state. In most cases, insurers licensed to write only municipal bond insurance, financial guarantee insurance and other forms of surety insurance are exempt from assessment by these funds and their policyholders are prohibited from making claims on these funds.

## **1.3 Headings**

Headings and sub-headings are for ease of reference only and will not affect the construction of this Financial Guarantee.

## **2 GUARANTEE**

- 2.1 MBIA unconditionally and irrevocably guarantees to the Bond Trustee for the benefit of the Holders of the Guaranteed Obligations:
  - 2.1.1 an amount equal to the Guaranteed Amounts which have become Due for Payment but are unpaid by reason of Nonpayment; and
  - 2.1.2 an amount equal to the Guaranteed Amounts which are Recovered Amounts.
- 2.2 This Financial Guarantee does not guarantee any prepayment or other acceleration payment which at any time may become due in respect of any Guaranteed Obligation, other than at the sole option of MBIA as specified in Clause 7 (Acceleration), nor against any risk other than Nonpayment, including

failure of the Bond Trustee or any Paying Agent to make any payment due to Holders of Guaranteed Amounts nor any amount in respect of any deduction or withholding which the Issuer would have been required to make for or on account of Taxes in respect of the Guaranteed Obligations, any gross-up or make whole payment payable by the Issuer in respect of any such deduction or withholding or any other amount payable by the Issuer in respect of Taxes.

### **3 PAYMENTS**

3.1 Following Receipt by MBIA of the Notice of Demand from the Bond Trustee in accordance with Clause 8 (Notice of Demand) MBIA will make payments of the Guaranteed Amounts and Recovered Amounts specified in Clause 2.1 that have been properly claimed in such Notice of Demand to the Bond Trustee from its own funds by 11.00 a.m. (London time) on the later of:

3.1.1 the day which is four (4) Business Days following Receipt of a Notice of Demand in accordance with Clause 8 (Notice of Demand); and

3.1.2 the day on which the Guaranteed Amounts are Due for Payment or, if that is not a Business Day, on the next succeeding Business Day.

3.2 Payments due under this Financial Guarantee will be satisfied by payment to the person specified in the relevant Notice of Demand in the Relevant Currency by credit to a Relevant Currency account at a bank in London, England, as specified in the Notice of Demand and payment to such person will discharge the obligations of MBIA under this Financial Guarantee to the extent of such payment, whether or not funds are properly applied by such person.

3.3 Once payment of any Guaranteed Amounts or Recovered Amounts have been made to the person specified in the Notice of Demand, MBIA will have no further obligation in respect of such Guaranteed Amounts or Recovered Amounts.

3.4 Nothing in this Financial Guarantee will oblige MBIA to make payments in respect of the Guaranteed Obligations:

3.4.1 earlier than any date on which such payments are Due for Payment; or

3.4.2 which would be greater than the Principal of such part of the Guaranteed Obligations (plus accrued but unpaid interest) as adjusted for indexation in accordance with the Conditions, if applicable.

### **4 SUBROGATION**

MBIA will be fully and automatically subrogated to the Holders' and the Bond Trustee's rights in respect of the Guaranteed Obligations to the fullest extent permitted under applicable law to the extent of any payment made by or on behalf of MBIA under this Financial Guarantee.

### **5 WAIVER OF DEFENCES**

5.1 The obligations of MBIA under this Financial Guarantee will continue and will not be terminable other than in accordance with Clause 14 (Termination) notwithstanding failure to receive payment of the Financial Guarantee Fee or any other fee due in respect of this Financial Guarantee. The Financial Guarantee Fee is not refundable for any reason including payment, or provision being made for payment, prior to the maturity of the Guaranteed Notes.

5.2 Notwithstanding that this Financial Guarantee is a guarantee and not a contract of insurance, neither the obligations of MBIA contained in this Financial Guarantee nor the rights, powers and remedies conferred in respect of MBIA upon the Bond Trustee by this Financial Guarantee or by law shall be discharged, impaired or otherwise affected by:

- 5.2.1 the winding-up, dissolution, administration or reorganisation of the Issuer or any other person under any applicable law or any change in the status, function, control or ownership of the Issuer or any other person;
  - 5.2.2 any lack of validity or enforceability with respect to the Guaranteed Obligations or the Trust Deed;
  - 5.2.3 any time or other indulgence being granted or agreed to be granted to the Issuer in respect of any of the Guaranteed Obligations or the Trust Deed;
  - 5.2.4 any amendment to, or any variation, waiver or release, with respect to the Guaranteed Obligations or the Trust Deed;
  - 5.2.5 any failure to realise or fully to realise the value of, or any release, discharge, exchange or substitution of, any security taken in respect of the Guaranteed Obligations;
  - 5.2.6 any defence of fraud (including fraud on the part of any agent for the Bond Trustee but excluding fraud by the Bond Trustee) or any defence based on misrepresentation, breach of warranty or non-disclosure of information by any person whether acquired directly, by assignment, by subrogation, or otherwise, to the extent such rights and defences may be available to MBIA to avoid payment of its obligations under this Financial Guarantee; or
  - 5.2.7 any other act, event or omission (other than the failure to deliver a Notice of Demand in accordance with Clause 8 (Notice of Demand)) which, but for this Clause 5.2, might operate to discharge, impair or otherwise affect any of the obligations of MBIA contained in this Deed or any of the rights, powers or remedies conferred upon the Bond Trustee and the Holders by the Conditions, the Trust Deed, the Financial Guarantee or by law.
- 5.3 No warranties are given and nothing in this Financial Guarantee is intended to constitute a warranty or a condition precedent to payment under the Financial Guarantee other than Receipt of a Notice of Demand in accordance with Clause 8 (Notice of Demand) below.
- 5.4 The provisions and waivers set out in Clauses 5.1 to 5.3 above will prevent MBIA from refusing payment of any properly presented claim under this Financial Guarantee but will not, and nothing in this Financial Guarantee will be construed in any way to limit or otherwise affect MBIA's right to pursue recovery or claims (based on contractual or other rights, including such rights resulting from the Bond Trustee's or such other person's fraud, negligence or (subject, in the case of the Bond Trustee only, to any limitation of liability set out in the terms of such agreement) breach of any agreement to which it is a party) for reimbursement against any person for any liabilities, losses, damages, costs and expenses incurred by MBIA after MBIA has made payment in full on the relevant Payment Date of the Guaranteed Obligations.

## **6 WITHHOLDING AND DEDUCTIONS**

- 6.1 Payments of Guaranteed Amounts and Recovered Amounts by MBIA will be made without withholding or deduction for, or on account of, any present or future Taxes, unless the withholding or deduction of such Taxes is required by law or regulation or administrative practice of any jurisdiction. If any such withholding or deduction is required, MBIA will pay the Guaranteed Amounts and Recovered Amounts net of such withholding or deduction and will account to the appropriate tax authority for the amount required to be withheld or deducted (the "**MBIA Additional Amounts**").
- 6.2 For the avoidance of doubt, all payments of Guaranteed Amounts and Recovered Amounts by MBIA will be made subject to any other withholding or deduction required by law, regulation or administrative practice in any jurisdiction to which MBIA is subject or in or through which any payment is made by MBIA.

## **7 ACCELERATION**

- 7.1 At any time or from time to time following Acceleration, MBIA may decide, in its absolute discretion, to make a full or partial Accelerated Payment under this Financial Guarantee without the need for MBIA to have Received and irrespective of whether MBIA shall have Received a Notice of Demand.
- 7.2 Any Accelerated Payment will be communicated in writing by MBIA to the Bond Trustee without the need for Receipt of a Notice of Demand, and it will be made to the account specified by the Bond Trustee from time to time on not less than 10 Business Days notice. Any such Accelerated Payment shall be considered a payment by MBIA under this Financial Guarantee for all purposes.
- 7.3 All payments of a partial Accelerated Payment by MBIA under this Financial Guarantee shall be applied as follows:
- 7.3.1 to pay the Interest accrued but unpaid on the Principal of such part of the Accelerated Payment; and
  - 7.3.2 to reduce each amount of Principal on a pro rata basis, with a corresponding reduction of each amount of the Interest.

## **8 NOTICE OF DEMAND**

- 8.1 Payments of Guaranteed Amounts will only be made after Receipt of a validly completed Notice of Demand signed by the Bond Trustee.
- 8.2 Notices of Demand must be given by the Bond Trustee and delivered by registered mail or personally to the address set out in the Notice of Demand, or such other address as MBIA may notify in writing to the Bond Trustee.
- 8.3 If any Notice of Demand is not in the proper form or is not properly completed, executed or delivered, it will be deemed not to have been Received by MBIA.
- 8.4 Any Notice of Demand in respect of a Recovered Amount will not be deemed properly completed unless, among other things, it is accompanied by:
- 8.4.1 a certified copy of the Order relating to the Recovered Amount;
  - 8.4.2 a certificate of the Bond Trustee that the Order has been entered and is not subject to any stay and specifying the Guaranteed Amounts that are Recovered Amounts; and
  - 8.4.3 an assignment duly executed by the Bond Trustee, irrevocably assigning to MBIA all rights and claims of the Bond Trustee (subject to the provisions of the Trust Deed) relating to or arising out of such Recovered Amounts against the estate of the Issuer or otherwise with respect to such Preference.
- 8.5 MBIA will promptly advise the Bond Trustee if a Notice of Demand has not been properly completed, executed or delivered and the Bond Trustee may submit an amended Notice of Demand to MBIA.

## **9 APPOINTMENT OF FISCAL AGENT**

- 9.1 At any time during the term of this Financial Guarantee MBIA may appoint a fiscal agent (the "Fiscal Agent") by written notice to the Bond Trustee at the notice address specified in the Trust Deed specifying the name and notice address of the Fiscal Agent, which Fiscal Agent will be situated in London. From and after the date of receipt of such notice by the Bond Trustee:
- 9.1.1 copies of all notices including the Notice of Demand and other documents required to be delivered to MBIA pursuant to this Financial Guarantee must be simultaneously delivered to the Fiscal Agent and to MBIA and will not be deemed to be Received until they are Received by both the Fiscal Agent and MBIA; and

- 9.1.2 all payments required to be made by MBIA under this Financial Guarantee will be made directly by MBIA or by the Fiscal Agent on behalf of MBIA, provided, however, that payment by MBIA to the Fiscal Agent will not discharge MBIA's obligations in respect of the Guaranteed Amounts. The Fiscal Agent is the agent of MBIA only and the Fiscal Agent will not be liable to the Bond Trustee or any Holder for any acts by MBIA or any failure by MBIA to deposit, or cause to be deposited, sufficient funds to make payments under this Financial Guarantee.

## **10 ASSIGNMENT AND TRANSFER**

The rights and obligations of MBIA under this Financial Guarantee may be assigned and/or transferred (as the case may be) to any Affiliate of MBIA without the consent of the Bond Trustee or the Holders provided that:

- 10.1.1 No MBIA Event of Default (as defined in the Master Framework Agreement) has occurred and is continuing at the time of such assignment or transfer;
- 10.1.2 at the time of assignment or transfer, MBIA or such assignee or transferee delivers to the Bond Trustee written confirmation from any two rating agencies then rating the Bonds that, at the time of such assignment or transfer, the financial strength of such assignee or transferee is rated at least equal to the financial strength of MBIA at that time and there is no downgrade to the then current rating of the Bonds by reason only of such assignment or transfer; and
- 10.1.3 MBIA or such assignee or transferee delivers to the Bond Trustee written notice of any such assignment or transfer and such assignee or transferee assumes the obligations of MBIA under the Financial Guarantee and accedes to the relevant Issuer Transaction Documents whereupon, without further action, MBIA will be released from its obligations under this Financial Guarantee.

## **11 REDENOMINATION**

The obligations of MBIA under this Financial Guarantee will not be affected by any redenomination of the Guaranteed Obligations into euro pursuant to Condition 19 (European Economic And Monetary Union) of the Bonds save that, following such redenomination, payments of Guaranteed Amounts hereunder shall be made in euro.

## **12 THIRD PARTY RIGHTS**

Any rights which any person (other than MBIA as issuer of this Financial Guarantee and the Bond Trustee as beneficiary of this Financial Guarantee) may otherwise have to enforce any term or condition of this Financial Guarantee pursuant to the Contracts (Rights of Third Parties) Act 1999 are hereby expressly excluded.

## **13 ENTIRE AGREEMENT**

This Financial Guarantee (including the Schedule hereto) constitutes the entire agreement between MBIA and the Bond Trustee in relation to MBIA's obligation to make payments to the Bond Trustee in respect of Guaranteed Amounts and Recovered Amounts and supersedes and replaces any previous agreement or understanding that may have existed between MBIA and the Bond Trustee in relation to such payments.

## **14 TERMINATION**

## CHAPTER 9 TAX CONSIDERATIONS

The following is a summary of the UK withholding taxation treatment at the date of this Prospectus in relation to payments of principal and interest in respect of the Bonds and Cayman Islands taxation treatment of the Issuer. These comments do not deal with other UK tax aspects of acquiring, holding or disposing of Bonds. They relate only to the position of persons who are absolute beneficial owners of the Bonds. Prospective purchasers of Bonds should be aware that the particular terms of issue of any Sub-Class of Bonds as specified in the relevant Final Terms may affect the tax treatment of that and other Sub-Classes or Classes of Bonds. This summary as it applies to UK taxation is based upon UK law and HM Revenue & Customs practice as in effect on the date of this Prospectus and, together with Cayman Islands taxation treatment of the Issuer, is subject to any change in law or practice that may take effect after such date.

Bondholders who may be liable to taxation in jurisdictions other than the UK in respect of their acquisition, holding or disposal of Bonds are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain UK taxation aspects of payments in respect of the Bonds. In particular, Bondholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Bonds even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the UK.

Prospective purchasers who are in any doubt as to their tax position should consult their professional advisers.

### United Kingdom

#### Payment Of Interest By The Issuer

The only requirement that has to be satisfied in order for interest payable on the Bonds to be paid free of UK withholding tax is that the Bonds are listed on a recognised stock exchange within the meaning of section 841 of the UK Income and Corporation Taxes Act 1988. The Luxembourg Stock Exchange is such a recognised stock exchange. If this requirement is not satisfied as at the date interest on the Bonds is paid, then such interest may be paid under deduction of UK income tax at the lower rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty. If UK withholding tax is imposed, then the Issuer will not pay any additional amounts under the terms of the Bonds.

The Issuer will be able to pay interest free of UK withholding tax on the Bonds to Bondholders whom it reasonably believes are either:

- (i) a company resident in the United Kingdom;
- (ii) a company not resident in the United Kingdom which carries on a trade or vocation in the United Kingdom through a permanent establishment and which brings into account the interest in computing its United Kingdom taxable profits; or
- (iii) a partnership each member of which is a company referred to in (i) or (ii) above or a combination of companies referred to in (i) or (ii) above,

whether or not the Bonds are listed on a recognised stock exchange.

Bonds may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on any such Bond will not be subject to any UK withholding tax.

Where Bonds are issued with a redemption premium, as opposed to being issued at discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to UK withholding tax as outlined above (and also subject to the exemption outlined above).

#### **Provision Of Information By UK Paying And Collecting Agents**

Persons in the United Kingdom (i) paying interest to or receiving interest on behalf of another person who is an individual or (ii) paying amount due on the redemption of the Bonds which constitute deeply discounted securities as defined in Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005 to or receiving such amounts on behalf of another person who is an individual may be required to provide certain information to HM Revenue & Customs regarding the identity of the payee or person entitled to the interest and, in certain circumstances, such information may be exchanged with tax authorities in other countries.

#### **Payments By Financial Guarantors Under The Financial Guarantees**

If a Financial Guarantor makes any payments in respect of scheduled payments of principal and interest on the Class A Bonds (or other amounts due under the Class A Bonds other than the repayment of amounts subscribed for the Class A Bonds), such payments may be subject to UK withholding tax at the basic rate (currently 22 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty. Such payments by the Financial Guarantors may not be eligible for the exemption from UK withholding tax described above. If UK withholding tax is imposed, then the Financial Guarantor will not pay any additional amounts under the Financial Guarantees.

#### **Other Rules relating to United Kingdom Withholding Tax**

As the Issuer is managed in such a way to be resident in the United Kingdom for tax purposes the interest may be deemed to be from a United Kingdom source and accordingly may be chargeable to United Kingdom tax by direct assessment. Where the interest is paid without withholding or deduction, the interest will not be assessed to United Kingdom tax in the hands of Bondholders who are not resident in the United Kingdom, except where the holder carries on a trade, profession or vocation through a branch or agency, or in the case of a corporate holder, carries on a trade or vocation through a permanent establishment in the United Kingdom in connection with which the interest is received or to which the Bonds are attributable, in which case (subject to exemptions for interest received by certain categories of agent) tax may be levied on the United Kingdom branch or agency or permanent establishment.

If interest were paid under deduction of United Kingdom income tax (e.g. if the Bonds lost their listing), Bondholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in an applicable double taxation treaty.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer pursuant to Condition 15(d) of the Bonds and does not consider the tax consequences of any such substitution.

#### **EU Directive On The Taxation Of Savings Income**

The EU has adopted a Directive regarding the taxation of savings income. The EU Directive requires Member States to provide to the tax authorities of other Member States details of payment of interest or other similar income paid by a person within its jurisdiction to an individual resident in that other Member State, except that Belgium, Luxembourg and Austria will instead operate a withholding system for a transitional period in relation to such payments unless during such period they elect otherwise.

#### **Cayman Islands**

The Issuer has been incorporated under the laws of the Cayman Islands as an exempted company and, as such, the Issuer has obtained an undertaking from the Governor in Council of the Cayman Islands substantially in the following form:

“The Tax Concessions Law  
(1999 Revision)

Undertaking as to Tax Concessions

In accordance with Section 6 of the Tax Concessions Law (1999 Revision), the Governor in Council undertakes with Dwr Cymru (Financing) Limited (the “**Company**”):

- (a) that no Law which is hereafter enacted in the Islands imposing any tax to be levied on profits, income gains or appreciations shall apply to the Company or its operations; and
- (b) in addition, that no tax to be levied on profits, income gains or appreciations or which is in the nature of estate duty or inheritance tax shall be payable:
  - (i) on or in respect of the shares debentures or other obligations of the Company; or
  - (ii) by way of the withholding in whole or in part of any relevant payment as defined in Section 6(3) the Tax Concessions Law (1999 Revision).

The concessions shall be for a period of twenty years from 27 February, 2001.

Governor in Council”

## CHAPTER 10 SUBSCRIPTION AND SALE

### Subscription and Sale

Bonds (other than the Class R Bonds) may be sold from time to time by the Issuer to any one or more of The Royal Bank of Scotland plc or Citigroup Global Markets Limited and any other dealer appointed from time to time (collectively, the “**Dealers**”) pursuant to the dealership amended and restated agreement dated 30 November 2006 made between, *inter alia*, DCC, the Issuer and the Dealers (as further amended from time to time, the “**Dealership Agreement**”). The arrangements under which a particular Sub-Class of Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, particular Dealers are set out in the Dealership Agreement and the subscription agreements relating to each Sub-Class of Bonds. The Final Terms will, *inter alia*, make provision for the form and Conditions of the relevant Bonds and the price at which such Bonds will be purchased by the applicable Dealers. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Sub-Class, Class or Series of Bonds.

### Class R Bonds

If the Issuer intends to issue Class R Bonds at any time it will enter into an underwriting agreement between, *inter alios*, the dealers named therein (the “**Class R Underwriters**”), DCC and the Issuer (a “**Class R Underwriting Agreement**”) pursuant to which and subject to certain conditions, such Class R Underwriters will agree to subscribe or purchase, from time to time, and pay for the Class R Bonds offered for sale or resale by the Issuer from time to time, up to an underwriting commitment of £100,000,000.

The Class R Underwriters from time to time may novate all or part of their underwriting commitments to persons who meet certain criteria. Such novations shall be effected by the relevant Class R Underwriter and the person to whom such Class R Underwriter proposes to novate its underwriting commitment completing a novation certificate and delivering the same to the Issuer and each other Class R Underwriter, who will then execute the same. Such novation shall take effect on the later of the date upon which the last person executes the novation certificate or the date specified in such novation certificate.

On the Issue Date of any Class R Bonds, the Class R Underwriters will subscribe and pay for all of the Class R Bonds. Such Class R Bonds will then be immediately repurchased, but not cancelled, by the Issuer on such Issue Date.

Subject as described below (unless otherwise agreed), the conditions precedent to the resale of any Class R Bonds to the Class R Underwriters will include:

- no Issuer Event of Default under the Bonds has occurred and is subsisting immediately prior to the sale of the Class R Bonds;
- all conditions precedent (other than the sale of the Class R Bonds themselves) to the making of the relevant R Advances under the Intercompany Loan Agreements have been satisfied; and
- certain other conditions.

It should be noted that if Class R Bonds are subsequently being resold by the Issuer for the sole purpose of financing the Issuer’s repurchase of Class R Bonds which have previously been issued or sold, the only condition precedent to the Class R Underwriter purchasing such Class R Bonds is that no Issuer Event of Default under the Bonds exists.

The Issuer may, upon 30 days' prior written notice to all other parties to the Class R Underwriting Agreement and the payment of any accrued fees, costs and expenses, terminate any amount of the facility provided by the Class R Underwriters thereunder to purchase the Class R Bonds, to the extent that such facility has not been utilised to the extent of Class R Bonds which are outstanding.

Any Class R Underwriting Agreement will be subject to a number of additional conditions and may be terminated and/or the underwriting facility suspended by the Class R Underwriters in certain circumstances by the Class R Underwriters prior to the Issuer's repurchase at any time of the Class R Bonds. The Issuer (failing whom DCC) will agree to indemnify the Class R Underwriters against certain liabilities in connection with the offer, sale or repurchase of the Class R Bonds.

### **United States of America**

The Bonds have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in certain transactions exempt from the registration requirements of the Securities Act, and may include Bonds in bearer form, which are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to, or for the account or benefit of, U.S. persons, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act, as amended, or the U.S. Internal Revenue Code of 1986 and regulations thereunder as appropriate. Each of the Dealers and each Class R Underwriter has agreed that it will not offer, sell or deliver any Bonds (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of each Sub-Class, within the United States or to, or for the account or benefit of, U.S. persons except as permitted by the Dealership Agreement or the Class R Underwriting Agreement, as appropriate, and that it will have sent to each dealer to which it sells Bonds during this 40 day period a confirmation or other notice setting forth the restrictions on offers and sales of the Bonds within the United States or to, or the account or benefit of, U.S. persons. In addition, until 40 days after the commencement of the offering, an offer or sale of the Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

### **European Economic Area**

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Bonds to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Bonds to the public in that Relevant Member State:

- (1) in (or in Germany, where the offer starts within) the period beginning on the date of publication of a prospectus in relation to those Bonds which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive and ending on the date which is 12 months after the date of such publication;
- (2) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (3) at any time to any legal entity which has two or more of (a) an average of at least 250 employees during the last financial year; (b) a total balance sheet of more than €43,000,000 and (c) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or

- (4) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Bonds to the public” in relation to any Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Bonds, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

### **Cayman Islands**

No invitation or solicitation will be made to the public in the Cayman Islands to subscribe for the Bonds.

### **United Kingdom**

Each Dealer and Class R Underwriter has represented, warranted and agreed that:

- (1) **No-deposit taking:** in relation to any Bonds which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Bonds other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Bonds would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the “FSMA”) by the Issuer;
- (2) **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Bonds in, from or otherwise involving the United Kingdom; and
- (3) **Investment advertisements:** it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of FSMA) received by it in connection with the issue or sale of any Bonds in circumstances in which Section 21(1) of FSMA does not apply to the Issuer or the Financial Guarantor.

### **General**

No action has been or will be taken in any country or jurisdiction by the Issuer or any of the Other Parties that would permit a public offering of Bonds, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands the Prospectus or any Final Terms comes are required by the Issuer and the Other Parties to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Bonds or have in their possession or distribute such offering material, in all cases at their own expense.

The Dealership Agreement (and Class R Underwriting Agreement will) provides that the Dealers (and the Class R Underwriters) shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, in applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers (or the Class R Underwriters) above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Sub-Class or Class of Bonds) or (in any other case) in a supplement to this document.
