FOR EXTRA SUPPORT

Taken from the money we have saved (by not having shareholders) to improve services and help customers who may be struggling to pay

At Welsh Water we do things differently.

We don't have any shareholders which means that we are able to keep bills as low as possible, help more customers who are struggling to pay, support those most vulnerable and build our communities by being right at the heart of them. And we put every penny we make straight back in to improving our services and protecting our environment now and for years to come.

WE ARE OWNED ON BEHALF OF OUR CUSTOMERS

The money we receive from customers via their bills is crucial to help us maintain our essential water and wastewater services.

These payments fund the running of the business – for every £1 we collect 40p goes towards investing in our network, 29p into the operational cost of providing water and waste services, 23p into our people and 8p towards government taxes.

We aim to ensure that we earn the trust of our customers every day, that we provide unrivalled services which demonstrate value for money but also allow us to reinvest to create a truly sustainable future.

Each year, we invest an additional 1p per £1, taken from the money we have saved (by not having shareholders), which allows us to further improve services, to innovate and to help those who may struggle to pay their bills.

FOR THAT HELPING HAND

The last twelve months have brought extra financial pressures to many of our customers with the ending of the furlough scheme, increased energy prices and changes to some benefits.

We recognise that at times customers may need a little extra help, so we have a range of financial assistance schemes and social tariffs available to those who struggle to pay their water and sewerage charges.

- Our Customer Assistance Fund helps 1,500 customers
- Our HelpU social tariff supports almost 96,000 customers

- Our Water Direct Scheme assists 15,000 customers
- Our WaterSure Tariff helps support nearly 35,000 customers
- Close to 111,000 customers are now members of our Priority Services Register

We provide financial support to more people than any other company in our sector, with more than 147,000 of our customers receiving financial assistance.

If you need our help, please give our team a ring to discuss your options **0800 052 0145** or take a look on our website [dwrcymru.com/HelpWithBills](https://www.dwrcymru.com/HelpWithBills)

FOR OUR FUTURE

There is no doubt that COVID-19 has changed the way we live and work, with more people working from home and enjoying their holidays in the UK. This has placed extra demands in the water we supply.

Water consumption has increased over the last couple of years at a time when tackling climate change is increasingly important.

We work hard to ensure we can continue to deliver safe, clean drinking water to our customers when required. But the need to conserve water today and in future years is growing. As a result, we continue to ask our customers to please use only what they need and to not waste it.

Visit our website for lots of hints and tips or use our handy 'Get Water Fit' calculator to see how much water you could save. You can even get hold of some free water saving devices for your home [dwrcymru.com/SaveWater](https://www.dwrcymru.com/SaveWater)

FOR OUR COMMUNITIES

We work hard to ensure we play a positive part in the communities we serve.

We aim to make a difference, to help people in challenging circumstances, play an active part in helping young people develop, provide centres of wellbeing and adventure, and give something back by supporting local community groups.

Between April 2021 and December 2021, we have:

- Provided education sessions to almost 30,000 school children
- Allocated £100,000 to support local community groups and organisations through our Community Fund
- Supported over 100 foodbanks by donating £1,000 to each one to help them support local communities
- Given away a total of 14,550 water saving devices to customers, with 10,109 customers signed up to our Get Water Fit calculator
- Delivered free training and mentoring sessions for 48 jobseekers as part of our Water Resilient Communities

FOR A NET ZERO CARBON FUTURE

The past year has been another one of great change and we continue to innovate and adapt to ensure a world-class service, but we have many tough challenges ahead.

The world is facing a climate emergency and as one of the largest energy users in Wales, we need to adapt the way we deliver our services to allow us to deal with the challenges we face in the years and decades to come.

We are committed to safeguarding our environment for now and future generations. In 2021, we launched our promise to work towards achieving a net zero future and committed to reducing our total carbon emissions by 90% by 2030 and achieving carbon neutrality by 2040.

Over the first six months of 2021, we generated 6% more green energy than in the same period the year before and aim to be 35% energy self-sufficient and invest £765 million to protect the wider environment by 2025.

Our journey continues...

FOR FUTURE GENERATIONS

As we have done for the last 20 years, we are continuing to invest in our rivers and bathing waters. This is why we have more Blue Flags in Wales than any other part of the UK.

We rely heavily on the environment and customers now want to know more about what we're doing to protect what's around us, especially our rivers.

This is why we have an action plan to help reduce how much we rely on so-called Combined Storm Overflows (CSOs). These are points on the sewer network which release stormwater into rivers and watercourses and prevent homes and communities from flooding during extreme weather.

These CSOs are connected to our sewers which not only carry sewage but rainwater from highway drains, roofs, yards and driveways of customers' homes. The sewers are often over 100 years old, and so to solve this problem and disconnect from all the rainwater could cost around £14 billion.

It would also cause massive disruption to our roads and highways and take several decades to achieve.

So we are working closely with our regulators and other organisations to investigate and reduce our dependence on CSOs – but without putting our customers at risk.

There's no quick fix and no easy fix – but we're focused on doing what's right, both now and for future generations.

FOR A
LITTLE
HELP

There are lots of reasons why you may need a helping hand at times – more so this year than any other year. Here at Welsh Water we have a range of services to assist you:

MY ACCOUNT

More and more people are opting for paperless billing and registering for 'My Account' online. You can view your bill and payments online by visiting dwrcymru.com/Paperless. It's really simple and quick to register, you just need your account number and an email address.

PRIORITY SERVICES

There are lots of reasons you might want a little extra support. Perhaps you're a parent with a young baby, a dialysis patient, have sight or hearing difficulties, or elderly or living with a disability. Whatever your circumstances, joining our Priority Services means we can help make life that little bit easier by providing help like bottled water, if your supply is interrupted or reassurance against bogus callers.

You can apply for yourself, your friends or family at dwrcymru.com/PriorityServices or call us on **0800 052 0145**.

SAVING MONEY

– SURFACE WATER

If we include a charge on your bill for sewerage and it includes an amount towards the overall cost of looking after all the surface water that enters our network but none of the rainwater falling on your property enters the public sewer, you may be able to claim a discount. To apply for this, visit dwrcymru.com/SurfaceWater

– HELPU

For customers who struggle to pay their water and sewerage bills, we have a tariff called HelpU. If you are in receipt of means-tested benefits we may be able to reduce your bill.

– SWITCH TO DIRECT DEBIT

Avoid one big bill by spreading payments throughout the year. You can now do this online through registering with 'My Account'. Visit dwrcymru.com or give us a call and we can talk you through it.

– WATERSURE WALES

If you have a water meter fitted, you may be able to lower your bill through our WaterSure Wales tariff. To qualify you must receive certain benefits,

and have three or more children under the age of 19 living at your home who you claim Child Benefit for

or you or a member of your household has a medical condition that requires significant use of extra water.

– SAVING WATER

There are many ways you can reduce the amount of water you use, please visit dwrcymru.com/SaveWater for tips, advice and to complete our Get Water Fit questionnaire where you can receive free products and advice to help you save water!

HELP IF YOU FALL BEHIND

– WATER DIRECT

If you receive benefits, paying directly through the Department for Work and Pensions could reduce your bill by £25 per year.

– CUSTOMER ASSISTANCE FUND

This fund helps customers in severe financial hardship. If you're eligible, you could pay in more manageable instalments, and we may help to reduce or cancel your debt.

Call us to talk through your options **0800 052 0145**.

Go online for more information dwrcymru.com/Money

ABOUT YOUR BILL

Your metered bill is made up of two parts:

1. You pay an amount based on the water you use, measured in cubic metres (m³). One cubic metre is 1,000 litres – about 220 gallons of water, or around 12 baths. How much water do you use? Use our online calculator at dwrcymru.com to find out.
2. You also pay a fixed amount based on the size of the water meter you have. This is called the Service Charge.

– YOUR WATER CHARGES

Your water charge is for the cost of running reservoirs, water treatment works, pipelines and meters. These charges apply from 1 April 2022. We will charge you for any water you have used before this date at the previous year's rates. We assume that your water use was consistent throughout the billing period.

– YOUR SEWERAGE CHARGES

Your sewerage charge is for the removal and treatment of used water from your property, including surface water and highway drainage. It is calculated on the assumption that 95% of the water we supply you with ends up in our sewer. Household customers will only be entitled to a maximum reduction of 5%. If you are a business and you can show that the amount of waste water you drain to the sewer is less than 95% (because you use water in production for example) please contact us by visiting dwrcymru.com and filling in our Non Return to Sewer form.

HOW WE CALCULATE YOUR BILL

– HOUSEHOLD CUSTOMERS

MEASURED WATER CHARGE

| Volume Charge for 2022/23 | Water | Sewerage |
|---------------------------|---------|----------|
| | £1.3741 | £1.7848 |

SERVICE CHARGE PER YEAR FOR 2022/23

| Size of meter (mm) | Water | Sewerage |
|--------------------|-------|----------|
| Below 30mm | 38.48 | 101.23 |
| 30mm | 38.48 | 101.23 |
| 40mm | 38.48 | 101.23 |

– NON-HOUSEHOLD/BUSINESS CUSTOMERS

MEASURED WATER CHARGE

| Volume Charge for 2022/23 | Water | Sewerage |
|---------------------------|---------|----------|
| | £1.4492 | £1.8757 |

SERVICE CHARGE PER YEAR FOR 2022/23

| Size of meter (mm) | Water | Sewerage |
|--------------------|----------|-----------|
| Up to 20mm | 28.45 | 79.53 |
| 25mm | 91.26 | 275.41 |
| 30mm | 161.52 | 382.75 |
| 40mm | 300.46 | 564.73 |
| 50mm | 454.33 | 1,008.16 |
| 65mm | 606.89 | 1,620.54 |
| 80mm | 802.85 | 2,352.69 |
| 100mm | 953.32 | 4,079.44 |
| 150mm | 1,225.55 | 9,376.84 |
| 200mm and over | 1,225.55 | 16,713.98 |

ABOUT YOUR WATER METER

– WHERE IS MY METER?

- It's usually in the ground under a small metal or plastic cover at the front of your property, at the boundary of your property, or in the pavement. In some cases, particularly in rural areas, the meter may be some distance from your property.
- Meters are sometimes inside your property, near the main internal stop tap which can usually be found in the kitchen under the sink, under the stairs or in the bathroom near the toilet.
- If it's in your property it's your responsibility to protect it against damage and frost and to provide access to the meter when necessary.

– HOW CAN I READ MY METER MYSELF IF IT'S OUTSIDE?

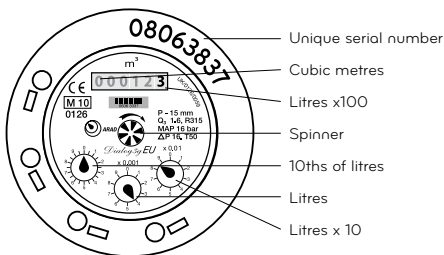

- Our meter lids come in varying sizes, you need to look out for a lid the size of a CD. If safe to do so, lift the lid and take out the polystyrene frost cover. Don't worry if you see some ground water in the meter chamber, this is normal if we've had wet weather. You may need to lift up another lid to view the meter face.
- Each water meter has its own unique serial number, which is also shown on your bill. Check the serial numbers match so you're reading the right meter.
- Read the white on black or black on white numbers. Only these numbers are used to bill you. The red numbers can be ignored.
- Please remember to replace the frost cover and close the lid of the boundary box after reading the meter.

– IF MY METER IS INSIDE MY HOME WHO WILL READ MY METER?

Our Meter Readers will visit when it's time for us to send your bill, if you're not at home we'll leave a card to tell you what will happen next or ask you to send us a reading. If we have your email or mobile number we may try to contact you when your bill is due for you to submit your reading online. For times we're unable to visit we'll estimate your reading.

– CAN I HAVE MY METER MOVED?

If your meter is inside your property and you would like the meter to be moved somewhere else, we can look into this for you; there is a charge if we do any work. If you are on our Priority Services register, receive certain benefits, have no-one to help you read the meter, and moving the meter will make it easier for you to read it, we may be able to relocate the meter inside your home free of charge. However, we won't always do this, we may be able to arrange to read the meter more often. We won't move the meter from inside your home to outside your home free of charge.

Spinner: Revolves fast when water is being used but may move slowly if you have a small leak, a dripping tap, or if a ball valve is in the process of closing.

YOUR QUESTIONS

– WHEN WILL I RECEIVE A BILL?

Twice a year, unless:

- You are a large user – you may receive a monthly bill.
- Your charges are more than £2,000 a month on average – you may receive a monthly bill.
- Your charges are more than £750 a quarter on average – you may receive your bill every three months.
- You are a non-household/business customer in an area where we only provide a sewerage service and another company provides the water service – you may receive a monthly or quarterly bill.

If you're a non-household/business customer, we may amend the billing frequency from time to time but we'll always let you know before we do this.

– I'VE HAD AN ESTIMATED BILL, HOW DO I GIVE YOU AN ACTUAL METER READING?

It's important to keep an eye on your water consumption, particularly if you are spending more time at home, as this will directly impact your bills. You can submit your meter reading on our website at: dwrwymru.com/meter-reading. Please only read your meter externally if it is safe for you to do so. If this is the first time you have read your meter, there is a helpful 'how to' video on our website.

– WHAT HAPPENS IF I HAVE A LEAK?

We are normally responsible for the pipe work, including the external stop tap, outside the property boundary. We will usually repair any leaks on this part of the system (there are restrictions). Beyond this point it becomes a private supply pipe (it doesn't belong to us) and is the home or landowner's responsibility. Where that private pipe supplies more than one property, the responsibility for the leak and the repair may be shared between you and the other users.

– WILL I HAVE TO PAY FOR WATER LOST THROUGH A LEAK?

If the leak is our responsibility, we will cancel any charges for the water lost, as well as any related sewerage charges. Sometimes we will also cancel charges where the leak is your responsibility. Further details can be found in our Household and Non-Household 'Codes of Practice for Leakage', which are available at dwrwymru.com/COP

– WHAT HAPPENS IF I MOVE HOUSE?

Please provide us with a meter reading, if it's safe to do so, the day you move at dwrwymru.com. We can also read your meter for you. Just let us know at least five working days before you move.

– CAN I PAY BY INSTALMENTS?

Yes, please visit dwrwymru.com or call us on **0800 052 0140** to request a payment plan. We can then review your request and take the necessary action.

OUR PROMISE TO YOU

We work really hard to deliver a great service, but sometimes things go wrong.

Water companies must meet certain standards. As a company that's owned on behalf of our customers, we go as far as possible to get things right first time, every time. Here's an outline of our promise to you and what you may be entitled to if something ever goes wrong.

Unless stated otherwise, these payments will be automatically made to you – you don't have to claim them. If you owe more than six weeks' charges on your water/sewerage bill, we will credit your account instead. There are terms and conditions which means that we're not able to make a payment in certain circumstances, such as where severe weather conditions, industrial action or the actions of a third party have made it impossible for us to meet our guaranteed service standards.

YOUR WATER

– PLANNED INTERRUPTIONS

We will give you at least 48 hours' notice if we have to carry out planned work that interrupts your supply for over four hours.

If we don't do this, we will give household customers £20 and business customers £50 within 20 working days.

We will restore your supply by the time stated on the notice.

If we don't do this, we will give household customers £30 and business customers £75 within 20 working days.

We will give you further compensation for every additional 12 hours the water supply remains interrupted.

We will give household customers £30 and business customers £75 (per 12 hours) within 20 working days.

– UNPLANNED INTERRUPTIONS

We will restore your supply within 12 hours of knowing about the problem.

If we don't do this, we will give household customers £30 and business customers £75 within 20 working days.

For every further 12 hours the water supply remains interrupted, you will also be compensated.

We will give household customers £30 and business customers £75 (per 12 hours) within 20 working days. If we weren't aware that your supply had been interrupted, you will need to make a claim by phone on 0800 052 0130 or in writing within three months of the event.

– DROUGHT ORDER (NOT INCLUDING HOSEPIPE RESTRICTIONS)

We will compensate you if your water supply is interrupted due to drought.

We will give household customers £10 per day or part day (up to the limit of last year's average household bill) and business customers £50 per day or part day (up to the limit of last year's water charges for the premises or up to £500 if you were not liable for last year's charges).

– WATER QUALITY

If you telephone about an unusual taste or smell to your water, or to tell us you think someone is ill as a result of drinking the water, we will get back to you within four hours unless we are already dealing with the problem in your area.

If we don't do this, you can claim £20.

If we take a water sample as a result of your call, we will give you the result within 10 working days.

If we don't do this, you can claim £20. These payments must be claimed within three months of the incident.

Call **0800 052 0130** and ask for a compensation claim form. If you owe us more than six weeks' charges on your water/sewerage bill, we will credit your account. To find out about the water quality in your area, visit dwcymru.com or call **0800 052 0130**.

– WATER PRESSURE

We will ensure that your water pressure is at the correct level. Minimum pressure is seven metres static head, equivalent to a flow of 9 litres per minute. Where we are aware that your water pressure has dropped below this level for an hour or longer twice in a four-week period, we will give you compensation, unless the drop is due to essential work or drought.

We will give you £25 within 20 working days (only one payment can be made a year). If we weren't aware that you were affected, you will need to make a claim by phone on 0800 052 0130 or in writing within three months of the second occasion.

– FITTING METERS

We aim to fit your meter within three months of receiving your application, subject to the availability of the meters.

If we don't do this, we will give you £20 per month or part thereof within 10 working days of installation.

YOUR SERVICE

– APPOINTMENTS

If we need to offer you an appointment, it will either be morning (8am-12pm) or afternoon (12pm-6pm) from Monday to Friday, or from 8am-12pm on Saturdays. If you ask us, we can offer a two-hour appointment slot.

If we miss an appointment, or don't give 24 hours' notice to cancel or change it, we will give you £20 within 10 working days.

– COMPLAINTS AND QUERIES

If you write with a complaint about our service or with a query about your bill we will aim to reply to you within five working days of receiving it.

If we don't respond within 10 working days, we will give household customers £20 and business customers £50 within 10 working days.

– PAYMENT ARRANGEMENTS

If you write to change your payment arrangement or frequency, we will respond within 5 working days of receiving your request.

If we don't do this, we will give you £20 within 10 working days.

– CHARGES AND REFUNDS

You can see how we calculate our water and sewerage charges online at dwcymru.com/AboutMyBill **If you think we've calculated your bill incorrectly, please contact us and we will investigate it.**

YOUR WASTEWATER

– INTERNAL SEWAGE FLOODING

If you have suffered internal sewage flooding from our sewers (when sewage enters a building or your home or integral garage).

We will give you a payment equivalent to your annual sewerage bill (a minimum of £150 and a maximum of £1000 per incident) within 20 working days.

— EXTERNAL SEWAGE FLOODING

If sewage enters your land or property preventing you from accessing your home; causes your garden to be extensively flooded, effectively leading to its destruction; or your outbuildings/non-integral garages being flooded from our sewers.

We will give you a payment equivalent to half of your annual sewerage bill (a minimum of £75 and a maximum of £500 per incident) within 20 working days.

OTHER MATTERS

— INCORRECT SUMMONS OR JUDGMENTS

If we incorrectly issue a county court claim against you for a debt for which you are not liable and for which you have previously informed us that you are not liable, we will correct the situation and withdraw the fees and costs.

You can claim £100.

— CREDIT REFERENCES

If we incorrectly register a default against you with a credit reference agency we will correct the situation.

You can claim £100. These payments must be claimed within three months of the incident and are not paid automatically. Please call us on 0800 052 0145 if you think this applies to you. If you owe us over six weeks' charges on your water/sewerage bill, we will credit your account.

— PENALTY PAYMENTS

If we fail to make any of these payments within the stated time, then we will automatically give you a penalty payment.

We will give household customers £20 and business customers £50.

ARE YOU A LANDLORD?

If you let out a property where services are supplied by us, there are Welsh Government regulations that apply to you.

You must:

- Tell us about a change of tenancy at any of your properties within 21 days of the change
- Provide tenancy details including full name, address, date of birth (where you hold it) and the dates any new tenants have been occupying the property

You can give us this information:

- Through our website dwrcymru.com
- Online at landlordtop.com
- By calling us on **0800 052 5842**

If you don't let us know these details, you could become responsible for charges.

HOW WE USE YOUR PERSONAL DATA

WE KNOW HOW IMPORTANT IT IS TO YOU THAT WE LOOK AFTER YOUR PERSONAL DATA. WE ARE COMMITTED TO HANDLING YOUR PERSONAL DATA IN A RESPONSIBLE AND HONEST WAY, AND IN A WAY WHICH RESPECTS YOUR DATA PROTECTION RIGHTS.

Most of our processing of your personal data is necessary for the performance of one of our legal obligations or statutory entitlements as a statutory water and sewerage undertaker (eg. supplying clean water; removing waste water; managing our network; encouraging water efficiency; raising and collecting our charges; reducing debt; and our duty to protect the health, safety and wellbeing of our employees).

Where our processing is not necessary to comply with a legal obligation/statutory entitlement we generally rely on our legitimate interests to run our business efficiently and improve our services (eg. carrying out customer satisfaction surveys and ways in which you can increase water efficiency). You have a right to object to processing carried out on the basis of legitimate interests, based on your particular circumstances. This is not an absolute right, and we will consider your circumstances on a case by case basis, and whether our legitimate grounds for processing are compelling enough to override your right to object.

In limited circumstances we require consent from you to process your personal data.

In some circumstances we may rely on substantial public interest (or legitimate interests) to use your personal data to protect you from harm or safeguard your interests (where we think that we need to, or where you tell us that you need assistance) by registering you on our Priority Services Register (PSR). This enables us to provide you with the support that you need and so that we can ensure that you receive priority assistance in the event of an interruption to your supply or other operational emergency.

Including your personal data on our PSR also means that we may share your personal data with organisations in your area whose role also involves keeping you safe or safeguarding your interests, such as other utility providers, emergency services, local authorities and health services so that they can also help you during an emergency.

We may add you to the PSR because another organisation has let us know about your additional needs.

We collect, hold, use and share your personal data for a number of reasons including:

- Administering your account, collecting payments and recovering outstanding amounts due to us (which may involve consulting your records held at credit reference agencies and sharing your data with credit reference agencies about your accounts regardless of their payment status (ie. both accounts in arrears and which are up to date). For more information on this please see our Privacy Notice – How we use your Personal Data available at this link (www.dwrcymru.com/en/Company-Information/DataProtection.aspx) and the Credit Reference Information Notice available at this link (<https://experian.co.uk/crain/index.html>). Further information is also available on our website;
- Improving our services to you (eg. customer satisfaction surveys), and enabling us to provide you with a service to meet your needs;
- Complying with our regulatory requirements, such as reporting to Ofwat or providing information that Ofwat requires;
- Collecting your details directly from you or a third party (e.g. credit reference agencies, landlords, Landlord Tap Limited, government departments, local authorities, other utilities or organisations in your area);
- Sharing your personal data with law enforcement agencies to help prevent and detect crime; government departments, local authorities and regulators for the exercise of their functions or where we are legally required to do so; with Landlord Tap Limited, if you are a tenant or a landlord, for the purposes of all billing requirements including debt collection, tracing and enforcement (where appropriate).

Where we engage a third party to assist us with, or carry out our activities on our behalf, and/or to improve our services to you, we will agree appropriate controls in these circumstances.

If we, or our trusted partners handle your personal data outside the EEA, we will put in place appropriate safeguards.

– DATA SUBJECT RIGHTS REQUESTS

You have certain rights in relation to your personal data and can make Data Subject Rights Requests in relation to the personal data we hold on you (eg. request access to your personal data; request erasure of your personal data). If you would like to make a Data Subject Rights Request please email us at:

DataSubjectRightsRequest@dwrcymru.com; or write to us at: Customer Services, Data Subject Rights Request Team, Dŵr Cymru Welsh Water, Linea, Forfran Road, St Mellons, Cardiff, CF3 0LT.

– OPEN WATER

If you are a business customer, using more than 50 million litres of water at a single site per year in our area of appointment, we will share information about you with Market Operator Services Limited (MOSL) which facilitates the Open Water Programme. You can find out more information about how MOSL uses your information at: <https://mosl.co.uk/privacy-policies>

– HOW TO CONTACT US

For more information on how we use your personal data please see our 'Privacy Notice – How we use your Personal Data' leaflet which is available on our website, or call us and we can send you a copy in the post. If you want more information about our Privacy Notice or have any comments or observations about it or about the way we handle your personal data please either email us at: **DataProtectionOfficer@dwrcymru.com**; or write to us at: Data Protection Officer, Dŵr Cymru Welsh Water, Linea, Forfran Road, St Mellons, CF3 0LT.

You can also contact the Information Commissioner's Office via ico.org.uk or **0303 123 1113** for information, advice or to make a complaint.
